TITLE 3—THE PRESIDENT

PROCLAMATION 2806

DEATH OF CHARLES EVANS HUGHES

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

To the People of the United States:

The Nation has lost one of its most preeminent elder sages. Charles Evans Hughes, who died at Osterville, Massachusetts, last night, will be counted in the long perspective of history not only as one of the most highly esteemed statesmen of our time, but indeed as among the most distinguished of the men who have devoted themselves to the public weal since the origin of our country.

Humanitarian understanding, exalted vision, and inspired judgement characterized the long career of Charles Evans Hughes, who served the people of New York State as Governor and the people of the Nation as Associate Justice of the Supreme Court, as Secretary of State, and as Chief Justice of the United States.

The whole world needs and will continue to need statesmen and citizens capable of viewing the march of events objectively and adhering firmly to the reasonable and just. In view of that need, we should all long remember this superb example of a life dedicated to reason and to justice in human affairs.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby direct that the flag of the United States be flown at half mast on all Government buildings until after the funeral services for Charles Evans Hughes shall have been concluded, and I request the people of the United States to render every appropriate reverence to this great American, in their homes, their schools, their churches, and in other suitable places.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this twenty-eighth day of August in the year of our Lord nineteen hundred [SEAL] and forty-eight, and of the Independence of the United States of America the one hundred and seventy-third.

HARRY S. TRUMAN

By the President:

G. C. MARSHALL,
Secretary of State.

[1948 CCC Peanut Bulletins 1, 2, 3, Supp. 1]

PART 275—PEANUT LOAN AND PURCHASE PROGRAMS

1948 PEANUT PRICE SUPPORT PROGRAM BULLETINS

The regulations issued by Commodity Credit Corporation and the Production and Marketing Administration, published in 13 F. R. 3775, 3777, and 3778, governing the making of loans on peanuts and purchases of peanuts produced in 1948, are hereby supplemented as follows:

§ 275.149 *Loan values and support prices.* Loan values and support prices for merchantable farmers' stock peanuts at established receiving points and prices for No. 2 shelled peanuts purchased from approved dealers are shown on the attached table, CCC Peanut Form 606, 1948 Crop. (Sec. 8, 56 Stat. 767, 50 U. S. C. 968; Pub. Law 806, 80th Cong.)

Issued and effective this 24th day of August 1948.

[SEAL] ELMER F. KRUSE,
Manager,
Commodity Credit Corporation.

Approved: August 26, 1948.

RALPH S. TRIGG,
President, Commodity Credit Corporation.

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of Federal Reserve System

PART 208—MEMBERSHIP OF STATE BANKING INSTITUTIONS IN THE FEDERAL RESERVE SYSTEM

CONDITIONS OF MEMBERSHIP

Pursuant to section 9 of the Federal Reserve Act, as amended, and for the purpose of eliminating certain conditions of membership which are not considered essential as standard conditions of membership for State member banks of the Federal Reserve System, Part 208 is amended effective September 1, 1948, by striking out subparagraph (3) (condition of membership numbered 3) of § 208.6 (a), the headnote of § 208.6 (a), all of § 208.6 (b), and footnotes numbered 10, 11, 12, 13, and 14; by renumbering the succeeding footnotes accordingly; and by adding to footnote numbered 6 appended to subparagraph (1) (condition of membership numbered 1) of § 208.6 (a) a new paragraph reading as follows:

For many years, the Board prescribed, as standard conditions of membership, a condition which, in general, prohibited banks from engaging as a business in the sale of real estate loans to the public and certain conditions relating to the exercise of trust powers, including one which prohibited self-dealing in the investment of trust funds. The elimination of these conditions as standard conditions of membership does not reflect any change in the Board's position as to the undesirability of the practices formerly prohibited by such conditions; and attention is called to the fact that engaging as a business in the sale of real estate loans to the public or failing to conduct trust business in accordance with the applicable State laws and sound principles of trust administration may constitute unsafe or unsound practices and violate condition numbered (1).

Section 208.6, as amended, reads as follows:

§ 208.6 *Conditions of membership* (a) Pursuant to the authority contained in the first paragraph of section 9 of the Federal Reserve Act (44 Stat. 1229, 48 Stat. 164, 971; 12 U. S. C. 321), which authorizes the Board to permit applying State banks to become members of the Federal Reserve System "subject to the provisions of this act and to such conditions as it may prescribe pursuant thereto," the Board, except as hereinafter stated, will prescribe the following conditions of membership for each State bank hereafter applying for admission to the Federal Reserve System, and, in addition, such other conditions as may be considered necessary or advisable in the particular case:

(1) Such bank at all times shall conduct its business and exercise its powers with due regard to the safety of its depositors, and, except with the permission of the Board of Governors of the Federal Reserve System, such bank shall not cause or permit any change to be made in the general character of its business or in the scope of the corporate powers exercised by it at the time of admission to membership.[6]

(2) The net capital and surplus funds of such bank shall be adequate in relation to the character and condition of its assets and to its deposit liabilities and other corporate responsibilities,[7] and its capital[8] shall not be reduced except with the permission of the Board of Governors of the Federal Reserve System.[9]

The notice, public participation, and deferred effective date described in section 4 of the Administrative Procedure Act are not followed in connection with this amendment for the reasons and good cause found as stated in § 262.2 (e) of the Board's rules of procedure, and especially because in connection with this amendment which relieves certain restrictions such procedures are unnecessary as they would not aid the persons affected and would serve no other useful purpose.

(Sec. 11 (i), 38 Stat. 262, sec. 3, 40 Stat. 232, 42 Stat. 821, sec. 17 (b), 48 Stat. 185, sec. 9, 44 Stat. 1229, 45 Stat. 492, 46 Stat. 170, sec. 2, 46 Stat. 251, sec. 1, 46 Stat. 814, sec. 5, 48 Stat. 164, sec. 2, 48 Stat. 971, sec. 202, 49 Stat. 704, sec. 310 (b), 49 Stat. 710, sec. 320, 49 Stat. 713, sec. 338, 49 Stat. 721, sec. 12B (e), (g), (y), 49 Stat. 687, 688, 703, secs. 325, 345, 49 Stat. 715, 722; 12 U. Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

Office of International Trade

[3d Gen. Rev. of Export Regs. Amdt. 9]

PART 371—GENERAL REGULATIONS

SHIPMENT ENTERING FOREIGN TRADE ZONES

Part 371 *General regulations* is amended by inserting a new § 371.10a between §§ 371.10 and 371.11 to read as follows:

§ 371.10a *Shipment entering foreign trade zones.* Except for the commodities listed in § 372.9 (b), commodities wholly of foreign origin and for which no customs entry has been made with a collec-

[6] If, after admission of any bank to membership, it should desire to make any change in the general character of its business or in the scope of its corporate powers exercised at the time of admission, it will be necessary for it to obtain the permission of the Board before making any such change.

The acquisition by a bank of the assets of another institution through merger, consolidation, or purchase may result in a change in the character of its assets or the scope of its functions within the meaning of condition numbered (1) and if at any time a member State bank subject to such condition anticipates making any such acquisition a detailed report setting forth all of the facts in connection with the transaction should be made promptly to the Federal Reserve bank of the district in which such bank is located.

For many years, the Board prescribed, as standard conditions of membership, a condition which, in general, prohibited banks from engaging as a business in the sale of real estate loans to the public and certain conditions relating to the exercise of trust powers, including one which prohibited self-dealing in the investment of trust funds. The elimination of these conditions as standard conditions of membership does not reflect any change in the Board's position as to the undesirability of the practices formerly prohibited by such conditions; and attention is called to the fact that engaging as a business in the sale of real estate loans to the public or failing to conduct trust business in accordance with the applicable State laws and sound principles of trust administration may constitute unsafe or unsound practices and violate condition numbered (1).

[7] If at any time, in the light of all the circumstances, the aggregate amount of the bank's net capital and surplus funds appears to be inadequate, the bank, within such period as shall be deemed by the Board to be reasonable for this purpose, shall increase the amount thereof to an amount which in the judgment of the Board shall be adequate in relation to the bank's aggregate deposit liabilities and other corporate responsibilities.

[8] This applies to capital stock of all classes and to capital notes and debentures legally issued and purchased by the Reconstruction Finance Corporation which, under the Federal Reserve Act, are considered as capital for purposes of membership.

A reduction in capital however, shall not be deemed to be contrary to this provision if, at the same time, the capital is correspondingly increased or a specific reserve in an amount not less than the amount of the capital reduction is set aside to provide for an increase in capital and can be used for no other purpose; provided, of course, the transaction does not violate any provision of applicable laws.

[9] This condition will not be prescribed in connection with the admission of mutual savings banks to membership in the Federal Reserve System.

tor of customs may be exported from a foreign trade zone without a license from the Department of Commerce.

This amendment shall become effective as of July 23, 1948.

PART 22—PERSONNEL OTHER THAN COMMISSIONED OFFICERS

APPOINTMENT OF SPECIAL CONSULTANTS

Section 22.3 is amended to read as follows:

§ 22.3 *Appointment of special consultants.* When the Public Health Service requires the services of consultants who cannot be obtained when needed through regular Civil Service appointment, or under compensation provisions of the Classification Act of 1923, as amended, the Surgeon General, Deputy Surgeon General, Executive Officer, or Chief Personnel Officer may appoint, in accordance with such instructions as may be issued from time to time by the Administrator, special consultants to assist and advise in the operations of the Service at such per diem or other rates of compensation as the Surgeon General, Deputy Surgeon General, Executive Officer, or Chief Personnel Officer shall determine. No such consultant shall be employed for an aggregate of more than one-half of the number of working days of any fiscal year unless the Administrator, because of special circumstances, shall approve an extension thereof. PART 34—MEDICAL EXAMINATION OF ALIENS

SCOPE OF EXAMINATIONS

Section 34.4 is amended to read as follows:

§ 34.4 *Scope of examinations: general; applicants for immigration visas; chest X-ray and blood test.* (a) In performing examinations and reexaminations, medical officers shall give consideration to only those matters which relate to the physical or mental condition of the alien, and shall issue certificates or notifications of a disease or defect as hereinafter provided only if the presence of such disease or defect is clearly established.

(b) Except as provided in paragraph (c) of this section, examinations of applicants for immigration visas shall in all cases include a chest X-ray for tuberculosis and a blood test for syphilis. In the case of examinations conducted at American consulates where necessary X-ray and laboratory facilities for the making of such tests are not available to the examining medical officer, the applicant may be required to furnish a chest X-ray plate, a reading thereof, and a blood serology in order that the medical examination may be completed. The X-ray plate, the reading thereof, the blood serological report and record of the physical examination shall be placed in a separate envelope and attached to the alien's immigration visa in such a manner as to be readily detached for examination by medical officers at United States ports of entry. However, if no such proofs have been presented and the examination is made in a community where there are no facilities available for the making of such tests, the examining medical officer shall so state upon the physical examination form. In the event that, at the port of entry, no such X-ray plate, reading, and blood serology are found attached to the alien's immigration visa, a medical hold shall be issued pending completion of the examination by the required X-ray and blood test.

(c) The provisions of paragraph (b) of this section shall not be applicable in the case of an applicant ten years of age or less unless the examining medical officer has reason to suspect that the applicant has tuberculosis or syphilis. (Sec. 16, 39 Stat. 874, secs. 322 (c), 325, 58 Stat. 697; 8 U. S. C. 152, 42 U. S. C. 249 (c), 252)

The foregoing amendment is issued to increase the effectiveness of pre-embarkation medical examination of aliens with particular reference to the detection of tuberculosis and syphilis, thereby reducing the possibility of entry into the United States of aliens suffering from those diseases.

Effective date. It is hereby found that, in view of the frequent reports of embarkation of aliens suffering from tuberculosis or syphilis, postponement of the effective date of the foregoing amendment would endanger the public health. The foregoing amendment is therefore made effective September 1, 1948.

Dated: August 30, 1948.

[SEAL] LEONARD A. SCHEELE,
Surgeon General.

Approved: August 30, 1948.

Subchapter F—Quarantine, Inspection, Licensing

PART 71—FOREIGN QUARANTINE

GENERAL PROVISION; GENERAL REQUIREMENT

Notice of proposed rule making and public rule making proceedings have been omitted in the issuance of the following amendments to the indicated sections of this part. Notice and rule making proceedings have been found to be unnecessary because the amendments are issued only for the purpose of clarifying provisions of these sections and exempting certain vessels and aircraft from requirements now in effect.

Section 71.46 is amended to read as follows:

§ 71.46 *General provision.* (a) A vessel or aircraft arriving at a port under the control of the United States shall undergo quarantine inspection prior to entry unless the vessel or aircraft is in one of the following categories:

(1) A vessel or aircraft which in the current voyage has not touched at any port other than ports under the control of the United States or ports in Canada, Newfoundland, the Islands of St. Pierre and Miquelon, Iceland, Greenland, the West Coast of Lower California, Cuba, the Bahama Islands, the Canal Zone, or the Bermuda Islands.

(2) A vessel or aircraft which in the current voyage has received free pratique (or, in the case of an aircraft, has received final release from the quarantine officer) at a port under the control of the United States, and since receiving such pratique (or such release, in the case of an aircraft) has not touched at a port other than those described in the preceding subparagraph.

(3) A vessel or aircraft which, having received free pratique at a port of the Canal Zone, arrives at a port under the control of the United States and transmits a duplicate of the Canal Zone pratique to the quarantine officer, provided that since receiving such pratique the vessel or aircraft has not touched at ports other than those listed in paragraph (a) (1) of this section.[1]

(4) A vessel which having received pratique at a Canadian port located in the international waters of (i) the Straits of Juan de Fuca, Haro, Georgia, Rosario and the Puget Sound and tributaries and connected waters on the West Coast, or (ii) the Saint Lawrence River and the Great Lakes, and their tributaries and connected waters on the East Coast, travels on the same international waters to a United States port and presents a duplicate of the Canadian pratique to the quarantine officer.[1]

(b) A vessel or aircraft otherwise exempt from inspection under the provisions of paragraphs (a) (1) to (4) of this section shall undergo quarantine inspection prior to entering a port under the control of the United States if the vessel or aircraft:

(1) Has aboard a person infected or suspected of being infected with anthrax, chickenpox, cholera, dengue, diphtheria, infectious encephalitis, measles, meningoccus meningitis, plague, poliomyelitis, psittacosis, scarlet fever, smallpox, streptococcic sore throat, typhoid fever, typhus, or yellow fever, or

(2) Arrives from a port where at the time of departure there was present or suspected of being present cholera, plague, or yellow fever, or where there was significant increase in prevalence of

[1] See Subpart H (footnote) regarding issuance of duplicate pratique by United States quarantine officers for presentation to quarantine authorities of the Canal Zone or Canada.

smallpox or typhus at the time the vessel or aircraft touched there.

Section 71.121 is amended to read as follows:

§ 71.121 *General requirement.* Vessels subject to quarantine inspection pursuant to Subpart D shall not enter a port under the control of the United States to discharge cargo or land passengers unless a certificate of free or provisional pratique has been issued to the master. When it is desired not to comply with the requirements for a certificate of free or provisional pratique, the vessel is at liberty to return to sea if bound for a foreign port.

The footnote to § 71.122 is amended to read as follows:

Free pratique. • • •

¹ A vessel which has received free pratique at a port under the control of the United States, and is destined for a port of the Canal Zone, shall be furnished with a duplicate of such pratique for presentation to Canal Zone quarantine authorities. A vessel which has received free pratique at a port in the United States located in the international waters described in § 71.46 (a) (4), and which is destined for a Canadian port in the same waters, shall be furnished with a duplicate of such pratique for presentation to Canadian quarantine authorities.

Effective date. The foregoing amendments shall become effective on September 1, 1948.

Dated: August 24, 1948.

PROPOSED RULE MAKING

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR, Part 3]

[Docket No. 9113]

BROADCASTING OF INFORMATION CONCERNING LOTTERIES, GIFT ENTERPRISES OR SIMILAR SCHEMES

SUPPLEMENTAL NOTICE OF PROPOSED RULE MAKING

1. Supplemental notice is hereby given of proposed rule making with respect to the broadcasting of lottery information. On August 5, 1948, the Commission released a notice of proposed rule making with respect to this matter.

2. On June 25, 1948 by Public Law 772, 80th Congress 2d Session, section 316 was removed from the Communications Act of 1934 and recodified effective September 1, 1948 as section 1304 of the United States Criminal Code, 18 U. S. C. section 1304. This change was part of a general revision of laws relating to federal crimes which included among its purposes, the recodification of the Criminal Code and of criminal provisions not already in that code which could be transferred from other titles without injury to their text. No substantive change in the applicable law with respect to the broadcast of lottery programs was apparently contemplated by the recodification. See 93 Congressional Record, pp. 5048-5049; H. Rep. No. 304, 80th Cong. 2d Sess. p. A-99 (Reviser's notes). Accordingly, the Congress has reaffirmed the public policy embodied in section 316 of the Communications Act and has renewed the determination that it is contrary to the public interest to permit the broadcasting of lottery programs over the air.

3. This Commission is authorized to and has the duty to consider in connection with its general licensing authority policies affecting radio expressed in other acts of Congress. See McLean Trucking Company v. United States, 326 U. S. 67; Southern Steamship Company v. NLRB, 316 U. S. 31. It has authority, therefore, in determining whether a grant of a given license application would serve the public interest, convenience or necessity, to consider the Congressional mandate that no licensee should broadcast any program containing any advertisement or information concerning any lottery, gift enterprise or similar scheme. And in so doing the Commission is not required to await prior judicial determination that a given program is in violation of section 1304 of the Criminal Code. Public Clearing House v. Coyne, 194 U. S. 497; Southern Steamship Company v. NLRB, 316 U. S. 31. And the Commission is authorized to issue general rules setting forth for the information of licensees its intention to refuse licenses to persons operating in violation of the Congressional prohibition against the broadcast of lottery information set forth in section 1304 of the Criminal Code. See National Broadcasting Company v. United States, 319 U. S. 190.

4. Accordingly, the Commission proposes to adhere to its determination of August 5, 1948 that rules with respect to the broadcasting of lottery information should be promulgated by this Commission. Notice is hereby given that rules, similar in form to the Chain Broadcasting regulations, §§ 3.101-3.108 of the rules dealing with the qualifications of licensees, are proposed to be promulgated. These proposed rules are designed to assist the Commission, licensees, and other interested persons in giving effect to the public policy embodied in the determination of Congress that the United States should not "permit any radio station licensed and regulated by the government to engage in such unlawful practices." Senate Report 1045 on H. R. 7716, 72d Congress, 2d Session.

5. The proposed rules would also set forth with particularity, as set out in the Appendix of the notice of proposed rule making issued August 5, 1948 for standard, FM and television broadcasting, certain types of programs which the Commission believes are clearly prohibited by section 316 of the Communications Act of 1934, as amended (effective September 1, 1948, section 1304 of the U. S. Criminal Code, 18 U. S. C.) which makes criminal the broadcast of "any advertisement of or information concerning any lottery, gift enterprise, or similar scheme, offering prizes dependent in whole or in part upon lot or chance." These specifications of various types of programs which the Commission will consider to be lotteries, gift enterprises or similar schemes in violation of law, are intended to afford broadcast licensees an opportunity to be informed, so far as it is possible to do so, of the interpretation of the law with respect to these matters which the Commission proposes to apply in the exercise of its licensing functions. These proposed rules therefore are entirely interpretative in nature and do not purport to add to or detract from the statutory prohibition imposed by Congress.

6. The proposed rules are issued under the authority of sections 4 (i), 303 (r), 307 (a), 308 (b) and 309 (a) of the Communications Act of 1934, as amended.

7. Any interested party who is of the opinion that the proposed rules should not be adopted, or should not be adopted in the manner proposed may file with the Commission on or before September 10, 1948, a statement or brief setting forth his comments. At the same time persons favoring the rules as proposed may file statements in support thereof. The Commission will consider all such comments that are presented before taking action in the matter, and if any comments are submitted which appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

8. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments filed shall be furnished the Commission.

Adopted: August 26, 1948.

Released: August 27, 1948.

Secretary.

DEPARTMENT OF COMMERCE

Office of Industry Cooperation

FACTORY-MADE STEEL HOUSES

VOLUNTARY PLAN FOR ALLOCATION OF STEEL PRODUCTS

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919 (after consultation with representatives of the steel producing industry and of manufacturers of factory-made steel houses, and after expression of the views of industry, labor and the public generally at an open public hearing held on July 14, 1948), has determined that the following plan of voluntary action is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395:

1. In furtherance of the residential housing program, the steel producers participating herein will, during the period this plan shall remain in effect, make available or cause to be made available, out of the production of their own mill or the mills of their subsidiaries or affiliates, a total of 59,000 tons of steel sheet (other than enameling grades) and strip (hereinafter called steel products) to manufacturers of factory-made steel houses who comply with the provisions of this plan (hereinafter called Manufacturers), for use solely in the manufacture of such houses, exclusive of bathtubs, sinks, lavatories, kitchen and undersink cabinets, dish and clothes washing machines, exhaust, fans, lighting fixtures, water and heating units (hereinafter called fixtures and appliances) for such houses, in accordance with and subject to the terms and conditions hereinafter set forth.

2. (a) The quantities and types of such steel products so to be made available by each steel producer shall, except as may be otherwise specified in such steel producer's acceptance hereof, be such as the Secretary of Commerce (after consultation with the Steel Task Committee of the Office of Industry Cooperation of the Department of Commerce) determines to be fair and equitable in order to accomplish, as nearly as may be, the supply of such steel products, on a graduated monthly basis, necessary to fulfill the purposes of this plan.

Each steel producer participating herein will, however, upon request of the Secretary of Commerce, give consideration to making such steel products available under this plan in amounts additional to the amounts provided for in its acceptance hereof.

(b) Such steel products will be made available under such contractual arrangements as may be made by the respective steel producers, or their subsidiaries and affiliates, with the respective Manufacturers, and no request or authorization will be made by the Department of Commerce relating to the allocation of orders or customers or to the delivery of steel products or to the allocation of business among such manufacturers, nor will any request or authorization be made to such steel producers for any limitation or restriction on the production or marketing of any such steel products. Nothing herein contained shall be construed as authorizing or approving any fixing of prices, and the participation herein of any steel producer shall not affect the prices or terms and conditions on which any such steel products as are made available, are actually sold and delivered.

(c) Each steel producer participating herein will make available, or cause to be made available, only those steel products which are within the type and size limitations of the mill or mills which it may select for the production of such products. The quantities of such steel products which it will make available, or cause to be made available in any month, may be reduced, or at its option the delivery thereof may be postponed, in direct proportion to any production losses which it or its subsidiary or affiliate shall sustain during any such month, due to causes beyond its or their control.

(d) Each steel producer will, if requested by the Office of Industry Cooperation of the Department of Commerce (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942) report to the Office of Industry Cooperation the total quantities of the several types of such steel products shipped, pursuant to purchase orders hereunder, in any monthly period or periods during the operation of this plan.

3. (a) Each individual Manufacturer participating herein will submit to the Secretary of Commerce monthly schedules and reports (subject to the approval of the Bureau of the Budget, under the Federal Reports Act of 1942) on forms furnished by the Secretary of Commerce, showing by plants (1) the number of complete houses and the quantities of each type of end product manufactured for incorporation in houses scheduled for production during the succeeding month hereunder; (2) the net tonnage of each size and kind of such steel products required for each item scheduled in (1) hereof during the succeeding month; (3) the total quantities and kinds of such steel products received from all sources during the next preceding month; (4) the number of complete houses, and the quantity of each type of end product manufactured for inclusion in houses manufactured during the preceding month; (5) and other relevant information. After receiving such schedules and reports, the Secretary of Commerce will relate such estimated requirements to the over-all program and determine the quantities of steel products to be made available herein to each individual participating Manufacturer.

(b) By participation herein, the several Manufacturers shall be obligated to use all steel products made available hereunder solely for and in the manufacture of factory-made steel houses, exclusive of any fixtures and appliances (as listed in paragraph 1 hereof) therefor; not to resell or transfer such steel products; nor build up any inventories of steel or end products beyond current needs for the purposes hereof. Each purchase order for any such steel products to be made available hereunder shall bear the following certification of the Manufacturer placing such purchase order:

The undersigned hereby certifies and agrees that this order is placed under section 3 of the Voluntary Plan authorized under Public Law 395 for Allocation of Steel Products for the Manufacture of Factory-Made Steel Houses and that the steel products specified in this order will be used solely for and in the manufacture of such houses, exclusive of any fixtures and appliances (as listed in Pararaph 1 of said plan) therefor, with which the undersigned is familiar.

4. After approval hereof by the Attorney General and by the Secretary of Commerce, and after requests for compliance herewith shall have been made of steel producers and Manufacturers by the Secretary of Commerce, any such steel producer or Manufacturer may become a participant herein by advising the Secretary of Commerce, in writing, of its acceptance of such request. Such requests for compliance will be effective for the purpose of granting certain immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in section 2 (c) of Public Law 395, only with respect to such steel producers and Manufacturers as notify the Secretary of Commerce in writing that they will comply with such requests.

5. This plan shall become effective upon the date of its final approval by the Secretary of Commerce and shall cease to be effective at the close of business on February 28, 1949, or on such earlier date as may be determined by the Secretary of Commerce, upon notice, by letter, telegram or publication in the FEDERAL REGISTER, not less than 60 days prior to such earlier date.

6. Any such steel producer or Manufacturer may withdraw from this plan by giving not less than sixty days written notice of its intention so to do to the Secretary of Commerce.

Approved: August 18, 1948.

CHARLES SAWYER,
Secretary of Commerce.

Approved: August 16, 1948.

TOM C. CLARK,
Attorney General.

AUGUST 18, 1948.

DEAR MR. ————.

A Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Sheet and Strip (other than enameling grades) to manufacturers of factory-made steel houses for residential housing, other than certain fixtures and appliances, has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395, and have approved the Plan. A copy of the Plan is enclosed.

By virtue of the terms of Public Law 395 and Executive Order 9919, I hereby request compliance by you with the Plan. For your convenience, I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan.

This request will not be effective for the purpose of granting immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in Section 2 (c) of Public Law 395, 80th Congress, unless you agree in writing to comply with the Plan.

Since the matter of arranging early allocations of steel sheet and strip is essential to carrying out the purposes of the Plan, I must know as promptly as possible how many consuming manufacturers desire to participate. I trust therefore, that I may have your favorable response on or before August 30, 1948. If I do not receive your acceptance by that date, I shall assume that you do not wish to participate.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

AUGUST 18, 1948.

GENTLEMEN:

A Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Products for Factory-Made Steel Houses has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395, and have approved the Plan. A copy of the Plan is enclosed.

In accordance with the provisions of Paragraph 2 of the Plan, an initial determination has been made by me with respect to the quantities of each type of steel product which shall be made available, on a graduated monthly basis, by each steel producer who is expected to become a participant in the Plan.

By virtue of the terms of Public Law 395 and Executive Order 9919, I hereby request compliance by you with the Plan. For your convenience, I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan. The enclosed form specifies the total quantities of each type of steel product which it has been initially determined by me, with the advice of the Steel Task Committee, in accordance with Paragraph 2 of the Plan, should be made available by you during the period this Plan shall remain in effect.

Similar requests are being directed to all other steel producers who are expected to become participants in the Plan.

This request will not be effective for the purpose of granting immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in Section 2 (c) of Public Law 395, unless you promptly agree in writing to comply with the Plan.

I trust that your favorable response to this request will be promptly communicated to me.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Edward T. Dillon, Francis X. McNerney and James T. Boland, a partnership d/b as Floral City Broadasting Company, Monroe, Michigan, Docket No. 8579, File No. BP-6167; for construction permit.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 25th day of August 1948;

The Commission having under consideration the above-entitled application of Edward T. Dillon, Francis X. McNerney and James T. Boland, a partnership d/b as Floral City Broadcasting Company, for a construction permit for a new standard broadcast station to operate on the frequency 1430 kc, 500 w power, DA, daytime only;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application be, and it is hereby, designated for hearing at a time and place to be designated by subsequent order of the Commission, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant partnership and the partners to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations,

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with any existing broadcast stations or with the service proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations with particular reference to those provisions pertaining to the assignment of stations where objectionable interference would be received to a field intensity contour greater than that specified for a station of its class.

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In the matter of Jonas Weiland (assignor), WFTC Broadcasting Company,

Inc. (assignee), Docket No. 9124, File No. BAL-638; for assignment of license of standard broadcast station WFTC, Kinston, N. C.

At a session of the Federal Communications Commission held in its offices in Washington, D. C. on the 18th day of August 1948;

The Commission having under consideration the above entitled application for assignment of the license of radio station WFTC, Kinston, N. C. from Jonas Weiland to WFTC Broadcasting Company, Inc. and not being satisfied that it is in possession of full information as required by the Communication Act of 1934, as amended, and acting pursuant to section 310 (b) of said act;

It is ordered, That the above entitled application for assignment of license of station WFTC be, and it is hereby designated for hearing at a time and place to be set by subsequent order of the Commission on the following issues:

(1) To determine whether the proposed assignee is legally, technically, financially and otherwise qualified to own or control and operate radio station WFTC, Kinston, North Carolina.

(2) To determine the full contract arrangements or agreement of sale either presently made or to be made by the proposed assignee with the present licensee, including the price and the manner of payment and the properties to be received therefor.

(3) To secure full information as to the plans of the proposed assignee for staffing the station, its plans with respect to the station's programming, and all other plans or arrangements for operating the station.

(4) To determine the extent of ownership of the assignor in the licensees of stations WSSV, Petersburg, Va. and WINZ, Hollywood, Fla., the financial worth of such interests and whether such interests, if any, have been reported to the Commission as is required by §§ 1.341–1.343 of the Commission's rules and regulations.

(5) To determine whether a grant of the above application will be in the public interest.

[Docket No. 9145]

RADIO ST. CLAIR, INC.

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Radio St. Clair, Inc., Marine City, Michigan, Docket No. 9145, File No. BP-6489; for construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 25th day of August 1948;

The Commission having under consideration the above-entitled application of Radio St. Clair, Inc., requesting authority to construct a new standard broadcast station at Marine City, Michigan, to operate on 1590 kc, with 500 w power, daytime only; a letter filed February 26, 1948, by Summit Radio Corporation (WAKR, Akron, Ohio), protesting the grant of the Marine City application without a hearing; and the applicant's March 12, 1948, request, supported by subsequent pleadings, that the Commission (1) require WAKR to operate in accordance with its license; (2) reconsider its action of February 27, 1948, granting a license to WAKR should it continue its present daytime operations; (3) deny WAKR's request that the instant application be designated for hearing; and (4) grant the application without hearing;

It appearing that the said application of Radio St. Clair, Inc., would involve daytime interference to Station WAKR within that station's present 0.5 mv/m contour;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application be, and it is hereby, designated for hearing at a time and place to be designated by subsequent order of the Commission, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant corporation, its officers, directors and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with station WAKR, Akron, Ohio, or with any other existing broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast stations.

It is further ordered, That the aforesaid request for relief filed March 12, 1948, by Radio St. Clair, Inc. insofar as it requests relief inconsistent with the foregoing action be, and it is hereby, denied and that otherwise it be, and it is hereby, designated for hearing in consolidation with the above-entitled application and with particular reference to the following issue:

To determine whether station WAKR is operating as authorized in its license and if not whether it would be practical, feasible, and in the public interest to require WAKR to operate otherwise.

It is further ordered, That Summit Radio Corporation, licensee of station WAKR, Akron, Ohio, be, and it is hereby made a party to the proceeding.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-40, 54-53, 54-144, 54-156, 59-40, 59-49]

CENTRAL PUBLIC UTILITY CORP. ET AL.

MEMORANDUM FINDINGS, OPINION AND ORDER

At a regular session of the Securities and Exchange Commission held at its

office in the city of Washington, D. C., on the 25th day of August 1948.

In the matters of Central Public Utility Corporation, File No. 54–156; Central Public Utility Corporation, File No. 54–144; Consolidated Electric and Gas Company, File No. 54–40; Central Public Utility Corporation, Consolidated Electric and Gas Company, File No. 59–40; Christopher H. Coughlin, W. T. Crawford, and Rawleigh Warner, voting trustees under voting Trust Agreement dated August 1, 1932, relating to common stock of Central Public Utility Corporation, File No. 54–53; Christopher H. Coughlin, W. T. Crawford, and Rawleigh Warner, voting trustees under Voting Trust Agreement dated August 1, 1932, relating to common stock of Central Public Utility Corporation, File No. 59–49.

On September 5, 1947, the Commission approved an Amended Plan ("Amended Plan") filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 by Central Public Utility Corporation ("Central Public"), a registered holding company, concerned primarily with a reorganization of Consolidated Electric and Gas Company ("Consolidated"), a registered holding company and direct subsidiary of Central Public. The order of the Commission also granted and permitted to become effective certain applications and declarations concerned with transactions related to the consummation of the plan.[1]

Briefly stated, Amended Plan provided that Central Public would cause Consolidated to exchange the common stock of Atlanta Gas Light Company, all of which was then owned by Consolidated, for the publicly held preferred stock of Consolidated in full satisfaction and discharge of the claims and rights of the publicly held preferred stock. As at December 31, 1946, Consolidated's capitalization consisted of $10,750,000 principal amount of notes payable to various banks, bearing interest at 2¼% per annum and maturing November 29, 1948; 183,719 shares of $6.00 Cumulative Preferred Stock, of which 68,856 shares were owned by Central Public and 114,863 shares were owned by the public; 1,480,000 shares of Class A non-cumulative stock, par value $1.00 per share and liquidation preference $25.00 per share, all owned by Central Public; and 1,000,000 shares of common stock, par value $1.00 per share, all owned by Central Public. As at December 31, 1946, dividend arrears applicable to the preferred stock amounted to $85.85 per share on 114,107 shares which were issued in August 1932; $84.00 per share on 12 shares which were issued in February 1933; and $7.50 per share on 744 shares which were issued in 1945.[2]

Amended Plan, among other things, provided that Central Public would cause Consolidated to pay all fees and expenses or other remunerations in connection therewith which the Commission found to be reasonable. The Commission, by order, reserved jurisdiction with respect to the reasonableness and allocation of all fees, expenses and other remunerations incurred, or to be incurred, in connection with the consummation of Amended Plan, with certain limited and specified exceptions.[3] Petitions with respect to fees and expenses have now been filed with the Commission. The fees sought by these petitions, as amended, and the identity of persons seeking such fees are as follows:

	Fees	Expenses
Duke & Landis, New York, N. Y., counsel for Central Public	$40,000	$2,877.83
Shearman & Sterling & Wright, New York, N. Y., counsel for Consolidated	10,000	180.64
Baltimore National Bank, Baltimore, Md., trustee under indenture securing Central Public's bonds	7,500	1,085.05
Piper, Watkins, Avirett & Egerton, Baltimore, Md., counsel for Baltimore National Bank	15,000	----------
Percival Jackson, Esq., New York, N. Y., counsel for certain holders of preferred stock of Consolidated	10,000	482.75
Jesse Holland, Esq., Chicago, Ill., counsel for a holder of bonds of Central Public	4,000	809.62
R. Lawrence Siegel, Esq., New York, N. Y., counsel for a Protective Committee for preferred stockholders of Consolidated	32,290	1,724.23
Protective Committee	5,000	843.53
Experts of Protective Committee	850	6.15
W. C. Gilman, New York, N. Y., expert called on behalf of Baltimore National Bank	7,250	598.95
Jay S. Hartt, Chicago, Ill., expert called on behalf of Central Public	5,227	1,452.14
Total	137,117	10,060.89

The section 11 proceedings from which Amended Plan ultimately evolved were initiated in 1941 by the filing of a plan under section 11 (e) of the act by Consolidated. Hearings were held with respect to that plan, at which Central Public, Consolidated, and Baltimore National Bank, as trustee under the indenture securing the bonds of Central Public, were each represented by separate counsel, but no final order of the Commission was entered. None of the other persons now seeking compensation were participants in these earlier proceedings except J. Samuel Hartt whose former services in that period have already been compensated.

During subsequent years and until 1946, a series of postponements of the section 11 proceeding was granted by the Commission at the request of Consolidated, in order to enable it to carry out its program of divesting itself of many of its subsidiary companies. Nothing of consequence to the recapitalization of Consolidated transpired in this period.

In April 1946 Central Public filed a plan for the recapitalization of Consolidated pursuant to section 11 (e) of the act. Briefly, this plan proposed that the equity capital of Consolidated be reduced to a single class of common stock (as hereinabove indicated, the capitalization of Consolidated consisted of preferred, Class A, and common stock). The allocation of the new common stock proposed by Central Public was such that Central Public, on the basis of its holdings of preferred, Class A and common stock, would have received for its holdings approximately 15% of the new common stock of Consolidated. Public hearings were held with respect to this plan and a substantial record developed with respect to the many issues presented by the proceeding. At these public hearings various representatives of owners of preferred stock of Consolidated and bonds of Central Public for the first time requested and were granted permission to participate.[4] All of the representatives of holders of preferred stock opposed the recapitalization plan. Generally speaking, the representatives of the holders of the bonds of Central Public were not opposed to the recapitalization plan, although they took the position that the proposed treatment of the public preferred stockholders was too generous. As a result of the opposition of the representatives of preferred stockholders and in an effort to avoid protracted litigation, Central Public in the early fall of 1946, undertook to develop an Amended Plan which would prove satisfactory to the representatives of the publicly held preferred stock of Consolidated and to the representatives of the holders of the bonds of Central Public.

On April 1, 1947, Central Public filed Amended Plan which, as hereinbefore indicated, proposed the distribution of the common stock of Atlanta Gas Light Company to the public holders of the preferred stock of Consolidated.

The public hearings with respect to Amended Plan were of relatively short duration and no substantial objections to Amended Plan were raised by any interested party.

In order to determine the reasonableness of the requested fees, it is necessary to consider briefly the nature of the activities and contribution to the matter of each of the petitioners.

Duke & Landis, by David B. Landis, Esquire, as counsel for Central Public had general supervisory responsibility for Amended Plan. Shearman & Sterling & Wright, by George B. Pedot, Esquire, as counsel for Consolidated, assisted in the presentation of the factual data with respect to Consolidated and its subsidiaries upon which were predicated the requisite financial and other analyses.

Baltimore National Bank, successor Trustee under the indenture securing the income bonds of Central Public, felt that its duties required an active participation in the section 11 proceedings before the Commission and has participated therein since 1941. It represents that its requested fee covers all allowances to the bank as trustee under the indenture during this period.

[1] See Central Public Utility Corporation, et al., — S. E. C. — (1947) Holding Company Act Release No. 7691.

[2] For further details with respect to Amended Plan, see Central Public Utility Corporation, et al., Holding Company Act Release No. 7334.

[3] These exceptions were with respect to fees of the distributing agent and the transfer agent for the common stock of Atlanta.

[4] In addition to persons who are seeking fees, the following additional persons appeared for the first time in these proceedings at these hearings: Harold S. Lynton and Theodore Thau, representing owners of Preferred stock of Consolidated; Robert O. Borer representing his mother as owner of preferred stock of Consolidated; and Roy Roadcap representing certain bondholders of Central Public.

Piper, Watkins, Avirett & Egerton, by James Piper and Martin McDonough, Esquires, counsel for the Baltimore National Bank assisted and advised the bank in its activities in connection with Amended Plan and presented the expert witness, W. C. Gilman, who appeared on behalf of the bank.

Percival Jackson, Esquire, appeared on behalf of several owners of preferred stock of Consolidated. Jackson actively opposed the recapitallization plan proposed in 1946 and appears to have had an active part in the negotiations between conflicting security interests leading to Amended Plan.

Jesse Holland, Esquire represented a holder of bonds of Central Public. With the exception of the Baltimore National Bank, representing all of the bond holders, Holland represented the largest amount of bonds participating in the proceeding. It appears that Holland was active in gaining the acceptance of Amended Plan by the Central Public bond holders.

R. Lawrence Siegal, Esquire, and the Protective Committee for the $6 Cumulative Preferred Stock, organized pursuant to the requirements of Rule U-62, were participants in the proceedings from April 1946, in the case of Siegal, and from November 1946 (the effective date of the U-R-1 declaration under Rule U-62), in the case of the Committee.

We have examined the petitions filed and the memoranda in support thereof as well as amendments filed by two of the petitioners.[5] On the basis of these data it appears that the amounts requested are not unreasonable except for the requests of the Protective Committee and its counsel as to which no findings are made. The fees requested by the Protective Committee and its counsel aggregate in excess of $38,000. These fees are very large in relation to the fees sought by the others in the proceeding except for counsel to Central Public whose role was of course of a very different and more comprehensive nature. We have been unable to discern in the record, to date, what, if any, benefits have resulted from the participation of the Committee and its counsel and are not in a position to approve the requested amount or, indeed, any amount, without a further showing. We shall accordingly retain our jurisdiction with respect to their fees and disbursements while releasing it as to the others.

It is therefore ordered, That Consolidated pay the fees and disbursements except for the fees and expenses of the Protective Committee for the $6 Cumulative Preferred Stock and its counsel, as hereinbefore set out.

It is further ordered, That the jurisdiction hereinbefore reserved in our findings, opinion and order dated September 5, 1947, with respect to the reasonableness and appropriate allocation of all fees and expenses incurred in connection with the consummation of Amended Plan be and the same hereby is released to the extent hereinbefore indicated, all other reservations of jurisdiction contained in said documents to remain in full force and effect.

By the Commission.

[5] Jackson's original petition sought $25,000 and Holland's original petition sought $9,750. These petitions have now been amended to $10,000 and $4,000 respectively.

LONG ISLAND LIGHTING CO. ET AL.

ORDER REQUIRING RECAPITALIZATION ON BASIS OF SINGLE CLASS OF STOCK

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 25th day of August 1948.

In the matter of Long Island Lighting Company, Queens Borough Gas and Electric Company, Nassau & Suffolk Lighting Company, Long Beach Gas Company, Inc., File Nos. 54–136, 59–83.

The Commission having instituted proceedings (designated as File No. 59–83) pursuant to section 11 (b) (2) of the Public Utility Holding Company Act of 1935 ("act") with respect to Long Island Lighting Company, a registered holding company, and three of its public-utility subsidiary companies, Queens Borough Gas and Electric Company, Nassau & Suffolk Lighting Company, and Long Beach Gas Company, Inc., to determine whether voting power is unfairly and inequitably distributed among the security holders of each of said companies and, if so, what steps should be required of each of said companies to insure a fair and equitable distribution of voting power among such security holders; and

Long Island Lighting Company, Queens Borough Gas and Electric Company, and Nassau & Suffolk Lighting Company having jointly filed, pursuant to the provisions of section 11 (e) of the act, an amended plan for their consolidation and recapitalization (designated as File No. 54–136); and

The Commission having consolidated the proceedings instituted pursuant to section 11 (b) (2) with the proceedings with respect to the amended plan filed pursuant to section 11 (e); and

Hearings having been held with respect to the section 11 (b) (2) proceedings and the Commission having severed for disposition the matters raised by the section 11 (b) (2) proceedings from the matters raised by the section 11 (e) amended plan, and proposed findings and conclusions, and briefs in support thereof, having been filed by various interested persons, and the Commission having considered the record with respect to the section 11 (b) (2) proceedings and having entered its findings and opinion with respect to such proceedings (designated as File No. 59–83), in which it is determined that there exists an unfair and inequitable distribution of voting power among the security holders of each of said four companies and in which the Commission set forth the steps required to be taken by each of said four companies to insure a fair and equitable distribution of voting power among the security holders of each of the four companies:

It is ordered, Pursuant to the provisions of section 11 (b) (2) of the Public Utility Holding Company Act of 1935, that:

1. Long Island Lighting Company effect a recapitalization so as to substitute for its existing preferred and common stocks a single class of stock, namely, common stock, such new common stock to be distributed among the holders of its preferred and common stocks in a fair and equitable manner.

2. Long Island Lighting Company and Queens Borough Gas and Electric Company take appropriate action to cause Queens Borough Gas and Electric Company to effect a recapitalization so as to substitute for its existing preferred and common stocks a single class of stock, namely, common stock, such new common stock to be distributed among the holders of its preferred and common stocks in a fair and equitable manner.

3. Long Island Lighting Company, Queens Borough Gas and Electric Company, and Nassau & Suffolk Lighting Company take appropriate action to cause Nassau & Suffolk Lighting Company to effect a recapitalization so as to substitute for its existing preferred and common stocks a single class of stock, namely, common stock, such new common stock to be distributed among the holders of its preferred and common stocks in a fair and equitable manner and, in connection with such recapitalization, to eliminate its open account liability (including interest thereon) to Queens Borough Gas and Electric Company in a manner appropriate under the standards of the act.

4. Long Island Lighting Company, Queens Borough Gas and Electric Company, and Long Beach Gas Company, Inc., take appropriate action to cause Long Beach Gas Company, Inc., to effect a recapitalization so as to substitute for its existing preferred and common stocks a single class of stock, namely, common stock, such new common stock to be distributed among the holders of its preferred and common stocks in a fair and equitable manner and, in connection with such recapitalization, to eliminate its open account liabilities (including interest thereon) to associated companies in a manner appropriate under the standards of the act.

It is further ordered, That jurisdiction be, and hereby is, reserved under sections 11 (b) (2) of the Public Utility Holding Company Act of 1935 to enter such other and further orders as may be necessary or appropriate.

By the Commission.

At a regular session of the Securities and Exchange Commission, held at its

office in the city of Washington, D. C. on the 25th day of August A.D. 1948.

Kansas Gas and Electric Company ("Kansas"), an electric utility subsidiary of American Power & Light Company, in turn a subsidiary of Electric Bond and Share Company, both registered holding companies, has filed a declaration and amendments thereto, under section 6 (a) and 7 of the Public Utility Holding Company Act of 1935, relative to certain proposed amendments to its Certificate of Incorporation and by-laws. After appropriate notice a public hearing was held. We have examined the record and make the following findings.

Kansas proposes to call a special meeting of stockholders and upon receipt of the required vote, amend its Certificate of Incorporation in the following respects: [1] (a) By increasing its authorized common stock of 600,000 shares without par value to 1,000,000 shares without par value; (b) by providing that the life of the corporation shall be perpetual; (c) by providing that any of the authorized shares of stock may be issued and sold for such considerations as the Board of Directors may deem advisable, including cash, labor done, real or personal property, or the use thereof; and, (d) by providing that the location of the principal office of the Company may be established at 201 North Market Street, Wichita, Kansas.

It is stated that it is desirable to increase the authorized shares of common stock and to provide that additional common stock may be sold for such considerations as the Directors shall approve in order to facilitate and make more flexible the issuance and sale of additional common stock. Kansas has represented that such flexibility is desirable in order to facilitate its large construction program, a part of which it intends to finance by the issuance of additional common stock.

In addition, Kansas proposes upon the receipt of the required vote to amend its by-laws so as to (a) change the date of its annual meeting from the second Wednesday in June of each year to the first Wednesday following the 20th day of May of each year and, (b) to confer upon the Board of Directors the power to authorize compensation and fees to be paid to Directors for services to Kansas. It is provided, however, that the aggregate amount of such compensation, including fees, to any one Director, as such, shall not exceed $1,000 per annum.

Kansas is incorporated under the laws of West Virginia and the record contains an opinion of counsel to the effect that the proposed amendments to the Company's Certificate of Incorporation and by-laws meet the requirements of State law.

From an examination of the declaration we conclude that, if adopted, the proposed amendments will not alter the priorities, preferences, voting power, or other rights of the holders of Kansas' outstanding securities in a manner prejudicial to such holders. We further find that if adopted the proposed amendments will not result in an unfair or an inequitable distribution of voting power among the holders of the securities of Kansas. We find that the proposed amendments will not otherwise be detrimental to the public interest or the interests of investors and consumers. Under the circumstances we believe that the proposed amendments may properly be submitted to the stockholders of Kansas for their consideration. We conclude, therefore, that the declaration as amended may be permitted to become effective. We observe no reason for the imposition of any terms or conditions other than those contained in Rule U-24.

It is ordered, That the declaration, as amended, filed by Kansas Gas and Electric Company herein under sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935, be, and it hereby is, permitted to become effective, subject to the terms and conditions contained in Rule U-24.

By the Commission.

POTOMAC EDISON CO. ET AL.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 24th day of August A. D. 1948.

In the matter of the Potomac Edison Company, Potomac Light and Power Company, South Penn Power Company, File No. 70-1894.

The Potomac Edison Company ("Potomac Edison"), a public utility subsidiary of a registered holding company, and its wholly owned subsidiaries, Potomac Light and Power Company ("Potomac Light"), and South Penn Power Company ("South Penn"), have filed a joint application-declaration, and one amendment thereto, with this Commission pursuant to the Public Utility Holding Company Act of 1935 and certain rules and regulations promulgated thereunder regarding the following transactions:

Potomac Light proposes to issue and sell 4,000 shares of its authorized and unissued Common Stock, par value $100 per share, and Potomac Edison proposes to acquire such shares for a cash consideration of $400,000, the aggregate par value thereof.

South Penn proposes to issue and sell 160,200 shares of its authorized and unissued Capital Stock, without nominal or par value, and Potomac Edison proposes to acquire such shares for a cash consideration of $801,000, the aggregate stated value thereof.

Potomac Edison now owns all of the outstanding capital stock and long-term debt of Potomac Light and South Penn, consisting of 32,000 shares of Common Stock, par value $100 per share, and $100,000 principal amount of open account advances, in the case of Potomac Light, and of 166,800 shares of Capital Stock, with a stated value of $834,000, and $673,161.47 principal amount of open account advances, in the case of South Penn. Such shares of capital stocks and $573,161.47 of the aforesaid open account advances of South Penn are presently pledged under the Indenture of Potomac Edison, dated as of October 1, 1944, securing its First Mortgage and Collateral Trust Bonds, 3% Series Due 1974 and 3⅛% Series Due 1978. The additional shares of capital stocks of Potomac Light and South Penn to be acquired by Potomac Edison will be pledged under said Indenture in accordance with the requirements thereof. Potomac Light is incorporated under the laws of the State of West Virginia and operates all of the electric properties of Potomac Edison's system in that State. South Penn is incorporated under the laws of the Commonwealth of Pennsylvania and operates all of the electric properties of Potomac Edison's system in that Commonwealth.

Potomac Light and South Penn propose to use the proceeds from the sale of such additional shares of capital stocks to pay their indebtedness to Potomac Edison and for the construction of property additions and improvements.

The filing, among other things, contains copies of orders of the Public Service Commission of Maryland, the Public Service Commission of West Virginia and the Public Utility Commission of Pennsylvania authorizing the transactions to the extent they fall within the respective jurisdiction of such Commissions.

The filing was made with this Commission on July 21, 1948 and the amendment thereto was filed on August 23, 1948. Notice of this filing was duly given in the form and manner prescribed by Rule U-23, promulgated pursuant to the act, the Commission not having received a request for a hearing with respect thereto within the period specified in said notice, or otherwise, and not having ordered a hearing thereon.

The Commission finding with respect to this joint application-declaration that the applicable statutory standards are satisfied, that there is no basis for any adverse findings, and deeming it appropriate in the public interest and in the interest of investors and consumers that said joint application-declaration be granted and permitted to become effective, and further deeming it appropriate to grant the request of applicants-declarants that this order should become effective upon issuance;

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that this joint application-declaration be, and the same hereby is, granted and permitted to become effective forthwith.

By the Commission.

ARKANSAS POWER & LIGHT CO.

SUPPLEMENTAL ORDER RELEASING JURISDICTION AND GRANTING AND PERMITTING APPLICATION-DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 25th day of August A. D. 1948.

Arkansas Power & Light Company ("Arkansas"), a utility subsidiary of Electric Power & Light Company, a registered holding company, having filed an application-declaration and amendments thereto pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 and Rule U-50 promulgated thereunder regarding the proposed issue and sale by Arkansas pursuant to the competitive bidding requirements of Rule U-50 of $7,500,000 principal amount of First Mortgage Bonds, --% Series, due 1978; and

The Commission having by order dated August 12, 1948, granted said application and permitted the declaration to become effective subject, however, to the condition, among others, that the proposed issue and sale of bonds should not be consummated until the results of competitive bidding pursuant to Rule U-50 had been made a matter of record in this proceeding and a further order had been issued by this Commission in the light of the record so completed; and

The Commission having reserved jurisdiction over the payment of fees and expenses to be paid in connection with the proposed transactions; and

A further amendment to the application-declaration having been filed on August 25, 1948, setting forth the action taken by Arkansas to comply with the requirements of Rule U-50 and stating that, pursuant to the invitation for competitive bids, the following bids for the bonds have been received:

Bidding group headed by—	Coupon rate	Price to company (percent of principal amount)	Annual cost of money (percent)
Halsey Stuart & Co., Inc.	3⅛	100.5811	3.0951
Lehman Bros. and Stone & Webster Securities Corp.	3⅛	100.5699	3.0957
White, Weld & Co.	3⅛	100.4099	3.1039
Glore Forgan & Co. and Harriman Ripley & Co.	3⅛	100.40	3.1044
The First Boston Corp.	3⅛	100.399	3.1044
Equitable Securities Corp. and Central Republic Co., Inc.	3⅛	100.18	3.1157

Said amendment having further set forth that Arkansas has accepted the bid of Halsey Stuart & Co., Inc., as set out above and that such bonds will be offered for sale to the public at a price of 101.07% of the principal amount thereof plus accrued interest from August 1, 1948 to the date of delivery, resulting in an underwriters' spread of .4889% of the principal amount of said bonds; and

Said amendment having also set forth the nature and extent of legal services rendered and the fees requested therefor and the estimated expenses of counsel for which reimbursement is requested; and

It appearing to the Commission that such legal fees and expenses of counsel as set forth below are not unreasonable and that jurisdiction of such matters should be released:

	Fees	Estimated expenses not to exceed—	Total
Reid & Priest, counsel for Arkansas	$9,500	$500	$10,000
House, Moses & Holmes, counsel for Arkansas	6,000	500	6,500
White & Case, counsel for successful bidders	7,000	175	7,175

The Commission having examined said amendment and having considered the record herein and finding no basis for imposing terms and conditions with respect to such matters:

It is ordered, That the jurisdiction heretofore reserved with respect to the matters to be determined as the result of competitive bidding under Rule U-50 and with respect to the fees and expenses of counsel be and hereby is released and that said application-declaration, as amended, be and the same hereby is granted and permitted to become effective forthwith subject, however, to the terms and conditions prescribed in Rule U-24.

By the Commission.

UNION PRODUCING CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 25th day of August A. D. 1948.

Notice is hereby given that Union Producing Company ("Union"), a wholly owned non-utility subsidiary of United Gas Corporation which in turn is a subsidiary of Electric Power & Light Corporation, a registered holding company, has filed an application pursuant to the Public Utility Holding Company Act of 1935. The application designates sections 9 (a) (1), 10 (a) (1), 10 (b) and 10 (c) of the act as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than September 10, 1948, at 5:30 p. m., e. d. s. t., request in writing that a hearing be held with respect to said application, stating the nature of his interest, the reasons for such request and the issues of fact or law raised by said application which he desires to controvert, or may request in writing that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after September 10, 1948, said application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application which is on file in the office of the Commission for a statement of the proposed transactions which may be summarized as follows:

Union proposes to acquire for a cash consideration of $100 one share of common stock, par value $100, of Drilling Research, Inc., a new corporation to be organized under the laws of the State of Delaware.

The proposed new corporation will have an authorized capital stock of 100 shares of common stock, $100 par value, and upon the formation thereof each of the thirty-nine oil companies presently listed as participating in the organization of the new corporation will subscribe to one share of common stock. Each subscriber will be entitled to elect one director.

The new corporation will be a non-profit organization the stated purposes of which will be to formulate and carry out a drilling research program for the discovery and development of new methods and apparatus useful in connection with the drilling of natural gas and oil wells, and other forms of petroleum hydrocarbons. The net expense of such research program, estimated at $750,000 for a period commencing July 1, 1948 and ending December 31, 1951, will be underwritten by the stockholders of the new company. Such underwriting will be done on the basis of a formula predicated on the number of wells drilled by each stockholder for the past three years. Under such formula Union's share of the expense is estimated at $5,700 for the period.

Applicant requests the Commission's order be issued as soon as practicable and become effective immediately upon the issuance thereof.

By the Commission.

GENERAL PUBLIC UTILITIES CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 25th day of August 1948.

General Public Utilities Corporation ("GPU"), a registered holding company, having filed a declaration, pursuant to section 12 (b) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-45 promulgated thereunder with respect to the following transaction:

GPU proposes to make a cash capital contribution to its public-utility subsidiary, Jersey Central Power & Light Company ("Jersey Central") of $1,000,-

000 which will be employed by Jersey Central for construction purposes. Jersey Central will credit the $1,000,000 to capital surplus.

Such declaration having been duly filed, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that no adverse findings are necessary with respect to the declaration and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration be permitted to become effective, and deeming it appropriate to grant a request of declarant that there be no waiting period between the issuance of the Commission's order and the date the order is to become effective.

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that the declaration be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

UNITED STATES TARIFF COMMISSION

[Notice No. D-1 (E)]

G. B. RAFFETTO, INC.

APPLICATION DENIED AND DISMISSED

AUGUST 27, 1948.

Application of G. B. Raffetto, Inc., of New York, N. Y. for investigation of marrons, candied, crystallized, or glacé, or prepared or preserved in any manner under provisions of Part I, Executive Order 9832 (concerning Escape Clause in Trade Agreements) has been denied and dismissed.

The Tariff Commission has dismissed the application filed by G. B. Raffetto, Inc., for an investigation under Executive Order 9832 with respect to preserved marrons. The application was concerned with candied marrons and marrons in sirup and requested relief from an alleged threat of injury due to increased imports resulting from trade-agreement concessions. Under paragraph 756 of the Tariff Act of 1930 the import duty on preserved marrons was 25 cents a pound. The rate was reduced to 12½ cents a pound pursuant to the trade agreement with France which took effect in 1936. The rate was further reduced to 8 cents a pound pursuant to the General Agreement on Tariffs and Trade effective January 1, 1948.

Consideration of the facts regarding the prewar and recent imports of candied marrons and marrons in sirup, the trend of imports in recent months, the level and the trend of domestic production, and other competitive factors with respect to domestic and imported marrons, indicates that the possibility of injury to domestic producers is not such as to warrant the Commission in undertaking a formal investigation under Executive Order 9832 at this time.

The dismissal of the present application does not impair the right of the applicant to apply subsequently for an investigation pursuant to Executive Order 9832.

SIDNEY MORGAN,
Secretary.

SUBPART A—DEFINITIONS

§ 21.1 *Meaning of terms.* As used in this part, the term:

(a) "Act" means the Public Health Service Act, 58 Stat. 682, as now or hereafter amended.

(b) "Administrator" means the Federal Security Administrator.

(c) "Agency" means the Federal Security Agency.

(d) "Service" means the Public Health Service.

(e) "Surgeon General" means the Surgeon General of the Public Health Service or such other officer of the Service to whom the Surgeon General delegates any of the authority conferred herein.

(f) "Commissioned officer" or "officer", unless otherwise indicated, means both an officer of the Regular Corps and an officer of the Reserve Corps. (Sec. 215, 58 Stat. 690; 42 U. S. C. 216)

SUBPART B—TITLES

AUTHORITY: §§ 21.11 to 21.13, inclusive, issued under sec. 215, 58 Stat. 690; 42 U. S. C. 216. Additional authority is noted in parenthesis following sections affected.

§ 21.11 *Officers other than medical officers.* The titles of officers, other than medical officers, in the junior assistant, assistant, senior assistant, full, and senior grades shall be "dental surgeon", "sanitary engineer", "pharmacist", "nurse officer", "scientist", "dietitian", "therapist", "sanitarian", "veterinarian", or a similar term descriptive of the specialty of such class of officers. The titles of officers, other than medical officers, in the director grade shall be the term "director" preceded by the term "dental", "sanitary engineer", "pharmacist", "nurse", "scientist", "dietitian", "therapist", "sanitarian", "veterinarian", or a simliar descriptive term. The titles of officers, other than medical officers, in the grade of Assistant Surgeon General shall be "Assistant Surgeon General", except that following such title there shall be added a parenthetical identification, such as "dental" or "sanitary engineer". (Sec. 206 (b), 58 Stat. 685; 42 U. S. C. 207 (b))

§ 21.12 *Designation of specialties.* Scientist officers and other officers having generally descriptive titles, in using their titles in correspondence outside the Agency and in the programs of scientific meetings, may designate their specialties in parentheses following their names and titles, as, for example, Richard Roe, Senior Scientist (Entomologist). (Sec. 206 (b), 58 Stat. 685; 42 U. S. C. 207 (b))

§ 21.13 *Military titles.* An officer in uniform may use, for purposes of identification and address, the military or naval title of rank corresponding to the grade markings worn. An officer detailed for duty with the Army, Air Force, Navy, Coast Guard, or Coast and Geodetic Survey may use in official correspondence the title of military or naval rank corresponding to the grade markings worn, as, for example, Richard Roe, Major, U. S. P. H. S., or Richard Roe, Lieutenant Commander, U. S. P. H. S.

SUBPART C—APPOINTMENT

AUTHORITY: §§ 21.21 to 21.59, inclusive, issued under sec. 215, 58 Stat. 690, sec. 208, 58 Stat. 685, as amended by sec. 5, Pub. Law 425, 80th Cong., 62 Stat. 40; 42 U. S. C. 216, 209.

Provisions Applicable Both to Regular and Reserve Corps

§ 21.21 *Meaning of terms.* The term "approved" as used in this subpart in connection with "school", "college", "postgraduate school", or "training course" means, except as otherwise provided by law, a school, college, postgraduate school, or training course which has been accredited or approved by a professional body or bodies acceptable to the Surgeon General for such purpose, or which, in the absence of such a body, meets generally accepted professional standards as determined by the Surgeon General.

§ 21.22 *Submission of application and evidence of qualifications.*—(a) *Application form.* Every candidate for examination for appointment as an officer shall submit a written application on such form as may be prescribed by the Surgeon General.

(b) *Documentary evidence and photograph.* The application shall be accompanied by: (1) Documentary evidence of (i) date and place of birth (birth certificate if obtainable); (ii) completion of educational and professional training; (iii) United States citizenship in the case of an applicant of foreign birth; and (iv) current registration as a graduate nurse under a nurse practice act of a State, Territory, or the District of Columbia in the case of a nurse; (2) such other documentary evidence as may be required by the Surgeon General, and (3) a recent photograph.

§ 21.23 *False statements as disqualification.* Willfully false statements shall be cause for rejection of the application or, as provided in Subpart N, for dismissal.

§ 21.24 *Physical examinations.* Every candidate for appointment as an officer shall undergo such physical examination as the Surgeon General may direct, and no candidate who is not found to be physically qualified shall be appointed as an officer.

§ 21.25 *Eligibility; junior assistant grade.*—(a) *Requirements; all candidates.* Except as provided in § 21.54 and as otherwise provided in this section, every candidate for examination for appointment in the grade of junior assistant:

(1) Shall be a citizen of the United States;

(2) Shall be at least 18 years of age; and

(3) Shall have been granted an academic or professional degree from an approved school, college, or postgraduate school, and, unless the required professional training has been otherwise obtained from an approved school, college, or postgraduate school, shall have majored in the profession in which the examination is being held.

(b) *Additional requirement; nurse officers.* Every candidate for examination for appointment as a nurse officer shall be currently registered as a graduate nurse under a nurse practice act of a State, Territory, or the District of Columbia.

(c) *Special requirement; therapists.* Every candidate for examination for appointment as a therapist shall have received a certificate from an approved school of physical therapy or an approved school of occupational therapy.

(d) *Temporary substitute for academic or professional degree; nurse officers and therapists.* Every candidate who applies for examination for appointment as a nurse officer or therapist in the junior assistant grade prior to January 1, 1949 and who has received subsequent to July 1, 1943, a certificate in his profession from an approved school, may substitute such certificate for the requirement of an academic or professional degree. In the case of a candidate for examination for appointment as a nurse officer, the certificate which may be substituted for the requirement of an academic or professional degree shall have been granted by a State-accredited school of nursing connected with a hospital having a daily census of not less than 50, and offering adequate nursing experience in medicine, surgery, pediatrics, and obstetrics at the time of graduation of the candidate.

§ 21.26 *Eligibility; assistant grade.*—(a) *Requirements; all candidates.* Except as otherwise provided in this section, every candidate for examination for appointment in the grade of assistant:

(1) Shall meet the requirements for eligibility for examination for appointment in the grade of junior assistant;

(2) Shall be at least 21 years of age; and

(3) Shall have had at least 7 years of educational and professional training or experience subsequent to high school, except that a candidate who applies for examination for appointment in the Reserve Corps to serve as a medical or dental intern may be examined for such appointment upon the completion of 6 years of such education, training, or experience.

(b) *Additional requirement; dietitians.* Every candidate for examination for appointment as a dietitian shall have successfully completed an approved training course for dietetic interns.

(c) *Temporary substitute for academic degree; nurse officers and therapists.* Every candidate who has received subsequent to July 1, 1943, a certificate in his profession from an approved school, who applies for examination for appointment as a nurse officer or therapist in the assistant grade prior to January 1, 1953, and who has had, during the five years immediately prior to the date of such application, 4 years or more of experience as a nurse, physical therapist, or occupational therapist in the Army, Navy, or Public Health Service with a satisfactory record of active service, may substitute such certificate and experience for the requirement of an academic degree.

(d) *Temporary substitute for dietetic internship; dietitians.* Every candidate who applies for examination for appointment as a dietitian in the assistant grade prior to January 1, 1949, who has had, prior to such date, 3 years or more of experience as a dietitian and who has received an academic degree from an approved college with a major in foods and nutrition or institutional management in the field of dietetics, may substitute such education and experience for the requirement of successful completion of an approved training course for dietetic interns.

§ 21.27 *Eligibility; senior assistant grade.* Every candidate for examination for appointment in the grade of senior assistant shall meet the requirements for eligibility for examination for appointment in the grade of assistant and shall have completed at least 10 years of educational and professional training or experience subsequent to high school.

§ 21.28 *Eligibility; grades above senior assistant grade.* Every candidate for examination for appointment in grades above that of senior assistant shall meet the requirements for eligibility for examination for appointment in the grade of senior assistant. Candidates for examination for appointment in the full, senior, or director grade shall have completed at least 7, 14, or 15 additional years, respectively, of postgraduate professional training or experience. When officers of the Service are unavailable for the performance of duties requiring highly specialized training and experience in special fields related to public health, the Surgeon General may specify that a candidate for appointment to the Regular Corps with such highly specialized training and experience shall be examined for appointment in the full or senior grade upon completion of at least 5 or 12 additional years, respectively, of postgraduate professional training or experience, except that the total number of such appointments during a fiscal year shall not exceed three.

§ 21.29 *Eligibility; all grades; academic and professional education and professional training and experience.* The Surgeon General is authorized, subject to the other provisions of this subpart, to adopt additional standards by which the education, training, and experience required under this subpart, and evidence thereof, shall be of such specific kind and quality, pertinent to the particular profession concerned, as in his judgment are necessary to limit the examination to qualified candidates.

§ 21.30 *Boards; appointment of; powers and duties.* The Surgeon General shall from time to time appoint boards and subboards of officers to consider the qualifications of candidates for appointment as officers, and shall refer to such boards the applications of those candidates who are eligible for examination for appointment. Such boards and subboards shall consist of three or more officers, the majority of whom, so far as practicable, shall be of the same profession as the candidate. The Surgeon General shall prescribe the duties of boards and subboards in relation to the examination process not otherwise prescribed in this subpart.

§ 21.31 *General service.* Officers shall be appointed only to general service and shall be subject to change of station.

§ 21.32 *Certification by candidate; requirement of new physical examination.* If a candidate for appointment in the Regular Corps or an officer of the Reserve Corps on inactive service has passed a physical examination within a period of 6 months from the date on which it is contemplated that he will be appointed or called to active duty, he shall, prior to being appointed or called to active duty, certify that to the best of his knowledge and belief he is free from all disease or injury not noted in his record at the time of his examination and that he is willing to serve in any climate. If a candidate for appointment in the Regular Corps, or an officer of the Reserve Corps on inactive service, has not passed a physical examination within a period of 6 months from the date on which it is contemplated that he will be appointed or called to active duty, he may, prior to being appointed or called to active duty, be required to undergo such physical examination as the Surgeon General may direct to determine his physical qualification for appointment or call to active duty in accordance with standards prescribed for original appointment, or he may be appointed or called to active duty after executing the certificate described above, but shall be physically examined to determine his physical qualification for continued active service in accordance with standards prescribed for original appointment within a period of 15 days after reporting for duty at his first station.

Provisions Applicable Only to Regular Corps

§ 21.41 *Professional examinations, holding of; subjects to be included.* From time to time the Surgeon General may order examinations to be held in such professions and for such grades as he deems necessary for the purpose of providing merit rolls of eligible candidates for appointment in the Regular Corps and shall, if a professional examination is to be required, prescribe the subjects relating to each such profession in which candidates will be examined.

§ 21.42 *Examinations; junior assistant, assistant, or senior assistant grade.* The examination for appointment to the junior assistant, assistant, or senior assistant grade in the Regular Corps shall consist of (a) a written professional examination relating to the fundamentals of the candidate's profession and their relationship to the activities of the Service, and (b) an examination as to the candidate's general fitness, which shall include an oral interview, and a review and evaluation of the candidate's academic and professional education and professional training and experience, and may include other written tests to determine the candidate's fitness for appointment as an officer.

§ 21.43 *Examination; full grade and above.* The examination for appointment to the full, senior, or director grade in the Regular Corps shall consist of a review and evaluation of the candidate's academic and professional education and professional training and experience. The Surgeon General may, however, direct that the examination of a candidate for appointment to any such grade shall also include an oral interview, a written or oral professional examination, or both.

§ 21.44 *Clinical or other practical demonstration.* In the discretion of the Surgeon General a candidate for appointment to any grade up to and including the senior assistant grade in the Regular Corps may be required to perform successfully a clinical or other practical demonstration which, if required, shall constitute a part of the professional examination.

§ 21.45 *Rating values.* The examination of every candidate for appointment to any grade in the Regular Corps shall be rated by a board appointed pursuant to § 21.30 in accordance with such relative values for each part of the examination as are prescribed by the Surgeon General. No candidate who receives a final rating below 80 shall be appointed in the Regular Corps.

§ 21.46 *Merit roll.* Each board appointed pursuant to § 21.30 to consider the qualifications of candidates for appointment as officers shall assign a numerical rating to each candidate for appointment in the Regular Corps who passes the examination, and shall submit a report to the Surgeon General of the ratings and the relative standing of all such candidates for each grade in each profession. The Surgeon General shall submit each such report with his recommendations to the Administrator, and, if approved by the Administrator, the report shall constitute a merit roll from which the Administrator shall, in accordance with relative standing, recommend available persons to the President for nomination as commissioned officers of the Regular Corps. A board may consider any newly discovered evidence relating to the physical, professional, or personal qualifications of any candidate examined for appointment. Upon recommendation of such board after review of such evidence, the Surgeon General, with the approval of the Administrator, may correct the rating of a candidate or may qualify or disqualify a candidate. The placing of a candidate's name on a merit roll shall give no assurance of an appointment. A merit roll shall expire when a new merit roll in the same profession and grade has been established, but no merit roll shall continue in effect longer than two years after its approval by the Administrator. Every candidate who has not been nominated by the President for appointment prior to the expiration of a merit roll on which his name appears, shall, unless he requests the opportunity to be reexamined, be rated with the next group of candidates of the same profession for appointment in the same grade and shall be given the same rating he had on the expired merit roll. If two candidates who were examined at the same time receive the same numerical rating, the elder candidate shall assume relative standing on the merit roll over the younger candidate. If a candidate whose name is being transferred from an expired to a new merit roll has the same numerical rating as a candidate whose name is being placed on the new merit roll for the first time, the former shall assume relative standing on the merit roll over the latter. The name of a candidate may be removed from a merit roll in the event that he refuses an appointment when offered. No candidate's eligibility for appointment shall exceed two years unless he again becomes eligible as the result of another examination.

§ 21.47 *Examination; anticipation of meeting qualifications.* A potential candidate for appointment in any grade in the Regular Corps may be examined within a period of nine months prior to the date upon which it is anticipated that he will qualify for appointment under this subpart. Upon successful completion of the examination, his name will be entered on a merit roll. In the event that his name, in order of relative standing among all candidates, precedes that of fully qualified candidates, his name, for purpose of appointment, shall be passed over in favor of fully qualified candidates until such time as he becomes fully qualified, but in no event shall he otherwise lose his relative standing on the merit roll, except as provided in § 21.46. If the candidate fails to qualify for appointment at the time that it was anticipated that he would qualify, his name shall be removed from the merit roll.

§ 21.48 *Reappointment of former officers of the Regular Corps.* If a candidate for appointment to the Regular Corps is a former officer of the Regular Corps and if he applies for reappointment to the Regular Corps within two years from the date of the termination of his commission in the Regular Corps, he may be appointed to the Regular Corps without regard to the merit rolls after passing an examination which shall consist of a physical examination and a review and evaluation of his record with the Service. If reappointed, such candidate shall be reappointed in the permanent grade held by him at the time of the termination of his commission, and shall, for purposes of promotion, pay and pay period, seniority in grade, and retirement, be credited with the same credits he had at the time his commission was terminated. For purposes of § 21.114 a reappointment shall be considered as an original appointment.

Provisions Applicable Only to Reserve Corps

§ 21.51 *Appointment of officers having specialized training or experience in administration and management.* The Surgeon General may recommend for original appointment in the Reserve Corps candidates who have specialized training or experience in administration and management relating to the functions of the Service. All such candidates shall be subject to the same eligibility requirements for original appointment as are applicable to other candidates, except that such a candidate may substitute experience in administration or management for the requirement of professional training or experience.

§ 21.52 *Waiver of entrance qualifications for original appointment in time of war or national emergency.* If, in time of war or national emergency proclaimed by the President, the Administrator determines that there is need for commissioned personnel to meet the needs of the Service, other than persons eligible for examination for original appointment under the eligibility requirements prescribed in this subpart, he may prescribe standards of eligibility for examination for the original appointment of officers in the Reserve Corps without regard to such eligibility requirements. Such standards shall, however, authorize the examination only of candidates with specialized experience in administration or management or candidates with training or experience in fields relating to public health. The permanent grade of an officer who becomes eligible for examination for appointment pursuant to such standards and who becomes eligible for appointment after passage of an examination shall be limited to the junior assistant or the assistant grade, except that, if upon examination a candidate is found to be exceptionally qualified for the performance of highly specialized duties with the Service pursuant to § 21.55, he may be recommended for appointment to any grade up to and including the director grade. Any appointment made pursuant to this section shall be terminated not later than 6 months following the termination of the war or the national emergency proclaimed by the President.

§ 21.53 *Examination.* The examination of candidates for original appointment as officers to any grade in the Reserve Corps shall consist of a review and evaluation of their academic and other education and their training and experience. In the discretion of the Surgeon General the examination of any such candidate may include an oral interview, a written examination, or both.

§ 21.54 *Students.* A potential candidate for appointment in the Regular Corps who is pursuing a course of instruction which, upon completion, would qualify him under §§ 21.25 or 21.26 for examination for appointment in the junior assistant or assistant grade may be examined for and appointed in the Reserve Corps in the junior assistant grade but shall not be called to extended active duty until the successful completion of such course of instruction, except that he may be called to active duty for purposes of training for periods not to exceed 120 days during any fiscal year.

§ 21.55 *Appointment to higher grades; candidates exceptionally qualified in specialized fields.* Any candidate eligible for examination for appointment in the grade of assistant pursuant to § 21.26 who, upon examination for such purpose, is found exceptionally qualified for the performance of duties requiring highly specialized training or experience may be recommended for appointment in the Reserve Corps in any grade up to and including the director grade without regard to the additional years of postgraduate training or experience prescribed for grades above the assistant grade.

§ 21.56 *Reappointment.* An officer of the Reserve Corps, after being examined and found qualified for reappointment, may be recommended for reappointment to the same grade in the event that his commission expires before he becomes eligible for reappointment to a higher grade, or may be recommended for reappointment to a higher grade to be effective on or after the date on which he meets the qualifications prescribed in this subpart for original appointment to such higher grade.

§ 21.57 *Examination for reappointment.* The examination of an officer of the Reserve Corps on active duty who is being considered for reappointment in such corps shall consist of a review and evaluation of his record with the Service. The examination of an officer of the Reserve Corps on inactive duty who is being considered for reappointment in such corps shall consist of (a) a review and evaluation of his record with the Service while on active duty, if any, and (b) the record of his training or experience during the period of his inactive duty preceding such examination. In the discretion of the Surgeon General the examination for reappointment of an officer, whether on active or inactive duty, may include an oral interview.

§ 21.58 *Physical examination for reappointment.* Every officer of the Reserve Corps being considered for reappointment shall undergo such physical examination as the Surgeon General may direct. An officer on active duty may be recommended for reappointment unless he is found to have a physical disability which, if it were incurred in line of duty in time of war, would make him eligible for retirement. Except as otherwise provided in § 21.59, an officer not on active duty may be recommended for promotion only if he meets the physical qualifications for original appointment. If an officer is not available to be physically examined because of circumstances which make it impracticable for the Service to require such examination, he may, in the discretion of the Surgeon General, be reappointed without such examination, but shall be examined as soon thereafter as practicable and his physical qualification or disqualification for continued or future active service shall be determined on the same basis as if the physical examination had been given prior to reappointment.

§ 21.59 *Reappointment of officers who are or have been in a retired status.* An officer of the Reserve Corps who has been retired for disability shall, upon a finding that he has recovered from his disability, be recommended for reappointment to the grade held by him at the time of his retirement without further physical or other examination. An officer of the Reserve Corps not on active duty who has been retired for disability, who has been found to have recovered from such disability, and who has not served on active duty since the termination of his retired status may, upon the expiration of the commission issued to him upon the termination of his retired status, be recommended for reappointment without a physical examination, but such reappointment shall be made only to the grade held by him prior to his reappointment. The provisions of this section shall not, however, preclude an officer from being reappointed to a higher grade pursuant to § 21.56, if he passes the physical examination required by § 21.58 in advance of such reappointment.

SUBPART D—INCREASED PAY AND ALLOWANCES

§ 21.61 *Duty requiring intimate contact with leprosy patients; additional pay.* (a) Every officer who is assigned to full-time duty at a station of the Service devoted exclusively to the care of leprosy patients and who is engaged as a physician, dentist, nurse, dietitian, dispensing pharmacist, technician, or otherwise in the diagnosis or treatment of the diseases of such patients shall receive while so assigned, in addition to the pay and allowances of his grade, a sum equal to 50 per centum of the pay of his grade.

(b) Every officer who is assigned to full-time duty at a station of the Service devoted exclusively to the care of leprosy patients and who is not entitled to the additional payment of 50 per centum under paragraph (a) of this section shall receive while so assigned, in addition to the pay and allowances of his grade, a sum equal to 25 per centum of the pay of his grade. (Sec. 209 (g), 58 Stat. 687; 42 U. S. C. 210 (g))

SUBPART E—ALLOTMENTS

§ 21.71 *Generally.* An officer on active duty may be permitted to allot a part or all of his monthly pay and allowances for the payment of insurance premiums, the purchase of securities of the Federal Government, or for other proper purposes approved by the Surgeon General: *Provided*, That no officer, without the approval of the Surgeon General, may have in force more than two allotments at one time, exclusive of allotments for insurance premiums. (Sec. 209 (c), 58 Stat. 686; 42 U. S. C. 210 (c))

§ 21.72 *On active duty or traveling outside continental United States.* An officer on active duty whose permanent or temporary post of duty is outside the continental United States or in Alaska or who, while stationed in the United States, is traveling on official business outside the continental United States or in Alaska, may be permitted to allot, in addition to allotments for the purposes as indicated in § 21.71, a part or all of his monthly pay and allowances for the support of his family or dependents, except that no officer, without the approval of the Surgeon General, may have in force more than two allotments at one time, exclusive of allotments for insurance premiums. (Sec. 209 (c), 58 Stat. 686; 42 U. S. C. 210 (c))

SUBPART F—LEAVE

AUTHORITY: §§ 21.81 to 21.95, inclusive, issued under secs. 209 (c), 215, 58 Stat. 686, 690; 42 U. S. C. 210 (c), 216, except as noted following provisions affected.

DEFINITIONS

§ 21.81 *Meaning of terms.* For the purpose of computing and granting leave pursuant to this subpart:

(a) A "year" or "leave year" means the period beginning July 1 of any calendar year and ending June 30 of the succeeding calendar year.

(b) "Annual leave" means any period of one work day or more during which an officer is relieved from his scheduled working hours, other than for sick leave, and all non-work days within such period.

(c) A "work day" means a day on which an officer is scheduled to perform more than brief periods of work, including a day when an officer is scheduled to serve as officer of the day, to be on call, or to perform official travel.

(d) A "non-work day" means a day designated by an officer in charge on which an officer has no scheduled working hours, including a day on which an officer is ordinarily scheduled to perform only brief periods of work, such as ward rounds in a hospital.

(e) "Off-work hours" means the period between the normal completion and commencement of scheduled working hours on two consecutive work days.

(f) "Station leave" means authorized absence from duty and station on non-work days, off-work hours, or for a period of less than one work day.

(g) "Sick leave" means any period of one day or more with respect to which an officer is excused from duty because of sickness, disability, or need of medical services.

Leave With Pay

§ 21.84 *Accrual and accumulation of annual leave.* An officer shall accrue annual leave at the rate of 30 days for each full year of active service with the Service, and for any portion of a year at the rate of one day for each 12 consecutive days of such service. Annual leave accrued during a leave year, but unused at the end of such year, shall be carried forward as accumulated leave for use in succeeding leave years, except that accumulated leave credited to an officer at the beginning of a new leave year in excess of 60 days shall be canceled: *Provided, however*, That accumulated annual leave credited to an officer on July 1, 1948, in excess of 60 days but not exceeding 120 days shall be carried forward in succeeding leave years until used, commuted, or compensated. Annual leave taken during a leave year shall be charged first against the leave accrued or to accrue during that year. No annual leave shall accrue (a) during any period of such leave immediately preceding the termination or inactivation of a commission, or retirement, (b) during any period in which an officer is placed on leave without pay while detailed pursuant to section 214 (b) or 214 (c) of the act, or (c) during any period of absence without leave.

§ 21.85 *Carrying over accrued and accumulated annual leave during continued service.* Annual leave accrued and accumulated but not taken shall not survive the expiration, termination, or inactivation of a commission, or retirement, except that such accrued and accumulated leave shall remain available (a) to an officer whose commission expires or is terminated but who, without a break in active service, accepts a new commission, and (b) to an officer who is retired for age in time of war but who is continued on or recalled to active duty without a break in active service.

§ 21.86 *Granting of annual leave.* Within the limitations prescribed in §§ 21.84 and 21.85, annual leave with pay may be granted, upon application, by the Surgeon General at such time or times and for such periods as are approved by him. Annual leave not exceeding 30 days may be granted as provided herein as an advance of leave not yet accrued or accumulated. A period of absence from duty shall be considered as annual leave only if authorized in advance or if the absence and the reasons therefor are reported as promptly as circumstances permit and the absence is excused by the Surgeon General.

§ 21.87 *Computation of annual leave.* The number of days of annual leave taken shall be computed by counting each work day during the period of leave and all non-work days within such period, but excluding any period of station

leave immediately preceding or immediately following such leave, except that in the case of annual leave taken immediately preceding the expiration, termination, or inactivation of a commission, or retirement, each day, following the day on which an officer is released from his assigned station, shall be counted as a day of leave.

§ 21.88 *Station leave.* During off-work hours and on non-work days, during which an officer has no scheduled working hours he shall be entitled to station leave unless the officer in charge otherwise directs. If an officer desires to take station leave for a period of less than one work day or on a non-work day during which he is scheduled to perform only a brief period of work, he must obtain the oral permission of the officer in charge. Station leave shall not be charged as annual leave.

§ 21.89 *Reporting of absence; granting of sick leave.* Absence from duty with pay because of sickness, disability, or need of medical services shall be reported immediately, and sick leave may be granted therefore. Every such absence in excess of 3 days shall be supported by a medical certificate which shall be furnished to the officer responsible for granting such leave promptly upon the termination of such absence, and which shall state the nature of the sickness, disability, or need of medical services. A medical certificate also shall be furnished promptly to the Surgeon General at the end of each period of 30 days of continuous absence. Sick leave may be granted by the Surgeon General to the extent that circumstances justify, but it shall not be granted in advance.

§ 21.90 *Prolonged or frequent absence due to sickness or disability; review of status.* Absence from duty due to sickness or disability for a period of more than 90 consecutive days or for an aggregate of more than 120 days in any one calendar year shall be reported to the Surgeon General, who:

(a) In the case of an officer of the Regular Corps, or of an officer of the Reserve Corps who may be entitled to retirement pay for disability pursuant to section 211 (a) of the act, shall appoint a board to consider whether such officer should be retired; or

(b) In the case of an officer of the Reserve Corps who is not entitled to retirement pay for disability pursuant to section 211 (a) of the act, shall determine whether such officer should be continued in an active duty status.

§ 21.91 *Reporting of whereabouts during annual, sick, or station leave.* During a period of annual, sick, or station leave an officer shall be considered to be in an active duty status and shall be subject to all regulations governing commissioned officers, including those relating to discipline. During all such periods of leave, an officer shall keep the officer in charge informed as to the place or places at which he may be located and shall be subject to recall to duty at any time.

Leave Without Pay While on Detail

§ 21.95 *Leave without pay while on detail.* The Surgeon General, with the approval of the Administrator, may place an officer on leave without pay while detailed pursuant to section 214 (b) or 214 (c) of the act for such period as may be agreed upon by the Surgeon General and the officer. (Sec. 214 (d), 58 Stat. 690; 42 U. S. C. 215 (d))

SUBPART C—PROMOTION

AUTHORITY: § 21.101 and §§ 21.112 to 21.142, inclusive, issued under secs. 215, 210, 58 Stat. 690, 687, as amended by sec. 6 (a), Pub. Law 425, 80th Cong., 62 Stat. 42; 42 U. S. C. 216, 211.

Definitions

§ 21.101 *Meaning of terms.* For purposes of this subpart:

(a) A "service promotion" means a permanent promotion, other than to a restricted grade, (1) to the assistant grade upon meeting the requirements for original appointment to such grade, (2) to the senior assistant, full, or senior grade upon completion of three, ten, or seventeen years of service, respectively, in and above the assistant grade, or (3) to such grades because of having seniority over an officer who receives such a promotion.

(b) An "accelerated promotion" means a permanent promotion to the senior assistant, full, or senior grade, other than to a restricted grade, prior to the date on which an officer would be entitled to a service promotion.

(c) A "selected promotion" means a permanent promotion to a restricted grade or to the director grade.

(d) A "temporary promotion" means a promotion which may be terminated at any time, as may be directed by the President.

(e) A "graded position" means a position which the Surgeon General has designated as requiring the services of an officer of a certain grade.

(f) A "restricted grade" means the senior grade or both the full and senior grade in a professional category to which promotions shall be made only if vacancies exist in such grade or grades.

(g) A "seniority list" means a list for each grade of each category in the Regular Corps which shall include the names of all officers of that grade and category in the order of their seniority in grade and relative standing for purposes of examination for promotion.

(h) A "promotion register" means a list for each grade of each category in the Regular Corps which shall include the names of all officers of that grade and category who have passed examinations for permanent promotion to the next higher grade.

(i) A "category" or "professional category" means one of the categories into which the Regular Corps is divided for the purpose of establishing eligibility for promotion pursuant to section 209 (a) of the act.

Provisions Applicable Only to Regular Corps

§ 21.112 *Establishment of seniority lists.* There shall be established for each grade of each category in the Regular Corps a seniority list which shall include the names of those officers of the Regular Corps on active duty, holding permanent commissions in such grade and assigned to such category. The names of officers on each seniority list shall be arranged in the order of their seniority pursuant to section 210 (j) of the act and this subpart.

§ 21.113 *Seniority in grade; junior assistant grade.* The order of seniority of officers of the Regular Corps on each seniority list for the junior assistant grade shall be established in accordance with the length of time each officer must serve before becoming eligible for promotion to the assistant grade. An officer having a shorter period of time to serve before becoming eligible for promotion shall assume seniority over an officer having a longer period of time to serve before becoming eligible for promotion.

§ 21.114 *Officers of the Regular Corps entitled to the same seniority in grade.* (a) Except as provided in paragraph (b) of this section, if two or more officers of the Regular Corps on the same seniority list are entitled to the same seniority, their relative standing on such list shall be determined as follows:

(1) An officer already in a grade shall have relative standing over an officer originally appointed to the grade.

(2) If two or more officers are originally appointed to the same grade on the same day, they shall have relative standing in accordance with their numerical scores on the examinations for appointment. If their numerical scores are the same, the elder officer shall have relative standing over the younger officer.

(3) If an officer is originally appointed on the same day that another officer is promoted to the same grade, the officer promoted to the grade shall have relative standing over the officer appointed to the grade.

(b) If two or more officers in the Regular Corps on February 28, 1948, have the same seniority as determined pursuant to section 6 (d) or (e) of Public Law 425, 80th Congress, their relative standing shall remain the same as it was on the lineal list in effect on such date.

§ 21.115 *Restricted grades.* Officers of the Regular Corps in the nurse, dietitian, and therapist categories shall be permanently promoted to the full and senior grades only if vacancies exist in such grades. Officers of the Regular Corps in the pharmacist and sanitarian categories shall be permanently promoted to the senior grade only if vacancies exist in such grade.

§ 21.116 *Promotion to assistant grade.* Each officer of the Regular Corps in the junior assistant grade, who is examined and found qualified for promotion, shall be eligible for a service promotion to the assistant grade on the first day of the month following the date on which he meets the qualifications prescribed for original appointment to the assistant grade, regardless of length of service in the junior assistant grade, or, in the case of an officer in the Regular Corps on February 28, 1948, on such date as his promotion credit in such grade equals four years, whichever date is the earlier.

§ 21.117 *Annual promotion boards; appointment of; powers and duties.* At least once each calendar year on a date to be selected by him, the Surgeon General shall appoint one or more annual promotion boards for each professional category into which the Regular Corps is divided for purposes of promotion to consider the qualifications of officers of the Regular Corps for permanent promotions, and may appoint such subboards as are necessary to assist the boards. Such boards and subboards shall consist of three or more officers, the majority of whom, so far as practicable, shall be of the same profession as the officers to be considered for promotion. The Surgeon General shall prescribe the duties and procedures of boards and subboards in relation to the examination process not otherwise prescribed in this subpart.

§ 21.118 *Officers to be considered for promotion.* The Surgeon General shall submit to the appropriate annual promotion board for consideration for promotion the names of those officers of the Regular Corps who will become eligible for service promotions during such ensuing period of one year or less as he may prescribe and the names of a sufficient number of officers of the Regular Corps to meet the estimated needs of the Service for accelerated or selected promotions during the same period. The number of names referred to a board for consideration for accelerated or selected promotions shall be based (a) upon the number of vacancies in each particular grade existing or anticipated within such period, (b) the number of such vacancies which the Surgeon General determines to fill by means of such promotions, and (c) a determination as to whether the examination for promotion to the full grade or above shall be competitive or non-competitive.

§ 21.119 *Disqualification of a member of a promotion board.* No member of a promotion board shall participate in the second of the first two consecutive considerations of an officer for promotion to the same grade when the member served as a member of a promotion board which failed to select such officer for promotion on the first of such two consecutive considerations.

§ 21.120 *Physical examination.* Every officer of the Regular Corps being considered for a permanent promotion shall undergo such physical examination as the Surgeon General may direct. An officer shall be recommended for promotion unless he is found to have a physical disability which, if incurred in line of duty, would make him eligible for retirement. If an officer is not available to be physically examined because of circumstances which would make it impracticable for the Service to require such examination, he may be recommended for promotion without taking such examination, but shall be examined as soon thereafter as practicable.

§ 21.121 *Examination; promotion to the assistant and senior assistant grades.* The examination for permanent promotion to the assistant and senior assistant grades in the Regular Corps shall consist of (a) a written professional examination in such subjects as are prescribed by the Surgeon General relating to the officer's profession, the various activities of the Service, and the Service laws and regulations, and (b) a review and evaluation of the officer's record with the Service, and (c), in the discretion of the Surgeon General, an oral interview to determine the officer's fitness for promotion. If, however, an officer who is to be considered for promotion to the assistant or senior assistant grade is not available to take the written professional examination because of circumstances which make it impracticable for the Service to administer such examination, his examination may, in the discretion of the Surgeon General, consist of a review and evaluation of his record with the Service.

§ 21.122 *Examination for promotion to the full grade and above.* The examination for permanent promotion to the full, senior, or director grade in the Regular Corps shall consist of a review and evaluation of an officer's record with the Service, and may, in the discretion of the Surgeon General, include an oral interview, a written or oral professional examination, or both.

§ 21.123 *Rating values.* The examination of every officer for permanent promotion to any grade in the Regular Corps shall be rated, except as provided in § 21.124, by a promotion board in accordance with relative values prescribed by the Surgeon General for each part of the examination.

§ 21.124 *Competitive examination for selected promotions.* If the Surgeon General prescribes that an examination for selected promotions shall be competitive, he may require that the board considering officers for such promotions shall recommend for promotion, out of the number of officers examined, only those officers who possess such special qualifications as he may prescribe, in which event the board shall rate only those officers who possess such qualifications.

§ 21.125 *Use of ratings in determining eligibility for promotion.* Every officer who receives a rating of 80 or above on a non-competitive examination shall be considered as having passed the examination. Every officer who receives a rating of 80 or above on a competitive examination and who, on the basis of his rating, falls within the number of officers to be selected for promotion, as prescribed by the Surgeon General pursuant to section 210 (c) of the act, shall be considered as having passed the examination.

§ 21.126 *Establishment of promotion registers.* There shall be established for each grade of each category in the Regular Corps a promotion register which shall include the names of those officers of the Regular Corps who have passed examinations for permanent promotion to the next higher grade in the category to which assigned. The names of officers when originally entered on a promotion register shall be arranged in the order of their relative standing on their seniority list but next below the names of all officers already on such register. If an officer is not promoted within two years from the date his name is placed on a promotion register, he shall be reexamined for promotion. If he passes the examination, he shall retain his standing on the register, and if he fails to pass the examination, his name shall be removed from the register.

§ 21.127 *Recommendation for promotion.* Officers will be recommended to the President for promotion in the order of their standing on a promotion register, and no officer will be recommended ahead of any officer senior to him on such register, except that if an officer on a promotion register becomes eligible for a service promotion pursuant to section 210 (f) of the act, he shall be recommended for promotion ahead of officers above him on such register but junior to him on the seniority list. When an officer is promoted, his name shall be removed from the promotion register of the grade from which promoted.

§ 21.128 *Graded positions.* After considering the relative importance of the duties and responsibilities of a position in relation to the duties and responsibilities of other positions occupied by commissioned officers, the Surgeon General may determine that such position requires the services of an officer of a certain grade and may designate such position as a graded position.

§ 21.129 *Selection of officers for assignment to graded positions.* The Surgeon General may select an officer of the Regular Corps to be assigned to a graded position without regard to seniority or grade. Selection for such an assignment shall, however, be based upon a consideration of the qualifications of an officer for such assignment and his ability to perform the duties and responsibilities of the position as demonstrated by his training, experience, and record with the Service.

§ 21.130 *Temporary promotion upon assignment to a graded position.* If an officer of the Regular Corps is assigned to a graded position pursuant to § 21.129, if his current permanent or temporary grade is lower than the grade designated for such position, and if there is a vacancy in such grade and in the category of the officer so assigned, the officer shall be recommended to the President for a temporary promotion to such grade.

§ 21.131 *Limitations on temporary promotions.* Except as otherwise provided in § 21.132, officers of the Regular Corps shall be recommended to the President for temporary promotions only as provided in § 21.130. Upon a subsequent assignment by the Surgeon General to a non-graded position, an officer shall revert to his permanent grade. Upon a subsequent assignment by the Surgeon General to a graded position designated as requiring a lower grade, an officer shall revert to his permanent grade but shall be eligible for a new temporary promotion pursuant to § 21.130.

§ 21.132 *Temporary promotions in time of war or national emergency.* In time of war or national emergency proclaimed by the President, the Surgeon General may recommend to the President for temporary promotions officers of the Regular Corps, in addition to officers assigned to graded positions. Selection for such a temporary promotion

shall be based upon a consideration of the qualifications of an officer for promotion and his ability to perform the duties and responsibilities of the higher grade as demonstrated by his training, experience, and record with the Service. If a temporary promotion is other than upon assignment to a graded position, it may be terminated by the Administrator at any time.

§ 21.133 *Effect of disciplinary action.* Nothing contained in this subpart shall be construed to authorize the promotion of an officer of the Regular Corps if such promotion would be inconsistent with action taken pursuant to the regulations on discipline to reduce the grade, promotion credit, or seniority of such officer.

Provisions Applicable Only to Reserve Corps

§ 21.141 *Dividing Reserve Corps into professional categories.* Whenever the number of officers of the Regular Corps on active duty, plus the number of officers of the Reserve Corps who have been on active duty for thirty days or more, exceeds the authorized strength of the Regular Corps, the Surgeon General shall, for the purpose of establishing eligibility of officers of the Reserve Corps for temporary promotions, divide the Reserve Corps into professional categories which shall, to the greatest extent practicable, be the same as the categories into which the Regular Corps is divided pursuant to section 209 (a) of the act. The Surgeon General shall thereupon assign each officer of the Reserve Corps, on the basis of his training and experience, to one of such categories.

§ 21.142 *Temporary promotions; Reserve Corps.* Under the same conditions and subject to the same limitations as are applicable to an officer of the Regular Corps, an officer of the Reserve Corps may be selected for assignment to a graded position, and, if selected and if a vacancy exists among numbers in grade established by the Administrator pursuant to section 210 (1) of the act in the higher grade and in the category of the officer so assigned, he shall be recommended for a temporary promotion to such grade. To the extent that vacancies exist in each grade of each category among numbers in grade established by the Administrator pursuant to section 210 (1) of the act, officers of the Reserve Corps, in addition to officers assigned to graded positions, may be recommended for temporary promotions. In time of war or national emergency proclaimed by the President, officers of the Reserve Corps may be recommended for temporary promotions under the same conditions and procedures as are applicable to officers of the Regular Corps. Any promotion made pursuant to this section may be terminated by the Administrator at any time.

SUBPART H—SEPARATION OF CERTAIN OFFICERS

AUTHORITY: §§ 21.151 to 21.154, inclusive, issued under sec. 215, 58 Stat. 690; 42 U. S. C. 216. Additional authority is noted in parentheses following sections affected.

§ 21.151 *Separation of officers of Regular Corps originally appointed in or above the senior assistant grade.* As soon as practicable after the conclusion of the first three years of service of an officer of the Regular Corps originally appointed in or above the grade of senior assistant, the record of such officer shall be reviewed by a board appointed by the Surgeon General composed of three or more commissioned officers of the Regular Corps, the majority of whom, so far as practicable, shall be of the same professional category as the officer whose record is under review. If the board finds such officer not fully qualified for further service and if such finding is approved by the Surgeon General and the Administrator, such officer shall be separated from the Service. (Sec. 210 (b), 58 Stat. 687, as amended by sec. 6 (a), Pub. Law 425, 80th Cong., 62 Stat. 42; 42 U. S. C. 211 (b))

§ 21.152 *Separation of officers because of pregnancy.* An officer who becomes pregnant shall be placed on annual leave upon her own application or at such time as the Surgeon General may determine to be in the interest of the Service, but not later than the end of the sixth month of pregnancy. After the expiration of such leave, an officer who has had not less than 10 months continuous active service immediately prior to such expiration shall, upon application, be granted 90 days of sick leave. If after the expiration of annual and sick leave, if any, the officer has not requested to be returned to duty and has not presented evidence to the Surgeon General that she is physically qualified for duty, the officer, if a member of the Reserve Corps, shall be placed on inactive duty, or, if a member of the Regular Corps, her commission shall be terminated. After being placed on annual leave pursuant to this section, no officer shall be granted sick leave, other than the 90 days of sick leave hereinabove authorized, because of sickness, disability, or need of medical services incident to pregnancy or puerperium. An officer of the Regular Corps whose commission has been terminated pursuant to this section may apply for reappointment pursuant to § 21.48.

§ 21.153 *Separation of officers of the Regular Corps for physical reasons under certain circumstances.* If a medical review board, after considering the case of an officer referred to it pursuant to § 21.161, finds (a) that an officer of the Regular Corps has a physical disability which precludes the useful and efficient performance of his duties but that such disability was not incurred in line of duty pursuant to § 21.171 (e), or (b) that an officer of the Regular Corps who is physically examined within 15 days from the date of his original appointment pursuant to § 21.32, fails to meet the physical qualifications required for original appointment because of a condition which existed prior to his appointment, it shall report such facts to the Surgeon General. If such report is approved by the Surgeon General and the Administrator, the commission of the officer concerned shall be terminated.

§ 21.154 *Separation of officers of the Regular Corps for refusal to undergo examination under certain circumstances.* If the Surgeon General finds (a) that an officer of the Regular Corps eligible to take an examination for promotion refuses, without good cause, to take such examination, including the physical examination, or (b) that an officer of the Regular Corps whose retirement for physical disability is being considered by a medical review board appointed pursuant to § 21.161 has failed, without good cause, to supply any information or undergo any examination required by such board pursuant to § 21.162, he shall refer the case of such officer to a board of investigation appointed pursuant to § 21.283 for the purpose of determining whether the commission of such officer should be terminated. If the board recommends that the commission of such officer be terminated, and if such recommendation is approved by the Surgeon General and the Administrator, the commission of the officer concerned shall be terminated. (Sec. 6 (a), Pub. Law 425, 80th Cong., 62 Stat. 42)

SUBPART I—MEDICAL REVIEW BOARD

AUTHORITY: §§ 21.161 to 21.163, inclusive, issued under sec. 215, 58 Stat. 690; 42 U. S. C. 216.

§ 21.161 *Medical review board.* The Surgeon General shall appoint one or more medical review boards and may appoint such subboards as are necessary to assist the boards. Such boards and subboards shall consist of three or more medical officers and may include one or more dental officers. The Surgeon General shall refer to a medical review board the case of any officer who may be entitled to retirement for physical disability, the case of any officer who has been retired for physical disability but who may have recovered from such disability, and the case of any officer who after his appointment in the Regular Corps or call to active duty in the Reserve Corps is required pursuant to § 21.32 to undergo a physical examination the results of which indicate a possible physical disqualification for further service. In addition, he may refer to such board the case of any candidate being considered for original appointment to either the Regular or the Reserve Corps, the case of any officer of the Reserve Corps being considered for reappointment, call to active duty, or continued active duty, the case of any officer of the Reserve Corps who having been reappointed without taking a physical examination is subsequently physically examined pursuant to § 21.58, and the case of any officer of the Regular Corps being considered for permanent promotion, in which questions exist concerning the physical qualification of such candidate or officer for appointment, reappointment, call to active duty, continued active duty, or promotion.

§ 21.162 *Powers and duties of medical review boards.* A board or subboard may require an officer whose case has been referred to it to undergo such further physical examination as it may direct and to appear before the board and answer any question or produce any document in his possession pertinent to his health history or his activities at the time when the alleged disability arose or was aggravated. Upon the conclusion of its examination and deliberation, the board shall report its findings and recommendations to the Surgeon General.

§ 21.163 *Action by the Surgeon General.* Upon receipt of a report from a medical review board the Surgeon General may return the report to the board for further investigation and recommendations, or may dissolve the board and appoint a new board to complete the investigation or to reinvestigate the case. Upon receipt of a final report from a medical review board the Surgeon General shall consider such report in determining the action to be taken.

SUBPART J—RETIREMENT

AUTHORITY: §§ 21.171 to 21.191, inclusive, issued under secs. 215, 211, 58 Stat. 690, 688, as amended by sec. 7, Pub. Law 425, 80th Cong., 62 Stat. 47; 42 U. S. C. 216, 212.

For Disability

§ 21.171 *Meaning of terms.* For purposes of physical disability retirement, the term:

(a) "Retirement" means the retirement of an officer with retired pay for a service-connected or a service-aggravated total disability.

(b) "Service-connected disability" means, in the case of an officer of the Regular Corps, a disability from disease or injury incurred in line of duty, and, in the case of an officer of the Reserve Corps, a disability from a disease or injury incurred in line of duty in time of war.

(c) "Service-aggravated disability" means, in the case of an officer of the Regular Corps, a disability from a pre-existing disease or injury aggravated in line of duty, and, in the case of an officer of the Reserve Corps, a disability from a pre-existing disease or injury aggravated in line of duty in time of war.

(d) "Total disability" means a service-connected or service-aggravated disability which has continued for 90 days and which totally disables an officer for the useful and efficient performance of the duties of his grade.

(e) "Disability not incurred in line of duty" includes a disability resulting proximately from an act or omission in violation of either a statute or regulation specifically applicable to the conduct of an officer, a disability proximately resulting from the private practice of an officer's profession, or a disability proximately resulting from an act or omission which in itself is immoral, including disability proximately resulting from intentional self-inflicted injury.

(f) "Recovery" means such recovery by a retired officer from his disability that he no longer has a total disability.

§ 21.172 *Generally.* An officer shall, subject to the provisions of this part, be retired during the effective period of his commission, for a service-connected or a service-aggravated total disability.

§ 21.173 *Effective date.* The retirement of an officer shall be effective on the first day of the month following the expiration of his accumulated annual leave. The number of days of annual leave to be given to an officer prior to his retirement shall be the number of days of such leave accumulated as of the date of the approval by the Administrator of a finding that the officer should be retired pursuant to this subpart. An officer shall be placed on annual leave prior to retirement on such day as will cause his annual leave to expire on the last day of a month.

§ 21.174 *Termination of reserve commission.* If an officer of the Reserve Corps is retired for disability, his commission shall be terminated on the effective date of his retirement.

§ 21.175 *Duration.* Retired pay shall continue for life or until the recovery of the officer from his disability.

§ 21.176 *Termination; Regular Corps; recall to active duty.* If an officer of the Regular Corps retired for disability is found to have recovered from his disability, he shall be recalled to active duty.

§ 21.177 *Termination; Reserve Corps*—(a) *Termination of retired pay.* If an officer of the Reserve Corps retired for disability is found to have recovered from his disability, his retired pay shall terminate upon the date on which the Surgeon General approves a finding that he has recovered.

(b) *Recall to active duty.* An officer of the Reserve Corps who has been retired for disability and whose retired status has been terminated pursuant to paragraph (a) of this section may be called to active duty only in the event that he is found to meet the physical qualifications required for original appointment, except that a physical defect relating to the disability for which he was retired may be waived.

§ 21.178 *Retired officer; review of disability.* An officer retired for disability shall, from time to time, undergo such review of his disability as the Surgeon General may direct. No officer retired for disability shall be required to submit to a physical examination or otherwise be required to undergo a review of his disability after attaining the age of 64 years or after the date on which he would have completed 30 years of service for purposes of retirement had he remained on active duty.

§ 21.179 *Relapse after recovery; Reserve Corps.* If an officer of the Reserve Corps who has been retired for disability and whose retired status has been terminated pursuant to § 21.177 shall again become totally disabled and if his relapse is not due to any new intervening cause, he shall again become entitled to retired pay.

§ 21.180 *Report by medical review board.* If the report of a medical review board which has considered the case of an officer for retirement recommends that such officer be retired, and if such report is approved by the Surgeon General and the Administrator, the officer shall be retired. If the report of a medical review board which has considered the case of a retired officer for the termination of his retired status recommends that the retired status of such officer be terminated, and if such report is approved by the Surgeon General, the retired status of the officer shall be terminated.

§ 21.181 *Failure to undergo examination or supply information.* If the Surgeon General finds that an officer whose retirement or the termination of whose retired pay is being considered by a medical review board has willfully failed to supply any information or to undergo any examination required by such board pursuant to this subpart, he may deny such officer retired pay and shall suspend or terminate his retired pay pursuant to section 211 (h) of the act.

§ 21.182 *Presumptions.* The following presumptions shall be applicable with respect to disability; and they shall be overcome only by a preponderance of the evidence:

(a) *Good health.* After an officer who is appointed in the Regular Corps or who is called to active duty in the Reserve Corps has complied with the requirements of § 21.32 and has been found to be physically qualified, he shall be presumed to be free from all disease or injury not noted in the record of his physical condition at the time of such compliance.

(b) *Presumption of service-connection of disability*—(1) *Regular Corps.* A disability which is incurred in line of duty by an officer of the Regular Corps from a disease or injury not noted in the record of his physical condition pursuant to paragraph (a) of this section and which manifests itself while the officer is on active duty shall be presumed to be a service-connected disability.

(2) *Reserve Corps.* A disability which is incurred in line of duty by an officer of the Reserve Corps from a disease or injury not noted in the record of his physical condition pursuant to paragraph (a) of this section at the beginning of a tour of active duty and which manifests itself while the officer is still on active duty in time of war shall be presumed to be a service-connected disability. It shall be presumed that any such disability which manifests itself within 60 days of the last active service in time of war of an officer of the Reserve Corps is a service-connected disability. It shall be presumed that any such disability which does not manifest itself within 60 days of the last active service in time of war of an officer of the Reserve Corps is not a service-connected disability.

(c) *Presumption of service-aggravation of disability*—(1) *Regular Corps.* A disability which is incurred in line of duty by an officer of the Regular Corps and which is found to have resulted from an aggravation of a disease or injury noted in the record of his physical condition pursuant to paragraph (a) of this section during the active service of such officer shall be presumed to be a service-aggravated disability.

(2) *Reserve Corps.* A disability which is incurred in line of duty by an officer of the Reserve Corps, which is found to have resulted from an aggravation during the active service of such officer of a disease or injury noted in the record of his physical condition pursuant to paragraph (a) of this section at the beginning of a tour of active duty and which manifests itself while he is still on active duty in time of

war shall be presumed to be a service-aggravated disability. It shall be presumed that any such disability which manifests itself within 60 days of the last active service in time of war of an officer of the Reserve Corps is a service-aggravated disability. It shall be presumed that any such disability which does not manifest itself within 60 days of the last active service in time of war of an officer of the Reserve Corps is not a service-aggravated disability.

§ 21.183 *Transmission of information to certain agencies.* The Surgeon General shall forward to the Veterans Administration or to the Bureau of Employees' Compensation, Federal Security Agency, upon request, any record or document or a copy or abstract thereof obtained in a proceeding pursuant to §§ 21.171 to 21.182.

After Thirty Years of Service

§ 21.184 *Retirement of officers in the senior grade.* Each officer of the Regular Corps in the senior grade, other than an officer in a restricted grade, who has completed 30 years of service for purposes of retirement and who does not request in writing prior to completion of such service that he be retired within 6 months after completion of such service, shall be retired by the Administrator not later than 6 months after completion of such service.

§ 21.185 *Retirement boards; appointment of.* The Surgeon General shall from time to time appoint retirement boards which shall consist of five or more officers, the majority of whom shall, insofar as practicable, be of the same professional category as the officer being considered for retirement.

§ 21.186 *Referral of records to retirement boards.* If an officer of the Regular Corps who is in the director grade, other than an officer during the period of his assignment in the grade of Assistant Surgeon General or above, or who is in the senior grade in a restricted grade, does not request in writing prior to completion of 30 years of service for purposes of retirement that he be retired within 6 months after completion of such service, the Surgeon General shall refer his record, including the record of his physical condition, to an appropriate retirement board which shall review such record to determine his qualifications for continued active service.

§ 21.187 *Powers and duties of retirement boards.* A retirement board shall consider the record referred to it by the Surgeon General, and in addition may require for its consideration an oral or written statement from any officer, including the officer concerned, which it believes to be pertinent to an evaluation of the qualifications of such officer for continued active service. The recommendation of a majority of the members of a board shall be reported to the Surgeon General as the recommendation of the board.

§ 21.188 *Subsequent review of record.* If an officer of the Regular Corps is not retired as a result of a review of his record and if he is not subsequently retired for any other reason, the Surgeon General may again refer his record to a retirement board for review at any time, and shall refer his record to a retirement board for review within 3 months after a date which is 2 years subsequent to the date on which the record of such officer was last reviewed by a retirement board. Each review of his record shall be conducted as prescribed in § 21.187.

§ 21.189 *Prescription of numbers for retirement.* The Surgeon General may from time to time refer to appropriate retirement boards the records of all officers of the Regular Corps in a professional category, other than the record of an officer during the period of his assignment in the grade of Assistant Surgeon General or above, who have completed 30 or more years of service for purposes of retirement and who have not been retired, and may prescribe that, out of the number of such officers, a specified number of them shall be recommended for retirement.

§ 21.190 *Action by the Surgeon General and the Administrator.* If a retirement board finds that an officer should be retired and if such finding is approved by the Surgeon General and the Administrator, the officer concerned shall be retired and his retirement shall be effectuated as prescribed in § 21.173.

For Length of Service or for Age

§ 21.191 *Recall to active duty in time of war.* In time of war the Surgeon General may order any commissioned officer of the Regular Corps retired for age or retired after the completion of 30 years of service to present himself for such physical examination as the Surgeon General may direct, and may order to active duty any such officer found physically capable of performing the duties to which he may be assigned, except that the tour of duty of any officer so recalled shall not extend beyond the last day of the sixth month following the termination of the state of war.

SUBPART K—TRAINING

AUTHORITY: §§ 21.201 to 21.204, inclusive, issued under sec. 8, Pub. Law 425, 80th Cong., 62 Stat. 47.

§ 21.201 *Definition.* The term "approved educational institution" as used in this subpart means an educational institution which has been accredited or approved by a professional body or bodies acceptable to the Surgeon General for such purpose, or which, in the absence of such a body, meets generally accepted professional standards as determined by the Surgeon General.

§ 21.202 *Assignment of officers to educational institutions for training.* After considering the needs of the Service for officers with knowledge, skill, and experience in the specialties required by Service activities, the Surgeon General may assign an officer of the Regular Corps, with his consent, to an approved educational institution for purposes of training for such length of time as the Surgeon General shall determine and under such conditions as may be agreed upon by the educational institution and the Surgeon General.

§ 21.203 *Payment of tuition and fees.* When an officer of the Regular Corps is assigned to an educational institution for training, the institution shall be paid for tuition and other fees and charges, including student health service fees, registration fees, laboratory fees, and diploma fees, in the same amounts as are applicable to other students and in such manner as may be agreed upon by the institution and the Surgeon General.

§ 21.204 *Other necessary expenses.* An officer of the Regular Corps upon assignment to an educational institution for training for a period of 3 months or more shall be entitled to reimbursement for necessary expenses incident to his attendance incurred for the purchase of textbooks, equipment, and supplies on an actual cost basis not to exceed a total of $100.00 during each year of such training. Such reimbursement shall be made upon the submission of proper receipt for each item.

SUBPART L—UNIFORMS

AUTHORITY: §§ 21.211 to 21.242, inclusive, issued under sec. 215, 58 Stat. 690; 42 U. S. C. 216. Additional authority is noted in parentheses following sections affected.

Male Officers

§ 21.211 *Generally.* Except as provided in § 21.231, the uniforms of male officers of the Service shall be the same as the uniforms now or hereafter prescribed for male commissioned officers of the Coast Guard of corresponding grades, except as follows:

(a) *Insignia.* Public Health Service insignia shall be substituted for Coast Guard insignia other than appropriate insignia of grade.

(b) *Miniature corps device on collar tip.* A metal Public Health Service miniature corps device shall be worn on the left shirt collar tip in lieu of the grade mark worn by commissioned officers of the Coast Guard.

(c) *Chin strap.* There shall be worn on the cap a sliding leather strap faced with gold-colored lace or thread, ½ inch wide, with a center band of maroon running lengthwise, 1/16 inch wide, with brass eyelets at each end, and with two slides of the same width and design as the strap at right angles to the strap.

Female Officers

§ 21.221 *Generally.* Except as provided in § 21.231, the uniforms of female officers of the Service shall be the same as the uniforms now or hereafter prescribed for commissioned officers of the Women's Reserve, U. S. Naval Reserve of corresponding grades, except as follows:

(a) *Insignia.* Public Health Service insignia, other than appropriate insignia of grade, shall be worn in lieu of the insignia of the Women's Reserve, U. S. Naval Reserve.

(b) *Sleeve Marking.* The sleeve markings of grade worn on each sleeve of the jacket or blouse of the blue uniform shall be of gold-colored lace or thread and shall correspond with the sleeve markings of grade worn on the blue uniform of male officers of the Service of corresponding grades. The sleeve markings of grade worn on each sleeve of the jacket or blouse of the white uniform shall be of gold-colored thread. The sleeve markings of grade worn on the jacket or blouse of the striped seersucker uniform shall be of navy blue braid. The sleeve markings of grade worn on each sleeve of the blue overcoat shall be of black silk braid and shall correspond with the sleeve markings of grade worn on the blue overcoat of male officers of the Service of corresponding grades.

(c) *Corps device.* A corps device shall be worn on each sleeve of the jacket or blouse of the blue, white, or striped seersucker uniform. The corps device worn on the blue jacket or blouse shall be of gold-colored lace or thread. The corps device worn on the white jacket or blouse shall be of gold-colored thread on a white background. The corps device worn on the striped seersucker jacket or blouse shall be of navy blue thread on a white background. A corps device of black silk thread shall be worn on each sleeve of the blue overcoat. A metal miniature corps device shall be worn on each lapel of the jacket or blouse of the blue or white uniform.

(d) *Seersucker uniform; miniature grade marking and corps device on collar tips.* The dress of the striped seersucker uniform shall be worn with a metal miniature grade marking on the right collar tip and with a metal miniature corps device on the left collar tip.

(e) *Headgear.* Headgear for female officers shall consist of a garrison cap of striped seersucker, white, or blue of any of the materials authorized for uniforms and shall be worn with a metal miniature cap device on the left side and a metal miniature grade mark on the right side. The white garrison cap shall be worn with the white uniform. The blue garrison cap shall be worn with the blue uniform. The striped seersucker garrison cap shall be worn with the striped seersucker uniform.

§ 21.222 *Working uniforms.* Female officers while on duty at hospitals, or while performing other professional duties in which white working uniforms are customarily worn, shall wear a conventional white working uniform. A metal miniature corps device shall be worn on the left collar tip and a metal miniature grade mark shall be worn on the right tip of this uniform, each device being worn one inch from the front edge of the collar.

§ 21.223 *Detail to States.* Female officers detailed to State or local health departments while engaged in public health activities, consisting of home visiting or clinical work, may wear the uniform dress, if any, of the State public health department to which detailed, together with the garrison cap with miniature Public Health Service cap device on the left side and a miniature metal grade mark on the right side. While wearing State health department uniforms such officers shall wear the same collar-tip insignia as female officers on hospital duty.

§ 21.224 *Change in uniform.* In the event that changes in the uniform of the Women's Reserve, U. S. Naval Reserve, are prescribed, female officers of the Service may continue to wear any uniforms owned by them at the time they are notified of such changes for a period not to exceed two years thereafter, but uniforms acquired after such notification shall be in accordance with the prescribed changes.

Male and Female Officers

§ 21.231 *Correspondence with uniforms of other commissioned services in certain cases.* If officers of the Service are detailed for duty or serve as liaison officers with any other commissioned service, or perform such other assignments in such places or under such circumstances as would make the wearing of the uniform of another commissioned service more appropriate, the Surgeon General may direct that such officers shall wear the uniform prescribed for such other commissioned service, except that the Public Health Service insignia shall, in all cases, be substituted for the insignia of such other commissioned service other than appropriate insignia of grade and, in the case of an Army type uniform, other than the block letters "U. S.".

§ 21.232 *Insignia.* Public Health Service insignia shall be as follows:

(a) *Corps device.* An ornament of gold-colored metal or gold-colored lace or thread consisting of a fouled anchor and caduceus crossed as in the seal of the Service, 1 inch high and 1 inch wide. Except when incorporated as part of the cap device, the corps device shall be so placed on the uniform that the staff of the caduceus is vertical and the anchor is pointing inward.

(b) *Miniature corps device.* A corps device 11/16 inch high and 11/16 inch wide.

(c) *Cap device.* An ornament of gold-colored metal or gold-colored lace or thread consisting of a shield with a chief with thirteen stars surmounted with a spread eagle, head dextral, with the whole placed on the corps device, with dimensions as follows:

	Inches
Height of shield	13/16
Height of eagle	7/8
Wing spread of eagle	2 1/8
Staff of caduceus	2 1/2
Length of anchor	2 1/4

(d) *Miniature cap device.* A cap device with dimensions as follows:

	Inches
Height of shield	½
Height of eagle	½
Wing spread of eagle	13/16
Staff of caduceus	13/16
Length of anchor	13/16

(e) *Buttons.* Buttons of the same composition and arrangement as on the corresponding article of uniform clothing of a commissioned officer of the Coast Guard, Women's Reserve, U. S. Naval Reserve, or other commissioned corps, with the corps device of the Public Health Service embossed on the button.

§ 21.233 *Wearing of uniforms in time of war.* In time of war, officers of the Service on active duty shall appear in uniform unless otherwise directed by the Surgeon General.

§ 21.234 *Wearing of uniforms in time of peace.* In time of peace, the Surgeon General shall from time to time designate those stations of the Service at which, and those areas, if any, in which, officers of the Service shall wear uniforms.

§ 21.235 *Uniform of the day; generally.* The Surgeon General shall from time to time prescribe the uniform of the day to be worn at particular stations of the Service or in particular areas at the seasons of the year and on dress occasions, and the Surgeon General may also prescribe the circumstances under which uniforms need not be worn.

§ 21.236 *Uniform of the day; certain officers.* Officers of the Service detailed for duty with other commissioned services shall wear the uniform of the day most nearly corresponding to that worn by the unit with which such officers are serving.

§ 21.237 *Wearing of uniforms; inactive, retired, or former officers.* Unless authorized by the Surgeon General, officers of the Reserve Corps on inactive duty and retired officers shall not wear uniforms except on occasions of ceremony. The Surgeon General may, however, authorize an officer to wear the uniform of his grade for a period not to exceed 30 days following the termination of his commission, his transfer to inactive duty, or his retirement. (Sec. 510, 58 Stat. 711; 42 U. S. C. 228)

Other Persons

§ 21.241 *Persons authorized to wear similar insignia.* Employees of the Public Health Service while wearing uniforms in accordance with regulations of the Surgeon General approved by the Administrator, members of the United States Cadet Nurse Corps, or persons authorized by the Surgeon General to wear a uniform similar to the uniform of members of the United States Cadet Nurse Corps may wear Public Health Service insignia, or insignia similar thereto. (Sec. 510, 58 Stat. 711; 42 U. S. C. 228)

§ 21.242 *Wearing of certain insignia, or of ornamental jewelry resembling insignia.* Persons not in uniform and not representing themselves to be commissioned officers of the Public Health Service or members of the United States Cadet Nurse Corps may wear ornamental jewelry resembling Public Health Service insignia, or may wear the corps device, or cap device, or miniatures thereof, in honor of a commissioned officer of the Public Health Service or a member of the United States Cadet Nurse Corps. (Sec. 510, 58 Stat. 711; 42 U. S. C. 228)

SUBPART M—DECORATIONS

AUTHORITY: §§ 21.251 to 21.253, inclusive, issued under sec. 212 (d), 58 Stat. 689; 42 U. S. C. 213 (d).

§ 21.251 *Military, naval, or foreign government decorations*—(a) *Decorations evidencing service.* For service in time of war or service in any theatre of operations under circumstances and conditions comparable to service performed by members of the armed forces, commissioned officers of the Service shall be authorized to wear medals, ribbons, or decorations authorized to be worn by members of the armed services to signify

such service, such authorization to be governed by the same rules and regulations as are prescribed for the armed forces. No decoration evidencing participation in a particular campaign or engagement shall be worn unless an officer was or is detailed to one of the armed services and was or is assigned to a unit awarded such decoration. No officer shall be entitled to wear a decoration awarded by any of the armed services to their members to signify service in time of peace unless an officer was or is detailed to one of the armed services and is authorized by the service to which detailed to wear such decoration.

(b) *Decorations evidencing personal merit.* Commissioned officers may be awarded, and may accept and wear, military ribbons, decorations, or medals awarded by the United States or by a foreign government for personal merit or achievement under the same circumstances as may now or hereafter be provided by law in the case of members of the armed forces of the United States.

§ 21.252 *Wound or service chevrons; overseas service bars.* Commissioned officers who served with the Army during World War I may wear on an Army type uniform, with respect to such service, the wound or service chevrons as prescribed by the Army (see 10 CFR, 1944 Supp., 709.27). One overseas service bar is authorized to be worn by commissioned officers on an Army type uniform, as prescribed in Army regulations (see 10 CFR, 1946 Supp., 709.27 (d)), for each period of 6 months of active service outside the continental limits of the United States or in Alaska from December 7, 1941, to September 2, 1946, both dates inclusive.

§ 21.253 *Other medals, ribbons, or badges.* Commissioned officers may wear medals, ribbons, or badges awarded to them by the Treasury Department. The distinctive badges adopted by military, hereditary, and patriotic societies composed of persons or descendants of persons who served in the armed forces of the United States or in the Service during the Colonial wars, the War of the Revolution, the War of 1812, the Mexican War, the Civil War, the Spanish-American War, the First World War, and the Second World War, respectively, may be worn on all occasions of ceremony by commissioned officers who are regular members of such organizations and entitled by their rules to wear such decorations.

SUBPART N—DISCIPLINE

AUTHORITY: §§ 21.261 to 21.322, inclusive, issued under sec. 215, 58 Stat. 690; 42 U. S. C. 216.

General Provisions

§ 21.261 *Applicability.* The provisions of this subpart shall apply to all commissioned officers, whether on leave, active duty, or retired, except that they shall not apply to officers on detail pursuant to section 214 of the act to the extent that this subpart may be inconsistent with the special service in which they are engaged. Officers detailed for duty with other commissioned services shall be subject to the laws for the government of the service to which detailed. During the effective period of any Executive order declaring the Service to be a military service and prescribing that the commissioned corps shall be subject to the Articles of War or to the Articles for the Government of the Navy, disciplinary action may be initiated, prosecuted, and completed either in accordance with the provisions of such order or in accordance with the provisions of this subpart.

§ 21.262 *Orders of superior officers.* Officers are required to observe and promptly to obey the lawful orders of the Surgeon General and all other official superiors. Such orders may be written or oral, but all countermanding orders shall be in writing unless the original order was oral and is countermanded by the officer who issued it.

§ 21.263 *Officer in charge; designation.* The officer in charge of a station shall have authority over all officers serving with him and shall enforce Service regulations and issue and enforce such lawful orders as he may deem necessary for proper administration of the station. As used in this subpart, "officer in charge" means the officer so assigned by the Surgeon General.

§ 21.264 *Officer in temporary charge; designation.* An officer in charge shall designate an officer assigned to his station to act as the officer in temporary charge in the event of his absence, disability, or death. Such designation may be made without regard to rank or professional category.

§ 21.265 *Officer in temporary charge; authority.* An officer in temporary charge shall make no substantial changes in the regular routine of the station unless such changes are found to be necessary from conditions of emergency or changed circumstances. Any order making such change together with the reasons therefor shall be entered in the files of the station over the signature of the officer in temporary charge.

§ 21.266 *Official correspondence.* All official communications written by officers relative to matters of official business shall be forwarded through the officer in charge.

§ 21.267 *Furnishing information.* No officer shall publish or furnish for publication any official reports of current statistics of the operations of the Service or any information concerning the Service without authority from the Surgeon General; nor shall an officer publish or offer for publication any article dealing with professional subjects or the policy of the Service unless the article shall have been submitted to and approved by the Surgeon General or his designated representative. No reports or information concerning the Service shall be volunteered to the press without the consent of the officer in charge, to whom representatives of the press shall be referred when requesting information.

§ 21.268 *Letters of recommendation.* No officer shall give any letter of recommendation with respect to any article of manufacture or on behalf of any firm or corporation.

§ 21.269 *Outside employment.* No officer on active duty shall render any professional services for remuneration except with written approval of the Surgeon General.

§ 21.270 *Reporting when detailed.* An officer detailed for duty to another agency of the Government shall report by letter, telegram, or in person to the head of such agency or to the chief officer of the particular service to which detailed.

§ 21.271 *Misconduct.* The following actions or conduct shall constitute grounds for disciplinary action pursuant to this subpart:

(a) Wilful disobedience of the lawful orders of a superior officer.

(b) Negligence or carelessness in obeying orders.

(c) Excessive use of drugs or intoxicating liquors.

(d) Conduct tending to bring discredit upon the officer or upon the Service, or upon both.

(e) Financial irregularities.

(f) Use of language disrespectful of official superiors or other officers.

(g) Any publication or public statement impugning the professional competency or personal character of another officer.

(h) Waste of public property or knowingly permitting such waste.

(i) Conviction of a felony or an offense involving moral turpitude.

(j) Wilful submission of false information in application for appointment or in any proceeding of the Service.

(k) Abusive treatment of subordinate officers or employees, of patients or beneficiaries of the Service, or of members of the public in their dealings with the Service.

(l) Absence without leave.

(m) Violation of any regulation prescribed for the government of the Service.

§ 21.272 *Summary punishment—(a) Officer in charge.* The officer in charge may impose upon an officer subject to his authority the following punishment for misconduct during any period when the latter was so subject: (1) Private reprimand; and (2) suspension of privileges pending immediate report of such misconduct to and instructions from the Surgeon General.

(b) *The Surgeon General.* After a determination by the Surgeon General that an officer has been absent without leave, he shall deduct from the annual leave accumulated by such officer two days for each day or fraction thereof of absence. If an officer is absent without leave for 30 or more days during a calendar year, the Surgeon General may recommend to the Administrator that the commission of such officer be terminated and if the Administrator approves such recommendation, the commission of such officer shall be terminated. If the Surgeon General so determines, he may refer any case of absence without leave to a board of investigation for investigation and recommendations in accordance with the provisions of this subpart.

(c) *Recording of action taken.* Any action taken pursuant to this section shall be entered on the service record of the officer. Such entry shall include the date and nature of the offense and the action taken.

§ 21.273 *Leave of absence during pendency of charges.* An officer authorized to grant leave of absence shall not grant leave to an officer against whom charges are pending, but requests for leave at that time shall be referred to the Surgeon General for action.

§ 21.274 *Grievances.* If any officer shall consider himself agrieved by another officer and shall fail to secure an adjustment of the matter to his satisfaction, he may report such fact in writing through the officer in charge to the Surgeon General.

Boards of Investigation

§ 21.281 *Order to appear before board; time limitations.* When an officer is charged by his superior officer, or by any responsible person or persons, with conduct constituting a ground for disciplinary action under this subpart, he may be ordered to appear before a board of investigation, but no officer shall be so ordered to appear or punished for any offense connected with the Service committed more than one year before the issuance of such order. Any period during which an officer is outside the continental United States or in Alaska or any period during which discovery of the offense was prevented by the giving of false information by or in behalf of an officer shall not be counted as part of such one-year limitation.

§ 21.282 *Convocation.* A board of investigation may be convoked by order of the Administrator or the Surgeon General. Such order shall indicate the time and place of assembly.

§ 21.283 *Composition.* The board of investigation shall consist wholly of commissioned officers of the Service and of not less than three members, who shall be appointed by the Administrator upon recommendation of the Surgeon General. The members of the board shall, if practicable, be equal or senior in rank to the accused officer and shall, if practicable, include at least one officer of the same profession as the accused officer.

§ 21.284 *Punishment.* The board shall hear the case and make a report of its findings. If the accused officer is found guilty, the board shall make recommendations as to punishment which shall be limited to the following:

(a) Dismissal from the Service.

(b) Reduction of grade, with a specific recommendation with regard to promotion credit and seniority in the grade to which reduced.

(c) Loss of seniority with a specific recommendation with regard to promotion credit.

(d) Official reprimand by circular letter.

(e) Official reprimand by the Surgeon General.

(f) Any combination of the punishments prescribed in the preceding subdivisions (b), (c), (d) and (e).

§ 21.285 *Service representative.* In connection with any proceeding before a board of investigation, the Surgeon General shall detail an officer of the Service, not liable to be summoned as a witness, to prepare a statement of the charges and specifications against the accused officer and to act in the interest of the Government as Service representative before the board. The Service representative shall not be a member, and shall be independent of the control, of the board. The Service representative shall investigate all the circumstances of the case. All persons connected with the Service shall furnish the Service representative with such information within their knowledge as he may request. He shall have the right to be furnished with such instructions and papers or copies thereof as may be necessary for his guidance.

§ 21.286 *Notice of charges; right to counsel.* When charges are preferred against an officer for the investigation of which a board of investigation is ordered, the officer shall be furnished a copy of such charges and the specifications thereof and shall be notified that he may, if desired, have counsel to aid in his defense.

§ 21.287 *Presiding officer.* The senior officer of the board shall be the presiding officer. He shall (a) preserve order, (b) decide upon matters relating to the routine of business, (c) request the presence of witnesses, (d) administer oaths as required, and (e) adjourn the board from day to day. He shall be authorized at any time to order the exclusion from the room of any person other than the members of the board, the recorder, the stenographer, the accused and his counsel, and the Service representative, and to order a closed session limited to members of the board for the purpose of deliberation upon objections to questions and evidence and upon the validity of challenges and pleas, and of formulating its findings and recommendations. Should any member of the board object to a decision of the presiding officer, the question shall be submitted to and decided by a majority vote of the board.

§ 21.288 *Recorder.* The junior officer of the board shall be recorder. Under the direction and control of the board it shall be his duty (a) to record the proceedings, (b) to append original documents (or authenticated copies thereof) to the record, (c) to have custody of the record and all documents submitted to the board, (d) to assist the board in systematizing the information it may receive, (e) to render the board such assistance as will enable it to present the facts to the convoking authority, (f) to read the charges and specifications when the accused is arraigned, (g) if practicable, to read the record of the proceedings of the preceding session at the opening of each session, (h) as may be directed by the presiding officer, to prepare and send out requests to witnesses to appear and testify, and (i) in conjunction with the presiding officer, to authenticate the proceedings by his signature.

§ 21.289 *Stenographer.* Stenographic assistants shall be employed to record the testimony.

§ 21.290 *The record.* Except as otherwise provided, the entire proceedings of the board shall be fully set forth in the record, which shall be signed by the presiding officer and the recorder. Such record shall be confidential and shall not be disclosed except for the purposes of the proceedings, but the accused and his counsel shall be permitted access to the record for the purpose of preparing the defense of the accused in such proceedings.

§ 21.291 *Oath of board members.* When the board assembles, the recorder shall read the order convoking it. Such order shall be read in the presence of the Service representative, the stenographer, the accused officer, and his counsel. The recorder shall then administer the following oath to each member of the board: "I do solemnly swear (or affirm) that I will carefully and impartially investigate and try the case now about to be opened; that in announcing my conclusions and recommendations to be embodied in the report of this board to be submitted to the convoking authority, I will be governed wholly by the evidence adduced, and I will not be influenced for or against the accused by anything not clearly shown in the recorded evidence; so help me God." The presiding officer shall then administer the same oath to the recorder of the board.

§ 21.292 *Oath of recorder and stenographer.* The recorder and the stenographic assistants shall be sworn by the presiding officer to keep a true record of proceedings, as follows: "I do solemnly swear (or affirm) that I will faithfully perform the duties of recorder (or stenographer) to this board, and that I will not divulge any of the proceedings of the investigation; so help me God."

§ 21.293 *Affirmations.* The closing phrase invoking the Deity in the oaths prescribed in this subpart shall be omitted in cases of affirmation.

§ 21.294 *Sessions.* The board shall sit daily, except Sundays and holidays, until a decision is reached unless temporarily adjourned or dismissed by the authority which convoked it: *Provided,* That the presiding officer may, for good cause, grant a continuance to either party for such time and as often as may appear to be just. When the proceedings of the board have commenced, they shall not be suspended or delayed on account of the absence of any of the members if a majority but not less than three members is present, and in the absence of the accused officer without good cause the board may proceed as if he were present.

§ 21.295 *Challenges.* The presiding officer shall ask the accused whether he objects to being tried by any member of the board, and, in case of objection, he shall state his reasons therefor. The recorder shall enter a minute of the inquiry and of the answer upon the records. A challenged member shall have the right to reply to the accused. All

parties except the unchallenged members shall be excluded until a decision has been reached upon the validity of the challenge by the remaining members of the board. Should the challenge be sustained, the facts shall be reported by the presiding officer to the Surgeon General, and if the number of members is reduced below three, the board shall adjourn until instructions are received. Each challenge, whenever the accused wishes to challenge more than one member, shall be received and considered separately.

§ 21.296 *List of witnesses.* The Service representative and the accused shall each furnish the presiding officer a list of his witnesses. Other witnesses may be introduced at a later stage of the investigation upon giving reasonable notice. The notice to testify shall be prepared by the recorder and signed by the presiding officer.

§ 21.297 *Reading of charges and specifications.* The recorder shall read in the presence of the accused the charges and specification of charges preferred against him, and the accused shall be called upon to plead on each specification and charge *seriatim*, as follows: The recorder shall read the specification of the first charge, and the presiding officer shall then address the accused by name and designation and ask whether he is guilty or not guilty of the specification just read. Each specification shall be read and the accused asked to plead in each instance until all of the specifications of the first charge have been covered. Then the charge shall be read and the accused be required to plead to that. The specifications and charges shall be pleaded to in this manner until all have been covered.

§ 21.298 *Plea to charges.* If the accused officer is present and refuses to plead, the presiding officer shall direct a plea of "not guilty" to be entered.

§ 21.299 *Plea in bar.* A plea in bar of investigation shall be in writing, signed by the accused, and appended to the record. Witnesses may be called and arguments submitted by both parties upon such plea. The board shall deliberate upon the matter in closed session, and, upon reopening, the board's decision shall be announced by the presiding officer. If the plea is sustained, a report shall be forwarded to the convoking authority and the board shall adjourn to await further orders.

§ 21.300 *Preliminary instructions to witnesses.* Witnesses other than the accused shall be present only when testifying, and they shall be warned that they are not to converse on any matter pertaining to the pending investigation.

§ 21.301 *Calling of witnesses; oath.* The witnesses shall be called before the board separately. The presiding officer shall administer to each the following oath: "I do solemnly swear (or affirm) that I will make true answers to such questions as may be propounded to me; so help me God." Witnesses shall be cautioned before giving their testimony to testify only to facts which are within their own knowledge.

§ 21.302 *Verification of testimony.* After the testimony of the witness is closed the whole of his testimony as recorded may be read over to him and, when corrected in such parts as are in error, he shall sign it. The signatures of the witnesses shall be authenticated by the presiding officer of the board.

§ 21.303 *Witness fees.* Upon the application of the presiding officer payment of the usual witness fees to witnesses unconnected with the Government service may be authorized.

§ 21.304 *Evidence; admissibility.* Evidence may be received by the board even though inadmissible under rules of evidence applicable to court procedure. The Service representative or the counsel for the accused may, however, object to the admission of evidence or testimony on the ground that it is irrelevant, immaterial, incompetent, or otherwise improper, and if such objection is overruled by the board he shall be allowed to enter his objection upon the record. Notwithstanding the provisions of § 21.281, whenever it shall appear to the board to be material to the charges to prove or disprove a particular habit of the accused, evidence as to his record in that regard for a period of 3 years prior to the order convoking the board shall be admissible.

§ 21.305 *Depositions.* Depositions of individuals who are unable to appear in person before the board and whose testimony is material to a complete investigation of the case may be received, provided that the accused shall be given an opportunity to have present when the deposition is taken a representative who may cross-examine the witnesses.

§ 21.306 *Order of examination.* The evidence on the part of the Service shall be first taken. The evidence for the defense shall be taken when the Service rests. Either side may rest at pleasure. The examination of witnesses shall close by taking such testimony as may be offered in rebuttal, surrebuttal, impeachment, or to sustain the credibility of those witnesses whose testimony an effort has been made to impeach. The board may recall a witness at any stage of the proceedings, provided that the right of cross-examination by the accused and the Service representative shall not be denied. Each witness shall first be examined in chief by the party who summons him, and then cross-examined by the opposite party. In case of new matter being introduced on cross-examination, the party calling the witness may examine him with respect to such matter, and, under like circumstances, a recross-examination shall be permitted. The Board may put such questions to the witness as may be deemed necessary; a question by a member of the board generally shall not be asked until the Service representative and the accused have finished their examinations.

§ 21.307 *Testimony of accused.* The accused may in any case, testify in his own behalf, but his failure to do so shall create no presumption against him. If the accused does testify in his own behalf, he shall be subject to cross-examination concerning any facts to which he has testified.

§ 21.308 *Defense rebuttal.* When the examination of witnesses is closed the accused may present arguments in his defense, in writing or orally, in person or by counsel. This statement, if written, may be read before the board. The whole shall become a part of the record.

§ 21.309 *Reply of service representative.* The Service representative shall have the right to reply to the defense in writing or orally, and this reply shall become a part of the record.

§ 21.310 *Close of hearing.* When the Service representative and the defense have completed their arguments, the hearing shall be closed. The board may, however, before its finding, authorize reopening for the introduction of new evidence, provided it be shown that the evidence is material and its omission would leave the case incomplete. The board shall then retire to consider the record.

§ 21.311 *Consideration by board.* (a) When the board has sufficiently examined the evidence, the presiding officer shall put the question upon each specification of each charge, beginning with the first, whether the specification is "proved", "not proved", or "proved in part". No written minute of the votes shall be preserved unless so ordered by the unanimous vote of the board. In any oral vote the member of the board who is junior in rank shall vote first. When a majority of the board agrees upon a finding it shall be so recorded.

(b) When the members have voted upon all the specifications of any charge, the question shall be put upon the charge to each member: "Is the accused guilty of the charge, or not guilty?". When a majority decision is arrived at, the result shall be recorded. The board shall then proceed to the next charge and specifications until votes have been taken and decisions recorded upon all the charges and specifications.

(c) When the members of the board have voted upon all the charges, if the accused has been found guilty upon any of them, the members shall proceed to vote upon the punishment to be recommended. Each member shall write down the punishment which he believes should be recommended and shall hand his vote to the presiding officer, who shall announce the result. If a majority shall not have agreed upon the nature and degree of the punishment to be recommended, the presiding officer shall proceed, beginning with the mildest punishment that has been proposed and continuing, if necessary, to the next more severe punishment, and so on, successively, until a punishment to be recommended has been decided upon by a majority of the members of the board.

(d) A finding of guilty shall not be entered on a charge other than a charge specified. In case evidence develops which in the opinion of the Service representative warrants additional charges and specifications, appropriate recommendation shall be made with respect thereto by the Service representative to the Surgeon General. The Service representative shall give due notice to the presiding officer, whereupon the board shall await further instructions from the Surgeon General.

§ 21.312 *Findings and recommendations of board.* After all charges and specifications have been voted upon, the recorder, under the direction of the board, shall draw up the findings, specifying as to each charge whether the accused has been found guilty or not guilty, and, on approval by the board, shall enter such findings upon the record, together with the recommendations of the board as to punishment and clemency if the accused has been found guilty of any charge.

§ 21.313 *Recommendations of board.* In arriving at its recommendations as to the nature and degree of the punishment, if any, to be imposed, the board shall take into consideration all previous convictions and the official record of the accused. If mitigating circumstances have appeared during the proceedings which could not be taken into consideration in determining the degree of guilt found by the verdict, the board may avail itself of such circumstances as grounds for recommending clemency. Any recommendation for clemency shall be inserted immediately after the recommendation as to punishment.

§ 21.314 *Report to accompany record.* The board shall prepare a report to accompany the record and in such report shall review the evidence as a whole, with specific reference to all evidence and to any conclusions of law on controverted questions upon which the findings are based. The report of the board shall be signed by the members concurring; any member or members not concurring, in whole or in part, may submit and sign a minority report.

§ 21.315 *Transmittal of record and report.* After the record (including the transcript of the testimony) and other documents have been signed, they shall be forwarded by the presiding officer to the Surgeon General. The board shall then adjourn pending further orders.

Action Upon Findings and Recommendations of Board

§ 21.321 *Action by Surgeon General.* The Surgeon General shall review the record, report, and recommendations of the board, and may either order further investigation by the board or transmit the papers in the case to the Administrator with his recommendations.

§ 21.322 *Action by the Administrator.* No recommendation for punishment shall be effective until approved by the Administrator. The Administrator shall review the record, report, and recommendations of the board and the recommendations of the Surgeon General, and may either order a further investigation by the board or approve the findings and recommendations in whole or in part; or, upon the basis of the approved findings, he may order punishment or a grant of clemency or other disposition not inconsistent with these regulations. The disposition of a case by the Administrator shall be final.

PART 22—PERSONNEL OTHER THAN COMMISSIONED OFFICERS

LEPROSY DUTY BY CIVIL SERVICE OFFICERS AND EMPLOYEES

Sec.
22.1 Duty requiring intimate contact with leprosy patients; additional pay for civil service officers or employees.
22.2 Exception respecting certain persons.

LEPROSY DUTY BY CIVIL SERVICE OFFICERS AND EMPLOYEES

§ 22.1 *Duty requiring intimate contact with leprosy patients; additional pay for civil service officers or employees.* Except as provided in § 22.2, civil service officers and employees of the Service shall receive additional pay for duty requiring intimate contact with leprosy patients on the same basis as is set forth in § 21.61 of this chapter with respect to officers of the commissioned corps. (Sec. 209 (g), 58 Stat. 687; 42 U. S. C. 210 (g))

§ 22.2 *Exception respecting certain persons.* No civil service officer or employee of the Service who is occupying a position allocated at a level above similar positions at general hospital stations of the Service shall receive any additional payment under § 22.1 until the status of such position has been reallocated in accordance with similar positions at general hospital stations of the Service. (Sec. 209 (g), 58 Stat. 687; 42 U. S. C. 210 (g))

DELEGATIONS, REVOCATIONS, AND EFFECTIVE DATE

2. *Exercise by the Administrator of certain powers of the President.* The Administrator is authorized, in his discretion, to exercise the powers of the President (a) to terminate reserve commissions under section 207 (a) (2) of the act, (b) to terminate temporary promotions under section 6 (b) of Public Law 425, 80th Congress, and (c) to specify ports under section 366 (a) of the act.

3. *Revocations.* (a) Executive Order 9655 of November 14, 1945, entitled "Regulations Relating to Commissioned Officers and Employees of the Public Health Service", Executive Order 9697 of October 10, 1947, entitled "Amendments to Regulations Relating to Commissioned Officers and Employees of the Public Health Service", and Executive Order 9955 of May 6, 1948, entitled "Regulations Pertaining to Promotions to Certain Grades in the Regular Corps of the Public Health Service" are revoked.

(b) The revocation of Executive Order 9655 shall not affect any act done or offense committed under section 2.271 of such order or any proceeding held or commenced in any disciplinary action under sections 2.281 to 2.322, inclusive, of such order. Disciplinary action for misconduct prior to July 1, 1948, may be initiated, prosecuted, and completed either in accordance with Executive Order 9655 as if it had not been revoked, or in accordance with §§ 21.281 to 21.322, inclusive, of Part 21 of Chapter I of Title 42 of the Code of Federal Regulations as prescribed by this order.

(c) The revocation of Executive Order 9655 shall not revive any of the regulations revoked by section 3.21 of that order.

4. *Effective date.* This order shall be effective as of July 1, 1948.

AUTHORITY: §§ 225.201 to 225.224, inclusive, issued under sec. 8, 56 Stat. 767, as amended; sec. 5 (a), Pub. Law 806, 80th Cong.; 50 U. S. C. 968.

§ 225.201 *Administration.* The program will be administered by PMA through State PMA committees, county agricultural conservation committees (hereinafter referred to as county committees) and CCC field offices. The program will be under the general supervision of the Manager of CCC. Forms will be distributed through the offices of State and county committees. County committees will determine or cause to be determined the quantity, grade, and milling quality or milling test of the rice, the amount of the loan, and the value of the rice delivered under a loan or pur-

chase agreement. All loan and purchase documents will be completed and approved by the county committee, which will retain copies of all such documents. The county committee may designate in writing certain employees of the county agricultural conservation association to approve such forms on behalf of the committee.

The county committee will furnish the borrower with the names of local lending agencies approved for making disbursements on loan documents, or with the address of the CCC field office to which loan documents may be forwarded for disbursement.

§ 225.202 *Availability of loans and purchases*—(a) *Area.* Loans and purchase agreements shall be available to producers on eligible rice produced in the States of Arkansas, Louisiana, California, Missouri, and Texas.

(b) *Time.* Loans and purchase agreements shall be available through January 31, 1949, and the applicable documents must be signed by the producer and delivered or mailed to the county committee not later than such date.

(c) *Source.* Loans shall be made to producers direct by CCC field offices and by lending agencies under lending agency agreements with CCC. Purchase agreements shall be made through the offices of county committees.

§ 225.203 *Approved lending agencies.* An approved lending agency shall be any bank, cooperative association, corporation, partnership, individual, or other legal entity with which the CCC has entered into a Lending Agency Agreement (Form PMA-97 or other form prescribed by CCC).

§ 225.204 *Eligible producer.* An eligible producer shall be any individual, partnership, association, corporation, or other legal entity producing rough rice in 1948, as landowner, landlord, tenant, or sharecropper.

Cooperative marketing associations of producers shall be eligible for loans and purchase agreements: *Provided*, That: (a) the grower members are bound by contract to market through the association; (b) the major part of the rice marketed by the association is produced by members who are eligible producers; (c) the members share proportionately in the proceeds from marketings according to the quantity and quality of rice each delivers to the association; (d) the rice purchased from non-members is segregated sufficiently to assure that the rice placed under loan or delivered under a purchase agreement shall accurately reflect the quantity and quality of rice grown by grower members; and, (e) the association has the legal right to pledge or mortgage the rice as security for a loan.

§ 225.205 *Eligible rice.* Eligible rice shall be rough rice produced in 1948 which meets the following requirements:

(a) In accordance with the United States Standards for Rough Rice, such rice shall be of the varieties included in classes I to IX, inclusive, and of the varieties Patna, Zenith, Arkrose, Blue Bonnet, Magnolia, and Prelude, included in the miscellaneous class X.

(b) Such rice shall grade U. S. No. 4 or better; shall show a minimum yield of 25 pounds of head rice from 100 pounds of rough rice on the basis of the respective milling tests in California and in the southern States; and shall contain not more than 14½ percent moisture except that rice produced in California shall contain not more than 15 percent moisture.

(c) Except in the case of eligible cooperative marketing associations of producers, the beneficial interest in the rice must be in the producer tendering the rice for loan or purchase and must always have been in him, or must have been in him and a former producer whom he succeeded before the rice was harvested.

(d) In the case of farm-storage loans, such rice shall have been in storage at last 30 days prior to inspection for measurement, sampling, and sealing, unless otherwise approved by the State PMA Committee.

§ 225.206 *Eligible storage.* Eligible storage for rice shall meet the following requirements:

(a) *Farm storage.* Under the loan program eligible farm storage for rice shall consist of structures which, as determined by the county committee, are of such substantial and permanent construction as to afford safe storage of the rice, permit effective fumigation for the destruction of insects, and afford protection against rodents, other animals, thieves, and weather.

(b) *Warehouse storage.* Under the loan and purchase program eligible warehouse storage shall consist of public warehouses for which a uniform rice storage agreement (CCC Rice Form H) has been executed and approved by CCC for the storage of rice of the 1948 crop.

§ 225.207 *Approved forms.* The approved forms consist of the loan and purchase agreement documents which, together with the provisions of this bulletin, govern the rights and responsibilities of the producer. Any fraudulent representation made by a producer in obtaining a loan or purchase agreement or in executing any of the loan or purchase agreement documents will render him subject to criminal prosecution.

Notes and chattel mortgages, note and loan agreements, and purchase agreements must have State and documentary revenue stamps affixed thereto where required by law. Loan and purchase documents executed by an administrator, executor, or trustee will be acceptable only where legally valid.

(a) *Farm storage loans.* Approved forms shall consist of producer's notes on CCC Commodity Form A, secured by chattel mortgages on CCC Commodity Form AA.

(b) *Warehouse storage loans.* Approved forms shall consist of note and loan agreements on CCC Rice Form B, secured by negotiable warehouse receipts representing rice stored in approved warehouses and each warehouse receipt must be accompanied by a supplemental certificate. All rice pledged as security for a loan on a single CCC Rice Form B must be stored in the same warehouse.

(c) *Purchase agreement documents.* The purchase agreement documents shall consist of the purchase agreement (Commodity Purchase 1) and purchase agreement settlement (Commodity Purchase 4) signed by the producer and approved by the county committee, negotiable warehouse receipts, and such other forms as may be prescribed by CCC.

(d) *Warehouse receipts.* Rice stored in eligible warehouse storage under the loan program or delivered to an eligible warehouse under the purchase agreement program must be represented by warehouse receipts which satisfy the following requirements:

(1) Warehouse receipts representing such rice must be issued by an approved warehouse in the name of the eligible producer, dated on or prior to the date of the related note, properly endorsed in blank so as to vest title in the holder, and must include only one class (or in the case of class X only one variety), grade, and milling quality or milling test of rice.

(2) Warehouse receipts shall carry an endorsement in substantially the following form:

Warehouse charges through April 30, 1949, on the rice represented by this warehouse receipt have been paid or otherwise provided for, and lien for such charges will not be claimed by the warehouseman from CCC or any subsequent holder of this warehouse receipt.

(3) Each warehouse receipt must be accompanied by a supplemental certificate, properly identified, describing as to the lot covered by the warehouse receipt, its weight, and its quality in terms of its class, grade, test weight, dockage, moisture, and such applicable factors as damaged kernels, red rice, foreign material, milling quality or milling test, chalky kernels, mud lumps, muddy kernels, seeds, cereal grains, and rice of other classes. The supplemental certificate must be executed by the producer if the warehouse receipt is marked "sacked identity preserved," "specially binned," or "bulk identity preserved." In all other cases, the supplemental certificate must be executed by the warehouseman.

§ 225.208 *Determination of quantity.* Loans and purchase agreements shall be made on the basis of rough rice expressed in units of 100 pounds, and fractional units of less than 100 pounds shall be disregarded. A cubic foot of rice testing 45 pounds per bushel, when determined by measurement, shall be 36 pounds. A deduction of one pound for each sack will be made in determining the net quantity of the rice when stored as sacked rice. The quantity determined by measurement of rice having a test weight different from 45 pounds per bushel shall be adjusted by the following percentages:

For rice testing	Percentages
45 pounds or over	100
44 pounds or over, but less than 45 lbs.	98
43 pounds or over, but less than 44 lbs.	96
42 pounds or over, but less than 43 lbs.	93
41 pounds or over, but less than 42 lbs.	91
40 pounds or over, but less than 41 lbs.	89

Proportionately lower for rice testing below 40 pounds.

Loans will be made only on 95 percent of the quantity of rice determined in accordance with this section. However, at the time of delivery, settlement will be made on the basis of the actual quantity and quality of rice delivered.

§ 225.209 *Determination of dockage.* The percentage of dockage shall be determined in accordance with the United States Standards for Rough Rice with respect to all lots of rice produced in California. The weight of such dockage shall be deducted from the gross weight of the rice in determining the net quantity available for loan. The test weight and milling test for such rice shall be on a dockage free basis.

§ 225.210 *Liens.* The rice must be free and clear of all liens or encumbrances, or if liens on encumbrances exist on the rice, proper waivers must be obtained. Liens for warehouse charges will be recognized by CCC only from May 1, 1949, or the date of the warehouse receipt, whichever is later.

§ 225.211 *Service fees*—(a) *Loans.* The producer shall pay a service fee of 2 cents per 100 pounds on the quantity of rice placed under loan, or $3.00, whichever is greater. If the quantity of rice delivered in satisfaction of a loan exceeds the quantity of rice placed under loan, a service fee of 2 cents per 100 pounds shall be charged the producer on the excess quantity delivered.

(b) *Purchase agreements.* At the time the producer signs a purchase agreement he shall pay a service fee of 1 cent per 100 pounds on the quantity of rice specified on Commodity Purchase 1, as the maximum quantity he may deliver, or $1.50, whichever is greater.

(c) *Refunds.* No refunds of service fees will be made.

§ 225.212 *Set-offs.* A producer who is listed on the county debt register as indebted to any agency or corporation of the United States Department of Agriculture shall designate the agency or corporation to which he is indebted as the payee of the proceeds of the loan to the extent of such indebtedness, but not to exceed that portion of the proceeds remaining after deduction of the service fees and amounts due prior lienholders. Indebtedness owing to CCC shall be given first consideration after claims of prior lienholders.

§ 225.213 *Interest rate.* Loans shall bear interest at the rate of 3 percent per annum, and interest shall accrue from the date of disbursement of the loan, notwithstanding any other printed provisions of the note.

§ 225.214 *Transfer of producer's equity*—(a) *Loans.* The right of the producer to transfer either his right to redeem the rice under loan or his remaining interest therein may be restricted by CCC.

(b) *Purchase agreements.* The producer may not assign the purchase agreement.

§ 225.215 *Safeguarding of the rice.* The producer obtaining a farm-storage loan is obligated to maintain the storage structures in good repair, and to keep the rice in good condition. Also, in the case of warehouse-stored rice, when the receipts are marked "sacked identity preserved," "specially binned," or "bulk identity preserved," the producer is obligated to keep the rice in good condition.

§ 225.216 *Insurance.* CCC will not require the producer to insure the rice placed under loan; however, if the producer does insure such rice, such insurance shall inure to the benefit of CCC to the extent of its interest after first satisfying the producer's equity in the rice involved in the loss.

§ 225.217 *Loss or damage to the rice.* The producer is responsible for any loss in quantity or quality of the rice placed under farm-storage loan, or of rice covered by warehouse receipts marked "sacked identity preserved," "specially binned," or "bulk identity preserved," except that uninsured physical loss or damage occurring without fault, negligence or conversion on the part of the producer, resulting solely from an external cause other than insect infestation or vermin, will be assumed by CCC, provided the producer has given the county committee immediate notice in writing of such loss or damage, and provided there has been no fraudulent representation made by the producer in the loan documents or in obtaining the loan.

§ 225.218 *Personal liability.* The making of any fraudulent representation by the producer in the loan or purchase documents or in obtaining the loan, or the conversion or unlawful disposition of any portion of the rice by him, shall render the producer personally liable for the amount of the loan and for any resulting expense incurred by any holder of the note.

§ 225.219 *Maturity and satisfaction*—(a) *Loans.* Loans mature on demand but not later than April 30, 1949. In the case of farm-storage loans, and in the case of warehouse-storage loans involving warehouse receipts bearing the notation "sacked identity preserved," "specially binned," or "bulk identity preserved," the producer is required to pay off his loan on or before maturity, or to deliver the rice at maturity in accordance with the instructions of CCC. Settlement will be made on the basis of official weights, grades, and yields (as shown by milling quality test or milling test) determined at time of delivery to CCC. Credit will be given for the settlement value of the total quantity of each lot of such rice delivered: *Provided*, All of it either was stored in the bin in which the rice under loan was stored, or was part of the original lot of sacked rice placed under loan, at the applicable loan rate according to grade and quality. If the settlement value of the rice delivered exceeds the amount due on the loan, the amount of the excess shall be paid by CCC to the producer. If the settlement value of the rice is less than the amount due on the loan, the amount of the deficiency, plus interest, shall be paid by the producer to CCC, or may be set off against any payment which would otherwise be made to the producer under any agricultural programs administered by the Secretary of Agriculture, or any other payments which are due or may become due to the producer from CCC or any other agency of the United States. In case of warehouse-storage loans where the supplemental certificates accompanying the warehouse receipts are executed by the warehouseman, if the producer does not repay his loan by maturity CCC shall have the right to sell or pool the rice in accordance with the provisions of the note and loan agreement and § 225.220.

(b) *Purchase agreements.* The producer who signs a purchase agreement (Commodity Purchase 1) shall not be obligated to deliver any rice to CCC. However, the quantity of rice he specifies in the purchase agreement will be the maximum quantity he may deliver to CCC. If the producer desires to deliver rice to CCC he shall, within 30 days following April 30, 1949, the maturity date for rice loans, or such earlier date as demand for repayment of rice loans may be made, submit warehouse receipts representing eligible rice stored in eligible warehouse storage to the county committee for the quantity of such rice he elects to sell to CCC, or, in the case of rice stored in other than eligible warehouse storage, he shall notify the county committee of his intention to sell and request delivery instructions. The producer must then complete delivery within a 15-day period immediately following the date the county committee issues delivery instructions, unless the county committee determines more time is needed for delivery. Rice stored in other than eligible warehouse storage will be purchased on delivery at points designated by CCC. When delivery is completed, payment shall be made by a sight draft drawn on CCC by the State PMA office on the basis of approved Commodity Purchase 4. The producer shall direct on such form to whom payment of the purchase price shall be made.

Eligible rice will be purchased on the basis of official weights, grades, and yields (as shown by milling quality test or milling test) determined at the time of delivery to CCC; or, if such rice is delivered to a CCC bin site, on the basis of the weight, grade, yield, and other quality factors determined by the county committee (in accordance with instructions for the determination of such factors under the loan program) and approved by the producer at the time of delivery.

§ 225.220 *Removal of the rice under loan.* If the loan is not satisfied upon maturity by payment or delivery, the holder of the note may remove the rice and sell it, either as rough rice or after milling, by separate contract or after pooling it with other lots of rice similarly held. The producer shall have no right of redemption after the rice is sold or milled. He shall have no right of redemption after the rice is pooled but shall share ratably in any overplus remaining upon liquidation of the pool. The CCC shall have the right to treat pooled rice as a reserve supply to be marketed under such sales policies as CCC determines will promote orderly marketing, protect the interests of producers and consumers, and not unduly impair the market for the current crop of rice even though part or all of such

pooled rice is disposed of under such policies at prices less than the current domestic price for such rice. Any sum due the producer as a result of the sale of the rice, or of insurance proceeds thereon, or any ratable share resulting from the liquidation of a pool, shall be payable only to the producer without right of assignment by him.

§ 225.221 *Release of the rice under loan.* A producer may at any time obtain release of the rice remaining under loan by paying to the holder of the note, or note and loan agreement, the principal amount thereof, plus interest. If the note is held by an out-of-town lending agency or by CCC, the producer may request that the note be forwarded to a local bank for collection. In such case, where CCC is the holder of the note, the local bank will be instructed to return the note if payment is not effected within 15 days. All charges in connection with the collection of the note shall be paid by the producer. Upon repayment of a farm-storage loan, the county committee should be requested to release the mortgage by filing an instrument of release or by a marginal release on the county recording office records. Partial releases of the rice prior to maturity may be arranged with the county committee by paying to the holder of the note the amount of the loan, plus charges and accrued interest, represented by the quantity of the rice to be released. However, each partial release must cover all of the rice either under one warehouse receipt number or in one farm-storage bin or in one lot of farm-stored sacked rice.

§ 225.222 *Purchase of notes.* CCC will purchase, from approved lending agencies, notes evidencing approved loans which are secured by chattel mortgages or negotiable warehouse receipts. The purchase price to be paid by CCC will be the principal sums remaining due on such notes, plus accrued interest from the date of disbursement to the date of purchase at the rate of 1½ percent per annum. Lending agencies are required to submit a weekly report to CCC and to the county committee on CCC Commodity Form F, or such other form as CCC may prescribe, of all payments received on producers' notes held by them, and are required to remit promptly to CCC an amount equivalent to 1½ percent interest per annum, on the amount of the principal collected, from the date of disbursement to the date of payment. Lending agencies should submit notes and reports to the CCC field office serving the area.

§ 225.223 *CCC field offices.* The CCC field offices for rice, and the States served by them, are shown below:

Address and States:
1114 Commerce Street, Dallas 2, Texas: Arkansas, Louisiana, Missouri, and Texas.
30 Van Ness Avenue, San Francisco 2, California: California.

§ 225.224 *Rates at which loans and purchases will be made*—(a) *Basic rate.* The basic loan or purchase rate for 100 pounds of rough rice grading U. S. No. 3 or U. S. No. 4 shall be computed as follows:

Multiply the yield of head rice by the applicable value factor for head rice (as shown in the table below according to class or variety and geographical area). Similarly, multiply the yield of broken rice by the applicable value factor for broken rice. Add the results of these two computations to obtain the basic loan or purchase rate for 100 pounds of rough rice and express such rate in dollars and cents.

In the case of rough rice produced in California, the milling test must be made on the basis of dockage-free rough rice and the head rice yield shall be stated on the basis of head rice with 4 percent broken kernels. In computing the loan or purchase rate, fractions of a pound of yields of heads or brokens shall be dropped and the rate shall be rounded to the nearest whole cent.

VALUE FACTORS FOR HEAD AND BROKEN RICE

Class or variety	California		Other areas	
	Head [1] rice	Broken rice	Head rice	Broken rice
Rexoro, Nira, Patna and Blue Bonnet	0.0864	0.0300	0.0888	0.0300

Pearl and Early Prolific	.0588	.0300	.0600	.0300

[1] With 4 percent broken.

(b) *Premiums.* If the rice grades U. S. No. 1 or U. S. No. 2, a premium of 10 cents per 100 pounds of rough rice shall be added to the basic rate.

Issued this 31st day of August 1948.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 946—MILK IN LOUISVILLE, KY., MARKETING AREA

ORDER AMENDING THE ORDER, AS AMENDED

§ 946.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary to and in addition to the findings and determinations made in connection with the issuance of this order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure, as amended, covering the formulation of marketing agreements and orders (7 CFR, Supps., 900.1 et seq.), a public hearing was held March 17–20, 1948, upon a proposed amendment to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Louisville, Kentucky, milk marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8e of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as amended and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended and as hereby further amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* (1) It is hereby found that a pro rata assessment on handlers at a rate not to exceed two cents per hundredweight with respect to all receipts by the handler, during each delivery period, of (i) milk from producers (including such handler's own production) and (ii) other source milk received at a plant described in subparagraphs (1) and (2) of § 946.1 (e), upon which payment is required pursuant to § 946.10 of this order, will provide the funds necessary for the maintenance and functions of the market administrator in the administration of this order and such assessment is approved.

(2) It is necessary, in the public interest, to make this amendment to the said order, as amended, effective not later than September 1, 1948, for the reason that its provisions will increase, for certain months beginning with September, the prices which handlers covered thereunder will be required to pay for milk disposed of by them in Class I and Class II uses, which increased payments are necessary to reflect current marketing conditions. The changes effected by this order amending the order, as amended, do not require substantial or extensive preparation by persons affected prior to the effective date. The time intervening between the date of issuance of this order and its effective date affords persons affected a reasonable time to prepare for its effective date. In view of the foregoing, it is

hereby found and determined that good cause exists for making this amendment effective September 1, 1948, and that it would be contrary to the public interest to delay the effective date of this amendment for 30 days after publication (See sec. 4c, Administrative Procedure Act, 60 Stat. 237).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended) of more than 50 percent of the volume of milk covered by the aforesaid order, as amended, and as hereby further amended, which is marketed within the Louisville, Kentucky, marketing area refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order, further amending the said order as amended, is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order further amending the said order, as amended, is approved or favored by at least two-thirds of the producers who participated in a referendum on the question of the approval of this order and who during June 1948 (said month having been determined to be a representative period) were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the Louisville, Kentucky, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete § 946.1 (i) and substitute therefor the following:

(i) "Producer-handler" means any person who is both a producer and a handler but who receives no milk from other producers (exclusive of producer-handlers).

2. Amend § 946.1 (j) to read as follows:

(j) "Other source milk" means all skim milk and butterfat received in any form from a producer-handler and from a source other than producers or other handlers, except any nonfluid milk product which is received and disposed of in the same form.

3. Delete § 946.3 (a) (3) and renumber subparagraph (4) as subparagraph (3).

4. Delete in § 946.3 (b) (3) (iii) the words "emergency milk and".

5. Delete in § 946.3 (b) (3) (iii) (*a*) the words "emergency milk or".

6. Amend § 946.3 (b) (3) (iii) (*b*) to read as follows:

(b) If milk from producers is transferred as milk, skim milk, or cream by a handler from a plant described under subparagraph (1) or (2) of § 946.1 (e) of such handler to any other plant of such handler, under supporting transfer records satisfactory to the market administrator, the shrinkage of skim milk and butterfat, respectively, on the aforesaid transferred portion shall be computed on a pro rata basis with the skim milk and butterfat, respectively, contained in all milk, skim milk, and cream received in the latter plant and added to the shrinkage of producer's milk handled in the handler's fluid milk plant.

7. Delete § 946.3 (c) (1) and substitute therefor the following:

(1) All skim milk and butterfat disposed of by a handler, either by transfer or diversion, to another handler or to a person who is not a handler but who distributes milk or manufactures milk products, shall be classified as follows:

(i) As Class I milk if transferred or diverted to a producer-handler in the form of milk or skim milk and as Class II milk if so disposed of in the form of cream;

(ii) As Class I milk if transferred or diverted in the form of milk or skim milk to another handler (except a producer-handler) or to a person who is not a handler but who distributes milk or manufactures milk products, and as Class II milk if so disposed of in the form of cream, unless utilization in another class is mutually indicated in writing to the market administratpr by both the transferring handler and the receiver on or before the 5th day after the end of the delivery period: *Provided*, That if upon inspection of the records of such receiver it is found that an equivalent amount of skim milk and butterfat, respectively, was not actually used in such indicated use the remaining pounds shall be classified a Class I milk if transferred or diverted in the form of milk or skim milk and as Class II milk if so disposed of in the form of cream: *Provided further*, That the classification of any such transfer or diversion of skim milk and butterfat between handlers shall be subject to allocation for each handler in the sequence set forth in paragraph (e) of this section: *And provided further*, That all skim milk and butterfat contained in milk and skim milk so disposed of to a plant located 100 miles or more from the City Hall at Louisville, Kentucky, by the shortest highway distance as determined by the market administrator, shall be Class I milk.

8. Delete § 946.3 (d) (1) (iii) and renumber subdivision (iv) as subdivision (iii).

9. Delete in § 946.3 (d) (9) (ii) (*a*) the words "emergency milk and".

10. Delete § 946.3 (e) and substitute therefor the following:

(e) *Allocation of skim milk and butterfat classified.* (1) The pounds of skim milk remaining in each class, for each handler, after making the following computations shall be the pounds of skim milk in such class allocated to milk received from producers:

(i) Subtract the allowable shrinkage of skim milk in milk received from producers from the total pounds of skim milk in Class III;

(ii) Subtract the pounds of other source skim milk from the pounds of skim milk in the lowest-priced class: *Provided*, That if the pounds of skim milk to be subtracted is greater than the pounds of skim milk in such class, the balance shall be subtracted from the pounds of skim milk remaining in the next higher-priced class;

(iii) Subtract the pounds of skim milk contained in milk, skim milk, and cream received from other handlers from the pounds of skim milk in the class to which it was assigned: *Provided*, That if the pounds of skim milk to be subtracted is greater than the pounds of skim milk in such class, the balance shall be subtracted from the pounds of skim milk in the next higher-priced class; and

(iv) Add the allowable shrinkage of skim milk in milk received from producers to the pounds of skim milk in Class III; but if the pounds of skim milk remaining in all classes exceeds the pounds of skim milk in milk received from producers, subtract such excess from the pounds of skim milk remaining in the lowest-priced class: *Provided*, That if the pounds of skim milk to be subtracted is greater than the pounds of skim milk remaining in the lowest-priced class, the balance shall be subtracted from the pounds of skim milk remaining in the next higher-priced class.

(2) Determine the pounds of butterfat to be allocated to milk received from producers in a manner similar to that prescribed in subparagraph (1) of this paragraph for skim milk.

11. Delete § 946.4 (a) and substitute therefore the following:

(a) *Basic formula prices for Class I milk and Class II milk.* The basic formula price per hundredweight of milk to be used in computing the prices for Class I milk and Class II milk shall be the highest price resulting from the computations set forth in subparagraphs (1), (2), or (3) of this paragraph.

(1) Add 15 cents to the Class III price.

(2) (i) Multiply by 6 the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture during the delivery period;

(ii) Add an amount equal to 2.4 times the arithmetic average of the weekly prevailing price per pound of "Twins" during the delivery period on the Wisconsin Cheese Exchange at Plymouth, Wisconsin: *Provided*, That if the price of "Twins" is not quoted on such Exchange, the weekly prevailing price per pound of "Cheddars" shall be used; and

(iii) Divide by 7, add 30 percent thereof, and then multiply by 3.8.

(3) To the average of the basic (or field) prices reported to have been paid or to be paid for milk of 3.5 percent butterfat content, without deductions for hauling or other charges to be paid by the farm shipper, received from farmers during the delivery period at the following plants or places for which prices

are reported to the market administrator or to the Department of Agriculture by the companies listed below:

Companies and Location

Borden Co., Black Creek, Wis.
Borden Co., Greenville, Wis.
Borden Co., Mt. Pleasant, Mich.

add an amount computed as follows: Multiply the average daily wholesale price per pound of 92-score butter in the Chicago market, as reported by the Department of Agriculture for the delivery period, by 0.12 and then by 3.

12. Delete § 946.4 (b) (1) and substitute therefor the following:

(1) *Class I milk.* The price for Class I milk shall be the basic formula price plus the following amounts per hundredweight: $1.05 for the delivery periods of April through August; and $1.25 for the delivery periods of September through March.

13. Delete § 946.4 (b) (2) and substitute therefor the following:

(2) *Class II milk.* The price for Class II milk shall be the basic formula price plus the following amounts per hundredweight: $0.50 for the delivery periods of April through August; and $0.70 for the delivery periods of September through March.

14. Delete in § 946.5 (a) (1) the words "receipts of emergency milk".
15. Delete § 946.5 (a) (2).
16. Delete § 946.5 (a) (3).
17. Delete § 946.6 (a) and substitute therefor the following:

(a) *Producer-handlers.* No provision hereof shall apply to a producer-handler, except that such producer-handler shall make reports to the market administrator at such time and in such manner as the market administrator may request and shall permit the market administrator to verify such reports.

18. Delete § 946.6 (b).
19. Delete in paragraph (c) of § 946.6 the words "receipts of emergency milk", and renumber such paragraph as paragraph (b).
20. Delete in § 946.7 (a) the words "paragraphs (b) and (c)" and substitute therefor "paragraph (b)".
21. Delete in § 946.7 (a) the words "emergency milk or".
22. Delete in § 946.10 the words "emergency milk" and substitute therefor "other source milk".

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice

Subchapter B—Immigration Regulations

PART 116—CIVIL AIR NAVIGATION

INSECTICIDE AND DISINSECTIZATION

Notice of proposed rule-making having been published (13 F. R. 580) and consideration having been given to all relevant matter presented, the following amendment is prescribed to the above regulations. This amendment is for the purpose of prescribing insecticides and the method of disinsectization of aircraft pursuant to § 116.13 (d) of Title 8, being also § 6.10c (d) of Title 19 and § 71.513 (d) of Title 42, and shall be effective 30 days after the date of publication in the FEDERAL REGISTER.

Section 116.13 of Title 8, also designated as § 6.10c of Title 19 and § 71.513 of Title 42, is amended by redesignating paragraph (e) of such section as paragraph (f) and by inserting immediately prior thereto a new paragraph designated paragraph (e) and reading as follows:

§ 116.13 *Public health requirements.*

* * *

(e) *Insecticide and method of disinsectization.* The following insecticides and disinsectization method are prescribed pursuant to paragraph (d) of this section:

(1) The insecticide shall be either Insecticidal Aerosol G-382, the formula of which is given below, or an insecticide found by the Surgeon General of the Public Health Service, upon application by an interested person, to be substantially as effective as Insecticidal Aerosol G-382;

FORMULA FOR INSECTICIDAL AEROSOL G-382

	Percent by weight
Pyrethrum extract, purified (20% pyrethrins)	5
DDT (aerosol grade)	3
Cyclohexanone	5
Lubricating oil (SAE 30)	2
Freon "12"	85

(2) The method of disinsectization shall be as follows:

(i) The insecticide shall be dispensed in the amount of not less than 5 grams for each 1000 cu. ft. of enclosed space in the aircraft, and shall be released or sprayed throughout all accessible compartments.

(ii) Disinsectization may be accomplished either while the aircraft is in flight or while on the ground prior to take-off, but in no case shall disinsectization be accomplished later than 30 minutes prior to the first landing at a United States port.

(iii) The ventilation system shall be stopped and all openings to the exterior kept closed while the insecticide is being released or sprayed, and for a period of not less than 3 minutes thereafter. If disinsectization is accomplished on the ground prior to take-off, the ventilation system may be opened at the end of such period, provided that the system is equipped with filters or other means for preventing the entrance of insects into the aircraft, but doors, windows, or other such openings to the exterior shall be kept closed until after the take-off, except in the case of emergency, or to permit persons applying the insecticide to debark.

PART 150—ARREST AND DEPORTATION

SUSPENSION OF DEPORTATION

AUGUST 9, 1938.

Paragraphs (b) (3), (b) (4), and (d) of § 150.10, Chapter I, Title 8, Code of Federal Regulations, are amended to read as follows:

§ 150.10 *Special procedure; application by an alien prior to arrest for suspension of deportation.* * * *

(b) *Eligibility.* An alien is eligible to be considered for suspension of deportation if:

* * * * *

(3) He is not ineligible for naturalization or, if ineligible, such ineligibility is solely by reason of his race; and

(4) It is found that:

(i) Such deportation would result in serious economic detriment to a citizen or a legally resident alien who is the spouse, parent, or minor child of such alien; or

(ii) Such alien has resided continuously in the United States for seven years or more and was residing in the United States on July 1, 1948.

* * * * *

(d) *Documents and investigation required.* Where a warrant of arrest has been issued under this section and Forms I-256 and I-55 have been accepted as a prima facie showing of eligibility for suspension of deportation, the alien shall be advised:

(1) To obtain promptly and furnish to the officer in charge:

(i) Official certifications to establish his relationship to those he claims would suffer economic detriment by his deportation and, if such persons are citizens of the United States, evidence of their citizenship; or

(ii) Documentary evidence that he has resided continuously in the United States for seven years or more and was residing in the United States on July 1, 1948.

(2) To submit the affidavits of two witnesses, preferably citizens, and if the alien is employed, one from his employer, who can vouch for the alien's good moral character for the preceding five years.

The officer in charge shall obtain verifications of such entries of the alien and other persons as are pertinent to the case and shall also cause an investigation to be conducted for the purpose of obtaining facts which will bear upon the alien's claim to eligibility for relief under the provisions of paragraph (b) of this section. The investigating officer shall make a written report of his investigation to be included in the record.

This order shall become effective on the date of its publication in the FEDERAL REGISTER. Compliance with the provisions of section 4 (a) of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003) as to notice of proposed rule making is found to be contrary to the public interest because Public Law 863, 80th Congress, which is implemented by these rules, became effective on July 1, 1948, and the execution of functions of the Immigration and Naturalization Service under that statute would be unduly impeded by such notice. For the same reason it is found that the provisions of section 4 (c) of the Administrative Procedure Act providing for delayed effective date are inapplicable.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 52021]

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADE

SHORTAGE AFFIDAVITS AND POST ENTRIES

Section 4.12, Customs Regulations of 1943, as amended, relating to correction of manifests, further amended.

The first two sentences of § 4.12 (c), Customs Regulations of 1943 (19 CFR, Cum. Supp., 4.12 (c)), relate only to cases of overage in a vessel's cargo. As the third sentence is intended to relate to cases of shortage as well as overage in bulk merchandise, and the inclusion of that sentence in paragraph (c) has given the mistaken impression that it related only to overage cases, it is believed desirable to clarify the regulation by placing the third sentence in a separate paragraph and amending it to make it expressly applicable to shortages as well as overages.

Therefore, § 4.12, Customs Regulations of 1943 (19 CFR, Cum. Supp., 4.12), as amended, is further amended by deleting the last sentence of paragraph (c), redesignating paragraph (d) as paragraph (e), and adding a new paragraph (d) to read as follows:

(d) A correction in the manifest shall not be required in the case of bulk merchandise if the collector is satisfied that the difference between the manifested quantity and the quantity unladen, whether the difference constitutes an overage or a shortage, is an ordinary and usual difference properly attributable to absorption of moisture, temperature, faulty weighing at the port of lading, or other similar reason.

PART 8—LIABILITY FOR DUTIES, ENTRY OF IMPORTED MERCHANDISE

DATE OF ENTRY; ENTRY OF TOOLS OF TRADE

Sections 8.4, 8.50, and 8.51, Customs Regulations of 1943, relating to formal, appraisement, and informal entries, amended.

1. Section 8.4 (b), Customs Regulations of 1943 (19 CFR, Cum. Supp., 8.4 (b)), is amended as follows:

The first sentence is deleted and the following is substituted therefor: "The date of entry is the date on which an entry is officially accepted by a collector of customs. A formal consumption entry or a warehouse entry shall be officially accepted on the date that the importer has completed the performance of all acts required of him which are necessary to secure the issuance of a consumption entry permit or a permit for the transfer of the merchandise to a bonded warehouse."

The following sentence is added at the end of the paragraph: "As to dates that appraisement entries, informal entries on customs Form 5119, and informal mail entries are officially accepted, see §§ 8.50

(g) and 8.51 (e), and § 9.3 (c) of this chapter.

(Sec. 624, 46 Stat. 759; 19 U. S. C. 1624)

2. Section 8.50, Customs Regulations of 1943 (19 CFR, Cum. Supp., 8.50), is amended as follows:

Paragraph (a) is amended to read:

§ 8.50 *Entry by appraisement.* (a) Application for an entry by appraisement shall be made in triplicate on customs Form 7500.

Paragraph (b) is amended to read:

(b) An application for an entry by appraisement may be approved by the collector without securing the approval of the Commissioner's office for articles described in section 498 (a) (2), (3), (4), (5), (7), or (8), Tariff Act of 1930.[39] As the value of articles of the following descriptions cannot be declared, an application for an entry by appraisement for any such articles pursuant to section 498 (a) (10),[39] Tariff Act of 1930, may be approved by the collector without the approval of the Commissioner's office:

(1) Articles which are second-hand;

(2) Articles which have become deteriorated or damaged before importation otherwise than as specified in section 498 (a) (2);

(3) Articles which are not the subject of a commercial transaction; and

(4) So-called overages or dock accumulations which cannot be identified with any particular shipment.

Entry by appraisement for articles not provided for above shall be allowed only with the approval of the Commissioner's office. Each request for such approval shall be filed in triplicate with the collector and shall state in detail the reasons for the request for entry by appraisement.

Paragraph (d) is deleted; paragraph (c) is redesignated paragraph (d); and a new paragraph (c) is added to read as follows:

(c) An application for an entry by appraisement shall not be approved after the merchandise has been appraised or released from customs custody, nor for damaged merchandise when the damage occurs after importation.

Paragraph (e) is amended by deleting "After acceptance, the entry" and substituting therefor "After submission, if acceptable, the application".

The parenthetical matter at the end of paragraph (f) is deleted and a new paragraph (g) is added to read as follows:

(g) An entry by appraisement shall be officially accepted on the date that the importer has completed the performance of all acts required of him which are necessary to secure a permit to release, including the deposit of estimated duties on the basis of the appraiser's report if any are due. (Sec. 498, 46 Stat. 728; 19 U. S. C. 1498)

3. Section 8.51, Customs Regulations of 1943 (19 CFR, Cum. Supp., 8.51), as amended by T. D. 51560 (11 F. R. 13298), is further amended as follows:

Paragraph (a) is amended by substituting "prepared" for "accepted" in the third and fifth sentences and by revising the fourth sentence to read as follows: "This form may also be used for the entry of household or personal effects or tools of trade entitled to free entry under paragraph 1632, 1747 (first clause), or 1798, Tariff Act of 1930, but any such articles imported in the baggage of their owner shall ordinarily be included in his baggage declaration."

The parenthetical matter at the end of paragraph (d) is deleted and a new paragraph (e), reading as follows, is added:

(e) An informal entry on customs Form 5119 shall be officially accepted on the date that the estimated duties or the free entry documents are received by the appropriate customs officer at the port where the entry is to be accounted for and scheduled.

PART 8—LIABILITY FOR DUTIES, ENTRY OF IMPORTED MERCHANDISE

INVOICES

T. D. 49501, providing for additional information on customs invoices of braids, plaits, laces, and willow sheets or squares, amended. Section 8.13 (i), Customs Regulations of 1943, as amended, further amended.

The first paragraph of T. D. 49501, providing for additional information on invoices of braids, plaits, laces, and willow sheets or squares subject to the provisions of item 1504 (a) of the trade agreement with Switzerland, by requiring a statement of the gross and net weights of such articles, is amended to provide that "invoices of imported braids, plaits, laces, and willow sheets or squares subject to the provisions of item 1504 (a) of the trade agreement with Switzerland (T. D. 48093), and invoices of imported braids and bandings subject to the provisions of the first item 1529 (a) of the said trade agreement shall contain a statement showing the gross weight of each package and the net weight per piece of each different pattern contained in each package."

This amendment shall be effective as to invoices certified after 30 days after the publication of this notice in the weekly Treasury Decisions.

(Sec. 481 (a) (10), 46 Stat. 719; 19 U. S. C. 1481 (a) (10))

Section 8.13 (i), Customs Regulations of 1943 (19 CFR, Cum. Supp., 8.13 (i)), as amended, is hereby further amended by changing to a comma the period following the item "Braids, plaits, laces, and willow sheets or squares subject to the provisions of item 1504 (a), Swiss Trade Agreement (T. D. 48903)" and adding "and braids and bandings subject to the provisions of the first item 1529 (a) of the said trade agreement"; and by changing to a semicolon the period following the date opposite said item and adding the number and date of this decision.

PART 25—CUSTOMS BONDS

BONDS AND BONDED WAREHOUSES

Sections 19.2, 19.3, 19.4, 25.3, 25.4, and 25.5, Customs Regulations of 1943, amended.

1. Section 19.2, Customs Regulations of 1943 (19 CFR, Cum. Supp., 19.2), is hereby amended by deleting "in duplicate" or ", in duplicate," wherever either appears in paragraph (a), (b), or (c), by redesignating paragraph (d) as (e), and by adding a new paragraph (d) reading as follows:

(d) On approval of the application to bond a proprietor's manufacturing warehouse, class 6, a bond shall be executed in duplicate on customs Form 3583. In the case of a bonded smelting and refining warehouse, class 7, the bond shall be executed with the required number of copies and in the form prescribed in T. D. 50267. All documents referred to in paragraph (b) of this section as may relate to proprietor's warehouse bonds, class 6 or 7, shall be submitted in duplicate.

(Secs. 555, 556, 624, 46 Stat. 743, 759; 19 U. S. C. 1555, 1556, 1624)

2. Section 19.3 (a), Customs Regulations of 1943 (19 CFR, Cum. Supp., 19.3 (a)), is hereby amended to read as follows:

§ 19.3 *Bonded warehouses; alterations; suspensions; discontinuance.* (a) Alterations in bonded warehouses, class 6 or 7, may be made by permission of the collector, unless they constitute a material change in the premises, in which case the approval of the Bureau is required. All alterations to warehouses of class 2, 3, 4, 5, or 8, or combinations thereof, may be made by permission of the collector without approval of the Bureau.

(Secs. 555, 556, 624, 46 Stat. 743, 759; 19 U. S. C. 1555, 1556, 1624)

3. Section 19.3 (c), Customs Regulations of 1943 (19 CFR, Cum. Supp., 19.3 (c)), is hereby amended by inserting after the first sentence the following sentence: "The collector may take similar action in the case of a warehouse of class 2, 3, 4, 5, or 8."

(Secs. 555, 556, 624, 46 Stat. 743, 759; 19 U. S. C. 1555, 1556, 1624)

4. Section 19.4, Customs Regulations of 1943 (19 CFR, Cum. Supp. 19.4), is hereby amended by adding the words "and sanitary" after the word "safety" in the headnote; by deleting the parenthetical matter after paragraph (c); and by adding a new paragraph (d) reading as follows:

§ 19.4 *Offices; safety and sanitary requirements.* * * *

(d) In the case of merchandise subject to the Federal Food, Drug, and Cosmetic Act particular care shall be exercised by the warehouseman to keep the premises clean and free of rodents, insect infestation, trash, or other insanitary conditions. (Secs. 555, 556, 624, 46 Stat. 743, 759; 19 U. S. C. 1555, 1556, 1624)

Bureau Circular Letter No. 2513 shall be cited as a marginal reference opposite § 19.4 (d).

5. Section 25.3 (a) (1), Customs Regulations of 1943 (19 CFR, Cum. Supp., 25.3 (a) (1)), is hereby amended to read as follows:

§ 25.3 *Bonds approved by Commissioner of Customs; form and execution.* (a) * * *

(1) Proprietor's manufacturing warehouse bond, class 6, customs Form 3583, in an amount to be recommended by the collector, but not less than $5,000 on each building or area and not more than $50,000 on all buildings or areas, unless the Commissioner believes additional security necessary. Buildings connected by loading platforms or sheds shall be considered as separate buildings. It shall be prepared in duplicate and, after execution by the principal and surety, delivered to the collector of customs to be forwarded to the Bureau with his recommendation, together with all reports, documents, and drawings filed in connection therewith.

(Sec. 30, 52 Stat. 1089, sec. 624, 46 Stat. 759; 19 U. S. C. 1623, 1624)

6. Section 25.3 (a), Customs Regulations of 1943, is hereby further amended by deleting subparagraph (4) and renumbering subparagraphs (5) and (6) as (4) and (5), respectively.

(Sec. 30, 52 Stat. 1089, sec. 624, 46 Stat. 759; 19 U. S. C. 1623, 1624)

7. Section 25.4 (a), Customs Regulations of 1943 (19 CFR, Cum. Supp., 25.4 (a)), is hereby amended by redesignating subparagraphs (1) to (17) as subparagraphs (2) to (18); by redesignating subparagraphs (18) to (30) as subparagraphs (20) to (31), and by inserting new subparagraphs (1) and (19) reading as follows:

(1) Proprietor's warehouse bond, customs Form 3581 in the amount of $5,000 on each building or area covered, but not to exceed $50,000 on all buildings or areas unless the collector believes additional security necessary. Buildings connected by loading platforms or sheds shall be considered as separate buildings. All reports, documents, and drawings submitted in connection with the bonding of the warehouse shall be filed with the bond.

* * * * *

(19) Blanket vessel, vehicle, or aircraft term bond, customs Form 7569, in the amount of $10,000, or such larger amount as may be fixed by the collector of customs at the port where the bond is filed. A carrier desiring to execute such a bond shall file an application for permission to execute the bond with the collector of customs at any headquarters port. The bond shall be accompanied by a copy for each port named therein.

* * * * * *

(R. S. 161, sec. 30, 52 Stat. 1089, sec. 624, 46 Stat. 759, secs. 1, 2, 52 Stat. 758, 759; 5 U. S. C. 22, 19 U. S. C. 1623, 1624, 46 U. S. C. 91, 92)

8. Section 25.5 (a), Customs Regulations of 1943 (19 CFR, Cum. Supp., 25.5 (a)), is hereby amended to read as follows:

§ 25.5 *General instructions.* (a) The names of the principal and sureties and their respective places of residence shall appear in full in the body of the bond.

The signature of each party to a bond executed by a non-corporate principal or surety shall be witnessed by two persons, who shall sign their names as witnesses, followed by their addresses. No witnesses are required where bonds are executed by properly authorized officers or agents of a corporate principal or a corporate surety. If the bond is executed by an authorized officer of a corporation, the officer's signature shall be properly attested under the corporate seal.

Chapter VIII—Office of the Housing Expediter

[Controlled Housing Rent Reg.,[1] Amdt. 34]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

CONTROLLED HOUSING RENT REGULATION

The Controlled Housing Rent Regulation (§ 825.1) is amended in the following respect:

1. Schedule B is amended by incorporating Item 30 as follows:

30. Provisions relating to the Galesburg Defense-Rental Area, State of Illinois.

Increase in maximum rents based upon the recommendation of the Local Advisory Board. Pursuant to the provisions of and subject to the limitations contained in the Housing and Rent Act of 1947, as amended, the maximum rents for all housing accommodations in the Galesburg Defense-Rental Area shall be increased 18 percent, effective September 1, 1948, except in cases in which the maximum rents have been adjusted un-

der section 5 (a) (12) of the rent regulations prior to the effective date of this amendment. All provisions of this regulation insofar as they are applicable to the Galesburg Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

This amendment shall become effective September 1, 1948.

Issued this 1st day of September 1948.

TIGHE E. WOODS,
Housing Expediter.

Statement to Accompany Amendment 34 to the Controlled Housing Rent Regulation

The Local Advisory Board for the Galesburg Defense-Rental Area, Illinois, has, in accordance with section 204 (e) (1) (B) of the Housing and Rent Act of 1947, as amended, recommended an increase of 18 percent in the general rent level in the Galesburg Defense-Rental Area, Illinois, except in cases in which the maximum rents have been adjusted under section 5 (a) (12) of the rent regulations prior to the effective date of this amendment.

The Housing Expediter has found that these recommendations are appropriately substantiated and are in accordance with applicable law and regulations and is therefore issuing this amendment to effectuate these recommendations.

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

RENT REGULATION FOR CONTROLLED ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS

The Rent Regulation for Controlled Rooms in Rooming Houses and other Establishments (§ 825.5) is amended in the following respect:

1. Schedule B is amended by incorporating Item 31 as follows:

31. Provisions relating to the Galesburg Defense-Rental Area, State of Illinois.

Increases in maximum rents based upon the recommendation of the Local Advisory Board. Pursuant to the provisions of and subject to the limitations contained in the Housing and Rent Act of 1947, as amended, the maximum rents for all housing accommodations in the Galesburg Defense-Rental Area shall be increased 18 per cent, effective September 1, 1948, except in cases in which the maximum rents have been adjusted under section 5 (a) (9) of the rent regulations prior to the effective date of this amendment. All provisions of this regulation insofar as they are applicable to the Galesburg Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

This amendment shall become effective September 1, 1948.

Issued this 1st day of September 1948.

TIGHE E. WOODS,
Housing Expediter.

Statement to Accompany Amendment 34 to the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments

The Local Advisory Board for the Galesburg-Defense Rental Area, Illinois, has, in accordance with section 204 (e) (1) (B) of the Housing and Rent Act of 1947, as amended, recommended an increase of 18 percent in the general rent level in the Galesburg Defense-Rental Area, Illinois, except in cases in which the maximum rents have been adjusted under section 5 (a) (9) of the rent regulations prior to the effective date of this amendment.

The Housing Expediter has found that these recommendations are appropriately substantiated and are in accordance with applicable law and regulations and is therefore issuing this amendment to effectuate these recommendations.

TITLE 32—NATIONAL DEFENSE

Chapter II—National Guard and State Guard, Department of the Army

PART 201—NATIONAL GUARD REGULATIONS

MISCELLANEOUS AMENDMENTS

1. The opening portion and subparagraph (4) of § 201.1 (e) are amended to read as follows:

§ 201.1 *Appointment.* * * *

(e) *Appointment of medical and dental officers and chaplains who are one grade higher than prescribed by applicable T/O & E (effective until 1 January 1951).* Vacancies for medical and dental officers and chaplains in the National Guard may be filled by assignment thereto of qualified individuals who are one grade higher than that specified by applicable T/O & E, subject to the following provisions:

* * * * *

[1] 12 F. R. 4302, 5423, 5457, 5699, 6027, 6686, 6923, 7111, 7630, 7825, 7998, 8660; 13 F. R. 6, 62, 181, 216, 294, 321, 442, 476, 497, 523, 828, 861, 1119, 1627, 1793, 1873, 1929, 3116, 3117, 3339, 3651, 3673, 4895.

(4) An officer so assigned, after having served for a period of at least 1 year in such assignment, will be replaced immediately upon availability of a qualified officer in the proper grade or one grade junior to that specified.

2. In § 201.2, paragraph (c) (1) (iii) (*a*) and (c) are changed, paragraph (c) (2) (vii) is added, paragraph (d) (3) (i) and (ii) are changed, paragraph (d) (4) is changed, paragraph (d) (5) is added and paragraph (e) (1) is changed, as follows:

§ 201.2 *Federal recognition.* * * *

(c) *Persons eligible.* Persons commissioned as officers of the National Guard will not be recognized as such under any of the provisions of these regulations unless they will have been selected from the following classes, and will have taken and subscribed to the oath of office prescribed in section 73 of the National Defense Act.

(1) *Initial procurement.* * * *

(iii) *Specialists from other sources.* (*a*) Wartime service or previous military training are not required for appointment and Federal recognition in the National Guard of clergymen as chaplains, doctors as medical officers, dentists as dental officers, and officers assigned to State Headquarters and Headquarters Detachments. Officers assigned to State Headquarters and Headquarters Detachments will not be eligible for reassignment to other units without meeting the full requirements for age-in-grade, age on appointment, World War II service, and physical conditions.

* * * * *

(c) Maximum age-in-grade requirements established in paragraph (d) (3) (ii) of this section apply to these officers, except officers for assignment to State Headquarters and Headquarters Detachments. Maximum age-in-grade restrictions will not apply in the appointment of officers assigned to State Headquarters and Headquarters Detachments.

* * * * *

(2) *Continuing procurement.* After initial reorganization, commissioned officers will be obtained from the following sources:

* * * * *

(vii) Effective 15 July 1948, warrant officers and enlisted men of Army units, not less than 21 nor more than 32 years of age, who have completed a minimum of 1 year's service with the armed forces, or the National Guard, or a combination of the two prior to the date of appointment, and have successfully completed such subcourses as are contained in the 10-series of the Army extension courses, and have been recommended by an examining board for appointment or commission with waiver, and are otherwise qualified; provided that after a date which shall be 1 year from the date of this provision, no such warrant officer or enlisted man shall be appointed or commissioned if he has passed his 28th birthday. (Only second lieutenants for Army units will be procured under the provisions of this subparagraph.)

(d) *Requirements for recognition.* The Chief, National Guard Bureau, will not grant Federal recognition to an officer until he has evidence that the following requirements have been met:

* * * * *

(3) *Age.* (*Effective until 1 January 1951.*)—(i) *For initial recognition.* No candidate will be examined for recognition who is less than 21 or more than 59 years old, nor unless his age is such that he can serve at least 1 year before recognition will be terminated under age limitations as set forth in subdivision (ii) of this subparagraph except that: for rated officers in tactical air units, no candidate for original commission as second lieutenant will be more than 27; as first lieutenant, more than 32; as captain, more than 37; as major, more than 40; as lieutenant colonel, more than 43; as colonel, more than 45. * * *

(ii) *For continued recognition.* The following maximum age-in-grade limitations are established for officers of the National Guard except those assigned to State Headquarters and Headquarters Detachments. An officer will be considered over the maximum age for his grade upon reaching the birthday anniversary of the year prescribed.

Assignment	2d lt.	1st lt.	Capt.	Maj.	Lt. col.	Col.
Rated officers in tactical air units	31	36	41	44	47	49
Nonrated officers (including flight surgeons) in tactical air units and all officers in nontactical air units	35	35	42	47	52	55
Other than air units	35	35	42	47	52	55

NOTE: Tactical air units include only tactical group headquarters, fighter, and light bombardment squadrons. Rated officers in wing or higher headquarters and service units will be included in the same age brackets as prescribed for nontactical air units.

(4) *Examination.* The candidate must pass such physical, moral, and professional tests as the President may prescribe, except that waivers of strict physical requirements may be granted officers assigned to State Headquarters and Headquarters Detachments, provided the defect is static in nature, not subject to complications or aggravation by reason of military duty; will not necessitate hospitalization or time-loss from duty, and will not interfere with the satisfactory performance of his military duty in his particular assignment.

(5) *Citizenship.* The candidate must be a citizen of the United States.

(e) *Termination of recognition.* Recognition of a National Guard officer terminates: (1) When:

(i) A major general has reached the age of 62 or a brigadier general has reached the age of 60.

(ii) An officer below the grade of general officer, except an officer assigned to State Headquarters and Headquarters Detachments, has passed the maximum age prescribed for his grade in paragraph (d) (3) (ii) of this section.

(iii) An officer assigned to State Headquarters and Headquarters Detachments has reached the age of 60 except in the case of a major general as prescribed in subdivision (i) of this subparagraph.

* * * * *

3. In § 201.3, paragraphs (d) and (h) are changed as follows:

§ 201.3 *Examination.* * * *

(d) *Determination of general qualifications.* The board will determine whether or not the general qualifications of the candidate indicate suitability for the military service. * * * Each applicant examined under the provisions of § 201.2 (c) (2) must have attained a score of 110 or higher in the AGCT.

* * * * *

(h) *Certificate of Eligibility (WD NGB Form 89a).* (1) WD NGB Form 89a (Certificate of Eligibility) is a written statement by the Chief, National Guard Bureau, and will be issued when the individual named therein has:

(i) Satisfactorily completed the tests and met the qualifications prescribed for a particular grade in a particular arm or service, and is therefore qualified for appointment in that grade and arm or service, or,

(ii) Successfully passed the examining board for appointment and commission under the provisions of § 201.2 (c) (2) and has been recommended for commission with waiver, and no T/O vacancy exists for his assignment. Cases of this nature will have the notation "subject to waiver requirements," added on the face of the form.

(2) If appointment or promotion to the office for which an applicant is certified as eligible is made within 2 years from the date shown on this certificate, Federal recognition will be extended without further examination other than physical.

4. § 201.4 (d) is amended to read as follows:

§ 201.4 *Waivers.* * * *

(d) *Waiver of technical requirements.* (1) When an officer is commissioned in an arm or service other than that in which he performed his wartime service or when, by reason of conversion of his unit or transfer to an arm or service other than that in which recognized, qualifications in those technical subjects not common to the two arms or services may be waived for a period of 1 year, or in exceptional cases, for such additional time as may be otherwise prescribed by the Chief, National Guard Bureau: *Provided*, That, until such time as the Corps of Military Police, Transportation Corps, and the Army Security Agency may be accorded full status as a branch of the service, officers assigned to appropriate unit vacancies therein will be commissioned in their basic arm or service, but will be required to meet such technical requirements for grade and position assignment as may be prescribed by the Provost Marshal General, Chief of Transportation, and Chief, Army Security Agency, through the Chief, Army Field Forces.

(2) Waivers of technical requirements for a period of 2 years may be granted to candidates applying for appointment and

commission under the provisions of § 201.2 (c) (2) (vii).

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 5—ADJUDICATION: DEPENDENTS' CLAIMS

MISCELLANEOUS AMENDMENTS

1. In Part 5, §§ 5.2594, 5.2595, and 5.2596 are amended to read as follows:

PAYMENT OF PENSION OR COMPENSATION TO A CHILD WHEN IT REACHES SIXTEEN OR EIGHTEEN YEARS OF AGE

Payment of Pension or Compensation Based Upon Helplessness

§ 5.2594 *Helpless child.* For the purpose of the laws authorizing the payment of death compensation or pension, the term "helpless child" shall mean a child who was permanently incapable of self-support by reason of physical or mental defect at the date of attaining the age of 16 or 18 years, whichever is applicable, and at the date of filing claim. The requirement that a child be "insane, idiotic, or otherwise mentally or physically helpless" as a prerequisite to the continuance of benefits after a child attains the age of 16 years will be considered as having been met when the evidence shows that the child is permanently incapable of self-support by reason of physical or mental defect. (Sec. 4, 41 Stat. 586, sec. 2, 44 Stat. 382, 1362; sec. 7, 57 Stat. 555, sec. 1, 58 Stat. 186; 38 U. S. C. 37, 288, 364a, 381a, Ch. 12 note)

§ 5.2595 *After age 18.* Pension or compensation otherwise payable on behalf of a helpless unmarried child will be continued from the child's eighteenth birthday without the filing of a formal claim, provided helplessness is alleged prior to or within 1 year after the date on which the child attains the age of 18 years, and evidence establishing entitlement is received within 1 year from the date of request by the Veterans' Administration. If helplessness is not alleged prior to or within 1 year after the child attains the age of 18 years, such benefits will be continued from the date of receipt in the Veterans' Administration of a communication from or on behalf of the child, alleging helplessness, provided evidence establishing entitlement is received within 1 year from the date of request by the Veterans' Administration. (Sec. 7, 57 Stat. 555; 38 U. S. C., Ch. 12 note)

§ 5.2596 *After age 16.*—(a) *Service prior to April 20, 1898.* Pension or compensation on behalf of a helpless unmarried child may be continued from the child's sixteenth birthday without the filing of a formal claim, provided helplessness was alleged in the original application; otherwise a formal application will be required.

(b) *Service in Spanish-American War, Boxer Rebellion, or Philippine Insurrection.*—(1) *Helplessness at 16.* Pension or compensation may be continued on behalf of a legitimate unmarried child who became helpless prior to attaining the age of 16 years, without the filing of a formal claim, provided helplessness is alleged prior to or within 1 year after the date on which the child attains the age of 16 years, and evidence establishing entitlement is received within 1 year from the date of request by the Veterans' Administration. If helplessness is not alleged prior to or within 1 year after the child attains the age of 16 years, such benefits will be continued from the date of receipt in the Veterans' Administration of a communication from or on behalf of the child alleging helplessness provided evidence establishing entitlement is received within 1 year from the date of request by the Veterans' Administration. Pension under the act of May 1, 1926, as reenacted, will be payable at the rate set forth in § 5.2634 (a) (1) or (a) (2) (i). Compensation will be payable at the rate set forth in § 5.2624. (Sec. 4, 41 Stat. 586, sec. 2, 44 Stat. 382, 1362, sec. 1, 58 Stat. 186; 38 U. S. C. 37, 288, 364a, 381a)

(2) *Helplessness at 18.* Where the child's entitlement to pension under the act of May 1, 1926, as reenacted, arises pursuant to sections 1 and 7, Public Law 144, 78th Congress, the rate payable will be that set forth in § 5.2634 (c) where there is a widow, or the rate set forth in § 5.2634 (a) (2) (ii) where there is no widow. Compensation will be payable at the rate set forth in § 5.2624.

(c) *Public Law 280, 78th Congress (Act of April 1, 1944).* The continuance of pension or compensation is authorized under the provisions of Public Law 280, 78th Congress, without regard to whether the child was under or over the age of 16 years at the date of the veteran's death, if helplessness existed at the date of attaining the age of 16 years and exists at the date of filing claim. These benefits terminate upon marriage, except that awards approved prior to April 1, 1944, are not subject to this provision. The application of this law is restricted to claims based on service rendered prior to April 20, 1898, or based on service rendered in the Spanish-American War, Boxer Rebellion, or Philippine Insurrection, where the child meets the definition of a child contained in the act of May 1, 1926, as re-enacted, and without reference to section 7, Public Law 144, 78th Congress. (58 Stat. 186, 38 U. S. C. 37)

2. In Part 5, the title of § 5.2598 is changed, paragraphs (c) and (f) thereof are amended and paragraph (h) is added to read as follows:

Payment of Pension or Compensation Based on School Attendance

§ 5.2598 *Effective dates.* Except as outlined in § 5.2500 pertaining to original claims, the effective dates of payments on account of school attendance will be as follows:

* * * * *

(c) *Holiday or vacation periods.*—(1) *Continuance during holidays or vacation period.* In a claim where evidence is submitted showing that the child was attending a course of instruction in an approved institution at the close of a regular school term and intends to resume attendance at the next regular term, either in the same or a different institution, the award will be continued during the intervening holiday or vacation period, if all other requirements are met: *Provided,* That where the child does not actually resume attendance, the award will be discontinued as of the day preceding the date of such failure to pursue a course or as of the date of last payment, whichever is the earlier: *Provided further,* That payments will not be authorized retroactively for the vacation period where the child fails to resume attendance at the end of such period.

(2) *Evidence received during vacation period.* Where evidence is received during a holiday or vacation period, awards continuing or resuming payments will not be withheld until the vacation period has elapsed and commencement of the course has been reported by the school but will be approved without delay if otherwise in order.

(3) *Notice during vacation period that course will not be commenced.* Upon receipt of notice during a vacation or holiday period that a child will not commence or resume attendance at the next regular term, the ending date of the school award will be the date of last payment but not prior to the date of expiration of the last regular term nor subsequent to the day preceding the date of commencement of the next regular term.

(4) *Report of failure to commence or resume course.*—(i) *If award has been made.* If notice as described in the preceding subparagraph has not been received, and it is ascertained after the close of the holiday or vacation period that the child has failed to commence or resume an approved course at the next regular term, or if the required evidence of attendance is not received from the school within 10 days after the date of follow-up request after the date of commencement (see Veterans' Administration adjudication procedure), payments will be discontinued effective the day preceding the date on which the course was to have been commenced or resumed or the date of last payment, whichever is the earlier: *Provided,* That if the reason for the failure to commence or resume the course was the marriage of the child, the ending date will be the day preceding the marriage: *Provided further,* That if no payments have been made, the award will be reduced or discontinued from its effective date but not prior to the date of expiration of the last regular term.

(ii) *If award has not been made.* If notice as provided in subparagraph (c) (3) or report of failure to commence or resume a course following a vacation or holiday period is received before an award has been made, pursuant to approval of a course of instruction, benefits that may be payable by reason of prior pursuit of an approved course will not be authorized through the vacation or holiday period.

(5) *Resumption of payments after discontinuance for failure to submit notice of commencement.* Payments reduced or discontinued pursuant to paragraph (c) (4) (i) of this section for failure to submit VA Form 674b within 10 days from the date of request therefor, pursuant to Veterans' Administration adjudication procedure, will be resumed, if otherwise in order, from the effective date of such reduction or discontinuance upon receipt within 1 year from that date of VA Form 674b showing attendance at the commencement of term for which such benefits were denied.

(6) *Ending dates of school awards.* If VA Forms 8-674 and 8-674a show the year, month, and day on which it is expected the course will be terminated, the ending date of the school award will be the earliest date shown. If one form shows only the month and year and the other shows a definite date in an earlier month, the definite date will be accepted. In all other instances, the earliest month shown in either form will be accepted, and the ending date of the school award will be the last day of the preceding month.

* * * * *

(f) *Apportionment.* In any case wherein death pension or compensation is currently being paid and an apportioned award is to be made for a child who commences or recommences an approved course of instruction, the rate payable to or for such child from the eighteenth birthday, date of commencement of school attendance, date of application, or the date of receipt of such evidence, whichever is applicable under paragraphs (a), (b), (c), or (d) of this section, to the first of the month next succeeding that in which the changed award is approved shall be only the difference between the amount of pension or compensation currently being paid and the total amount payable by reason of including such child among the dependents for whom benefits are being paid. On and after the first of the month next succeeding that in which the changed award is approved, the pension or compensation will be apportioned as provided in § 5.2591 (c).

* * * * *

(h) *Evidence requirements.*—(1) *General.* The requirement that evidence of school attendance must be filed will be considered as having been met when notice of such school attendance, meeting the requirements of an informal claim, is received, provided the necessary formal evidence on VA Forms 8-674 and 8-674a is filed within 1 year from the date of request.

(2) *Accrued benefits only.* When a claim for accrued benefits is filed by or on behalf of a veteran's child over 18 but under 21 years of age who was pursuing a course of instruction at the time of the payee's death and payment of accrued benefits only is involved, evidence of school attendance will consist of VA Form 674c executed jointly by the child and the school official. When the payee's death occurred during a school vacation period, the requirements will be considered to have been met if the child was carried on the school rolls on the last day of the regular school term immediately preceding the date of the payee's death.

(Sec. 5, 43 Stat. 608, secs. 1, 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. 426, 707)

PART 20—GUARDIANSHIP AND LEGAL ADMINISTRATION

AMOUNT OF BENEFITS PAYABLE TO LEGAL CUSTODIAN OR CUSTODIAN-IN-FACT; PAYMENTS TO BONDED OFFICER OF INDIAN RESERVATIONS

1. In Part 20, the basic paragraph of § 20.5205 is amended to read as follows:

§ 20.5205 *Amount of benefits payable by Veterans' Administration to legal custodian or custodian-in-fact; payments to bonded officer of Indian reservations.* When a claimant under legal disability is found entitled to any benefit payable by the Veterans' Administration, the accrued amount of which at the time of the execution of Veterans' Administration Form 2-555, Certificate of Legal Custody, is $700 or less, or the monthly rate of which is $65 or less, or if the finding is in favor of two or more claimants under legal disability and the accrued amount is $1,000 or less, or the combined monthly rates for two claimants amount to $90 or less, for three claimants $115 or less, plus monthly payments of $20 for each additional claimant and no legal guardian or committee has been appointed, the awards shall be made upon proper finding to the person legally vested with the responsibility or care of such claimant or claimants; *Provided,* That the best interests of the claimant or claimants will be served thereby and the legal custodian is properly qualified. (Pub. Law 868, 80th Cong.)

Department of the Army

ORGANIZATION, FUNCTIONS AND PROCEDURES OF AGENCIES DEALING WITH THE PUBLIC

DESCRIPTION OF CENTRAL AND FIELD AGENCIES

The Description of Central and Field Agencies, which formerly appeared in the Code of Federal Regulations as Part 1, Subtitle A, Title 10, is amended by changing section 1.10, and by adding a new section 1.29, as follows:

SECTION 1.10 *Director of Intelligence.* The Director of Intelligence, General Staff, United States Army, is the individual responsible in the Department of the Army for the collection and evaluation of information and for the production and dissemination of intelligence pertaining to the war potential, topography, military forces, and military and related activities of foreign countries and pertaining to the strategic vulnerability of the continental United States. He is responsible for producing intelligence relating to activities or conditions within the United States which threaten internal security and which might require the employment of troops and for producing intelligence relating to the activities of individuals or agencies potentially or actually dangerous to the security of the Army within the zone of interior. The Director of Intelligence supervises counterintelligence activities and military intelligence and counterintelligence training matters, and prepares training policies and plans in this field in accordance with the over-all training policies established by the Director of Organization and Training. He is responsible for the accomplishment of Army signal intelligence and communication security missions, utilizing the Army Security Agency for this purpose, and exercises supervision over personnel of the Military Intelligence Reserve and Army Security Reserve, recommending their mobilization assignments to the Director of Personnel and Administration. The Director of Intelligence represents the Department of the Army on intelligence and counterintelligence matters in its relations with other Departments and agencies of the United States Government and with foreign governments, operates the military attaché system, and provides the official channel of liaison between the Department of the Army and foreign military representatives on duty or visiting in the United States. He is responsible for meeting the intelligence requirements of the Chief of Staff, the General Staff, the Administrative and Technical Services, and the major commands. Since intelligence is a vital function of command, all army commanders must have adequate intelligence organizations. These organizations mutually support and collaborate with each other under the general coordination of the Director of Intelligence, General Staff, United States Army.

* * * * * *

SEC. 1.29 *Communications*—(a) *How addressed.* (1) Matters requiring the attention of the Secretary, the Under Secretary, or an Assistant Secretary of the Army will be addressed to the above individuals by title, Washington 25, D. C.

(2) Matters requiring the attention of the Chief of Staff or the Deputy Chief of Staff, United States Army, or the attention of more than one of the divisions of the General or Special Staffs will be addressed to the Chief of Staff, United States Army, Washington 25, D. C. Correspondence requiring the attention of a single division of the General or Special Staffs may be addressed to the head of the division by title, General or Special Staff (as the case may be), United States Army, Washington 25, D. C.

(3) Matters requiring the attention of an Administrative or Technical Service will be addressed to the head of the service by title, Department of the Army, Washington 25, D. C.

(b) *Communications addressed to The Adjutant General.* Except as provided in paragraph (a) of this section, all communications requiring the attention of Headquarters, Department of the Army, will be addressed to The Adjutant General, Department of the Army, Washington 25, D. C.

[Central Valley Project 2]

CENTRAL VALLEY PROJECT, CALIFORNIA

PUBLIC NOTICE OF ANNUAL WATER RENTAL CHARGES

AUGUST 2, 1948.

1. *Water rental.* Irrigation water will be furnished, when available, upon a rental basis during the irrigation season of 1949 (January 1, 1949 to December 31, 1949, inclusive), to the irrigable lands in the San Joaquin River area of the Central Valley Project.

2. *Charges and terms of payment.* The water rental charge shall be $1.50 per acre-foot of water for all classes of use such as grassland, wild fowl, percolation, or crop water. The water rental charge for surplus operational spill water, if and when available as determined by the District Manager, shall be $0.10 per acre-foot. The purchase of surplus operational spill shall in nowise affect the obligation of the water user to pay for crop, grassland, wild fowl, or percolation water contracted for. All charges shall be payable by the water user to the United States in advance of the delivery of water.

3. *Delivery of water.* The United States will release from storage, divert, or otherwise allow to flow to an agreed point or points of delivery sufficient water as available to cover the requirements of the water user.

4. Applications for water may be made by the landowner or by anyone who presents evidence satisfactory to the District Manager that he is the tenant or lessee of the land for which water is requested or that he has been authorized by the owner or district to make a water application for such land.

5. Applications for water service and the payments required will be received on or after December 1, 1948, at the office of the District Manager, Merced, California.

GENERAL ORGANIZATION AND FUNCTIONS

1. *Creation.* The Office of Domestic Commerce was established by Department Order No. 10 of December 18, 1945, by consolidating functions formerly carried out by certain organizational units of the Bureau of Foreign and Domestic Commerce as follows: (a) the functions of the Trade Association Unit, (b) the functions of the Division of Industrial Economy, except those concerned with foreign trade, (c) the functions of the Distribution Division, except those concerned primarily with small business, and (d) the functions of the Construction Division. Subsequent Department Orders have transferred to the Office of Domestic Commerce the functions of the Office of Materials Distribution and the Office of Small Business.

2. *General purpose and functions.* The general functions of the Office of Domestic Commerce are (a) to promote the domestic commerce of the United States by (1) stimulating the profitable operation of the manufacturing, construction, distribution, transportation and service industries, in order to achieve and sustain full and efficient production and employment; (2) providing factual, analytical and interpretative data on commodities, industry and transportation, and marketing as basic guides for business and industry in trade maintenance and expansion programs; (3) maintaining good working relationships with trade associations and other groups representing industry; and (4) assisting state and regional planning organizations in promoting the economic development of regions and areas;

(b) To serve as the agency through which the Department's services may be made available to small business and through which the small businessman's interests may be brought to the attention of the Department and other executive agencies and establishments; and

(c) To administer functions assigned to the Department of Commerce in connection with economic control and adjustment programs as delegated by the Secretary under provisions of law and Executive Orders (e. g., Title III of the Second War Powers Act of 1942, as amended; Public Law 395, 80th Congress; Public Law 520, 79th Congress; Public Law 469, 80th Congress; Public Law 793, 80th Congress; and implementing Executive Orders).

3. *General organization.* Within the Office of Domestic Commerce are the (a) Office of the Director, (b) Area Development Division, (c) Marketing Division, (d) Small Business Division, (e) Trade Association Division, (f) Transportation Division, (g) Chemicals Division, (h) Food Division, (i) Forest Products Division, (j) General Products Division, (k) Iron and Steel Division, (l) Machinery Division, (m) Non-Ferrous Metals and Minerals Division, (n) Rubber Division, (o) Textiles and Leather Division, and (p) Construction Division.

FUNCTIONS OF DIVISIONS

4. *Office of the Director.* (a) The Director of the Office of Domestic Commerce is responsible to the Assistant Secretary for Foreign and Domestic Commerce.

(b) The Office of the Director is responsible for formulating the policies, developing and coordinating the programs, and directing all operations of the Office of Domestic Commerce. In addition to the Director, who is responsible for the administration of the Office of Domestic Commerce, the Office of the Director consists of

(1) A Deputy Director, who assists the Director in supervising and directing the operations of the organization and serves as head of the office in his absence or inability to serve;

(2) An Assistant Director who has charge of the activities of the industry divisions (including the Construction Division) and certain staff groups including the Compliance Staff, the Priorities Staff, and the Industry Analysis Staff;

(3) An Assistant Director who has charge of the activities of the Area Development, Marketing, Small Business, Trade Association, and Transportation Divisions;

(4) An Assistant to the Director who has charge of the field programs and publications programs of the office;

(5) An Administrative Staff under an Administrative Officer, who assists and advises the Director on matters of organization, budget, personnel, procedures, issuance functions, and administrative services.

5. *Area Development Division.* The Area Development Division works with and assists state planning and development groups, and regional and local area development agencies in studying the economic problems and potentialities of an area as a whole, and in developing programs for making greater use of local resources and expending the industry and commerce of the area by making the date, skills and experience of the Department available to such organizations; mobilizes the resources of the Department and coordinates the activities of the other bureaus and offices with respect to specific area development projects; and participates in the work of Federal interagency committees concerned with the development of resources of river basins and other areas.

6. *Marketing Division.* The Marketing Division promotes the effective distribution of goods and services by conducting analytical studies and preparing basic data for the use of business in assaying marketing potentials, formulating sales quotas, delineating trading areas, and developing more efficient and economical distribution and marketing practices; compiles distribution cost analyses to provide techniques whereby business firms may determine profitable and unprofitable areas of operation as they apply to customers, commodities, territories, channels, and functions; analyzes operating cost ratios in the distributive trades, and prepares programs for reducing the cost of distribution; conducts special wholesale and retail studies dealing with efficient methods of operation, layout, goods handling, warehousing and similar activities; works with the National Distribution Council and the Retail Trade Advisory Committee in furtherance of their programs; and provides advisory service in the field of trade regulations, Federal and State.

7. *Small Business Division.* The Small Business Division makes the data, skills, and experience of the Department available to the small business community by collecting, analyzing and disseminating information and data found to be of special importance to the small businessman; conducts research and study on managerial and other small business problems, and publishes the results of such research; administers the Department's university extension service, through which schools of business administration, bureaus of business research, and other organizations are encouraged to offer courses appropriate to the management of small business, plan and develop research projects with and in behalf of small business groups, and otherwise use their facilities and resources for the benefit of small business; promotes and establishes cooperative relationships beneficial to small business with business, civil and governmental groups; and actively represents small manufacturers and suppliers of the country with respect to their interest and need for participation in Federal procurement programs. The Director of the Office of Domestic Commerce is authorized to perform any duties not hereinlisted which were previously performed by the Director of the Office of Small Business and required by law or executive order.

8. *Trade Association Division.* The Trade Association Division serves as the Department's point of contact with trade associations and other types of

non-profit trade groups by promoting closer liaison with such groups through conventions, conferences, trade journals, bulletins, and committees; encourages cooperation between groups interested in similar objectives or general business problems; obtains recommendations from such groups with respect to the domestic commerce programs and activities of the Department; and collects, compiles, and publishes information concerning such national associations and local groups.

9. *Transportation Division.* The Transportation Division performs a continuous appraisal and evaluation of all types of domestic and territorial transportation and public utilities, as well as United States international sea and air services, in order to ascertain and promote their ability to meet efficiently and economically the current and potential needs of commerce; analyzes the services, rates, practices, organization; and regulation of the transportation and public utilities industries; studies the movement of traffic and indicates the effect of transportation factors on production, distribution and location of industry; furnishes information on transportation and public utility problems to the office, the Department, and the business community; and assists in the development and coordination of the Department's transportation policies.

10. *Industry Divisions.* Each of the industry divisions, except the Construction Division, treated in section 11 below (i. e., *Chemicals, Food, Forest Products, General Products, Iron and Steel, Machinery, Non-Ferrous Metals and Minerals, Rubber,* and *Textiles and Leather Divisions*) plans, develops and prepares for publication basic statistical and economic data on the industries within its area of specialization, and issues periodic industry reports to provide businessmen with the latest information on current and prospective trends in such industries and commodities; prepares production analyses and consumption requirements to maintain currently a complete supply and demand picture for each industry concerned; conducts research projects and studies on specific phases of the industries within its area of specialization, useful to industry in current operations and long-range planning, conducts industry surveys as a basis for policy decisions on national and international economic problems by the Department and other Government agencies requiring such data in connection with their specific responsibilities; provides the necessary analytical and statistical information on commodities and industries to assist the Department in fulfilling its responsibilities under the Voluntary Agreements Program (Public Law 395, 80th Congress and Executive Order 9919); prepares production, supply, and requirements studies on materials and products to determine the amounts that may be exported and makes recommendations in connection with the administration of export controls; carries out the civilian deficiency provisions under the Strategic and Critical Materials Stockpiling Act (Public Law 520, 79th Congress and Executive Order 9841); and, under the provisions of the Second Decontrol Act, as amended, prepares studies of products critically needed here and recommends that such products be eligible for priorities assistance to increase production abroad when direct benefit to the United States will result, processes export priority assistance applications affecting materials under its jurisdiction, and administers the control systems which are or may be authorized by the Congress over any commodity, product or material within its area of specialization. In addition to the above functions, the Rubber Division is responsible for carrying out those provisions of the Rubber Act of 1948 delegated to the Secretary of Commerce (Public Law 469, 80th Congress and Executive Order 9942), including the programming and requiring the consumption of synthetic rubber to provide for the maintenance of an adequate rubber producing industry and the availability of natural rubber for strategic stockpiling.

11. *Construction Division.* The Construction Division compiles, analyzes and disseminates information relating to economic, industrial, commercial and financial developments in the construction industry, including dollar volume statistics on a national and regional basis and forecasts of anticipated construction volume and building materials availability; collects, interprets and makes available data on factors influencing the demand for the products of the construction and building materials industries, including existing and proposed policies of business and government which affect construction; encourages and publicizes technological developments and improved methods in the construction and building materials fields; promotes the modernization and improvement of building codes, in cooperation with the technical staff of the National Bureau of Standards; and stimulates the elimination of restrictive practices and barriers which tend to limit construction.

RESOURCES AVAILABLE TO PUBLIC

12. *Services available.* The resources of the Office of Domestic Commerce are made available to the public through answers to inquiries received by mail, through personal interviews, and through the publication of reports and articles. Inquiries may be addressed to the Office of Domestic Commerce, Department of Commerce, Washington 25, D. C., or to the nearest field office of the Department. (See Parts 350–359 for the location and addresses of the field offices.) Personal interviews may be had at the Washington Office or in the field offices.

13. *Published material.* The Office of Domestic Commerce disseminates material, information and analyses of a commodity or industry nature through the medium of the following publications:

(a) *Industry reports.* These reports are designed to give periodic analyses of significant current trends in specific industries and services. They are available on a subscription basis from the Superintendent of Documents, Washington 25, D. C., or from the nearest Department Field Office, with the exception of two reports which are available on request from the Department of Commerce Washington 25, D. C.

(b) *Industrial and economic series.* This medium is used for special booklets giving complete and detailed statistical and other background information on specific industries, trades and services.

(c) *Information on trade associations.* Special tabulations of trade association addresses and convention dates are furnished to the Department Field Offices and are available there for public reference. In addition, manuals covering trade association activities are compiled and made available through the industrial series.

(d) *Marketing information.* Booklets entitled, "Business Establishments, Employment and Taxable Payrolls under Old Age and Survivors Insurance Program, First Quarter 1946, by Industry Groups and By Counties," have been prepared for each State. These data, compiled on a county basis from reports of employers, are of value in analyzing market potentials, determining sales quotas, laying out sales territories, and measuring effectiveness of sales operations and advertising efforts. These booklets are free and can be obtained from the Department of Commerce, Washington 25, D. C.

(e) *Small business aids.* These are designed to give in brief form helpful information to small businesses. They are available on request from the nearest Department Field Office.

FEDERAL POWER COMMISSION

[Project No. 2000]

POWER AUTHORITY OF THE STATE OF NEW YORK

ORDER FIXING HEARING

AUGUST 26, 1948.

(1) On July 16, 1948, the Power Authority of the State of New York (the Authority), a political subdivision of the State of New York, filed an application for a license under the Federal Power Act for a proposed hydroelectric development (Project No. 2000) to be located in and along the St. Lawrence River on the United States side of the international boundary line, St. Lawrence County, New York.

(2) Public notice of the filing of the application has been given as required by the act.

The Commission finds that:

(3) The proposed project is of such widespread interest that it is desirable and in the public interest to hold a hearing respecting the matters involved and the issues presented in this proceeding.

It is ordered, That:

(4) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by the Federal Power Act, particularly sections 4, 6 and 308 thereof, and the Commission's rules of practice and procedure (in force January 1, 1948, as amended and supplemented), a public hearing be held on the 4th day of October, 1948, at 10:00 a. m. (e. s. t.), in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C.

(5) As provided in Rule 30 (18 CFR 1.30) of the Commission's rules of practice and procedure, the officer hereafter designated to preside at the hearing shall certify the record of the hearing, including his report thereon, to the Commission for its decision and the presiding officer's report shall constitute a recommended decision.

Date of issuance: August 27, 1948.

By the Commission.

ATLANTIC SEABOARD CORP. ET AL.

ORDER OMITTING INTERMEDIATE DECISION PROCEDURE AND FIXING DATE FOR FILING BRIEFS AND FOR ORAL ARGUMENT

AUGUST 27, 1948.

In the matters of Atlantic Seaboard Corporation and Virginia Gas Transmission Corporation, Docket No. G-854, Tennessee Gas Transmission Company, Docket No. G-962, and Commonwealth Natural Gas Corporation, Docket No. G-963.

Upon consideration of:

(a) Motion filed on August 2, 1948, by Atlantic Seaboard Corporation and Virginia Gas Transmission Corporation in Docket No. G-854, requesting, among other things, the omission of the intermediate decision procedure, and further, requesting opportunity for oral argument before the Commission in lieu of the filing of briefs;

(b) The motion filed on August 2, 1948, by Tennessee Gas Transmission Company in Docket No. G-962, requesting, among other things, the omission of the intermediate decision procedure, and further, requesting opportunity for oral argument before the Commission in lieu of the filing of briefs;

(c) The answer in opposition to the aforesaid motions for omission of the intermediate decision procedure in the proceedings in Docket Nos. G-854 and G-962, filed herein on August 5, 1948, by the National Coal Association, et al., requesting, among other things, that the intermediate decision procedure be followed and that opportunity be offered for the filing of briefs, with proposed findings and conclusions and supporting reasons therefor;

The Commission finds that:

(1) Due and timely execution of its functions imperatively and unavoidably requires that the Commission omit the intermediate decision procedure and render final decision in the proceedings in Docket Nos. G-854 and G-962.

(2) Good cause exists for providing opportunity for oral argument before the Commission and for the filing of briefs and/or proposed findings and conclusions with supporting reasons therefor, as hereinafter ordered.

The Commission therefore orders that:

(A) The intermediate decision procedure in the proceedings in Docket Nos. G-854 and G-962 be and the same is hereby omitted in accordance with the provisions of § 1.30 (c) of the Commission's rules of practice and procedure.

(B) Briefs and/or proposed findings and conclusions with supporting reasons therefor be filed on or before the date fixed for oral argument herein, and oral argument be had before the Commission on September 16, 1948, at 10:00 a. m. (e. d. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C.

Date of issuance: August 30, 1948.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[S. O. 824]

UNLOADING OF COAL AT TOLEDO, OHIO

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 27th day of August A. D. 1948.

It appearing, that 6 cars of coal at Toledo, Ohio, on The New York Central Railroad Company, have been on hand for an unreasonable length of time and that the delay in unloading said cars is impeding their use; in the opinion of the Commission an emergency exists requiring immediate action. It is ordered, that:

(a) *Coal at Toledo, Ohio, be unloaded.* The New York Central Railroad Company, its agents or employees, shall unload immediately

N&W 9528	N&W 0041
N&W 39676	N&W 69299
N&W 10537	N&W 13847

containing coal, now on hand at Toledo, Ohio, consigned for account of Cleveland Cliffs, Poe consignment.

(b) *Demurrage.* No common carrier by railroad subject to the Interstate Commerce Act shall charge or demand or collect or receive any demurrage or storage charges for the detention under load of any car specified in paragraph (a) of this order for the detention period commencing at 7:00 a. m., August 30, 1948, and continuing until the actual unloading of said car or cars is completed.

(c) *Provisions suspended.* The operation of any or all rules, regulations, or practices, insofar as they conflict with the provisions of this order, is hereby suspended.

(d) *Notice and expiration.* Said carrier shall notify the Director, Bureau of Service, Interstate Commerce Commission, Washington, D. C., when it has completed the unloading required by paragraph (a) hereof, and such notice shall specify when, where, and by whom such unloading was performed. Upon receipt of that notice this order shall expire.

It is further ordered, that this order shall become effective immediately; that a copy of this order and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1909]

NEW ENGLAND POWER CO. ET AL.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 26th day of August A. D. 1948.

In the matter of New England Power Company, Beverly Gas and Electric Company, Gloucester Electric Company, Haverhill Electric Company, Malden Electric Company, Malden and Melrose Gas Light Company, New England Electric System, Salem Electric Lighting Company, Salem Gas Light Company, Suburban Gas and Electric Company; File No. 70-1909.

Notice is hereby given that New England Electric System ("NEES"), a registered holding company, and its subsidiary companies, New England Power Company, ("NEPCO"), Beverly Gas and Electric Company ("Beverly"), Gloucester Electric Company ("Gloucester"), Haverhill Electric Company ("Haverhill"), Malden Electric Company ("Malden"), Malden and Melrose Gas Light Company ("Malden and Melrose"), Salem Electric Lighting Company ("Salem Electric"), Salem Gas Light Company ("Salem Gas"), and Suburban Gas and Electric Company ("Suburban") have filed a joint application-declaration and an amendment thereto with this Commission pursuant to the Public Utility Holding Company Act of 1935 and have designated section 10 of the act and Rule

U-43 promulgated under the act as applicable to the proposed transactions.

All interested persons are referred to said joint application-declaration, as amended, which is on file in the office of this Commission for a statement of the transactions therein proposed which are summarized as follows:

NEPCO proposes to acquire for cash and the other nine Applicants-Declarants, hereinafter referred to collectively as "the selling companies," propose to sell, all the outstanding capital stock and notes of Salem Terminal Corporation ("Salem Terminal").

Salem Terminal, which is an affiliate of NEPCO and each of the selling companies, owns real estate and coal handling equipment which presently is leased to and operated by non-affiliated interests. All of the outstanding capital stock and notes of Salem Terminal are owned by the selling companies as follows:

Owner	Number of shares ($25 par)	Total par value	Face value of notes payable	Total
Beverly	2,000	$50,000	$87,400	$137,400
Gloucester	----	----	27,600	27,600
Haverhill	2,600	65,000	115,000	180,000
Malden	2,600	65,000	138,000	203,000
Malden and Melrose	2,600	65,000	101,200	166,200
NEES	2,000	50,000	138,000	188,000
Salem Electric	6,200	155,000	460,000	615,000
Salem Gas	----	----	27,600	27,600
Suburban	2,000	50,000	105,800	155,800
Total	20,000	500,000	1,200,000	1,700,000

The consideration to be paid by NEPCO to the selling companies will be the par value of the capital stock and the face value of the notes plus accrued interest thereon, aggregating $1,700,000 exclusive of accrued interest. It is stated in the application-declaration that, as at May 31, 1948, the net book value of the properties of Salem Terminal (exclusive of organization expenses of $3,507 but including construction work orders in progress of $9,788) amounted to $1,662,440 and that, within the knowledge of the management of Salem Terminal, the book value of its plant and property represents cost. It is further stated that the consideration to be paid for the capital stock and notes of Salem Terminal proposed to be sold is equal to the cost of such securities to the selling companies. In an opinion of Jackson & Moreland, Engineers, dated June 22, 1943, based on an examination of the property of Salem Terminal, a review of its original cost and depreciation and a consideration of present-day costs, "the fair value of the property of Salem Terminal Corporation is approximately $1,600,000."

The acquisition of the capital stock and notes of Salem Terminal is stated by NEPCO to be the first step in its program to acquire all of the assets of Salem Terminal and to construct a steam-electric generating station to be located on a part of the land now owned by Salem Terminal. NEPCO intends to finance temporarily the cost of acquiring the capital stock and notes of Salem Terminal by bank borrowing and the selling companies propose to use the cash to be received for said stock and notes to reduce notes payable to banks, or to pay for construction or for other corporate purposes.

Incidental services in connection with the proposed transactions will be performed by New England Power Service Company, an affiliate service company, at the actual cost thereof. The selling companies will pay for the appraisal services of Jackson & Moreland and certain of them will pay Massachusetts and Federal transfer taxes in connection with the sale of the capital stock of Salem Terminal. The expenses in connection with the proposed transaction are estimated in the application-declaration as tabulated below:

Name	Estimated service company expenses	Services of Jackson and Moreland	Transfer taxes	Total
NEPCO	$1,500	----	----	$1,500
Beverly	100	$400	$40	540
Gloucester	100	100	----	200
Haverhill	100	500	52	652
Malden	100	600	52	752
Malden and Melrose	100	500	52	652
NEES	100	500	40	640
Salem Electric	100	1,800	124	2,024
Salem Gas	100	100	----	200
Suburban	100	500	40	640
Total	2,400	5,000	400	7,800

The application-declaration states that no State or Federal Commission other than this Commission has jurisdiction over the proposed transactions.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the matters set forth in said application-declaration and that said application-declaration should not be granted or permitted to become effective except pursuant to further order of this Commission:

It is ordered, That a hearing on said application-declaration under the applicable provisions of the act and the rules and regulations thereunder be held at 10:00 a. m., e. s. t., on the 5th day of October 1948 at the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. On such date, the hearing room clerk in Room 101 will advise as to the room in which such hearing shall be held. Any person desiring to be heard or otherwise wishing to participate in this proceeding shall file with the Secretary of the Commission on or before the 30th day of September 1948 ris request or application therefor, as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That Allen MacCullen, or any other officer or officers of this Commission designated by it for the purpose shall preside at the hearing in such matter. The officer so designated to preside at said hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the application-declaration and that, upon the basis thereof, the following matters and questions are presented for consideration without prejudice, however, to the presentation of additional matters and questions upon further consideration:

1. Whether the proposed acquisition by NEPCO of the capital stock and notes of Salem Terminal satisfies the requirements of section 10 of the act, and particularly, the requirements of section 10 (b) (2) and section 10 (c) (1) thereof.

2. What terms and conditions, if any, should be imposed by the Commission in connection with the acquisition by NEPCO of the capital stock and notes of Salem Terminal.

3. Whether the accounting entries proposed to be recorded on the books of the Applicants-Declarants to reflect the proposed transactions are in conformity with the standards of the act and rules promulgated thereunder and are in accordance with sound accounting principles.

4. Whether the fees or other remunerations to be paid in connection with the proposed transactions are reasonable.

5. Whether the transactions proposed by the Applicants-Declarants meet the requirements of the section 12 of the act as implemented by Rule U-43 promulgated thereunder.

6. Whether the proposed transactions are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the act and rules promulgated thereunder and, if not, whether and what modifications or terms and conditions should be imposed by the Commission to satisfy the standards of the Act.

It is further ordered, That at said hearing evidence shall be adduced with respect to the foregoing matters and questions.

It is further ordered, That the Secretary of the Commission shall serve a copy of this order by registered mail on New England Power Company, Beverly Gas and Electric Company, Gloucester Electric Company, Haverhill Electric Company, Malden Electric Company, Malden and Melrose Gas Light Company, New England Electric System, Salem Electric Lighting Company, Salem Gas Light Company and Suburban Gas and Electric Company and that notice of said hearing shall be given to all other persons by general release of this Commission which shall be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935 and that further notice be given to all other persons by publication of this order in the FEDERAL REGISTER.

By the Commission.

Assistant Secretary.

NATIONAL POWER & LIGHT CO. ET AL.

ORDER APPROVING PLAN FILED

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 25th day of August A. D. 1948.

In the matter of National Power & Light Company, Lehigh Valley Transit Company, Lehigh Valley Transportation Company, Easton Transit Company, Easton & South Bethlehem Transportation Company; File No. 54-51.

National Power & Light Company ("National"), a registered holding company subsidiary of Electric Bond and Share Company ("Bond and Share"), also a registered holding company, National's subsidiary Lehigh Valley Transit Company ("Transit") and its wholly owned subsidiaries Lehigh Valley Transportation Company ("Lehigh"), Easton Transit Company ("Easton"), and Easton & South Bethlehem Transportation Company ("Bethlehem"), having filed an application pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("the act") and other applicable provisions of the act for approval of an amended plan for reorganization of Transit; and

Copies of the Notice of Filing and Order for Hearing having been mailed to all known security holders of Transit, notice having been given to all parties and interested persons, a public hearing having been held at which hearing security holders of Transit and other interested persons were afforded an opportunity to be heard; and

The Commission having considered the record in the matter and filed its findings and opinion on the 17th day of August 1948 stating that the amended plan could not be approved but that it could approve the amended plan if it were further amended to include the following modification:

That the price of the 4½% preferred stock of Pennsylvania Power & Light Company to be offered in exchange to the bondholders of Transit on an optional basis at a valuation of $112.50 per share, as provided for in the amended plan, be changed to a price based on the market prices of such stock on the New York Curb Exchange prior to the time such optional exchange offer is made, such price to be subject to approval or modification by the Commission.

Transit on August 24, 1948, having filed a further amendment to the amended plan which amendment was joined in by National, Lehigh, Easton and Bethlehem containing the above modification as well as the following modifications.

(a) In substitution for the paragraph of the plan providing for a consummation date within a certain stated period after the entry of an appropriate order by the District Court of the United States the following is substituted:

"*Consummation date.* National and Transit reserve the right to designate a consummation date for the Bonds and a separate consummation date for the Preferred and Common stocks (referred to herein as the 'Bond consummation date' and the 'Stock consummation date,' respectively) or, at their election, to fix a single consummation date for all phases of the plan. Such consummation date or dates shall be fixed by National and Transit as soon as practicable after the issuance of the order of the Court referred to in subparagraph (b) of Part VI hereof. However, such date or dates shall not be later than 120 days after the date upon which an order of such Court enforcing the plan shall have become final and no longer subject to appeal."

(b) Where the term "par value" of the stock to be issued by Transit is used in the amended plan such term is changed to read "stated value" in the plan as further amended.

(c) The following paragraphs are substituted for paragraphs of the amended plan concerning the rights of the security holders on the consummation dates:

"*Plan binding upon security holders.* Upon the bond consummation date of the plan, the plan will be binding upon all holders of Transit's presently outstanding Refunding and Improvement Mortgage 5% Bonds. Upon the Stock consummation date, the plan will be binding upon all holders of Transit's Preferred and Common stocks. After such respective consummation dates all rights attaching to each of such securities shall, as of each such consummation date, thereupon cease and become void and of no effect. The holders of all of such securities shall thereafter be entitled only to receive cash and/or securities, all as provided for in the plan. In the event of a single consummation date for all phases of the plan, the plan on such date will be binding upon all holders of Transit's presently outstanding Bonds and Preferred and Common stocks and all rights attaching to such securities shall as of such date, thereupon cease and become void and of no effect. The holders of all such securities shall thereafter be entitled only to receive cash and/or securities, all as provided for in the plan."

(d) National will make such disposition of the shares of new common stock of Transit to be received by it as may be approved by the Commission, and, in this connection, National reserves the right to propose to distribute such shares of new common stock to its own common stockholders.

The Commission having found that if the plan were amended to conform with the proposed modification such plan would be fair and equitable to the security holders affected thereby and necessary and appropriate to effectuate the provisions of section 11 (b) of the act; and

Transit having requested the Commission pursuant to section 11 (e) of the act to apply to a court in accordance with the provisions of section 18 (f) of the act to enforce and carry out the terms and provisions of the amended plan as further amended on August 24, 1948; and

National and Transit having requested that the Commission enter an order reciting that the proposed transactions provided in the amended plan are necessary or appropriate to the integration or simplification of the holding company system of which National and Transit are members and necessary or appropriate to effectuate the provisions of section 11 (b) of the act, all in accordance with the meaning and requirements of the Internal Revenue Code, as amended, including section 1808 (f) and Supplement R thereof.

It is ordered, That on the basis of the record herein and the findings and opinion heretofore entered on August 17, 1948 and pursuant to section 11 (e) of the act and other applicable provisions of the Act the said amended plan as further amended be and hereby is approved subject to the terms and conditions contained in Rule U-24 and to the following additional terms and conditions:

(1) That the order entered herein shall not be operative to authorize the consummation of the transactions proposed in the said amended plan until an appropriate United States District Court shall upon application thereto enter an order enforcing said amended plan;

(2) That jurisdiction is specifically reserved to determine the reasonableness and appropriate allocation of all fees and expenses and other remuneration incurred or to be incurred in connection with the said amended plan;

(3) That jurisdiction is specifically reserved to determine the price at which the Pennsylvania Power & Light 4½% stock will be offered on an optional exchange basis to the holders of Transit's bonds;

(4) That jurisdiction is specifically reserved with respect to the terms and conditions of the stock proposed to be issued by Transit, the manner of its issuance and the distribution thereof.

It is further ordered, That counsel for the Commission be and they hereby are authorized and directed to make application forthwith on behalf of the Commission to an appropriate United States District Court pursuant to the provisions of section 11 (e) and in accordance with section 18 (f) of the act, to enforce and carry out the terms and provisions of said amended plan.

It is further ordered, That the issuances distributions, transfers and exchanges of securities and the transactions specified and itemized below, all as provided by the same Amended Plan, are necessary or appropriate to the integration or simplification of the holding company system of which Transit and National are a part and are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935:

(1) The distribution and transfer by Transit of 13,769 shares of Pennsylvania Power & Light Company 4½% preferred stock or such part thereof as may be required including the issuance of any interim certificates therefor and cash, in exchange for the amount of its Refund and Improvement Mortgage Bonds which are surrendered for cancellation pursuant to the Exchange Offer specified in said amended plan.

(2) The surrender by National and the acquisition and cancellation by Transit of 98,349.5654 shares of the 5% preferred stock of Transit and the issuance and delivery to National in exchange therefor

of 545,610 shares of $2 stated value common stock of Transit.

(3) The surrender by National and the acquisition by Transit as a contribution to its capital of 58,255 shares of $50 par value common stock of Transit.

(4) The acquisition by Transit of 454 shares of its $50 par value common stock from its stockholders other than National and the issuance and transfer by Transit in exchange therefor of one share of its $2 stated value stock for each share of $50 par value common stock so surrendered.

By the Commission.

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 27th day of August A. D. 1948.

Notice is hereby given that an application has been filed with this Commission pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 by Republic Service Corporation ("Republic"), a registered holding company, for exemption from the provisions of sections 6 (a) and 7 of the act in respect of the issue and sale of securities.

Notice is further given that any interested person may, not later than September 13, 1948 at 5:30 p. m., e. d. s. t. request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after September 13, 1948, said application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the Act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application which is on file in the office of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

Republic proposes to borrow, on or about October 1, 1948, the sum of $150,000 (including the renewal of $50,000 of present indebtedness) from Provident Trust Company of Philadelphia and to issue therefor its nine month promissory note bearing interest at the rate of 4% per annum, to reimburse its treasury for construction advances made to subsidiaries.

This transaction is incidental to the pending reorganization of Republic under section 11 of the act (see Holding Company Act Release No. 8170). The note proposed to be issued will be subordinated in certain respects to $950,000 principal amount of five year secured notes proposed to be issued by Republic under its plan of reorganization. Under the provisions of such plan, the $150,000 note will constitute approximately 9.1% of the principal amount and par value of other outstanding securities of Republic and the company requests authorization, pursuant to the first sentence of section 6 (b) of the act, to issue such note.

Republic requests that the Commission's order granting said application be issued as soon as practicable and become effective forthwith upon issuance.

By the Commission.

NIAGARA SHARE CORP. AND SCHOELLKOPF, HUTTON & POMEROY, INC.

NOTICE OF APPLICATION; STATEMENT OF ISSUES, ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 27th day of August A. D. 1948.

Notice is hereby given that Niagara Share Corporation (Niagara), and Schoellkopf, Hutton and Pomeroy (SH&P), have filed an application under sections 6 (c) and 17 (b) of the Investment Company Act of 1940 for an order of the Commission exempting from sections 17 (a) and 21 (b) of the act the series of transactions hereinafter described.

Niagara is a non-diversified, closed-end, management investment company registered under the act, which was incorporated in Maryland and has its principal office at 70 Niagara Street, Buffalo 2, New York. SH&P, a broker, dealer and underwriter of securities, was incorporated in New York, and also has its principal office at 70 Niagara Street, Buffalo 2, New York. Niagara owns all of the 32,300 shares outstanding of the 5½% Cumulative Participating Non-Voting Preferred Stock of SH&P. Niagara also owns 14,479 or 5.21% of the 277,771 shares of the voting common stock of SH&P outstanding, and SH&P and Niagara, accordingly, are affiliated persons within the meaning of the act.

SH&P is the owner of an office building located at 70 Niagara Street, Buffalo, New York, and rents office space in this building to Niagara. As of July 1, 1948, SH&P entered into an agreement with The Mutual Benefit Life Insurance Company of Newark, New Jersey (Mutual), to sell such premises to Mutual for $325,000. As a condition of such sales agreement, Mutual specified that Niagara must enter into a long term lease of the property. At the request of SH&P, Niagara agreed to enter into a lease agreement with Mutual as of July 1, 1948, with respect to this property, which provides, in part that the lease shall run for 21 years, with two options, each giving Niagara the right to extend the term of the lease for a period of ten years; that the rent during the initial term will be $22,750 per annum, and $9,600 per annum during each extended term, Niagara to pay all taxes, assessments, insurance premiums and other charges; that Niagara is to maintain the premises in good repair and operating condition at its own expense; and that Niagara, at its expense, shall maintain full insurance with respect to the premises. In consideration for Niagara entering into such a lease arrangement with Mutual, SH&P, on July 6, 1948, agreed to enter into a sublease with Niagara, with respect to the same premises covering the same period and containing substantially the same terms and conditions as the proposed lease between Mutual and Niagara, and with the additional provision that Niagara may occupy its present or comparable space in the building without payment therefor during the life of the lease.

Niagara also proposes to sell, and SH&P proposes to purchase, for cash at par, 15,000 shares of the 5½% Participating Non-Voting Preferred Stock (par value $100) of SH&P owned by Niagara.

The applicants specifically request an order of the Commission:

(1) Pursuant to section 17 (b) of the act, exempting the proposed purchase by SH&P of 15,000 shares of its Preferred Stock from Niagara, from the provisions of section 17 (a) (2) of the act which make it unlawful for an affiliated person of a registered investment company to purchase any security or other property from such investment company;

(2) Pursuant to section 17 (b) of the act, exempting the proposed sublease by Niagara to SH&P from the provisions of section 17 (a) (2); and

(3) Pursuant to section 6 (c) of the act, exempting in its entirety the transaction involving the proposed lease by Niagara from Mutual, and the proposed sublease by Niagara to SH&P, from the provisions of section 21 (b) of the act, if applicable.

Section 21 (b) prohibits a registered management investment company from lending money or property to any person, directly or indirectly, if such person controls or is under common control with such registered company. (The applicants do not concede that they are under common control.)

For a more detailed statement of the matters of fact and law asserted, all interested persons are referred to said application which is on file in the offices of the Commission at 425 Second Street NW., Washington 25, D. C.

The Division of Corporation Finance has advised the Commission that upon a preliminary examination of the application, it deems the following issues to be raised thereby, without prejudice to the specification of additional issues upon further examination:

(1) Whether SH&P and Niagara are under common control, or either of such companies controls the other company;

(2) Whether the terms of the proposed sublease by Niagara to SH&P, including the consideration to be paid or received, are reasonable and fair and do not involve overreaching on the part of any person concerned; whether the proposed sublease is consistent with the policy of Niagara as recited in its registration statement and reports filed under the act; and whether the proposed sublease is consistent with the general purposes of the act;

(3) Whether the terms of the transaction in its entirety, involving the proposed lease from Mutual to Niagara and the proposed sublease by Niagara to SH&P, including the consideration to be paid or received, are reasonable and fair and do not involve overreaching on the part of any person concerned; whether the proposed transaction in its entirety is consistent with the policy of Niagara as recited in its registration statement and reports filed under the act; and whether such proposed transaction is consistent with the general purposes of the act;

(4) Whether the proposed exemption of the foregoing transaction in its entirety from section 21 (b) of the act (if applicable), is necessary or appropriate in the public interest, and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the act;

(5) Whether the terms of the proposed repurchase by SH&P of 15,000 shares of its Preferred Stock from NIAGARA, including the consideration to be paid or received, are reasonable and fair and do not involve overreaching on the part of any person concerned; whether the proposed repurchase is consistent with the policy of NIAGARA as recited in its registration statement and reports filed under the act; and whether the proposed repurchase is consistent with the general purposes of the act.

It appearing to the Commission that a hearing upon the application is necessary and appropriate;

It is ordered, Pursuant to section 40 (a) of said act that a public hearing of the aforesaid application be held on September 9, 1948 at 10:00 a. m., eastern daylight time in Room 101 of the offices of the Commission, 425 Second Street NW., Washington 25, D. C.

It is further ordered, That Richard Townsend or any officer or officers of the Commission designated by it for that purpose shall preside at the hearing, and any officer or officers so designated to preside at any such hearing is hereby authorized to exercise all of the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to hearing officers under the Commission's rules of practice.

It is further ordered, That jurisdiction be reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions or matters herein set forth or which may arise in these proceedings, or to consolidate with these proceedings other proceedings or matters pertaining to the subject matter of these proceedings, and to take such other action as may appear conducive to an orderly, prompt and economical disposition of the matters involved.

Notice of such hearing is hereby given to the above-named Niagara Share Corporation; Schoellkopf, Hutton & Pomeroy, Inc.; and The Mutual Benefit Life Insurance Company and to any other person or persons whose participation in such proceedings may be necessary or appropriate in the public interest or for the protection of investors. Any person desiring to be heard in said proceeding should file with the hearing officer or the Secretary of the Commission, on or before September 7, 1948, his application therefor as provided by Rule XVII of the rules of practice of the Commission, setting forth therein any of the above matters or issues he deems raised by the aforesaid application.

By the Commission.

PUBLIC SERVICE ELECTRIC AND GAS CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 26th day of August 1948.

Notice is hereby given that an application has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by Public Service Electric and Gas Company ("PEG"), a subsidiary of The United Corporation, a registered holding company. PEG designates section 6 (b) of the act as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than September 2, 1948, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after September 2, 1948, said application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application which is on file in the offices of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

PEG proposes to borrow from time to time, on or before September 15, 1948 and not later than April 15, 1949, not more than $50,000,000 from nine commercial banks, such loans to be represented by unsecured notes maturing not later than September 15, 1950. Such notes are not to be acquired by said banks for resale to the public. The commercial banks by whom the loans are to be made and the maximum amount of the loan from each bank are as follows:

The Chase National Bank of the City of New York	$14,000,000
The First National Bank of the City of New York	6,000,000
Fidelity Union Trust Company, Newark, New Jersey	2,000,000
J. P. Morgan & Co., Incorporated, New York	2,000,000
Guaranty Trust Company of New York	7,000,000
The National City Bank of New York	5,000,000
Central Hanover Bank and Trust Company, New York	5,000,000
Chemical Bank and Trust Company, New York	5,000,000
Manufacturers Trust Company, New York	4,000,000

Pursuant to the terms of the bank credit agreement, the notes will bear interest at the rate of 2% per annum to September 15, 1949 and thereafter at the rate of 2¼% per annum, such interest to be payable on December 15, 1948 and quarter-annually thereafter. PEG has the right to pay, in whole or in part, at any time prior to maturity thereof, without premium, the loans made under the credit agreement. PEG will pay to the respective banks a stand-by charge at the rate of ½ of 1% per annum on the average daily unused balance under the several commitments of the banks.

PEG states that any portion of the proceeds from the proposed loans not used for property additions and improvements will be used to pay the outstanding $18,000,000 principal amount of notes of PEG due March 15, 1949, or to pay at maturity certain prior lien bonds of PEG which mature within the next ten months.

PEG states that the proposed transaction is subject to the jurisdiction of the Board of Public Utility Commissioners of the State of New Jersey, in which state the company is organized and doing business, and that a copy of such Commission's order approving the proposed borrowing of $50,000,000 will be supplied by amendment.

Applicant requests that the Commission's order be issued at the earliest possible date and that such order become effective forthwith.

By the Commission.

HERMINE JOHNSON AND GERTRUDE HEYE

In re: Stock and Bank Account owned by the personal representatives, heirs, next of kin, legatees and distributees of Hermine Johnson, Deceased, and stock owned by Gertrude Heye. F-28-4955-A-1; F-28-4955-A-2; F-28-4955-D-1, 2, 3; F-28-4955-E-1; F-28-27978-D-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That the personal representatives, heirs, next of kin, legatees and distributees of Hermine Johnson, deceased, who there is reasonable cause to believe are residents of Germany, are nationals of a designated enemy country (Germany);

2. That Gertrude Heye, whose last known address is Lienen Bei Elsfleth, Oldenburg, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

3. That the property described as follows:

a. One hundred and thirty-five (135) shares of $10.00 par value common stock of Lone Star Gas Company, 301 South Harwood Street, Dallas 1, Texas, a corporation organized under the laws of the State of Texas, evidenced by certificates numbered D22931 and DO7486 for 100 and 35 shares, respectively, together with all declared and unpaid dividends thereon,

b. Seven (7) shares of $20.00 par value common stock of Northern Natural Gas Co., Aquila Court Building, Omaha, Nebraska, a corporation organized under the laws of the State of Delaware, evidenced by a certificate numbered OF-11339, together with all declared and unpaid dividends thereon, and any and all rights of exchange thereof for $10.00 par value common stock of the aforesaid company,

c. Fourteen (14) shares of $100.00 par value 5% preferred stock of Crucible Steel Company of America, 405 Lexington Avenue, New York, New York, a corporation organized under the laws of the State of New Jersey, evidenced by a certificate numbered PO-18374, registered in the name of Mrs. Hermine Johnson, together with all declared and unpaid dividends thereon,

d. One hundred and eighty-eight (183) shares of no par value common capital stock of Columbia Gas & Electric Corporation, 61 Broadway, New York 6, New York, a corporation organized under the laws of the State of Delaware, evidenced by certificates numbered CP/O 25911, ON/O 110094, OP/O 13856, CP/P 12184, OP/O 12781 and CP 26611, for 1, 37, 19, 1, 30 and 100 shares, respectively, registered in the name of Hermine Johnson, together with all declared and unpaid dividends thereon,

e. Ten (10) shares of $1.00 par value common capital stock of The Pennroad Corporation, 1400 Delaware Trust Bldg., Wilmington 28, Delaware, evidenced by certificates numbered 383852 and 383872 for 7 and 3 shares, respectively, registered in the name of Hermine Johnson, together with all declared and unpaid dividends thereon, and

f. That certain debt or other obligation of Peoples First National Bank & Trust Company, Pittsburgh, Pa., arising out of a Savings Account, account number 83824, entitled Mrs. Hermine Johnson, maintained at the North Side Branch of the aforesaid bank located at 526 Federal Street, Pittsburgh (12), Pa., and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the personal representatives, heirs, next of kin, legatees and distributees of Hermine Johnson, deceased, the aforesaid nationals of a designated enemy country (Germany);

4. That the property described as follows: Twenty-three (23) shares of $1.00 par value common capital stock of The Pennroad Corporation, 1400 Delaware Trust Bldg., Wilmington 28, Delaware, evidenced by certificates numbered 445288, 445289, 445290, for 10, 10 and 3 shares, respectively, registered in the name of Gertrude Heye, together with all declared and unpaid dividends thereon,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, Gertrude Heye, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

5. That to the extent that the personal representatives, heirs, next of kin, legatees and distributees of Hermine Johnson, deceased, and the person named in subparagraph 2, are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

EXECUTIVE ORDER 9994

AMENDMENT OF EXECUTIVE ORDER NO. 9952 OF APRIL 22, 1948, PROVIDING FOR THE TERMINATION OF REEMPLOYMENT RIGHTS OF FEDERAL CIVILIAN EMPLOYEES WHO TRANSFERRED TO PUBLIC OR PRIVATE AGENCIES FOR NATIONAL-DEFENSE OR WAR WORK

By virtue of the authority vested in me by the Civil Service Act (22 Stat. 403) and by section 1753 of the Revised Statutes of the United States, section 1 of Executive Order No. 9952 of April 22, 1948, providing for the termination of reemployment rights of Federal civilian employees who transferred to public or private agencies for national-defense or war work, is hereby amended to read as follows:

1. All existing reemployment rights to positions in the Federal service acquired under authority of Executive Order No. 8973 of December 12, 1941, Executive Order No. 9067 of February 20, 1942, or Directive No. X as amended by Directive No. XVI of the War Manpower Commission (7 F. R. 7298, 11050), or under regulations of the Civil Service Commission issued pursuant thereto, shall expire on October 22, 1948, unless application for reemployment under such rights shall have been made before that date: *Provided*, that nothing in this order shall prevent the exercise of such reemployment rights on or after October 22, 1948, (a) by any employee who on that date is serving in a Federal agency which on that date is being liquidated or is required by statute to be liquidated; or (b) by any person upon separation from the armed forces or release from the merchant marine if at the time of his entry into the armed forces or merchant marine he would have acquired restoration rights had he entered such service from the agency from which he originally transferred: *And Provided further*, that any person who subsequent to October 22, 1948, takes any action which results in the extension of his period of service in the armed forces or merchant marine may not exercise such reemployment rights upon separation or release therefrom.

PART 300—GENERAL

GENERAL DELEGATION OF AUTHORITY TO STATE DIRECTORS: RATIFICATION OF CERTAIN INSTRUMENTS

Part 300, "General", in Chapter III of Title 6, Code of Federal Regulations (6 CFR, Cum. Supp., Chapter III, Subchapter A), is amended by revoking § 300.13 and by revising § 300.12 to read as follows:

§ 300.12 *General delegation of authority to State Directors: ratification of certain instruments.* (a) Each State Director of the Farmers Home Administration is hereby authorized, within the area of his jurisdiction, on behalf of the United States of America and the Secretary of Agriculture:

(1) To approve loans, and make commitments to and insure mortgages, incident to the programs of the Farmers Home Administration, including, but not limited to, the approval of options, the approval of the assignment, and the designation of assignees, of options; the approval and acceptance of security, including determinations that outstanding interests in security property are not objectionable and the obtaining of severance and subordination agreements; the endorsement of bonds and notes in connection with the insurance of mortgages; and the execution of necessary documents.

(2) To do and perform all acts necessary for the servicing, reviewing, collection, and enforcement of payment of indebtedness, now or hereafter administered or serviced by the Farmers Home Administration, including indebtedness contracted through the Resettlement Administration, the Farm Security Administration, the Emergency Crop and Feed Loan Offices of the Farm Credit Administration, State rural rehabilitation corporations, defense relocation corporations, land leasing and purchasing associations, and other similar associations, corporations, and agencies. This authority shall include, but shall not be limited to, the cancellation, compromise, liquidation, and adjustment of indebtedness, including the modification of contracts and other instruments; authority to require further security; authority to declare entire indebtedness due and payable; the administrative determinations preparatory to initiation of foreclosure proceedings; the appointment and designation of substitute trustees in deeds of trust and representatives of the United States and the Secretary of Agriculture to foreclose under the power of sale in real estate mortgages; the designation of persons to bid at foreclosure sales on behalf of the United States and the Secretary of Agriculture; taking possession of, and the acquisition of, real and personal property; the approval of the transfer to third persons of security property; the repair, maintenance, and operation of security property, including the granting of leases and the execution of caretaker agreements; the execution and filing of proofs of claim; the execution and delivery of, or consent to, suspensions and releases of assignments of income from mortgaged property, partial and full releases of security, waivers of liens, subordination agreements, satisfactions, and other documents; consent to the assignment, partial or full release, or satisfaction of insured mortgages; authority to enter into agreements to purchase nondelinquent insured mortgages; and the issuance, publication, and service of notices and other instruments.

(3) To lease, sell or otherwise dispose of real and personal property now held or hereafter acquired by the Farmers Home Administration, including the granting of Revocable Licenses covering rights-of-way which are determined by the State Director to be of benefit to the public in general or to the Government. Incident to this authority, the State Director is authorized to make determinations required or authorized by law and to execute and deliver contracts, leases, deeds and other instruments.

(4) To execute certificates of satisfaction and proof of loss on insurance contracts.

(5) To file and record instruments.

(6) To do and perform all other acts necessary for the proper administration of the programs of the Farmers Home Administration.

(b) All acts hereby authorized to be performed by a State Director shall be performed in accordance with the provisions of applicable laws.

(c) In the absence of the State Director, the authority hereby delegated to him may be exercised by the Acting State Director.

(d) All deeds, releases, subordination agreements, and other instruments affecting title to real property heretofore executed by officials or employees of the Farmers Home Administration, or the Farm Security Administration or the Resettlement Administration, incident to the administration of programs now under the jurisdiction of said Farmers Home Administration are hereby confirmed and approved. The acceptance and approval of conveyances of real property on behalf of the United States by such officials and employees likewise are approved.

(e) This section shall not be construed to revoke or modify any delegation of authority to the Administrator or Acting Administrator of the Farmers Home Administration or any redelegation of authority, instruction, procedure, or regulation heretofore issued, and every such delegation, redelegation, instruction, procedure, or regulation is hereby continued in full force and effect, unless otherwise revoked or modified. PART 320—METHOD OF REDELEGATION OF AUTHORITY

DELEGATION OF AUTHORITY

Section 320.1, *Delegation of authority* in Chapter III of Title 6, Code of Federal Regulations (6 CFR, 1944 Supp., Chapter III, Subchapter A), is amended to read as follows:

§ 320.1 *Delegation of authority*—(a) *General.* A statement in a Farmers Home Administration procedural issuance directing or permitting an employee, referred to by functional title, to perform an act will constitute authority for the employee to perform the act.

(b) *Limitations on authority of delegates.* Any authority delegated or redelegated to an employee will be exercised subject to, and in full compliance with, (1) the limitations, conditions, and

requirements of the instrument by which the authority is delegated or redelegated, and (2) such direction and supervision as may be consistent therewith.

(c) *Responsibility of delegating officials.* Delegating officials retain full responsibility for supervising and directing subordinates (and have the right to review the actions of such subordinates) in the exercise of delegated authorities.

(d) *Authority of supervisors.* All Farmers Home Administration employees are automatically delegated the same authority as is delegated to their respective subordinates, and are responsible for supervising such subordinates in the proper exercise of such authorities, except:

(1) When authority is delegated directly to such subordinates by authorized Governmental officials outside the Farmers Home Administration.

(2) When acts must be performed by certain officials or employees under applicable laws and departmental regulations.

(3) When fiscal transactions and instruments are required by applicable laws, rules and regulations to be approved by immediate supervisors or other specific officials. (R. S. 161, 5 U. S. C. 22; Order, Secretary of Agriculture, Oct. 14, 1946, 11 F. R. 12520; Order, Acting Secretary of Agriculture, Oct. 30, 1947, 12 F. R. 7137; Order, Secretary of Agriculture, July 9, 1948, 13 F. PART 320—METHOD OF REDELEGATION OF AUTHORITY

DESIGNATION OF ACTING OFFICIALS

Section 320.2, *Designation of Acting Regional Directors* in Chapter III of Title 6, Code of Federal Regulations (6 CFR, 1944 Supp., Chapter III, Subchapter A), is amended to read as follows:

§ 320.2 *Designation of acting officials*—(a) *General.* Officials of the Farmers Home Administration listed in paragraph (b) of this section are authorized to designate subordinate employees to serve in an acting capacity in the positions of such officials and positions under the supervision of such officials when the regular incumbents thereof are temporarily absent from duty or from their normal headquarters, provided: (1) the employees so designated are qualified and, if performance of such duties require bonding, are properly bonded, and (2) the duration of the absence and the nature of the duties to be performed during such absence will warrant the designation.

(b) *Authorities.* The following officials are authorized to designate acting officials for positions as indicated:

(1) *National Office.* (i) The Administrator will designate the Acting Administrator, and acting officials for any other position on his immediate staff.

(ii) The head of each National Office division is authorized to designate an acting division head and acting officials for any other position within his division.

(2) *Area Finance Offices.* (i) The Area Finance Manager is authorized to designate an Acting Area Finance Manager, acting chiefs of the Fiscal and Administrative Services divisions of the Area Finance Office, and acting officials for any other position on the immediate staff of the Area Finance Manager.

(ii) The chiefs of the Fiscal and Administrative Services divisions in the Area Finance Office are authorized to designate acting officials for any subordinate position in their respective divisions.

(3) *Field offices of the Examination Division.* (i) The Chief of the Examination Division in the National Office is authorized to designate Acting Area and Acting Resident Examination Officers of the Examination Division.

(ii) Except for the positions designated in paragraph (b) (3) (i) of this section, the Area and Resident Examination Officers are authorized to designate an acting official for any position connected with the respective Area or Resident Examination Offices.

(4) *State offices.* The State Director is authorized to designate an Acting State Director, and acting officials for any other position under his jurisdiction.

(c) *Authority of acting officials*—(1) *Extent of authority.* The employee designated to act in a position will have all rights, privileges, duties, and powers delegated to the position of the regular incumbent, including the authority to execute documents incident thereto. This will not include authorities delegated or redelegated to the regular incumbent of the position by special delegation or redelegation (delegations to individuals by name).

(2) *Signature of acting official.* Documents executed by acting officials in their acting capacity will be signed in their own names, using their temporary titles; for example, "Acting State Director" or "Acting County Supervisor". TITLE 7—AGRICULTURE

Chapter III—Bureau of Entomology and Plant Quarantine, Department of Agriculture

PART 303—COOPERATIVE SUPPRESSION OF PLANT DISEASES AND INSECT PESTS

SUBPART—GOLDEN NEMATODE SUPPRESSIVE PROGRAM, 1948 SEASON

Pursuant to the authority vested by section 6 of the Golden Nematode Act (Public Law 645, 80th Congress, approved June 15, 1948), and having determined that the State of New York, through legislation, appropriations, and quarantine regulations has taken action and provided funds and means to carry out effectively a cooperative program to suppress, control, and prevent the spread of the known infestation of the golden nematode in accord with the other provisions of the Golden Nematode Act, the Secretary of Agriculture of the United States and the Commissioner of Agriculture and Markets of the State of New York have cooperatively determined that the following procedures and rates shall be used in compensating growers in the portion of Long Island, New York, where the golden nematode is known to occur for carrying out a program for the control and suppression of this nematode during the 1948 season:

Sec.
303.1-1 Compensation only to nongrowers of potatoes.
303.1-2 Compensation to nonowners of land involved.
303.1-3 Compensation to owner-operators.
303.1-4 Agreement and voucher forms.
303.1-5 Agency designated to act for Federal Government.
303.1-6 Agent of Secretary of Agriculture to determine eligibility for payment.

AUTHORITY: §§ 303.1-1 to 303.1-6, inclusive, issued under Act of June 15, 1948, Public Law 645; 80th Congress.

§ 303.1-1 *Compensation only to nongrowers of potatoes.* Compensation will be paid only to those growers who refrained from planting potatoes on land infested or exposed to infestation by the golden nematode, and who grew on such lands only such crops as were approved by the Department of Agriculture and Markets of the State of New York.

§ 303.1-2 *Compensation to nonowners of land involved.* The State of New York, through its Commissioner of Agriculture and Markets, will assume full responsibility of and make the entire compensation payments to growers who refrained from planting potatoes on land which was infested or exposed to infestation by the golden nematode and which was not owned by such growers.

§ 303.1-3 *Compensation to owner-operators*—(a) *Apportionment of losses.* Losses to owner-operators of lands infested by or exposed to the golden nematode who refrained from growing potatoes shall be borne by the United States Department of Agriculture, the Department of Agriculture and Markets of the State of New York, and the owner-operator.

(b) *Joint payments by Federal and State governments.* The full and uniform amount to be paid jointly by the United States Department of Agriculture and the Department of Agriculture and Markets of the State of New York to each owner-operator of lands infested by or exposed to the golden nematode shall be at the rate of $150 per acre, divided equally between the two named agencies. The payment of $150 will be made only to owners who have complied in good faith with all regulations concerning the golden nematode promulgated by the United States Department of Agriculture and the Department of Agriculture and Markets of the State of New York.

(c) *Computation of payments.* It has been determined that, based on (1) the estimated value of crops that were approved by the Department of Agriculture and Markets of the State of New York for production on lands infested by the golden nematode, (2) an analysis of the average cost of producing potatoes in Nassau County, Long Island, New York, (3) the average annual yield of potatoes in said Nassau County, and (4) the estimated sale value of potatoes in that area, the joint compensation of $150 per acre will not be more than two thirds of the total loss accruing to the owner-operator.

§ 303.1-4 *Agreement and voucher forms.* As a condition of payment each owner-operator shall enter into an agreement with the Department of Agriculture and Markets of the State of New York, which shall be executed at least in duplicate. One fully executed copy of the agreement and a certificate by a responsible officer of the Department of Agriculture and Markets of the State of New York, both of which shall be substantially in the form appended hereto, shall be attached to and made a part of each voucher (Standard Form 1034) executed by a grower seeking to receive compensation from the United States Department of Agriculture. The purpose of the voucher shall be stated substantially as follows:

One-half of compensation for refraining from planting potatoes on ---------- acres of land infested by or exposed to the golden nematode.

§ 303.1-5 *Agency designated to act for Federal Government.* The Bureau of Entomology and Plant Quarantine of the United States Department of Agriculture is hereby authorized to carry out, on behalf of the Federal Government, the cooperative program to suppress, control, and prevent the spread of the golden nematode.

§ 303.1-6 *Agent of Secretary of Agriculture to determine eligibility for payment.* Ralph A. Sheals, in Field Charge, Golden Nematode Project, Hicksville, Long Island, New York, working under the direction of the Chief of the Bureau of Entomology and Plant Quarantine of the United States Department of Agriculture, is hereby designated as the authorized agent of the Secretary of Agriculture in determining eligibility for compensation under the regulations in this subpart and approving the amount of compensation to be provided by the United States Department of Agriculture to any owner-operator who refrained from planting potatoes during 1948.

The Golden Nematode Act was not approved until June 15, 1948, at which time potato-growing operations were already well under way. Therefore, in order to be of value to the program for suppressing, controlling, and preventing the spread of the golden nematode for the 1948 season, it is necessary that these regulations be made effective at once. Compliance with the provisions of the regulations is not obligatory, but confers a benefit upon eligible growers. For the reasons stated, it is found upon good cause, pursuant to the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238), that notice and public procedure on these regulations are unnecessary, impractical, and contrary to the public interest and good cause is found for making them effective less than 30 days after publication in the FEDERAL REGISTER.

Done in the District of Columbia this 31st day of August 1948.

Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Concurred with: August 31, 1948.

C. CHESTER DUMOND,
Commissioner of Agriculture and Markets, State of New York.

Contract No. --

APPENDIX—AGREEMENT FOR THE CONTROL AND PREVENTION OF THE GOLDEN NEMATODE DISEASE OF POTATOES (HETERODERA ROSTOCHIENSIS)

This agreement, made this ------ day of ----------, 1948, by and between The People of the State of New York, acting by and through C. Chester Du Mond, Commissioner of Agriculture and Markets of the State of New York, party of the first part, hereinafter called the "State", and ----------, of the Town of ----------, County of ----------, State of New York, and whose P. O. address is ----------, party of the second part, hereinafter called the Owner.

Witnesseth:

Whereas, it is desired to control and prevent the spread of the golden nematode disease of potatoes (Heterodera rostochiensis), and

Whereas, the Commissioner of Agriculture and Markets has determined that the lands hereinafter described are owned by the party of the second part, and

Whereas, the Commissioner of Agriculture and Markets has determined the said lands to be dangerously exposed to infection or infestation by such nematode disease, and

Whereas, it is the desire of both parties that such lands shall receive appropriate treatment designed to purify them and suppress such disease.

Now, Therefore, pursuant to the authority of Chapter 663 of the Laws of 1947, and Article 14 of the Agriculture and Markets Law of the State of New York, and in further consideration of the premises and the mutual covenants of the parties hereto, it is mutually agreed as follows:

1. Upon full compliance by the owner with all of the terms, conditions and covenants to be by him performed as herein provided, the State shall pay to the owner compensation therefor, at the rate of Seventy-five Dollars per acre for the lands hereinafter described, amounting in the aggregate to the sum of ---------- Dollars ($--------).

(NOTE: It is contemplated that the compensation for the 1948 season will be divided equally between the State of New York and the Federal Government through the United States Department of Agriculture. This agreement as to amount of compensation deals only with the payment by the State of New York. Contingent on approval by the Secretary of Agriculture and availability of funds, the owner will receive an equal amount from the Federal Government.)

2. That the owner shall submit such lands to the full control and direction of the State and more particularly the Department of Agriculture and Markets of the State of New York, its agents, employees, and any person or agency to be designated by it, for the purpose of carrying out the program for the control and suppression of the golden nematode disease of potatoes during the growing year of 1948.

3. That such lands shall not be used for the growing of potatoes during the ensuing growing season.

4. That the owner shall during such season grow on said lands only such crops as shall be first approved by the Department of Agriculture and Markets of the State of New York.

5. That the owner shall cooperate at all times and in all respects as directed by the Department of Agriculture and Markets of the State of New York, its agents, employees, and any other person or agency duly designated by it in the program to be initiated and carried out for the control and suppression of golden nematode disease of potatoes during the life of this contract.

6. It is mutually understood and agreed that no liability arising out of the program for control authorized by this agreement shall accrue against the State, or the Commissioner of Agriculture and Markets, or any person designated by him to carry out the program, or any agency cooperating in the carrying out of this program, except for the payment of the compensation above provided.

7. It is mutually understood and agreed that this contract shall be deemed executory only to the extent of the moneys appropriated and available therefor.

8. This agreement shall bind the executors, administrators, trustees, distributees, successors and assigns of the owner.

9. It is mutually understood and agreed that the lands subject to the provisions and conditions of this agreement are more particularly described as follows, and the party of the second part hereto expressly represents, warrants and declares he is the owner therof:

All that certain parcel and acreage of lands situate in the Town of ----------, County of Nassau, State of New York, described upon the assessment rolls of Nassau County, as follows:

Section	*Block*	*Lot*	*Acres*
---------	---------	---------	---------
---------	---------	---------	---------
---------	---------	---------	---------
---------	---------	---------	---------

In witness whereof, the parties hereto have caused this agreement to be executed the day and year first above written, in counterparts.

THE PEOPLE OF THE STATE OF NEW YORK,

Commissioner of Agriculture and Markets of the State of New York

---

Owner

Witness:

ALBANY, NEW YORK,
----------, 1948.

I, C. CHESTER DU MOND, Commissioner of Agriculture and Markets of the State of New York, do hereby certify that the party of the second part named in the within instrument has fully complied with all the terms, conditions and covenants to be by him performed as in the within instrument provided; that the acreage subject to compensation as above provided for is true and accurate; that said party of the second part is thereby entitled to the sum of Seventy-five Dollars per acre for ---------- acres, making in all the sum of $--------, no part of which has been paid, and payment of said sum of $--------, is hereby approved and allowed.

Commissioner of Agriculaure and Markets of the State of New York.

Chapter IV—Federal Crop Insurance Corporation, Department of Agriculture

PART 415—FLAX CROP INSURANCE

SUBPART—REGULATIONS FOR CONTINUOUS CONTRACTS FOR THE 1949 AND SUCCEEDING CROP YEARS

The Federal Crop Insurance Program is part of the general program of the United States Department of Agriculture administered for the benefit of agriculture.

By virtue of the authority vested in the Federal Crop Insurance Corporation by the Federal Crop Insurance Act, as amended, these regulations are hereby published and prescribed to be in force and effect with respect to continuous and succeeding crop years, until amended or superseded by regulations hereafter made.

To the extent stated in § 415.15 the provisions of this subpart supersede the Flax Crop Insurance Regulations for Continuous Contracts Covering 1948 and Succeeding Crop Years (Yield Insurance) (12 F. R. 8744, 13 F. R. 745, 1331).

Sec.

415.1 Availability of flax crop insurance.
415.2 Coverages per acre.
415.3 Premium rates.
415.4 Application for insurance.
415.5 The contract.
415.6 Person to whom indemnity shall be paid.
415.7 Public notice of indemnities paid.
415.8 Death, incompetence, or disappearance of insured.
415.9 Fiduciaries.
415.10 Assignment or transfer of claims for refunds of excess note payments not permitted.
415.11 Refund of excess note payments in case of death, incompetence or disappearance.
415.12 Creditors.
415.13 Partial insurance protection.
415.14 Rounding of fractional units.
415.15 Changes in continuous contracts covering the 1948 and succeeding crop years.
415.16. The policy.

AUTHORITY: §§ 415.1 to 415.16, inclusive, issued under secs. 506 (e), 507 (c), 508, 509, and 516 (b), 52 Stat. 73-75, 77, 61 Stat. 718; 7 U. S. C. 1506 (e), 1507 (c), 1508, 1509, 1516 (b).

§ 415.1 *Availability of flax crop insurance.* (a) Flax crop insurance under continuous contracts for the 1949 and succeeding crop years will be provided only in accordance with this subpart in the following counties:

Iowa:	Minnesota—Con.
Osceola.	Traverse.
Kansas:	Wilkin.
Allen.	Montana:
Anderson.	McCone.
Minnesota:	Sheridan.
Becker.	North Dakota:

Norman.	Traill.
Olmsted.	Walsh.
Pennington.	Ward.
Polk.	South Dakota:
Pope.	Codington.
Redwood.	Day.
Roseau.	Roberts.
Swift.	

(b) Insurance will not be provided with respect to applications for flax insurance filed in a county in accordance with this subpart unless such written applications, together with any flax crop insurance contracts in force for the ensuing crop year, cover at least 200 farms in the county or one-third of the farms normally producing flax. For this purpose an insurance unit shall be counted as one farm.

§ 415.2 *Coverages per acre.* The Corporation shall establish coverages per acre by areas which shall not be in excess of the maximum limitations prescribed in the Federal Crop Insurance Act. Coverages so established shall be shown on the county actuarial table and shall be on file in the county office and may be revised from year to year as the Corporation may elect. The coverage per acre for any specific acreage shall be the coverage (for the applicable farming practice, if any) approved by the Corporation for the coverage and rate area in which the acreage is located.

§ 415.3 *Premium rates.* The Corporation shall establish premium rates per acre by areas for all acreage for which coverages are established and such rates shall be those deemed adequate to cover claims for flax crop losses and to provide a reasonable reserve against unforeseen losses. Premium rates so established shall be shown on the county actuarial table and shall be on file in the county office and may be revised from year to year as the Corporation may elect. The premium rate per acre for any specific acreage shall be the premium rate (for the applicable farming practice, if any) approved by the Corporation for the coverage and rate area in which the acreage is located.

§ 415.4 *Application for insurance.* Application for insurance on a form entitled "Application for Flax Crop Insurance" may be made by any person to cover his interest as landlord, owner-operator, or tenant, in a flax crop. For any crop year applications shall be submitted to the county office on or before March 15.

§ 415.5 *The contract.* Upon acceptance of an application for insurance by a duly authorized representative of the Corporation, the contract shall be in effect and will consist of the application and the policy issued by the Corporation.

§ 415.6 *Person to whom indemnity shall be paid.* (a) Any indemnity payable under a contract shall be paid to the insured or such other person as may be entitled to the benefits of the contract under the provisions of this subpart, notwithstanding any attachment, garnishment, receivership, trustee process, judgment, levy, equity, or bankruptcy directed against the insured or such other person, or against any indemnity alleged to be due to such person; nor shall the Corporation or any officer, employee, or representative thereof, be a proper party to any suit or action with reference to such indemnity, nor be bound by any judgment, order, or decree rendered, or entered therein. No officer, agent, or employee of the Corporation shall, because of any such process, order, or decree, pay or cause to be paid to any person other than the insured or other person entitled to the benefits of the contract, any indemnity payable in accordance with the provisions of the contract. Nothing herein contained shall excuse any person entitled to the benefits of the contract from full compliance with, or performance of, any lawful judgment, order, or decree with respect to the disposition of any sums paid thereunder as an indemnity.

(b) The determination of the Corporation as to the existence or nonexistence of a circumstance in the event of which indemnity payment may be made and of the person(s) to whom such payment will be made shall be final and conclusive and payment of an indemnity to such person(s) shall constitute a complete discharge of the Corporation's obligation with respect to the loss for which such indemnity is paid and settled and shall be a bar to recovery by any other person.

§ 415.7 *Public notice of indemnities paid.* The Corporation shall provide for the posting annually in each county at the county courthouse of a list of indemnities paid for losses on farms in such county.

§ 415.8 *Death, incompetence, or disappearance of insured.* (a) If the insured dies, is judicially declared incompetent, or disappears after seeding the flax crop in any year but before the time of loss, and his insured interest in the flax crop is a part of his estate at such time, or if the insured dies, is judicially declared incompetent, or disappears subsequent to such time, the indemnity, if any, shall be paid to the legal representative of his estate, if one is appointed or is duly qualified. If no such representative is or will be so qualified the indemnity shall be paid to the persons beneficially entitled to share in the insured interest in the crop or to any one or more of such persons on behalf of all such persons: *Provided, however,* That if the indemnity exceeds $500, the Corporation may withhold the payment of the indemnity until a legal representative of the insured's estate is duly qualified to receive such payment.

(b) If the insured dies, is judicially declared incompetent or disappears after the seeding of the flax crop in any year but before the time of loss, and his interest in the crop is not a part of his estate at such time, the indemnity, if any, shall be paid to the person(s) who succeeded to his interest in the crop in the manner provided for in the flax crop insurance policy.

(c) If an applicant for insurance or the insured, as the case may be, dies, is judicially declared incompetent, or disappears less than 15 days before the applicable calendar closing date for the filing of applications for insurance in any year, and before the beginning of seeding of the flax crop in such year, whoever succeeds him on the farm with the right to seed the flax crop as his heir or heirs, administrator, executor, guardian, committee or conservator, shall be substituted for the original applicant or the insured upon filing with the county office before the beginning of seeding, a statement in writing in the form and manner prescribed by the Corporation, requesting such substitution and agreeing to assume the obligations of the original applicant or the insured arising out of such application or the contract: *Provided, however,* That any substitution made pursuant to this paragraph shall be effective only with respect to the flax crop to be seeded in the ensuing crop year, and the contract shall terminate at the end of such year. If no such statement is filed, as required by this paragraph, the original application or contract shall be void.

(d) In case of death of the insured after the seeding of flax is begun for any crop year, any additional acreage which is seeded for the insured's estate for that crop year shall be covered by the contract.

(e) Subject to the provisions of paragraph (c) of this section, the contract shall terminate upon death, judicial declaration of incompetence, or disappearance of the insured, except that if such death, judicial declaration of incompetence, or disappearance occurs after the seeding of the flax crop in any crop year but before the end of the insurance period for such year, the contract shall terminate at the end of such insurance period.

(f) The insured shall be deemed to have disappeared within the meaning of this subpart if he fails to file with the county office written notice of his new mailing address within 180 calendar days after any communication by or on behalf of the Corporation is returned undeliverable at the last known address of the insured.

§ 415.9 *Fiduciaries.* Any indemnity payable under a contract entered into in the name of a fiduciary who is no longer acting in such capacity at the time for the payment of indemnity will be made to the succeeding fiduciary upon appropriate application and proof satisfactory to the Corporation of his incumbency. If there is no succeeding fiduciary, payment of the indemnity shall be made to the persons beneficially entitled under this subpart to the insured interest in the crop, to the extent of their respective interests, upon proper application and proof of the facts: *Provided, however,* That the settlement may be made with any one or more of the persons in behalf of all the persons so entitled, whether or not the person to whom payment is made has been authorized by the other interested persons to receive such payment.

§ 415.10 *Assignment or transfer of claims for refunds of excess note payments not permitted.* No claim for a refund of an excess note payment or any part thereof, or any interest therein, shall be assignable or transferable, notwithstanding any assignment of the contract or any transfer of interest in any flax crop covered by the contract. Refund of any excess note payment will be made only to the person who made such payment, except as provided in § 415.11.

§ 415.11 *Refund of excess note payment in case of death, incompetence, or disappearance.* In any case where a person who is entitled to a refund of an excess note payment has died, has been judicially declared incompetent, or has disappeared, the provisions of § 415.8 with reference to the payment of indemnities in any such case shall be applicable with respect to the making of any such refund.

§ 415.12 *Creditors.* An interest (including an involuntary transfer) in an insured flax crop because of the existence of a debt, lien, mortgage, garnishment, levy, execution, bankruptcy, or other process shall not entitle any holder of any such interest to any benefits under the contract.

§ 415.13 *Partial insurance protection.* (a) An applicant may elect to apply for 65 percent of the maximum protection available under the contract. This election may be made only on an application for insurance filed on or before the closing date for filing applications.

(b) The insured may elect, subject to approval by the Corporation, to change from maximum protection to 65 percent of the maximum protection available under the contract, or to change from 65 percent protection to maximum protection. Request for such change shall be made in writing and filed with the Corporation on or before December 31 of any year. Upon approval by the Corporation the change shall become effective beginning with flax seeded for harvest in the next calendar year after the election.

§ 415.14 *Rounding of fractional units.* The premium shall be rounded to the nearest tenth of a bushel and the total coverage to the nearest bushel. Total production shall be rounded to the nearest bushel. Fractions of acres shall be rounded to the nearest tenth of an acre. Computations shall be carried one digit beyond the digit that is to be rounded. If the last digit is 1, 2, 3, or 4, the rounding shall be downward, but if such digit is 5, 6, 7, 8, or 9, the rounding shall be upward.

§ 415.15 *Changes in contracts covering the 1948 and succeeding crop years.* If the insured had a continuous flax crop insurance contract in force for the 1948 and succeeding crop years, and the contract has not been canceled pursuant to § 415.154 of the applicable regulations (12 F. R. 8744, 13 F. R. 745, 1331) the contract for the 1949 and succeeding crop years shall consist of the previously accepted application for insurance and the policy issued in accordance with this subpart.

Notice of changes in 1948 contracts for the 1949 crop year shall be mailed to the insured on or before December 15, 1948.

§ 415.16 *The policy.* The provisions of the policy are as follows:

In consideration of the representations and provisions in the application upon which this policy is issued, which application is made a part of the contract, and subject to the terms and conditions set forth or referred to herein, the Federal Crop Insurance Corporation (hereinafter designated as the Corporation) does hereby insure

(Hereinafter designated as the insured)

against loss of production on his flax crop while in the field, due to unavoidable causes including drought, flood, hail, wind, frost, winter-kill, lightning, fire, excessive rain, snow, wildlife, hurricane, tornado, insect infestation, plant disease and such other unavoidable causes as may be determined by the Board of Directors of the Corporation. In witness whereof, the Federal Crop Insurance Corporation has caused this policy to be issued this ------ day of ----------, 19----.

FEDERAL CROP INSURANCE CORPORATION,
By ----------
State Crop Insurance Director.

TERMS AND CONDITIONS

1. *Insured flax.* The flax to be insured shall be flax seeded for harvest as seed but does not include (1) volunteer or self-seeded flax, (2) flax seeded with any other crop except perennial grasses or legumes other than vetch, and (3) flax seeded for purposes other than for harvest as seed.

2. *Insurable acreage.* For each crop year of the contract, any acreage is insurable only if a coverage is shown therefor on the county actuarial table (including maps and related forms) on the closing date for filing applications for that crop year, and the farming practice followed on such acreage is one for which a coverage was established.

3. *Responsibility of insured to report acreage and interest.* (a) Promptly after seeding flax each year, the insured shall submit to the Corporation, on a form entitled "Flax Crop Insurance Acreage Report," a report over his signature of all acreage in the county seeded to flax in which he has an interest at the time of seeding. This report shall show the acreage of flax for each insurance unit and his interest in each at the time of seeding. If the insured does not have an insurable interest in flax seeded in any year, the acreage report shall nevertheless be submitted promptly after the seeding of flax is generally completed in the county. Any acreage report submitted by the insured shall be considered final and not subject to change by the insured.

(b) The Corporation may elect to determine that the insured acreage is "zero" if the insured fails to file an acreage report within 30 days after seeding of flax is generally

completed in the county, as determined by the Corporation.

(c) Failure of the county office to request submission of such report or to send a personal representative to obtain the report shall not relieve the insured of the responsibility to make such report.

4. *Insured acreage.* The insured acreage with respect to each insurance unit shall be the acreage of flax seeded for harvest as seed as reported by the insured or as determined by the Corporation, whichever the Corporation shall elect, except that insurance shall not attach with respect to (a) any acreage seeded to flax which is destroyed or substantially destroyed (as defined in section 16) and on which it is practical to reseed to flax, as determined by the Corporation, and such acreage is not reseeded to flax, and (b) any acreage initially seeded to flax too late to expect to produce a normal crop, as determined by the Corporation.

5. *Insured interest.* The insured interest in the flax crop covered by the contract shall be the interest of the insured at the time of seeding as reported by the insured or as determined by the Corporation, whichever the Corporation shall elect. For the purpose of determining the amount of loss the insured interest shall not exceed the insured's actual interest at the time of loss or the beginning of harvest whichever occurs first.

6. *Coverage per acre.* The coverage per acre shall be the applicable number of bushels of flax established for the area in which the insured acreage is located, and shall be shown by practice(s) on the county actuarial table on file in the county office. The coverage per acre is progressive depending upon whether the acreage is (a) released and seeded to a substitute crop, (b) not harvested and not seeded to a substitute crop, or (c) harvested.

7. *Fixed price.* The fixed price per bushel for any crop year shall be the higher of the loan rate per bushel for flax seed or the support price per bushel for flax seed, as established by the U. S. Department of Agriculture for the crop year, with differentials as determined by the Corporation for the location of the insurance unit. However, if neither a loan rate nor a support price per bushel is established by the U. S. Department of Agriculture for any year by January 15 of that year, the fixed price for such year shall be determined by the Corporation. The fixed price is used in determining the cash equivalent of premiums and indemnities. This price shall be on file in the county office.

8. *Insurance period.* Insurance with respect to any insured acreage shall attach at the time the flax is seeded. Insurance shall cease with respect to any portion of the flax crop covered by the contract upon threshing or removal from the field, but in no event shall the insurance remain in effect later than October 31 of each year, unless such time is extended in writing by the Corporation.

9. *Life of contract, cancelation thereof.* (a) Subject to the provisions of paragraph (d) of this section, the contract shall be in effect for the 1949 crop year and shall continue in effect for each succeeding crop year until either party gives to the other party, on or before December 31 of any year, written notice of cancelation effective beginning with flax seeded for harvest in the next calendar year. Any notice of cancelation given by the insured to the Corporation shall be submitted in writing to the county office.

(b) If the insured cancels the contract, he shall not be eligible for crop insurance on flax to be seeded in the county for harvest in the next calendar year unless he subsequently files an application for insurance on or before December 31 preceding such year.

(c) If for two consecutive crop years no flax in which the insured has an insurable interest is seeded in the county, the contract shall terminate.

(d) If the minimum participation requirement as established by the Corporation is not met for any year the contract shall continue in force only to the end of the crop year for which such requirement is not met, except that if the minimum participation requirement is met on or before the next succeeding closing date the contract shall continue to be in force.

10. *Changes in contract.* The Corporation reserves the right to change the premium rate(s), insurance coverage(s) and other terms and provisions of the contract from year to year. Notice of such changes shall be mailed to the insured at least 15 days prior to December 31. Failure of the insured to cancel the contract as provided in section 9 shall constitute his acceptance of any such changes. If no notice is mailed to the insured, the terms and provisions of the contract for the prior year shall continue in force.

11. *Causes of loss not insured against.* The contract shall not cover loss of production caused by: (a) Failure to follow recognized good farming practices; (b) poor farming practices, including but not limited to the use of defective or unadapted seed, failure to plant a sufficient quantity of seed, failure properly to prepare the land for seeding or properly to seed, care for or harvest and thresh the insured crop (including unreasonable delay thereof); (c) following different fertilizer or farming practices than those considered in establishing the coverage per acre; (d) seeding flax on land which is generally not considered capable of producing a flax crop comparable to that produced on the land considered in establishing the coverage per acre; (e) seeding excessive acreage under abnormal conditions; (f) seeding perennial or biennial legumes or perennial grasses with the flax or in the growing flax crop; (g) seeding flax under conditions of immediate hazard; (h) inability to obtain labor, seed, fertilizer, machinery, repairs or insect poison; (i) break-down of machinery, or failure of equipment due to mechanical defects; (j) neglect or malfeasance of the insured or of any person in his household or employment or connected with the farm as tenant or wage hand; (k) domestic animals or poultry; or (l) theft.

12. *Partial insurance protection.* If the accepted application provides for partial insurance protection, the premium and any indemnity shall be 65 percent of the amount otherwise computed in accordance with the contract.

13. *Amount of annual premium.* (a) The premium rate per acre will be the applicable number of bushels of flax established by the Corporation for the coverage and rate area in which the insured acreage is located and will be shown by practices on the county actuarial table on file in the county office. The annual premium for each insurance unit under the contract will be based upon (1) the insured acreage of flax, (2) the applicable premium rate(s), (3) the insured interest in the crop at the time of seeding, and (4) the fixed price. There will be a reduction in the annual premium for each insurance unit of one percent in cases where the insured acreage on the insurance unit is as much as 25 acres and does not exceed 74.9 acres, and an additional one percent reduction for each additional 50 acres or fraction thereof on the insurance unit. However, the total reduction shall not exceed 20 percent. The annual premium for the contract shall be the total of the premiums computed for the insured for all insurance units covered by the contract. The annual premium with respect to any insured acreage shall be regarded as earned when the flax crop on such acreage is seeded.

14. *Manner of payment of premium.* (a) The applicant executes a premium note by signing the application for flax crop insurance. This note represents a promise to pay to the Corporation annually during the life of the contract, on or before July 31 of each year the premium for all insurance units covered by the contract.

(b) A discount of five percent shall be allowed on any earned annual premium which is paid in full on or before June 30 if the insured has submitted to the Corporation at the county office his flax acreage report promptly after seeding but not later than June 30 of such crop year.

(c) Any premium note not paid at maturity shall bear interest computed not on a per annum basis but as follows: Three percent on the principal amount not paid on or before December 31 following the maturity date, and an additional three percent on the principal amount owing at the end of each six-month period thereafter.

(d) Payment on any annual premium shall be made by means of cash or by check, money order, postal note, or bank draft payable to the order of the Treasurer of the United States. All checks and drafts will be accepted subject to collection and payments tendered shall not be regarded as paid unless collection is made.

(e) Any unpaid amount of any annual premium plus any interest due may be deducted (either before or after the date of maturity) from any indemnity payable by the Corporation, from the proceeds of any commodity loan to the insured, and from any payment made to the insured under the Soil Conservation and Domestic Allotment Act, as amended, or any other act of Congress or program administered by the United States Department of Agriculture. There shall be no refund of any annual premium overpayment of less than $1.00 unless written request for such refund is received by the Corporation within one year after the payment thereof.

15. *Notice of loss or damage.* (a) Unless otherwise provided by the Corporation, if a loss under the contract is probable, notice in writing shall be given the Corporation at the county office immediately after any material damage to the insured crop. The crop shall not be harvested, removed, or any other use made of it until it has been inspected by the Corporation.

(b) Unless otherwise provided by the Corporation, if, at the completion of threshing of the insured flax crop, a loss under the contract has been sustained, or is probable, notice in writing shall be given immediately to the Corporation at the county office. If such notice is not given within 15 days after threshing is completed, the Corporation reserves the right to reject any claim for indemnity. This notice is in addition to any notice required by paragraph (a) of this section.

16. *Released acreage.* Any insured acreage on which the flax crop has been destroyed or substantially destroyed may be released by the Corporation for planting to a substitute crop or to be put to another use. The flax crop shall be deemed to have been substantially destroyed if the Corporation determines that it has been so badly damaged that farmers generally in the area where the land is located and on whose farms similar damage occurred would not further care for the crop or harvest any portion thereof. No insured acreage may be planted to a substitute crop or put to another use until the Corporation releases such acreage. On any acreage where the flax has been partially destroyed but not released by the Corporation, proper measures shall be taken to protect the crop from further damage. There shall be no abandonment of any crop or portion thereof to the Corporation.

17. *Time of loss.* Any loss shall be deemed to have occurred at the end of the insurance period, unless the entire flax crop on the insurance unit was destroyed or substantially destroyed earlier, in which event the loss shall be deemed to have occurred on the date of such damage, as determined by the Corporation.

18. *Proof of loss.* If a loss is claimed, the insured shall submit to the Corporation a form entitled "Statement in Proof of Loss," containing such information regarding the manner and extent of the loss as may be required by the Corporation. The statement in proof of loss shall be submitted not later than sixty days after the time of loss, unless the time for submitting the claim is extended in writing by the Corporation. It shall be a condition precedent to any liability under the contract that the insured establish the actual production of flax on the insurance unit, the amount of any loss for which claim is made, and that such loss has been directly caused by one or more of the hazards insured against by the contract during the insurance period for the crop year for which the loss is claimed, and that the insured further establish that the loss has not arisen from or been caused by, either directly or indirectly, any of the causes of loss not insured against by the contract. If a loss is claimed, any flax acreage which is not to be harvested shall be left intact until the Corporation makes an inspection.

19. *Insurance unit.* Losses shall be determined separately for each insurance unit except as provided in section 20 (b). An insurance unit consists of (a) all the insurable acreage of flax in the county in which the insured has 100 percent interest in the crop at the time of seeding, or (b) all the insurable acreage of flax in the county owned by one person which is operated by the insured as a share tenant, or (c) all the insurable acreage of flax in the county which is owned by the insured and is rented to one share tenant at the time of seeding. Land rented for cash or for a fixed commodity payment shall be considered as owned by the lessee. For any crop year of the contract acreage shall be considered to be located in the county if a coverage is shown therefor on the county actuarial table.

20. *Amount of loss.* (a) The amount of loss with respect to any insurance unit shall be determined by multiplying the seeded acreage (exclusive of any acreage to which insurance did not attach) by the applicable coverage per acre and subtracting therefrom the total production for the seeded acreage and multiplying the remainder by the insured interest. However, if the seeded acreage on the insurance unit exceeds the insured acreage on the insurance unit, the amount of loss so determined shall be reduced on the basis of the ratio of the insured acreage to the seeded acreage, or if the premium computed for the acreage and interest shown on the acreage report is less than the premium computed for the seeded acreage, the amount of loss determined for the seeded acreage may be reduced on the basis of the ratio of the premium computed for the acreage and interest shown on the acreage report to the premium computed for the seeded acreage, if the Corporation so elects. The total production for an insurance unit shall include all production determined in accordance with the following schedule:

SCHEDULE

Acreage Classification	*Total Production in Bushels*
1. Acreage on which flax is threshed.	1. Actual production of flax which is threshed.
2. Acreage released by the Corporation and planted to a substitute crop.	2. That portion of the appraised production which is in excess of the coverage.
3. Acreage not harvested and not seeded to a substitute crop.	3. That portion of the appraised production which is in excess of the number of bushels determined by subtracting (i) the coverage for such acreage from (ii) the coverage such acreage would have if it were harvested.
4. Acreage put to another use without being released by the Corporation.	4. Appraised production but not less than the product of (i) such acreage and (ii) the coverage per acre.
5. Acreage with reduced yield due solely to any cause(s) not insured against.	5. Appraised number of bushels by which production has been reduced but not less than the product of (i) such acreage and (ii) the coverage per acre, minus any flax harvested.
6. Acreage with reduced yield due partially to a cause(s) not insured against and partially to a cause(s) insured against.	6. Appraised number of bushels by which production has been reduced because of any cause(s) not insured against.

(b) If the production from two or more insurance units is commingled and the insured fails to establish and maintain records satisfactory to the Corporation of acreage or the production from each, the insurance with respect to such units may be voided by the Corporation for the crop year and the premium forfeited by the insured. However, if all the component parts are insured the total coverage for the component parts may be considered as the total coverage for the combination, if the Corporation so elects, in which case any loss for such combination shall be determined as outlined in paragraph (a) of this section. Where the insured fails to establish and maintain separate records, satisfactory to the Corporation, of uninsured acreage and production therefrom and for one or more insurance units or portions thereof, any production from such acreage which is commingled with production from the insured acreage shall be considered to have been produced on the insured acreage, or the insurance with respect to such unit(s) under the contract may be voided by the Corporation for the crop year and the premium forfeited by the insured.

(c) The cash amount of the indemnity shall be determined by multiplying the amount of the loss in bushels by the fixed price.

21. *Payment of indemnity.* (a) Indemnities shall be paid only by check. The amount of indemnity for which the Corporation may be liable will be payable within thirty days after satisfactory proof of loss is approved by the Corporation, but if payment is delayed for any reason, the Corporation shall not be liable for interest or damages on account of such delay.

(b) Indemnities shall be subject to all provisions of the contract, including the right of the Corporation to deduct from any indemnity the unpaid amount of any earned premium plus any interest due or any other obligation of the insured to the Corporation.

(c) Any indemnity payable under a contract shall be paid to the insured or such other person as may be entitled to the benefits under the provisions of the contract, notwithstanding any attachment, garnishment, receivership, trustee process, judgment, levy, equity, or bankruptcy, directed against the insured or such other person, or against any indemnity alleged to be due to such person; nor shall the Corporation or any officer, employee, or representative thereof, be a proper party to any suit or action with reference to such indemnity, nor be bound by any judgment, order, or decree, rendered or entered therein. Nothing herein contained shall excuse any person entitled to the benefits of the contract from full compliance with, or performance of, any lawful judgment, order, or decree with respect to the disposition of any sums paid thereunder as an indemnity.

(d) If a check issued in payment of an indemnity is returned undeliverable at the last known address of the payee, and if such payee or other person entitled to the indemnity makes no claim for payment within two years after the issuance of the check, such claim shall not thereafter be payable, except with the consent of the Corporation.

22. *Payment to transferee.* (a) If the insured transfers all or a part of his insured interest in a flax crop before the beginning of harvest or the time of loss, whichever occurs first, he shall immediately notify the Corporation thereof in writing at the county office. The transferee under such a transfer will be entitled to the benefits of the contract with respect to the interest so transferred, provided the transferee immediately following the transfer makes suitable arrangements with the Corporation for the payment of any premium with respect to the interest so transferred, whereupon the transferee and the transferor shall be jointly and severally liable for the amount of such premium. Any transfer shall be subject to any collateral assignment made by the original insured in accordance with section 26. However, the Corporation shall not be liable for a greater amount of indemnity in connection with the insured crop than would have been paid if the transfer had not taken place.

(b) An involuntary transfer of an insured interest in a flax crop solely because of the existence of a debt, lien, mortgage, garnishment, levy, execution, bankruptcy, or other process shall not entitle any holder of any such interest to any benefits under the contract.

(c) Any deduction to be made from an indemnity payable to the transferee shall not exceed the annual premium plus any interest due on the land involved in the transfer for the crop year in which the transfer is made, plus the unpaid amount of any other obligation of the transferee to the Corporation.

(d) If, as a result of any transfer, diverse interests appear with respect to any insurance unit, any indemnity payable with respect to such unit may be paid jointly to all persons having the insured interest in the crop at the time harvest is commenced or the time of loss, whichever occurs first, or to one of such persons on behalf of all such persons, and payment in any such manner shall constitute a complete discharge of the Corporation's liability with respect to such unit under the contract.

(e) If a transfer is effected in accordance with paragraph (a) above, the contract of the transferor shall cover the interest so transferred only to the end of the insurance period for the crop year during which the transfer is made.

23. *Determination of person to whom indemnity shall be paid.* In any case where the insured has transferred his interest in all or a part of the flax crop on any insurance unit, or has ceased to act as a fiduciary, or has died, has been judicially declared incompetent or has disappeared, payment in accordance with the provisions of the contract will be made only after the facts have been established to the satisfaction of the Corporation. The determination of the Corporation as to the existence or nonexistence of a circumstance in the event of which payment may be made and of the person(s)

to whom such payment will be made shall be final and conclusive. Payment of an indemnity under this section shall constitute a complete discharge of the Corporation's obligation with respect to the loss for which such indemnity is paid and settled and shall be a bar to recovery by any other person.

24. *Other insurance.* (a) If the insured has or acquires any other insurance against substantially all the risks that are insured against by the Corporation under the contract, regardless of whether such other insurance is valid or collectible, the liability of the Corporation shall not be greater than its share would be if the amount of its obligations were divided equally between the Corporation and such other insurer.

(b) In any case where an indemnity is paid to the insured by another Government agency because of damage to the flax crop, the Corporation reserves the right to determine its liability under the contract taking into consideration the amount paid by such other agency.

25. *Subrogation.* The Corporation may require from the insured an assignment of all rights of recovery against any person(s) for loss or damage to the extent that payment therefor is made by the Corporation, and the insured shall execute all papers required and shall do everything that may be necessary to secure such rights.

26. *Collateral assignment.* The original insured may assign his right to an indemnity under the contract by executing a form entitled "Collateral Assignment" and upon approval thereof by the Corporation the interest of the assignee will be recognized, including the right of the assignee to submit a "Statement in Proof of Loss" if the insured refuses to submit or disappears without having submitted such statement.

27. *Records and access to farm.* For the purpose of enabling the Corporation to determine any loss that may have occurred under the contract, the insured shall keep, or cause to be kept, for one year after the time of loss, records of the harvesting, storage, shipment, sale, or other disposition, of all flax produced on each insurance unit covered by the contract, and on any uninsured acreage in the county in which he has an interest. Such records shall be made available for examination by the Corporation, and as often as may be reasonably required, any person(s) designated by the Corporation shall have access to the farm(s).

28. *Voidance of contract.* The contract may be voided and the premium forfeited to the Corporation without the Corporation's waiving any right or remedy, including its right to collect the amount of the note executed by the insured, whether before or after maturity, if (a) at any time the insured has concealed any material fact or made any false or fraudulent statements relating to the contract, the subject thereof, or his interest in the flax crop covered thereby, or (b) the insured shall neglect to use all reasonable means to produce, care for or save the flax crop covered thereby, whether before or after damage has occurred, or (c) the insured fails to give any notice, or otherwise fails to comply with the terms of the contract, including the note, at the time and in the manner prescribed.

29. *Modification of contract.* No notice to any representative of the Corporation or the knowledge possessed by any such representative or by any other person shall be held to effect a waiver of or change in any part of the contract, or to estop the Corporation from asserting any right or power under such contract, nor shall the terms of such contract be waived or changed except as authorized in writing by a duly authorized officer or representative of the Corporation, nor shall any provision or condition of the contract or any forfeiture be held to be waived by any delay or omission by the Corporation in exercising its rights and powers thereunder or by any requirement, act, or proceeding on the part of the Corporation or of its representatives relating to appraisal or to any examination herein provided for.

30. *General.* (a) In addition to the terms and provisions in the application and policy, the Flax Crop Insurance Regulations for Continuous Contracts for the 1949 and Succeeding Crop Years (7 CFR, Part 415) shall govern with respect to (1) death, incompetence, or disappearance of the insured, (2) fiduciaries, (3) prohibition against assignment or transfer of claims for refunds, (4) rounding of fractional units, (5) creditors, (6) minimum participation requirements, and (7) changes from or to partial insurance protection.

(b) Copies of the regulations and forms referred to in this policy are available at the county office.

31. *Meaning of terms.* For the purpose of the flax crop insurance program, the terms:

(a) "Contract" means the accepted application for insurance and this policy.

(b) "County Actuarial Table" means the form and related material (including the crop insurance maps) approved by the Corporation for listing the coverages per acre and the premium rates per acre applicable in the county.

(c) "County office" means the office of the county agricultural conservation association in the county or other office specified by the Corporation.

(d) "Crop year" means the period within which the flax crop is seeded and normally harvested, and shall be designated by reference to the calendar year in which the crop is normally harvested.

(e) "Harvest" means any mechanical severance from the land of matured flax for threshing where the flax crop has not been destroyed or substantially destroyed.

(f) "Person" means an individual, partnership, association, corporation, estate, or trust, or other business enterprise or other legal entity, and, wherever applicable, a state, a political subdivision of a state, or any agency thereof.

(g) "Substitute crop" means any crop, except biennial and perennial legumes and perennial grasses, planted on released acreage before harvest of flax becomes general in the county as determined by the Corporation. Biennial and perennial legumes and perennial grasses seeded with the flax or in the growing flax crop shall not be considered a substitute crop.

(h) "Tenant" means a person who rents land from another person for a share of the flax crop or proceeds therefrom produced on such land.

33. *Maturity date.* For each year of the contract the maturity date for the payment of annual premiums shall be July 31.

NOTE: The record keeping requirements of these regulations have been approved by, and subsequent requirements will be subject to the approval of, the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Adopted by the Board of Directors on August 19, 1948.

PART 418—WHEAT CROP INSURANCE

SUBPART—REGULATIONS FOR CONTINUOUS CONTRACTS COVERING 1949 AND SUCCEEDING CROP YEARS

The Wheat Crop Insurance Regulations for Continuous Contracts covering 1949 and Succeeding Crop Years (13 F. R. 2607) are hereby amended as follows:

1. Section 418.156 is amended to read as follows:

§ 418.156 *Reduction of premium based on good experience.* The insured's annual premium may be reduced in any year as follows: (a) not to exceed 50 percent for commodity coverage insurance if it is determined by the Corporation that the accumulated balance, expressed in bushels, of premiums over indemnities on consecutively insured wheat crops exceeds his total coverage (on a harvested acreage basis), or (b) not to exceed 25 percent for monetary coverage insurance if it is determined by the Corporation that the cash equivalent (based on the predetermined price for that crop year) of the accumulated balance, expressed in bushels, of premiums over indemnities on consecutively insured wheat crops exceeds his total coverage (computed on a harvested acreage basis). As used in this section, "consecutively insured crops" means the wheat crops insured in consecutive years (ending with the current crop year) but excluding the 1945 crop if no application for insurance was submitted. Failure to apply for insurance in any year, except 1945, shall render any person ineligible for the benefits of any premium balance accumulated prior to such year if insurance is offered in the county in which such person's farm is located, even though insurance may not be provided in the county during such year because of failure to meet the minimum participation requirement: *Provided, however,* That failure to submit an application for insurance for any year will not render a person ineligible for the benefits of this section, if (1) the failure to submit an application was due to service in the active military or naval service of the United States, or (2) the insured established to the satisfaction of the Corporation, prior to the applicable 1946 maturity date, that failure to submit an application for any crop year prior to 1946 was due to the fact that wheat was not seeded in that year. Nothing in this section shall create in the insured any right to a reduced premium.

2. Section 418.168 is amended by changing section 12 of the Monetary Coverage Policy to read as follows:

12. *Amount of annual premium.* The premium rate per acre will be the applicable number of dollars established by the Corporation for the coverage and rate area in which the insured acreage is located and will be shown by practices on the county actuarial table on file in the county office. The annual premium for each insurance unit under the contract will be based upon (a) the insured acreage of wheat, (b) the applicable premium rate(s) and (c) the insured interest in the crop at the time of seeding. There will be a reduction in the annual premium for each insurance unit of one percent in cases where the insured acreage on the insurance unit is as much as 25 acres and does not exceed 74.9 acres, and an additional one percent reduction for each additional 50 acres or fraction thereof on the insurance unit. However, the total reduction shall not exceed 20 percent. The annual premium for the contract shall be the total of the premiums computed for the insured for all insurance units covered by the contract. The annual premium with respect to any insured acreage shall be regarded as earned when the wheat crop on such acreage is seeded. The insured's annual premium may be reduced in any year not to exceed 25 percent if it is determined by the Corporation that the cash equivalent (based on the predetermined price for that crop year) of the accumulated balance, expressed in bushels, of premiums over indemnities on consecutively insured wheat crops exceeds his total coverage (computed on a harvested acreage basis). Nothing in the preceding sentence shall create in the insured any right to a reduced premium.

Adopted by the Board of Directors on August 19, 1948.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

[Tokay Grape Order 1]

PART 951—TOKAY GRAPES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 951.302 *Tokay Grape Order 1*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 51, as amended (7 CFR, Cum. Supp., 951.1 et seq.), regulating the handling of Tokay grapes grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Industry Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of Tokay grapes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice and engage in public rule-making procedure (60 Stat. 237; 5 U. S. C. 1946 ed. 1001 et seq.) in that the time intervening between the date when information upon which this order is based became available and the time when this order must become effective is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

(b) *Order.* (1) During the period beginning at 12:01 a. m., California d. s. t., September 4, 1948, and ending at 12:01 a. m., p. s. t., January 1, 1949, no shipper shall ship:

(i) From the Florin District, any Tokay grapes produced in such district which do not meet the grade and size requirements of U. S. No. 1 Table Grapes, as defined in the United States Standards for Table Grapes (11 F. R. 13568): *Provided,* That, in addition to the tolerances provided for said U. S. No. 1 Table Grapes, there shall be allowed, for each container of Tokay grapes, an aggregate tolerance of ten (10) percent, by weight, for defects not considered serious damage, and for bunches smaller than the minimum size specified for said U. S. No. 1 Table Grapes; or

(ii) From the Lodi District, any Tokay grapes produced in such district which do not meet the grade and size requirements of U. S. No. 1 Table Grapes, as defined in the aforesaid United States Standards.

(2) As used in this section, the terms "shipper," "Florin District," "Lodi District," "district," "size," and "bunches" shall have the same meaning as when used in the amended marketing agreement and order, and the term "serious damage" shall have the same meaning as set forth in the aforesaid United States Standards. (48 Stat. 31, as amended, 7 U. S. C. 601 et seq.; 7 CFR, Cum. Supp., 951.1 et seq.)

Done at Washington, D. C., this 31st day of August 1948.

Director, Fruit and Vegetable Branch, Production and Marketing Administration.

Chapter I—Civil Aeronautics Board

[Regs., Serial No. SR-325]

PART 42—NONSCHEDULED AIR CARRIER CERTIFICATION AND OPERATION RULES

TEMPORARY AUTHORIZATION FOR SCHEDULED AIR TRANSPORTATION OF CARGO

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 27th day of August 1948.

The present provisions of the Civil Air Regulations require all scheduled air carriers to obtain air carrier operating certificates under the provisions of Parts 40 and 61, or Part 41 of the Civil Air Regulations, and to conduct their operations in accordance with the applicable rules governing scheduled air carrier operations. Special Civil Air Regulation Serial Number SR-317-A permits scheduled noncertificated cargo carriers to conduct their operations in accordance with the provisions of Part 42 of the Civil Air Regulations. Present regulations require nonscheduled air carriers to operate under the provisions of Part 42 of the Civil Air Regulations.

This Special Civil Air Regulation will permit all air carriers which have been authorized by the Board pursuant to Title IV of the act to engage in scheduled interstate, overseas, or foreign air transportation of cargo to conduct cargo-only operations under the provisions of Part 42 of the Civil Air Regulations. This regulation will avoid any economic discrimination between scheduled certificated and noncertificated cargo carriers which may have resulted due to the differences between the requirements of Part 42 and the requirements of Parts 40 and 61 and Part 41 until such time as cargo-only certification and operation rules are promulgated by the Board.

Special Civil Air Regulations Serial Numbers SR-317 and SR-317-A may be rescinded, as this regulation will also permit those air carriers, designated as "noncertificated cargo carriers" and authorized to engage in scheduled air transportation of cargo under the provisions of § 292.5 of the Economic Regulations, to conduct such scheduled air transportation under the air carrier certification and operations rules of Part 42 of the Civil Air Regulations.

Interested persons have been afforded an opportunity to participate in the making of this regulation, and due consideration has been given to all relevant matter presented. Since it imposes no additional burden on any person, this regulation may be made effective without prior notice.

In consideration of the foregoing the Civil Aeronautics Board hereby makes and promulgates the following Special Civil Air Regulation effective immediately;

Any air carrier authorized by the Board, pursuant to Title IV of the Civil Aeronautics Act of 1938, as amended, to engage in scheduled air transportation of cargo may conduct such transportation under the air carrier certification and operation rules prescribed in Part 42 of the Civil Air Regulations.

This regulation shall supersede Special Civil Air Regulations Serial Numbers SR-317 and SR-317-A and shall terminate August 1, 1949, unless sooner terminated or rescinded by the Board.

(Secs. 205 (a), 601, 604, 52 Stat. 984, 1007, 1010; 49 U. S. C. 425 (a), 551, 554)

By the Civil Aeronautics Board.

[SEAL] FRED A. TOOMBS,
Acting Secretary.

[Civil Air Reg. Amdt. 61-2]

PART 61—SCHEDULED AIR CARRIER RULES

BANKING AFTER TAKE-OFF

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 27th day of August 1948.

Section 61.7209 of the Civil Air Regulations, in effect, forbids the banking of air carrier aircraft immediately after take-off until a minimum altitude of 500 feet has been attained. This regulation prohibits the changing of the aircraft's

course until this altitude has been reached which in some instances results in flight at a low altitude directly over highly congested areas. It is desirable to avoid such flights wherever possible and the rescission of this regulation will permit the establishment of better traffic patterns which will accomplish this purpose. Since other provisions of the Civil Air Regulations establish adequate safeguards against unnecessary and unsafe maneuvering of aircraft at low altitudes and § 60.108 (c) requires aircraft to conform to traffic patterns prescribed for individual airports, this regulation may be rescinded without an adverse effect on safety.

Special Civil Air Regulations Serial Numbers 188 and 398 provide exceptions to § 61.7209 and, therefore, may be terminated upon rescission of this rule.

Interested persons have been afforded an opportunity to participate in the making of this regulation, and due consideration has been given to all relevant matter presented.

In consideration of the foregoing the Civil Aeronautics Board hereby amends the Civil Air Regulations (14 CFR, Part 61, as amended) effective August 27, 1948:

1. By rescinding § 61.7209.

2. By rescinding Special Civil Air Regulations Serial Numbers 188 and 398.

(Secs. 205 (a), 601–610, 52 Stat. 984, 1007–1012; 49 U. S. C. 425 (a), 551–560)

By the Civil Aeronautics Board.

Acting Secretary.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 52025]

ENFORCEMENT AND LITIGATION

MISCELLANEOUS AMENDMENTS TO CHAPTER

Various provisions of the Customs Regulations of 1943 amended to conform with the enacted codifications of Titles 18 and 28 of the United States Code.

Attention is invited to Public Law 772, 80th Congress, approved June 25, 1948, an act "To revise, codify, and enact into positive law, Title 18 of the United States Code, entitled 'Crimes and Criminal Procedure,'" effective September 1, 1948.

Attention is also invited to Public Law 773, 80th Congress, approved June 25, 1948, an act "To revise, codify, and enact into law Title 28 of the United States Code entitled 'Judicial Code and Judiciary,'" effective September 1, 1948.

Public Law 772 repeals a number of provisions of the Tariff Act of 1930 and related laws enforced by the Customs Service and incorporates their substance in new Title 18 of the United States Code. Public Law 773 repeals a number of provisions of the Tariff Act of 1930, in whole or in part, and incorporates the substance of the repealed matter in new Title 28 of the United States Code. The following amendments of the Customs Regulations of 1943 are made to reflect these changes in law and shall be effective on and after September 1, 1948.

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADES

Part 4, Customs Regulations of 1943 (19 CFR, Cum. Supp., Part 4), is amended as follows:

1. Footnote 1, appended to § 4.1 (a), is amended by substituting "(R. S. 3068, sec. 307, 49 Stat. 528,)" for "(18 U. S. C. 122)" at the end of the second paragraph.

2. The third paragraph of footnote 2, appended to § 4.1 (c) is amended to read as follows:

"Whoever, not being in the United States service, and not being duly authorized by law for the purpose, goes on board any vessel about to arrive at the place of her destination, before her actual arrival, and before she has been completely moored, shall be fined not more than $200 or imprisoned not more than six months, or both.

"The master of such vessel may take any such person into custody, and deliver him up forthwith to any law enforcement officer, to be by him taken before any committing magistrate, to be dealt with according to law." (18 U. S. C. 2279)

3. Footnote 45, appended to § 4.24 (a), is amended by substituting "(Sec. 26, 23 Stat. 59, sec. 10, 32 Stat. 829, sec. 102, 1946 Reorg. Plan No. 3, 11 F. R. 7875, 60 Stat. 1097)" for "(18 U. S. C. 643, E. O. 9083; 7 F. R. 1609)" at the end thereof.

4. Section 4.24 (d) is amended by deleting "18 U. S. C. 643," from the parenthetical matter at the end thereof.

5. Footnote 98, appended to § 4.61 (b) (13), is amended by substituting "18 U. S. C. 1724" for "18 U. S. C. 326."

6. Footnote 104, appended to § 4.73 (a), is amended by substituting "18 U. S. C. Ch. 45, secs. 14, 16, and 17 of the Criminal Code (35 Stat. 1090–1091)," for "18 U. S. C. Ch. 2."

7. Section 4.98 (g) (1) is amended by substituting "(R. S. [illegible])" for "(28 U. S. C. 607)" in the first sentence.

(R. S. 161, sec. 624, 46 Stat. 759; 5 U. S. C. 22, 18 U. S. C., 19 U. S. C. 1624)

PART 5—CUSTOMS RELATIONS WITH CONTIGUOUS FOREIGN TERRITORY

1. Section 5.15, Customs Regulations of 1943 (19 CFR, Cum. Supp., 5.15), is amended by changing the parenthetical matter at the end thereof to read "(18 U. S. C. 547; secs. 595, 624, 46 Stat. 752, 759; 19 U. S. C. 1595, 1625)".

2. The last paragraph of footnote 13, appended to the said § 5.15 is amended to read as follows:

"Whoever receives or deposits any merchandise in any building upon the boundary line between the United States and any foreign country, or carries any merchandise through the same, in violation of law, shall be fined not more than $5,000 or imprisoned not more than two years, or both." (18 U. S. C. 547)

PART 9—IMPORTATIONS BY MAIL

Part 9, Customs Regulations of 1943 (19 CFR, Cum. Supp., Part 9), is amended as follows:

1. The parenthetical matter at the end of § 9.5 (c) is amended to read "(18 U. S. C. 545; secs. 618, 624, 46 Stat. 757, 759; 19 U. S. C. 361)" in the last sentence.

2. In the marginal references opposite § 9.12 (d) substitute "18 U. S. C. 43, 44, 1716, 1761, 1762;" for "18 U. S. C. 340 and Ch. 9;"

3. In the marginal references opposite § 9.12 (e) substitute "18 U. S. C. 1301" for "18 U. S. C. 387"; and "18 U. S. C. 1461" for "18 U. S. C. 334."

(R. S. 161, sec. 624, 46 Stat. 759; 5 U. S. C. 22, 18 U. S. C., 19 U. S. C. 1624)

PART 12—SPECIAL CLASSES OF MERCHANDISE

Part 12, Customs Regulations of 1943 (19 CFR, Cum. Supp., Part 12), is amended as follows:

1. Footnote 14, appended to § 12.27, is deleted and the following is inserted in lieu thereof:

[14] "Whoever delivers or knowingly receives for shipment, transportation, or carriage in interstate or foreign commerce, any wild animal or bird, or the dead body or part thereof, or the egg of any such bird imported from any foreign country, or captured, killed, taken, purchased, sold, or possessed contrary to any Act of Congress, or the law of any State, Territory, Possession, or foreign country, or subdivision thereof; or

"Whoever transports, brings, or conveys from any foreign country into the United States any wild animal or bird, or the dead body or part thereof, or the egg of any such bird captured, killed, taken, shipped, transported, or carried contrary to the law of such foreign country or subdivision thereof; or

"Whoever knowingly purchases or receives any wild animal or bird, or the dead body or part thereof, or the egg of any such bird imported from any foreign country or shipped, transported, carried, brought, or conveyed in violation of this section; or

"Whoever, having purchased or received any wild animal or bird, or the dead body or part thereof, or the egg of any such bird imported from any foreign country or shipped, transported, or carried in interstate commerce, makes any false record or account thereof; or

"Whoever imports from or exports to Mexico any game mammal, dead or alive, or parts or products thereof, except under permit or authorization of the Secretary of the Interior, in accordance with regulations issued by him and approved by the President—

"Shall be fined not more than $500 or imprisoned not more than six months, or both; and the wild animals or birds, or the dead bodies or parts thereof, or the eggs of such birds, shall be forfeited." (18 U. S. C. 43)

"Whoever ships, transports, carries, brings or conveys in interstate or foreign commerce any package containing wild animals or birds, or the dead bodies or parts thereof, without plainly marking, labeling, or tagging such package with the names and addresses of the shipper and consignee and with an accurate statement showing the contents by number and kind; or

"Whoever ships, transports, carries, brings or conveys in interstate commerce, any package containing migratory birds included in any convention to which the United States is a party, without marking, labeling, or tagging such package as prescribed in such conventions, or Act of Congress, or regulation thereunder; or

"Whoever ships, transports, carries, brings or conveys in interstate commerce any package containing furs, hides, or skins of wild animals without plainly marking, labeling, or tagging such package with the names and addresses of the shipper and consignee—

"Shall be fined not more than $500 or imprisoned not more than six months, or both; and the shipment shall be forfeited." (18 U. S. C. 44)

"Any employee authorized by the Secretary of the Interior to enforce sections 43 and 44 of this title, and any officer of the customs, may arrest any person violating said sections in his presence or view, and may execute any warrant or other process issued by an officer or court of competent jurisdiction to enforce the provisions of said sections." (18 U. S. C. 3054)

"Any employee authorized by the Secretary of the Interior to enforce sections 43 and 44 of this title, and any officer of the customs, shall have authority to execute any warrant to search for and seize any property used or possessed in violation of said sections and property so seized shall be held by him or by the United States marshal pending disposition thereof by the court." (18 U. S. C. 3112)

2. Section 12.38 is amended to read as follows:

§ 12.38 *Labeling requirements; packages.* All packages of liquor not labeled as required by 18 U. S. C. 1263 [25] shall be seized and disposed of as provided for by law (18 U. S. C. 3615). (Sec. 624, 46 Stat. 759; 19 U. S. C. 1624)

3. Footnote 25 appended to § 12.38 is amended to read as follows:

[25] "Whoever knowingly ships into any place within the United States, any package of or package containing any spirituous, vinous, malted, or other fermented liquor, or any compound containing any spirituous, vinous, malted, or other fermented liquor fit for use for beverage purposes, unless such package is so labeled on the outside cover as to plainly show the name of the consignee, the nature of its contents, and the quantity contained therein, shall be fined not more than $1,000 or imprisoned not more than one year, or both." (18 U. S. C. 1263)

"All liquor involved in any violation of sections 1261–1265 of this title, the containers of such liquor, and every vehicle or vessel used in the transportation thereof, shall be seized and forfeited and such property or its proceeds disposed of in accordance with the laws relating to seizures, forfeitures, and dispositions of property or proceeds, for violation of the internal-revenue laws." (18 U. S. C. 3615)

4. Footnote 27, appended to § 12.40 (a), is amended by transferring the parenthetical matter from the end of the last paragraph to the end of the preceding paragraph, by deleting the remainder of the last paragraph, and by inserting a new last paragraph to read as follows:

"Whoever, being an officer, agent, or employee of the United States, knowingly aids or abets any person engaged in any violation of any of the provisions of law prohibiting importing, advertising, dealing in, exhibiting, or sending or receiving by mail obscene or indecent publications or representations, or books, pamphlets, papers, writings, advertisements, circulars, prints, pictures, or drawings containing any matter advocating or urging treason or insurrection against the United States or forcible resistance to any law of the United States, or containing any threat to take the life of or inflict bodily harm upon any person in the United States, or means for preventing conception or procuring abortion, or other articles of indecent or immoral use or tendency, shall be fined not more than $5,000 or imprisoned not more than ten years, or both." (18 U. S. C. 552)

5. Section 12.40 (d) is amended by substituting "of the offender" for "under the provisions of the Criminal Code."

6. The last sentence of footnote 28, appended to § 12.40 (f), is amended to read as follows:

Sections 1461 and 1462, title 18, United States Code, contain provisions which apply to information and advertisements on these subjects.

7. Section 12.47 is amended by substituting "section 1761 or 1762, title 18, United States Code,[29]" for "the Act of July 24, 1935, 49 Stat. 494 (18 U. S. C. 396b–396e) [30]".

8. Footnote 30, appended to § 12.47, is amended to read as follows:

[30] "(a) Whoever knowingly transports in interstate commerce or from any foreign country into the United States any goods, wares, or merchandise manufactured, produced, or mined, wholly or in part by convicts or prisoners, except convicts or prisoners on parole or probation, or in any penal or reformatory institution, shall be fined not more than $1,000 or imprisoned not more than one year, or both.

"(b) This chapter shall not apply to agricultural commodities or parts for the repair of farm machinery, nor to commodities manufactured in a Federal, District of Columbia, or State institution for use by the Federal Government, or by the District of Columbia, or by any State or Political subdivision of a State." (18 U. S. C. 1761)

"(a) All packages containing any goods, wares, or merchandise manufactured, produced, or mined wholly or in part by convicts or prisoners, except convicts or prisoners on parole or probation, or in any penal or reformatory institution, when shipped or transported in interstate or foreign commerce shall be plainly and clearly marked, so that the name and address of the shipper, the name and address of the consignee, the nature of the contents, and the name and location of the penal or reformatory institution where produced wholly or in part may be readily ascertained on an inspection of the outside of such package.

"(b) Whoever violates this section shall be fined not more than $1,000, and any goods, wares, or merchandise transported in violation of this section or section 1761 of this title shall be forfeited to the United States, and may be seized and condemned by like proceedings as those provided by law for the seizure and forfeiture of property imported into the United States contrary to law." (18 U. S. C. 1762)

9. Section 12.48 (a) is amended by substituting "chapter 25, title 18, United States Code," for "various sections of title 18 of the United States Code,".

10. Footnote 31 appended to § 12.48 (a) is amended to read as follows:

[31] Under 18 U. S. C. 489, it is unlawful to import any "business or professional card, notice, placard, token, device, print, or impression, or any other thing whatsoever, in the likeness or similitude as to design, color, or the inscription thereon of any of the coins of the United States or of any foreign country issued as money, either under the authority of the United States or under the authority of any foreign government."

Under 18 U. S. C. 474 it is unlawful to bring into the United States any "plate, stone, or other thing, * * * from which has been printed, or which may be prepared by direction of the Secretary of the Treasury for the purpose of printing, any obligation or other security of the United States" or any "engraving, photograph, print, or impression" in the likeness of any "obligation or other security issued under the authority of the United States," except under the direction of some proper officer of the United States.

Under 18 U. S. C. 481 it is unlawful to bring into the United States any "counterfeit plate, stone, or other thing, engraving, photograph, print, or other impressions of the notes, bonds, obligations, or other securities of any foreign government, bank, or corporation."

Uncanceled foreign or domestic postage or revenue stamps are obligations of the Government which issues them, and facsimiles or imitations thereof are subject to forfeiture.

11. Section 12.48 (c) is amended by deleting the first sentence and substituting the following in lieu thereof:

(c) Printed matter of the character described in section 489 or 504, title 18, United States Code,[32] containing illustrations of coins or medals, or reproductions of postage or revenue stamps, executed in accordance with any exception stated in section 489 or 504, or the regulations referred to in paragraph (b) of this section, as the case may be, may be admitted to entry.

12. Footnote 32, appended to § 12.48 (c), is amended to read as follows:

[32] "This section shall not forbid or prevent the printing and publishing of illustrations of coins and medals or the making of the necessary plates for the same to be used in illustrating numismatic and historical books and journals and school arithmetics and the circulars of legitimate publishers and dealers in the same." (18 U. S. C. 489)

"(a) Nothing in sections 481, 492 and 502 of this title, or in any other provision of law, shall forbid or prevent the printing, publishing, or importation, or the making or importation of the necessary plates for such printing or publishing, for philatelic purposes in articles, books, journals, newspapers, or albums (including the circulars or advertising literature of legitimate dealers in stamps or publishers of or dealers in philatelic or historical articles, books, journals, or albums), of black and white illustrations of—

(1) foreign revenue stamps if from plates so defaced as to indicate that the illustrations are not adapted or intended for use as stamps;

(2) foreign postage stamps; or

(3) such portion of the border of a stamp of the United States as may be necessary to show minor distinctive features of the stamp so illustrated, but all such illustrations shall be at least four times as large as the portion of the original United States stamp so illustrated.

"(b) Notwithstanding any other provision of law, the Secretary of the Treasury, subject to the approval of the President, may, upon finding that no hindrance to the suppression of counterfeiting and no tendency to bring into disrepute any obligation or other security of the United States will result, by regulations, permit, to the extent and under such conditions as he may deem appropriate, the printing, publishing or importation or the making or importation of the necessary plates for such printing or publishing, for philatelic purposes in articles, books, journals, newspapers, or albums (including the circulars or advertising literature of legitimate dealers in stamps or publishers of or dealers in philatelic or historical articles, books, journals, or albums), of black and white illustrations of canceled or uncanceled United States postage stamps.

"The Secretary, subject to the approval of the President, may amend or repeal such regulations at any time. Such regulations, and any amendment or repeal thereof, shall

become effective upon publication thereof in the FEDERAL REGISTER or upon such date as may be specified therein if later than the date of publication.

"All findings of fact made hereunder shall be final and conclusive and shall not be subject to review." (18 U. S. C. 504)

(R. S. 161, sec. 624, 46 Stat. 759; 5 U. S. C. 22, 18 U. S. C. 1, 19 U. S. C. 1624)

PART 17—PROTESTS AND REAPPRAISEMENTS

Part 17, Customs Regulations of 1943 (19 CFR, Cum. Supp., Part 17), is hereby amended as follows:

1. Footnote 3, appended to § 17.4 (a), and footnote 4, appended to § 17.4 (b), are amended to read as follows:

[3] "Any party to a proceeding before the Customs Court who is dissatisfied with the decision of such court as to the construction of the law and the facts respecting the classification of imported merchandise and the rate of duty imposed thereon under such classification, or with any other appealable decision of such court, may, not later than sixty days after the entry of the decision, apply to the Court of Customs and Patent Appeals for a review of all questions of law and fact. In cases arising in the Territories and Possessions ninety days shall be allowed for making such application.

"The application shall be made by filing in the office of the clerk of the Court of Customs and Patent Appeals a concise statement of errors of law and fact complained of; and a copy of such statement shall be served on the collector, or on the importer, owner, consignee, or agent, as the case may be. Thereupon the Court of Customs and Patent Appeals shall immediately order the Customs Court to transmit the record and evidence taken, together with a certified statement of the facts involved in the case and the decision thereon; and all the evidence taken by and before the Customs Court shall be competent evidence before the Court of Customs and Patent Appeals. The decision of the Court of Customs and Patent Appeals shall be final unless set aside or modified by the Supreme Court, and the case shall be remanded to the Customs Court for further proceedings to be taken in pursuance of such decision." (28 U. S. C. 2601)

[4] "The Court of Customs and Patent Appeals shall have jurisdiction to review by appeal final decision of the Customs Court in all cases as to the construction of the law and the facts respecting the classification of merchandise, the rate of duty imposed thereon under such classifications, and the fees and charges connected therewith, and all appealable questions as to the jurisdiction of the Customs Court and as to the laws and regulations governing the collection of the customs revenues." (28 U. S. C. 1541)

"Cases in the Court of Customs and Patent Appeals may be reviewed by the Supreme Court by writ of certiorari." (28 U. S. C. 1256)

2. Footnote 8, appended to § 17.7 (c), is amended by placing a period after "United States Customs Court" and by deleting the remainder of the sentence.

3. Footnote 9, appended to § 17.8 (b), is amended to read as follows:

[9] "The Customs Court shall have exclusive jurisdiction of appeals for reappraisement and applications for review of reappraisement of imported merchandise * * *." (28 U. S. C. 1582)

"In finding the value of merchandise, in reappraisement proceedings before a single judge of the Customs Court, affidavits and depositions of persons whose attendance cannot reasonably be had, price lists and catalogues, reports or depositions of consuls, customs agents, collectors, appraisers, assistant appraisers, examiners, and other officers of the Government may be admitted in evidence. Copies of official documents, when certified by an official duly authorized by the Secretary of the Treasury, may be admitted in evidence with the same force and effect as original documents.

"The value found by the appraiser shall be presumed to be the value of the merchandise. The burden shall rest upon the party who challenges its correctness to prove otherwise." (28 U. S. C. 2633)

"The judge assigned to hear an appeal for reappraisement of merchandise shall render his decision in writing, together with a statement of the reasons therefor and of the facts on which his decision is based." (28 U. S. C. 2635)

"(a) The decision of a single judge in a reappraisement proceeding shall be final and conclusive upon all parties unless within 30 days from the date it is filed with the collector of customs an application for its review is filed with or mailed to the Customs Court by the collector or other person authorized by the Secretary of the Treasury, and a copy of such application mailed to the consignee, or his agent or attorney, or filed by the consignee, or his agent or attorney, with the collector, by whom the same shall be forwarded forthwith to such court." (28 U. S. C. 2636 (a))

"The decision of a division of the Customs Court, in any matter within its jurisdiction shall be the decision of such court, and shall be final and conclusive upon all parties, unless a party to such proceeding takes an appeal to the Court of Customs and Patent Appeals within the time and manner provided in section 2601 of this title, but if the decision relates to a reappraisement of merchandise, such appeal to the Court of Customs and Patent Appeals shall be upon questions of law only." (28 U. S. C. 2637)

4. Footnote 13, appended to § 17.11 (a), is amended by deleting the last sentence of paragraph (b), the last sentence of paragraph (c), and all of paragraph (d); by inserting a quotation mark and "(Tariff Act of 1930, sec. 516, as amended; 19 U. S. C. 1516)" at the end of paragraph (c); and by adding a new full paragraph to read as follows:

"In reappraisement or classification proceedings instituted under section 1516 of Title 19, an American manufacturer, producer, or wholesaler shall not have the right to inspect any documents or papers of the consignee or importer disclosing any information which the Customs Court or any judge or division thereof deems unnecessary or improper to be disclosed to him." (28 U. S. C. 2634 (b))

(R. S. 161, sec. 624, 46 Stat. 759; 5 U. S. C. 22, 18 U. S. C., 19 U. S. C. 1624)

PART 23—ENFORCEMENT OF CUSTOMS AND NAVIGATION LAWS

Part 23, Customs Regulations of 1943 (19 CFR, Cum. Supp., Part 23), is amended as follows:

1. In the marginal references opposite § 23.3 (a) substitute "18 USC 3041" for "18 U. S. C. 591, 595 R. S. 1014."

2. The first paragraph of footnote 6, appended to § 23.3 (b), is amended to read as follows:

[6] "All property taken or detained under any revenue law of the United States shall not be repleviable, but shall be deemed to be in the custody of the law and subject only to the orders and decrees of the courts of the United States having jurisdiction thereof." (28 U. S. C. 2463)

3. Section 23.3 (d) is amended by changing the parenthetical matter at the end thereof to read as follows: "(Secs. 459, 460, 624, 46 Stat. 717, 759, secs. 1, 3–8, 49 Stat. 517–520, sec. 10 (a), (b), 52 Stat. 1082; 18 U. S. C. 546, 19 U. S. C. 1459, 1460, 1624, 1701, 1703–1708)"

4. The last paragraph of footnote 12, appended to § 23.6 (a), is amended to read as follows:

Acts or omissions which constitute grounds for forfeiture under section 592 may also justify criminal prosecution under 18 U. S. C. 542, in addition to the forfeiture incurred under section 592.

5. Section 23.8 is amended by substituting "section 545, title 18, United States Code,[15]" for "section 593, Tariff Act of 1930,[15]" and by changing the parenthetical matter at the end thereof to read as follows: "(Sec. 624, 46 Stat. 759; 18 U. S. C. 545, 19 U. S. C. 1624)."

6. Footnote 15, appended to § 23.8, is amended to read as follows:

[15] "Whoever knowingly and willfully, with intent to defraud the United States, smuggles, or clandestinely introduces into the United States any merchandise which should have been invoiced, or makes out or passes, or attempts to pass, through the customhouse any false, forged, or fraudulent invoice, or other document or paper; or

"Whoever fraudulently or knowingly imports or brings into the United States, any merchandise contrary to law, or receives, conceals, buys, sells, or in any manner facilitates the transportation, concealment, or sale of such merchandise after importation, knowing the same to have been imported or brought into the United States contrary to law—

"Shall be fined not more than $5,000 or imprisoned not more than two years, or both.

"Proof of defendant's possession of such goods, unless explained to the satisfaction of the jury, shall be deemed evidence sufficient to authorize conviction for violation of this section.

"Merchandise introduced into the United States in violation of this section shall be forfeited to the United States.

"The term 'United States', as used in this section, shall not include the Philippine Islands, Virgin Islands, American Samoa, Wake Island, Midway Islands, Kingman Reef, or Guam." (18 U. S. C. 545)

7. Footnote 16, appended to § 23.8, is amended by substituting "18 U. S. C. 545" for "sec. 593, Tariff Act of 1930."

8. In the marginal reference opposite § 23.11 (a) substitute "28 U. S. C. 2006, 2465" for "18 U. S. C. 818, 842."

9. The third and fourth paragraphs of footnote 22, appended to § 23.11 (d), are amended to read as follows:

"Whoever, being an officer, agent, or employee of the United States or any department or agency thereof, engaged in the enforcement of any law of the United States, searches any private dwelling used and occupied as such dwelling without a warrant directing such search, or maliciously and without reasonable cause searches any other building or property without a search warrant, shall be fined for a first offense not more than $1,000; and, for a subsequent offense, shall be fined not more than $1,000 or imprisoned not more than one year, or both.

"This section shall not apply to any person—

(a) serving a warrant of arrest; or

(b) arresting or attempting to arrest a person committing or attempting to commit an offense in his presence, or who has committed or is suspected on reasonable grounds of having committed a felony; or

(c) making a search at the request or invitation or with the consent of the occupant of the premises." (18 U. S. C. 2236)

"Whoever falsely represents himself to be an officer, agent, or employee of the United States, and in such assumed character arrests or detains any person or in any manner searches the person, buildings, or other property of any person, shall be fined not more than $1,000 or imprisoned not more than three years, or both." (18 U. S. C. 913)

10. Section 23.12 (f) is deleted and paragraph (g) thereof, added by T. D. 51855, is redesignated (f).

11. In the marginal references opposite § 23.21 (a) substitute "18 U. S. C. 3237, 3238, 28 U. S. C. 1395" for "28 U. S. C. 102, 103, 106)".

12. The last two paragraphs of footnote 33, appended to § 23.21 (a), are amended to read as follows:

"Upon the entry of judgment for the claimant in any proceeding to condemn or forfeit property seized under any Act of Congress, such property shall be returned forthwith to the claimant or his agent; but if it appears that there was reasonable cause for the seizure, the court shall cause a proper certificate thereof to be entered and the claimant shall not, in such case, be entitled to costs, nor shall the person who made the seizure, nor the prosecutor, be liable to suit or judgment on account of such suit or prosecution." (28 U. S. C. 2465)

"Execution shall not issue against a collector or other revenue officer on a final judgment in any proceeding against him for any of his acts, or for the recovery of any money exacted by or paid to him and subsequently paid into the Treasury, in performing his official duties, if the court certifies that:

(1) probable cause existed; or

(2) the officer acted under the directions of the Secretary of the Treasury or other proper Government officer.

"When such certificate has been issued, the amount of the judgment shall be paid out of the proper appropriation by the Treasury." (28 U. S. C. 2006)

13. Section 23.22 (a) is amended by inserting "[24]" after "court proceeding", deleting "under the provisions of section 938, Revised Statutes, as amended,[25]", and by adding at the end thereof "(R. S. 161, 251, sec. 624, 46 Stat. 759; 5 U. S. C. 22, 19 U. S. C. 66, 1624)".

14. The first paragraph of footnote 36, appended to § 23.22 (a), is deleted.

15. Section 23.22 (b) is deleted.

16. In the marginal references opposite § 23.29, delete "39615, R. S. 563, 28 U. S. C. 45 (5) (9)."

17. The first paragraph of footnote 45, appended to § 23.29, is amended by substituting "Collectors and appraisers" for "Collectors, appraisers, and judges and divisions of the United States Customs Court."

18. Section 23.30 is amended by substituting "212, title 18, United States Code" for "601, Tariff Act of 1930" and the parenthetical matter at the end thereof is amended to read "(Sec. 624, 46 Stat. 759; 18 U. S. C. 212, 19 U. S. C. 1624)".

19. Footnote 46, appended to § 23.30, is amended to read as follows:

[46] "Whoever gives, offers, or promises any money or thing of value, directly or indirectly, to any officer or employee of the United States in consideration of or for any act or omission contrary to law in connection with or pertaining to the importation, appraisement, entry, examination, or inspection of merchandise or baggage, or of the liquidation of the entry thereof, or by threats or demands or promises of any character attempts improperly to influence or control any such officer or employee of the United States as to the performance of his official duties, shall be fined not more than $5,000 or imprisoned not more than two years, or both.

"Evidence, satisfactory to the court, of such giving, offering, or promising to give, or attempting to influence or control, shall be prima facie evidence that the same was contrary to law." (18 U. S. C. 212)

"Moneys received or tendered in evidence in any United States Court, or before any officer thereof, which have been paid to or received by any official as a bribe, shall, after the final disposition of the case, proceeding or investigation, be deposited in the registry of the court to be disposed of in accordance with the order of the court, to be subject, however, to the provisions of section 852 [now 2042] of Title 28." (18 U. S. C. 3612)

20. The parenthetical matter at the end of § 23.31 (b) is amended to read "(Sec. 208, 49 Stat. 526; 18 U. S. C. 545, 19 U. S. C. 483)".

(R. S. 161, sec. 624, 46 Stat. 759; 5 U. S. C. 22, 18 U. S. C., 19 U. S. C. 1624)

PART 26—DISCLOSURE OF INFORMATION

Section 26.2 (e), Customs Regulations of 1943 (19 CFR, Cum. Supp., 26.2 (e)) is amended by substituting "1733" for "661" in the last sentence thereof.

(R. S. 161, sec. 624; 46 Stat. 759; 5 U. S. C. 22, 18 U. S. C., 19 U. S. C. 1624)

PART 16—LIQUIDATION OF DUTIES

PART 17—PROTESTS AND REAPPRAISEMENTS

NOTICE OF LIQUIDATION

Sections 16.2 (d), (e), (f), and (g), 16.12 (b), and 17.1 (c), Customs Regulations of 1943, relating to notice of liquidation, amended.

1. Section 16.2, Customs Regulations of 1943 (19 CFR, Cum. Supp., 16.2), as amended by T. D. 51215, is further amended as follows:

Paragraph (d) is amended by substituting the following for the fifth and sixth sentences: "The bulletin notice of liquidation shall be posted as soon as possible in a conspicuous place in the customhouse for the information of importers or lodged at some other suitable place in the customhouse in such a manner that it can readily be located and consulted by all interested persons, who shall be directed to that place by a notice maintained in a conspicuous place in the customhouse stating where notices of liquidations of entries are to be found. The bulletin notice of liquidation shall be dated with the date of posting or, if not posted, with the date it is lodged in the above-described place for the information of importers. The entries for which the bulletin notice of liquidation has been prepared shall be stamped "Liquidated," with the date of liquidation, which shall be the same as the date of the bulletin notice of liquidation."

Paragraph (e) is amended by substituting "notice thereof posted or lodged as specified in paragraph (d)" for the last two words thereof.

Paragraph (f) is amended by inserting "or lodged" after the word "posted".

Paragraph (g) is amended by inserting "or lodged" after the word "posted".

(Secs. 505, 624, 46 Stat. 732, 759; 19 U. S. C. 1505, 1624)

2. Section 16.12 (b) Customs Regulations of 1943 (19 CFR, Cum. Supp. 16.12 (b)), is amended to read as follows:

(b) Appraisement, informal, mail, and baggage entries shall be formally liquidated after verification by the comptroller and return to the collector, and a carbon copy of customs Form 5171 covering such entries shall be posted or lodged as the notice of liquidation, in the place and manner specified in § 16.2 (d) for customs Form 4333, after a line has been drawn through the data relating to any entry listed thereon which has not been liquidated as entered. When any such entry is liquidated otherwise than as entered, or is liquidated after the copy of Form 5171 on which it was scheduled has already been posted or lodged as a notice of liquidation, notice of the liquidation shall be posted or lodged on customs Form 4333. All such entries ready for liquidation during any one month may be liquidated on any convenient day during that month. The date of posting or lodging for the information of importers shall be stamped on the bulletin as the date of liquidation of all entries covered thereby.

(Secs. 505, 624, 46 Stat. 732, 759; 19 U. S. C. 1505, 1624)

3. Section 17.1 (c), Customs Regulations of 1943 (19 CFR, Cum. Supp., 17.1 (c)), is amended to read as follows:

(c) The date of liquidation for the purpose of computing the time for filing protests under section 514, Tariff Act of 1930, shall be the date of liquidation stamped upon the entry, and the posting or lodging of notice of the liquidation in compliance with § 16.2 (d) of this chapter shall be sufficient notice of the fact and date of liquidation.

(Secs. 514, 624, 46 Stat. 734, 759; 19 U. S. C. 1514, 1624)

PART 25—CUSTOMS BONDS

FREE-ENTRY OR REDUCED-DUTY DOCUMENTS

The acceptance of free-entry or reduced-duty documents after liquidation of the entry.

Section 25.17 (g), Customs Regulations of 1943 (19 CFR, Cum. Supp., 25.17 (g)), is hereby amended by deleting the words "bonded period but prior to the liquidation" and substituting in lieu thereof the words "bond period but before liquidation of the entry or within such time after liquidation as will permit a valid reliquidation."

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Federal Security Agency

PART 141—TESTS AND METHODS OF ASSAY FOR ANTIBIOTIC DRUGS

PART 146—CERTIFICATION OF BATCHES OF PENICILLIN- OR STREPTOMYCIN-CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in the Federal Security Administrator by the provisions of section 507 of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1040, 1055, as amended by 59 Stat. 463 and 61 Stat. 11; 21 U. S. C., Sup. 357) the regulations for tests and methods of assay of antibiotic drugs (12 F. R. 2215) and certification of batches of penicillin- or streptomycin-containing drugs (12 F. R. 2231, 4961; 13 F. R. 439, 1305, 2475, 3969) are amended as indicated below:

1. Part 141 is amended by adding the following new section:

§ 141.107 *Streptomycin ointment*—(a) *Potency.* Proceed as directed in § 141.101, except paragraphs (j) and (k) thereof, and, in lieu of the directions in paragraph (e) of § 141.101, prepare the sample as follows:

Accurately weigh the tube and contents and squeeze approximately 1.0 gm. into a blending jar containing 50 ml. of 0.10 M potassium phosphate buffer (pH 7.8 to 8.0). Reweigh the tube to obtain weight of ointment used in the test. Using a high-speed blender, blend the mixture for 3 minutes. Dilute an aliquot of the mixture to contain 100 mcg. of streptomycin base (estimated) per milliliter. Transfer 1.0 ml. of this solution to a 100-ml. flask and make up to volume with 0.10 M potassium phosphate buffer (pH 7.8 to 8.0). Use this last dilution in the assay for potency. The potency of streptomycin ointment is satisfactory if it contains not less than 85% of the number of micrograms of streptomycin base per gram it is represented to contain.

(b) *Microorganism count.* Accurately weigh the tube and squeeze approximately 0.5 gm. of the ointment into 4 to 5 ml. of a 1:300 solution of sterile hydroxylamine hydrochloride. Reweigh the tube to obtain weight of ointment used in the test. Warm the hydroxylamine solution containing the ointment for 1 hour or longer at 48–50° C. or until ointment is completely emulsified (moderate shaking at frequent intervals will aid in rapid emulsification). Divide the emulsified ointment into two test tubes, each containing 25 cc. of melted nutrient agar prepared as directed in § 141.1 (b) (1). Shake the tubes to insure even distribution and pour the contents of each tube into a sterile Petri dish and place in a 37° C. incubator for 48 hours. Count the number of colonies appearing on the plates and calculate therefrom the number of viable microorganisms per gram of ointment.

2. Section 146.26 *Penicillin ointment (calcium penicillin ointment, penicillin ointment calcium salt, crystalline penicillin ointment)*, paragraph (a), first sentence, is amended to read as follows:

(a) *Standards of identity, strength, quality, and purity.* Penicillin ointment is calcium penicillin or crystalline penicillin in an ointment base composed of wool fat, petrolatum, or white petrolatum, or any mixture of two or all of these, with or without liquid petrolatum, white wax, yellow wax, carboxymethylcellulose, cottonseed oil, or peanut oil, oxycholesterin derivatives from wool fat, or any mixture of two or all of these.

3. Section 146.45 *Procaine penicillin in oil*, paragraph (a), *Standards of identity, strength, quality, and purity* second sentence, is amended to read: "Its potency is 300,000 units per milliliter, except if it is labeled solely for veterinary use, its potency may be 100,000 units per milliliter."

4. Section 146.47 *Procaine penicillin for aqueous injection*, paragraph (a), *Standards of identity, strength, quality and purity*, first sentence, is amended to read: "Procaine penicillin for aqueous injection is a dry mixture of procaine penicillin and one or more suitable and harmless suspending or dispersing agents, with or without sodium citrate."

Section 146.47, paragraph (d), *Requests for certification; samples*, subparagraph (3) (iii) is amended to read:

(iii) In case of an initial request for certification, each other ingredient used in making the batch; one package of each containing approximately 5 grams.

4. Part 146 is amended by adding the following new section:

§ 146.102 *Streptomycin ointment*—(a) *Standards of identity, strength, quality, and purity.* Streptomycin ointment is streptomycin in an ointment base composed of white petrolatum, white wax, stearic acid, propylene glycol, or distilled water, or any mixture of two or all of these, with or without suitable and harmless dispersing and suspending agents. Its potency is not less than 5,000 mcg. per gram of ointment. Its content of viable microorganisms is not more than 50 per gram. The streptomycin used conforms to the requirements of § 146.101 (a), except subparagraphs (2), (4), (5), (6), and (8) of that paragraph. Each other substance, if its name is recognized in the U. S. P. or N. F., conforms to the standards prescribed therefor by such official compendium.

(b) *Packaging.* Streptomycin ointment shall be packaged in collapsible tubes, which shall be well-closed containers as defined by the U. S. P., and shall not be larger than the 2-ounce size. The composition of the tubes and closure shall be such as will not cause any change in the strength, quality, or purity of the contents beyond any limit therefor in applicable standards, except that minor changes so caused which are normal and unavoidable in good packaging, storage, and distribution practice shall be disregarded.

(c) *Labeling.* Each package of streptomycin ointment shall bear, on its label or labeling as hereinafter indicated, the following:

(1) On the outside wrapper or container and the immediate container:

(i) The batch mark;

(ii) The number of micrograms per gram of the batch; and

(iii) The statement "Expiration date ----------," the blank being filled in with the date which is 9 months after the month during which the batch was certified.

(2) On the outside wrapper or container:

(i) The statement "Store in refrigerator not above 15° C. (59° F.)," or "Store below 15° C. (59° F.)";

(ii) Unless it is intended solely for veterinary use and is conspicuously so labeled, the statement "Caution: To be dispensed only by or on the prescription of a ----------," the blank being filled in with the word "physician" or "dentist" or "veterinarian" or with any combination of two or all of these words as the case may be; and

(iii) Unless it is intended solely for veterinary use and is so labeled, a reference specifically identifying a readily available medical publication containing directions and precautions (including contraindications and possible sensitization) adequate for the use of such ointment, or a reference to a brochure or other printed matter containing such directions and precautions, and a statement that such brochure or printed matter will be sent on request.

(3) On the circular or other labeling within or attached to the package, if the drug is intended solely for veterinary use, directions and precautions adequate for the use of such ointment, including:

(i) Clinical indications;

(ii) Dosage and administration;

(iii) Contraindications; and

(iv) Untoward effects that may accompany administration.

(d) *Requests for certification; samples.* (1) In addition to complying with the requirements of § 146.2, a person who requests certification of a batch of streptomycin ointment shall submit with his request a statement showing the batch mark, the number of packages of each size in such batch, the batch mark and (unless it was previously submitted) the date on which the latest assay of the streptomycin used in making such batch was completed, the quantity of each ingredient used in making the batch, the date on which the latest assay of the drug comprising such batch was completed, and that each component of the ointment base used conforms to the requirements prescribed therefor, if any, by this section.

(2) Except as otherwise provided by subparagraph (4) of this paragraph such person shall submit in connection with his request results of the tests and assays listed after each of the following, made by him on an accurately representative sample of:

(i) The batch, potency, microorganism count;

(ii) The streptomycin used in making the batch; potency, toxicity, pH.

(3) Except as otherwise provided by subparagraph (4) of this paragraph, such person shall submit in connection with his request, in the quantities hereinafter indicated, accurately representative samples of the following:

(i) The batch; one package for each 5,000 packages in the batch, but in no case less than 5 packages or more than 12 packages, collected by taking single packages at such intervals throughout the entire time of packaging the batch that the quantities packaged during the intervals are approximately equal.

(ii) The streptomycin used in making the batch; 5 packages containing approximately equal portions of not less than 0.5 gm. each, packaged in accordance with the requirements of § 146.101 (b).

(iii) In case of an initial request for certification, the ingredients used in making the ointment base of the batch; one package of each containing approximately 200 gm., except for the suspending and dispersing agents used, in which case the sample shall consist of approximately 5 gm.

(4) No result referred to in subparagraph (2) (ii) of this paragraph, and no sample referred to in subparagraph (3) (ii) of this paragraph, is required if such result or sample has been previously submitted.

(e) *Fees.* The fee for the services rendered with respect to each batch of streptomycin ointment under the regulations in this part shall be:

(1) $4.00 for each package in the samples submitted in accordance with paragraph (d) (3) (i), (ii), and (iii) of this section; and

(2) If the Commissioner considers that investigations, other than examination of such packages, are necessary to determine whether or not such batch complies with the requirements of § 146.3 for the issuance of a certificate, the cost of such investigations.

The fee prescribed by subparagraph (1) of this paragraph shall accompany the request for certification, unless such fee is covered by an advance deposit maintained in accordance with § 146.8 (d).

This order, which provides for the use of an additional ingredient in the manufacture of procaine penicillin for aqueous injection and penicillin ointment; for a new product, streptomycin ointment; and for a new dosage form for procaine penicillin in oil when packaged and labeled solely for veterinary use, shall become effective upon publication in the FEDERAL REGISTER, since both the public and the penicillin industry will benefit by the earliest effective date, and I so find.

Notice and public procedure are not necessary prerequisites to the promulgation of this order, and would be contrary to public interest, and I so find, since it was drawn in collaboration with interested members of the affected industry, and since it would be against public interest to delay providing for the use of an additional ingredient in the manufacture of procaine penicillin for aqueous injection and penicillin ointment; to delay providing for a new streptomycin product, streptomycin ointment; and to delay providing for a new dosage form for procaine penicillin in oil when packaged solely for veterinary use.

Dated: August 30, 1948.

[SEAL] J. DONALD KINGSLEY,
Acting Administrator.

(6) Prepares and distributes clippings, press releases, and press-conference summaries to the Department and Foreign Service.

(c) *Organization.* The office of the Special Assistant to the Secretary for Press Relations is composed of the office of the Special Assistant, Press Branch, News Digest Branch, and Newspaper Analysis Branch.

(1) Office of the Special Assistant:

(i) Serves as adviser to the Secretary, Under Secretary, and other officials of the Department on press relations, both in the Department and at international conferences.

(ii) Maintains liaison with the press-relations sections of the White House and other Federal agencies.

(iii) Acts as the clearance agency of the Department for speeches, news releases, articles, statements, etc., where such material is issued by other Federal agencies and bears on foreign policy or is issued by the Department and relates to the activities of other Federal agencies.

(iv) Exercises general supervision over the Press Branch, News Digest Branch, and Newspaper Analysis Branch.

(2) Press Branch:

(i) Deals directly with the press on current activities of the Department, and clears information for the press with proper Department officers.

(ii) Answers the inquiries of press and supplies requested background information.

(iii) Prepares and distributes press releases.

(iv) Arranges press conferences and special interviews.

(v) Maintains cross-reference files on all releases issued by the Department and the White House.

(3) News Digest Branch: Prepares the News Digest and Foreign Press Summary for distribution throughout the Department, to the Foreign Service, and to other Federal agencies as requested.

(4) Newspaper Analysis Branch: Prepares, distributes, and catalogs press clippings dealing with foreign policy.

2. Section 1.190 is amended to read as follows:

§ 1.190 *Executive Secretariat.*—(a) *Purpose.* To provide the Secretary and Under Secretary with staff assistance to facilitate the prompt and efficient handling, coordination, and control of those matters which are related to their immediate responsibilities; and to serve as a channel between the Secretary, Under Secretary, and the Department for the orderly flow of decisions and information.

(b) *Major functions.* The Executive Secretariat performs the following major functions:

(1) Directs and controls the orderly and prompt flow of papers to and from the Secretary and Under Secretary, insuring full correlation of relevant responsibilities in the preparation of policy recommendations prior to submission for decision.

(2) Insures the proper implementation of decisions made by the Secretary and Under Secretary and referred elsewhere for action.

(3) Assists in the identification of policy problems that require coordination of the Department resources.

(4) Collects, maintains, and disseminates policy decisions and other staff records and reports necessary in the formulation and implementation of policy.

(5) Insures the effective use of group consultation for coordination through the official committee structure.

(6) Insures proper coordination and adherence to established policy and standards for outgoing communications of the Department.

(7) Makes the arrangements necessary for the President and the Secretary in their state relations with the agents of other governments.

(8) Undertakes special assignments and provides miscellaneous services for the Secretary and Under Secretary, including top-level liaison assignments.

(9) Provides budgetary, personnel-management, and other administrative services for the offices of the Secretary, Under Secretary, Counselor, Policy Planning Staff, and Executive Secretariat.

(c) *Committee Secretariat Staff.* The Committee Secretariat Staff provides staff assistance and advice regarding the establishment, coordination, operation, and termination of all Departmental committees and interdepartmental committees advisory to the Secretary of State. The Secretariat provides secretariat services in intergovernmental negotiations, as assigned. With regard to Departmental and interdepartmental committees the Staff is responsible for the following specific functions:

(1) Initiates and insures coordination in the formulation of policy recommendations by committees.

(2) Advises the Director of the Executive Secretariat regarding problems of policy-coordination having Department-wide implication, knowledge of which arises from committee operations.

(3) Provides efficient organization and management of operations of individual committees for the committee chairmen.

(4) Advises committee chairmen on the prompt consideration of problems which fall within their terms of reference, and apprises them of policy decisions relating to all problems before them.

(5) Insures adequate reporting of committee proceedings and decisions to the Secretary, high-level officers, and other interested officers of the Department.

(6) Maintains an adequate and uniform system of committee documentation, including agenda, minutes, and reports.

(7) Maintains essential records of individual committees and of the committee program as a whole, including rosters of existing committees.

(d) *Policy Reports Staff.* The Policy Reports Staff performs the following functions:

(1) Circulates within the Executive Secretariat, among offices within the Department, and between the Department and the missions, such policy informational material as may be necessary to the proper functioning of the Department and the missions.

(2) Transmits background informational material from the Offices through the Executive Secretariat to the Secretary and, as directed, to the President.

(3) Disseminates from the Executive Secretariat such policy decisions and information regarding other related developments as may be necessary for the guidance of officers in the Department and chiefs of mission abroad.

(4) Supervises the preparation and revision by the Offices of policy statements covering such countries, areas, and topics as may be determined from time to time; and distributes the statements within the Department and among the missions.

(5) Directs the preparation by the Offices, and prepares and maintains for the Secretary and Under Secretary, a compilation of statements, with essential background information, on policy problems which are, or are likely to be, of importance or concern to them.

(6) Serves as the repository for official policy decisions, statements, and commitments; and, to this end, maintains the Policy Record File, a comprehensive, carefully indexed, record of policy information drawn from all sources. This file is available for the use and consultation of all authorized officers.

(7) Acts in a policy-liaison capacity in areas assigned by the Secretary.

(e) *Protocol Staff.* The Protocol Staff performs the following functions:

(1) Plans and makes all arrangements for foreign visits of state; and arranges for the reception, by the President and the Secretary of State, of the chiefs of foreign missions and of distinguished foreign visitors.

(2) Arranges with Federal, State, and local government agencies for the granting of courtesies, privileges, and immunities to officials of foreign governments and international organizations; and arranges reciprocal privileges for American officials abroad.

(3) Advises the President and the Secretary of State on all matters of protocol.

(4) Operates the Blair House and the Blair-Lee House for the housing and entertainment of distinguished foreign guests.

(5) Maintains the seals of the United States and the Department of State, and handles matters pertaining thereto.

(6) Prepares and arranges for the monthly publication of the Diplomatic List.

(7) Arranges for the visits of foreign naval vessels and foreign military organizations to the United States, and for the visits of American naval vessels and American military organizations to foreign countries.

(8) Maintains custody of decorations and awards conferred by foreign governments upon officers of the United States, and determines when such individuals are legally entitled to receive such decorations or awards.

(f) *Correspondence Review Staff.* The Correspondence Review Staff performs the following functions:

(1) Reviews, edits, and coordinates outgoing correspondence, except that prepared for the signature of the Secretary or Under Secretary, to see that it is in accordance with the Department's policy, practice, and style; that it violates no diplomatic protocol; and that applicable administrative directives have been complied with.

(2) Acts as the official channel for the orderly receipt, presentation for signature, and proper disposition of certain outgoing correspondence, except that prepared for the signature of the Secretary or Under Secretary.

(3) Plans, initiates, and executes policies and procedures for effective preparation, coordination, and review of correspondence originating in the Department.

(4) Provides general information and advises on Departmental practice, procedure, and precedents relating to correspondence.

(5) Collaborates in the planning and development of correspondence-training programs for the personnel of the Department.

3. Section 1.320 is amended to read as follows:

§ 1.320 *Office of Libraries and Intelligence-Acquisition*—(a) *Purpose.* To plan, develop, and implement a program for the acquisition and dissemination of library and intelligence materials and information; for the collection, evaluation, and compilation of biographic data on foreign personalities; and for the maintenance, coordination, and development of Department libraries and reference services, including the central collection of intelligence information and materials.

(b) *Major function.* The Office performs the following functions:

(7) Provides, maintains, and operates the physical establishments in the United States and abroad.

(8) Provides security within the Department, the Foreign Service, and the special programs.

(9) Protects American interests through administration of passport, visa, and munition-control laws and programs, and other pertinent laws.

(c) *Organization.* The Office of the Assistant Secretary consists of the Assistant Secretary, Deputy Assistant Secretaries, Executive and Special Assistants, and the Office of Controls, Office of the Foreign Service, Office of Budget and Planning, and Office of Departmental Administration.

6. In § 1.1820 paragraph (d) is added as follows:

§ 1.1820 *Director General of the Foreign Service.* • • •

(d) *Relationship with other agencies.* The Director General coordinates the activities of the Foreign Service with the needs of the Department and all other Federal agencies, and serves as a member of the Board of the Foreign Service and a member or chairman of other interdepartmental bodies concerned with specific aspects of Foreign Service operations.

7. Section 1.1830 is amended to read as follows:

§ 1.1830 *Office of the Foreign Service*—(a) *Purpose.* To provide administrative leadership, management, and direction to the Foreign Service of the United States; to strengthen relationships between the field establishments and the Department and other Federal agencies; and to develop the potential capabilities of individual members of the Foreign Service to the fullest extent.

(b) *Major functions.* The Office performs the following functions:

(1) Develops and directs the personal program for the Foreign Service of the United States.

(2) Programs and administratively directs field reporting, and coordinates requests for field reporting.

(3) Provides administrative services to field establishments, and directs the Foreign Service in providing the services to the public that are required by law and Foreign Service regulations.

(4) Provides housing for Foreign Service operations, and furnishes and maintains Foreign Service establishments.

(5) Develops and operates the training programs, both substantive and administrative, to meet the needs of the Foreign Service and the Department.

(6) Develops the plans and programs for improvement in the over-all administration and management of the Foreign Service.

(7) Through the Corps of Foreign Service Inspectors, directs the inspection of Foreign Service establishments and gives constructive advice and assistance on better methods of operation.

(8) Serves as coordinator for the Philippine Rehabilitation Program for the Department and other participating agencies; serves a single authority within the Department to make decisions on behalf of the Department on all matters of administration common to the agencies participating in the program.

(c) *Organization.* The Office consists of the office of the Executive Officer, Division of Foreign Service Planning, Division of Foreign Service Personnel, Division of Foreign Service Administration, Division of Foreign Buildings Operations, Foreign Service Institute, Division of Foreign Reporting Services, and Secretariat to the Board of Examiners for the Foreign Service.

(d) *Relationship with other agencies.* The Office maintains operating relations with all Federal agencies which are concerned with the administration of programs through the Foreign Service.

8. In § 1.1900 the introductory text and subparagraph (1) of paragraph (c) are amended to read as follows:

§ 1.1900 *Legal Adviser.* • • •

(c) *Organization.* The office of the Legal Adviser consists of the offices of the Executive Assistant; the Deputy Legal Adviser, Assistant Legal Advisers for Political Affairs, International-Organization Affairs, International Claims, Economic Affairs, Administration and Foreign Service, Military Affairs and Occupied Areas, Public Affairs, and Special Problems; and Assistant for Treaty Affairs.

(1) Deputy Legal Adviser: Serves as principal adviser and consultant to the Legal Adviser and, in his absence, as Acting Legal Adviser.

• • • • •

9. Section 1.2553 is added as follows:

§ 1.2553 *Policy Committee on Arms and Armaments*—(a) *Purpose.* To coordinate all aspects of Department policy with respect to arms and armaments; and to be solely responsible for the presentation of arms-policy matters to the State-Army-Navy-Air Force Coordinating Committee.

(b) *Major functions.* (1) The Committee is responsible for the coordination of all aspects of Department policy with respect to arms and armaments.

(2) The Chairman of the Committee takes the initiative in submitting to the State-Army-Navy-Air Force Coordinating Committee, or to any appropriate subcommittee thereof, such policy matters with respect to arms and armaments as may require concerted study, consideration, or action by the Departments of State, the Army, the Navy, and the Air Force. No policy matters or decisions with respect to arms or armaments are to be presented in behalf of the Department to the Coordinating Committee, except through the Chairman of the Policy Committee or with his concurrence.

(3) Each member of the Committee is authorized to bind his office on any matter coming before the Committee for consideration or action.

(c) *Membership.* (1) The Committee consists of:

(i) The Assistant Secretary — Occupied Areas, representative of the Secretary of State, Chairman of the Committee, and Department member of the State-Army-Navy-Air Force Coordinating Committee on all matters of policy dealing with arms and armaments.

(ii) A representative of the Assistant Secretary—Economic Affairs.

(iii) A representative of the Office of European Affairs.

(iv) A representative of the Office of Near Eastern and African Affairs.

(v) A representative of the Office of Far Eastern Affairs.

(vi) A representative of the Office of American Republic Affairs.

(vii) A representative of the Office of United Nations Affairs.

(viii) A representative of the Office of Controls.

(ix) A Deputy Chairman and an Executive Secretary each designated by the Chairman.

(2) The Chairman may invite to the meetings of the Armaments Committee representatives of Offices who do not hold permanent membership thereon when matters of special interest to such Offices are being considered by the Committee.

(d) *Activities.* (1) The Committee holds stated meetings and maintains a

record of its proceedings. The Chairman, with the advice and counsel of the membership, compiles a list of projects and studies with respect to arms and armament. These projects are assigned for research, development, and analysis to the membership of the Committee as their respective interests may appear. Consideration by the Committee, and submission to the State-Army-Navy-Air Force Coordinating Committee, of any such projects or studies is on the basis of relative urgency, as determined by the Chairman.

(2) The Chairman prescribes the rules of conduct of the Committee and the time and place of its meetings. All interdepartmental liaison by members of the Committee, or of its Secretariat, with respect to arms and armaments is to be accomplished as the Chairman may determine or with his concurrence.

(3) The Chairman places matters on the State-Army-Navy-Air Force Coordinating Committee agenda for consideration. He recommends to the Chairman of the Coordinating Committee duly qualified candidates to represent the Department on any Coordinating Committee subcommittee appointed to consider any matter in respect of arms or armaments, and no one shall represent the Department on any such subcommittee without the approval of the Chairman.

(4) It is expected that the Committee will formulate Department policy in matters of arms and armaments by unanimous action; however, in the event that unanimity cannot be attained, determination shall be made by the Chairman. Any such determination by the Chairman shall be final unless presented to the Under Secretary for review by an Assistant Secretary. A request for review shall be initiated in writing at an early date following the meeting of the Committee at which the determination was made, stating the grounds upon which review is sought; and copies thereof shall be forwarded to the Chairman and to the Secretary of the Committee. It is expected that the Chairman, Deputy Chairman, and Executive Secretary of the Committee shall be notified by the dissenting member of the intention to seek review within seventy-two hours following the meeting at which the decision in question was taken.

(5) Technical and secretarial facilities are provided the Committee, in the first instance, by the Executive Secretariat; and they shall be augmented to such extent as may be necessary by contribution of personnel and facilities by the offices participating in the membership of the Committee. Upon the request of the Chairman, the Assistant Secretary—Administration shall, to the extent necessary in his opinion, levy on any office or division of the Department for such personnel and facilities as the Secretariat may require.

10. In § 1.2561 paragraph (c) is revised to incorporate paragraph (d) and paragraph (d) is deleted, as follows:

§ 1.2561 *Committee on Attestation.* • • •

(c) *Organization.* The Committee is composed of an Attestation Officer, designated by the Chief of the Division of Libraries and Institutes of the Office of Educational Exchange, who serves as Chairman, a Secretary appointed by him with the approval of the Chief, and representatives of such other Department organization units, other Federal agencies, and nongovernmental organizations as may be invited from time to time to participate in the deliberations of the Committee on matters directly involving their interests or technical competence.

11. In § 1.2562 paragraph (c) is revised to incorporate paragraph (d) and paragraph (d) is deleted, as follows:

§ 1.2562 *Review Committee on Visual and Audio Material.* • • •

(c) *Organization.* The Committee is composed of a Chairman, designated by the Chief of the Division of Libraries and Institutes of the Office of Educational Exchange, a Secretary appointed by him with the approval of the Chief, and representatives of such other Department organization units, other Federal agencies, and non-governmental organizations as may be invited from time to time to participate in the deliberations of the Committee on matters directly involving their interests or technical competence.

This regulation will be effective on the date of publication in the FEDERAL REGISTER.

For the Secretary of State.

Approved: August 2, 1948.

[Rent Reg. for Controlled Rooms in Rooming Houses and Other Establishments,[1] Amdt. 35]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

RENT REGULATIONS FOR CONTROLLED ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS

The Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§ 825.5) is amended in the following respect:

1. Schedule A, item 165, is amended to describe the counties in the defense-rental area under the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments as follows:

Mississippi—Grenada.
Mississippi—LeFlore.

[1] 12 F. R. 4302, 5040, 5423, 5457, 5699, 6027, 6686, 6923, 7111, 7630, 7825, 7998, 8660; 13 F. R. 6, 62, 181, 216, 294, 295, 321, 442, 476, 476, 497, 523, 528, 861, 1119, 1627, 1793, 1873, 1929, 1929, 3116, 3117, 3339, 3651, 3673, 4895, 5001.

This amendment shall become effective September 2, 1948.

Issued this 2d day of September 1948.

TIGHE E. WOODS,
Housing Expediter.

Statement to Accompany Amendment 35 to the Rent Regulation for Controlled Rooms in Roominghouses and Other Establishments

It is the judgment of the Housing Expediter that the need for continuing maximum rents in the County of Montgomery, a portion of the Grenada Defense-rental Area in the State of Mississippi, no longer exists due to the fact that the demand for rental housing accommodations has been reasonably met, and this amendment is therefore being issued to decontrol said portion of the area in accordance with section 204 (c) of the Housing and Rent Act of 1947, as amended.

FAIR AND REASONABLE WAGE RATES AND PRICES FOR 1949 CROP OF SUGARCANE AND SUGAR BEETS IN CALIFORNIA, PUERTO RICO, VIRGIN ISLANDS, AND HAWAII

NOTICE OF HEARINGS AND DESIGNATION OF PRESIDING OFFICERS

Pursuant to the authority contained in subsections (c) (1) and (c) (2) of section 301 of the Sugar Act of 1948 (61 Stat. 922), notice is hereby given that public hearings will be held as follows:

At San Juan, Puerto Rico, in the Auditorium of the School of Tropical Medicine on September 22, 1948, at 9:30 a. m.;

At Christiansted, St. Croix, Virgin Islands, in the Municipal Council Hall on September 27, 1948, at 9:30 a. m.;

At Honolulu, on the Island of Oahu, in the Federal Court Room, Federal Building on October 20, 1948, at 9:30 a. m.;

At Hilo, on the Island of Hawaii, in the Circuit Court Room, Post Office Building on October 22, at 9:30 a. m.; and

At Berkeley, California, in the Farm Credit Administration Building on October 27, 1948, at 10:00 a. m.

The purpose of such hearings is to receive evidence likely to be of assistance to the Secretary of Agriculture in determining (1), pursuant to the provisions of section 301 (c) (1) of the said act, fair and reasonable wage rates for persons employed in the production, cultivation, or harvesting of sugarcane in Puerto Rico, the Virgin Islands, and Hawaii, and sugar beets in California during the calendar or crop year 1949 (1948–49 crop year in Puerto Rico) on farms with respect to which applications for payments under the said act are made, and (2), pursuant to the provisions of section 301 (c) (2) of the said act, fair and reasonable prices for the 1948–49 Puerto Rican and the 1949 Hawaiian and Virgin Islands crops of sugarcane and the 1949 crop of sugar beets in California, to be paid, under either purchase or toll agreements by processors who, as producers, apply for payments under the said act. In the interest of obtaining the best information possible, all interested persons are requested to appear and express their views and present appropriate data in regard to the foregoing matters.

Such hearings, after being called to order at the time and places mentioned herein, may be continued from day to day within the discretion of the presiding officers, and may be adjourned to a later day or a different place without notice other than the announcement thereof at the hearings by the presiding officers.

Lawrence Myers, George A. Dice, Ward S. Stevenson, Thomas H. Allen, G. Laguardia, and Will N. King are hereby designated as presiding officers to conduct either jointly or severally the foregoing hearings.

Issued this 31st day of August 1948.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[7 CFR, Part 941]

HANDLING OF MILK IN CHICAGO, ILL., MARKETING AREA

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS THERETO WITH RESPECT TO PROPOSED AMENDMENTS TO ORDER, AS AMENDED

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders (7 CFR, Supps. 900.1 et seq., 11 F. R. 7737; 12 F. R. 1159, 4904) notice is hereby given of the filing with the Hearing Clerk of a recommended decision of the Assistant Administrator, Production and Marketing Administration, United States Department of Agriculture, with respect to proposed amendments to the order, as amended, and to a proposed marketing agreement, regulating the handling of milk in the Chicago, Illinois, milk marketing area.

Interested parties may file written exceptions to the recommended decision with the Hearing Clerk, Room 1844, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 10th day after the publication of this recommended decision in the FEDERAL REGISTER. Exceptions should be filed in quadruplicate.

Preliminary statement. A public hearing, on the record of which the decision recommended is based, was called by the Production and Marketing Administration, United States Department of Agriculture, following receipt of proposed amendments filed by Homer and Chester Williams, partners doing business as Wern Farms, Waukesha, Wisconsin. The public hearing was held at Chicago, Illinois, June 30, 1948, upon notice issued on June 17, 1948 (13 F. R. 3342).

The sole material issue presented on the record was the extent, if any, to which handlers who produce certified milk, and whose sole distribution in the marketing area is certified milk, should be relieved of obligations as a handler under the order with respect to milk not of his own production.

Findings and conclusions. Upon the basis of the evidence adduced at such hearing, it is found and concluded that:

No change should be made in the present order provisions. The proponent is a producer of certified milk with a plant approved for Chicago who receives certified milk from one producer and regular milk from sixteen to twenty other producers, all approved for Chicago distribution. His distribution in the marketing area is confined to certified milk which is also distributed in other areas; regular milk is distributed only outside the marketing area.

The receipt of Chicago approved milk at a plant approved for handling milk to be distributed in Chicago makes the operator of such a plant a handler under the present provisions of the order and requires that producers delivering to such plant be paid the uniform price provided by the order, and that any differences between the value of receipts at the uniform price and the utilization value of receipts at the class prices of the order be equalized through the producer settlement fund. In determining the utilization value at class prices of receipts of milk from other producers, the handler's own production is subtracted pro rata from the various classes in which milk is used in the approved plant.

It was proposed that amendment be made to the order which should relieve handlers who confined their distribution in the marketing area to certified milk from all obligations beyond those of producer-handlers, who merely report as required by the market administrator. In support of such proposal the arguments advanced are: (a) That the health standards for certified milk are rigid, and that regularly approved Chicago milk cannot be distributed as certified milk; (b) That the regularly approved Chicago milk received is such only because Chicago health authorities require approval before it can enter the plant from which certified milk is marketed in Chicago; (c) That the regularly approved milk is distributed as fluid milk only in unregulated markets in competition with milk not priced under the order, and that payment of Chicago class prices for such uses imposes a hardship; and (d) That the volume involved is insignificant in the Chicago market.

From the record and brief of the petitioners it is evident that the principal feature of the present regulation to which they object is the requirement of paying Chicago class prices for milk distributed in outside markets. It was admitted on the record that independent procurement of milk would require payments to producers under present conditions at the Chicago blend price, plus premiums which other Chicago handlers are currently paying producers in the area. In addition there is required under the order payments into the producer settlement fund when class utilization is higher than the average which determines the blend price. Such payments accrue to the benefit of producers generally through the blend price. In recent Chicago hearings, the question of special class prices for Chicago milk used in outside markets has been examined in considerable detail. This proposal would provide that such milk would be unpriced when the handler distributing it engaged in the Chicago marketing area only in a specialized business. With respect to outside sales, this record does not provide a basis for departure from previous decisions that Chicago milk should not be priced for outside sales at less than the regular class prices for sales in the marketing area. To provide that such milk be unpriced is in effect to price it at the blend price, which the record shows would mean less than the regular class prices to the handler in question.

The contention that the non-certified Chicago approved milk received at plants handling certified milk should be treated differently from other Chicago approved milk is based on the fact that such milk is approved only because health authorities require it for protection of the certified milk that reaches the marketing area. Every handler who has a plant approved for Chicago must likewise receive only Chicago approved milk at such plant. If a handler proposes to add out-of-area sales to the Chicago business of his Chicago approved plant, any additional receipts required for the out-of-area business must be Chicago approved milk to comply with health regulations.

While the volume represented here is small compared to the total of the Chicago market, any amendment action to exempt completely from regulation operators of the type in question, would conflict directly with fundamental principles of the Chicago order. Such actions would provide exemptions from price regulation to one handler on Chicago approved milk sold outside the marketing area, and impose it on others. Chicago approved producers delivering to the plant in question would be removed from the protections of the order, and producers in general would fail to benefit from the class usage of Chicago approved milk.

The order should not be amended to exempt handlers who produce and distribute certified milk from regulations under the order with respect to producer milk receipts at an approved plant.

Rulings on proposed findings and conclusions. A brief was filed on behalf of Wern Farms. The brief contains statements of fact, conclusions, and argument with respect to the proposals discussed at the hearing. Every point covered in the brief was carefully considered, along with the evidence in the record, in making the finding, and conclusions hereinbefore set forth. Although the brief does not contain specific requests to make proposed findings, it is assumed that the statements, conclusions, and arguments submitted were for this purpose and are treated accordingly. To the extent that such proposed findings and conclusions are inconsistent with the proposed findings and conclusions contained herein, the implied request to make such findings or to reach such conclusions is denied on the basis of the facts found and stated in connection with the conclusions in this recommended decision.

Issued at Washington, D. C., this 30th day of August 1948.

[SEAL] JOHN I. THOMPSON,
Assistant Administrator.

NOTICES

DEPARTMENT OF THE TREASURY

[1948 Dept. Circ. 834]

1⅜ PERCENT TREASURY NOTES OF SERIES A-1950

OFFERING OF NOTES

SEPTEMBER 1, 1948.

I. *Offering of notes.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par, from the people of the United States for notes of the United States, designated 1⅜ percent Treasury Notes of Series A-1950, in exchange for 1½ percent Treasury Notes of Series A-1948, maturing September 15, 1948.

II. *Description of notes.* 1. The notes will be dated September 15, 1948, and will bear interest from that date at the rate of 1⅜ percent per annum, payable on a semiannual basis on April 1 and October 1, 1949, and April 1, 1950. They will mature April 1, 1950, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes shall be subject to all taxes, now or hereafter imposed under the Internal Revenue Code, or laws amendatory or supplementary thereto. The notes shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes will be issued in denominations of $1,000, $5,000, $10,000, $100,000 and $1,000,000. The notes will not be issued in registered form.

5. The notes will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States notes.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Treasury Department, Washington. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of notes applied for, and to close the books as to any or all subscriptions at any time without notice; and any action he may take in these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment at par for notes allotted hereunder must be made on or before September 15, 1948, or on later allotment, and may be made only in Treasury Notes of Series A-1948, maturing September 15, 1948, which will be accepted at par, and should accompany the subscription.

V. *General Provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for notes allotted, to make delivery of notes on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] JOHN W. SNYDER,
Secretary of the Treasury.

RADIO ENTERPRISES, INC. (KELD), ET AL.

ORDER REOPENING HEARING ON STATED ISSUES

In re applications of Radio Enterprises, Inc. (KELD), El Dorado, Arkansas, Docket No. 8114, File No. BP-5644; James G. Ulmer and James G. Ulmer, Jr., d/b as East Texas Broadcasting Company (KGKB), Tyler, Texas, Docket No. 7950, File No. BP-4769; Hugh J. Powell (KGGF), Coffeyville, Kansas, Docket No. 7951, File No. BMP-2021; for construction permits.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 25th day of August 1948;

The Commission having under consideration the petition of Radio Enterprises, Inc. (KELD), an applicant in the above-entitled proceedings, requesting that the record in the said proceedings be reopened to permit it to show the non-availability of the transmitter site suggested for it at the said hearing by James G. Ulmer and James G. Ulmer, Jr., d/b as East Texas Broadcasting Company (KGKB); an opposition thereto filed by James G. Ulmer, et al., and the respondent's reply; and

It appearing, that the above-entitled applications were heard in a consolidated proceeding and the issues in this hearing permitted the licensee of KGKB to introduce in evidence suggested directional antenna designs other than those specified in the above-entitled applications of KGKB and KELD; that the licensee of KGKB suggested a transmitter site for the alternate directional antenna design for KELD and obtained an option to lease the said property; and

It further appearing, that since the close of the record in the above-entitled proceeding power lines have been placed over the said suggested transmitter site; that the presence of these power lines precludes the use of this property by KELD and may also render unusable for a directional operation the transmitter site specified by KELD in its above-entitled application; and that, therefore, on the basis of the present record, a proper determination of the issues in this case cannot now be made; and

It further appearing, that information has come to the Commission's attention which indicates that the daytime interference problems in these proceedings may be more serious than that reflected by the present record; and that it would serve the public interest to hold a further hearing for the purpose of taking additional testimony on the question of the said daytime interference problems; and

It further appearing, that since the close of the record in these proceedings the Commission, on October 14, 1947, granted the application (File No. BAL-612) of Hugh J. Powell for the assignment of license of Station KGGF to The Midwest Broadcasting Company, Inc. and that the said Hugh J. Powell is not associated with the new licensee of the said station;

It is ordered, That the said petition of Radio Enterprises, Inc. be, and it is hereby, granted and the record in the above-entitled proceeding be, and it is hereby, reopened for further hearing to be held at a time and place to be determined by subsequent order of the Commission, upon the following issues:

1. To determine the technical, financial, and other qualifications of the applicant corporation, The Midwest Broadcasting Company, Inc., its officers, directors and stockholders to construct and operate station KGGF as proposed.

2. To determine whether the operation of Stations KGGF and KELD as proposed would involve objectionable interference daytime with the operation of Station KGKB as proposed in its above-entitled application and as suggested at the hearing and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

3. To determine whether the transmitter sites of the proposed and suggested operation of Station KELD would comply with the Commission's Standards of Good Engineering Practice.

Muehling, d/b as Television Broadcasting Company, San Diego, California, Docket No. 8816, File No. BPCT-314; San Diego Broadcasting Company, San Diego, California, Docket No. 8817, File No. BPCT-318; Video Broadcasting Company (a co-partnership consisting of John A. Masterson, Harold M. Holden, John W. Nelson, John F. Reddy, Lester C. Bacon, W. F. Laughlin, Charles Wesley Turner, J. B. Moser, I. D. Ditmars, Charles B. Brown and H. E. Moser), San Diego, California, Docket No. 8824, File No. BPCT-341; Leland Holzer, San Diego, California, Docket No. 9003, File No. BPCT-480; Charles E. Salik, San Diego, California, Docket No. 9146, File No. BPCT-555; for TV construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 25th day of August 1948;

The Commission having under consideration the above-entitled application of Charles E. Salik (File No. BPCT-555) requesting a construction permit for a new TV broadcast station to operate unlimited time on a television channel allocated to the San Diego metropolitan district under § 3.606 of the Commission's rules and regulations; and

It appearing, that on February 26, June 8 and June 16, 1948, the Commission designated the pending applications for television stations at San Diego, California, for hearing in a consolidated proceeding because said applications exceeded in number the television channels allocated to the Sa Diego metropolitan district;

It is ordered, That pursuant to section 309 (a) of the Communications Act, as amended, the above-entitled application of Charles E. Salik (File No. BPCT-555) be, and it is hereby, designated for hearing in a consolidated proceeding with the other pending applications for TV stations at San Diego, California, i. e., File Nos. BPCT-197, BPCT-298, BPCT-313, BPCT-314, BPCT-318, BPCT-341, and BPCT-480, scheduled to begin on September 7, 1948, at San Diego, California, upon the following issues:

1. To determine the legal, technical, financial and other qualifications of the applicant to operate and construct the proposed station.

2. To obtain full information with respect to the nature and character of the proposed program service.

3. To determine the areas and populations which may be expected to receive service from the proposed station.

4. To determine whether the operation of the proposed station would involve objectionable interference with any other existing television broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other television broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any other pending applications for television broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other television broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules governing television broadcast stations, and its Standards of Good Engineering Practice Concerning Television Broadcast Stations.

7. To determine on a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

KKIN, INC.

PUBLIC NOTICE CONCERNING THE PROPOSED TRANSFER OF CONTROL [1]

The Commission hereby gives notice that on August 10, 1948 there was filed with it an application (BTC-671) for its consent under section 310 (b) of the Communications Act to the proposed transfer of control of KKIN, Inc., licensee of station KKIN, from D. O. Kinnie to Lyman Treaster and Albert F. Blain, a partnership. The proposal to transfer control arises out of a contract of July 30, 1948 pursuant to which D. O. Kinnie has agreed to sell 408 shares or 51% of the outstanding stock of the licensee to the partnership of Lyman Treaster and Albert F. Blain for $25,000 of which $15,000 has been deposited in escrow and $10,000 is due within 10 days of Commission consent to the transfer. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on August 24, 1948 that starting on August 12, 1948 notice of the filing of the application would be inserted in The Visalia Times-Delta, a newspaper of general circulation at Visala, California, in conformity with the above section.

In accordance with the procedure set out in said section, no action will be had upon the application for a period of 60 days from August 12, 1948, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

PUBLIC NOTICE CONCERNING THE PROPOSED TRANSFER OF CONTROL [1]

The Commission hereby gives notice that on June 2, 1948 there was filed with it an application (BTC-653) for its consent under section 310 (b) of the Communications Act to the proposed transfer of control of Wyandotte News Company, licensee of FM station WJJW, from C. Lee Edwards to Strauss Gantz. The proposal to transfer control arises out of a contract of February 25, 1948 pursuant to which C. Lee Edwards proposes to sell to Strauss Gantz 6,360 shares of $10 par value voting common stock of Wyandotte News Company (66.05% of total stock outstanding) for a total purchase price of $92,220. The sum of $500 has been deposited, $12,006 will be paid on Commission consent to the transfer, seven payments of $10,000 each will be made annually thereafter, and the final payment of $10,214 is due eight years after Commission consent. Of the total purchase price of $92,220 for the 66.05% stock interest, the radio properties and radio investments of Wyandotte News Compahy have been segregated from the non-radio properties and have been assigned the value of $43,840. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

Pursuant to § 1.321, which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on August 20, 1948 that starting on August 4, 1948 notice of the filing of the application would be inserted in The Detroit Free Press, a newspaper of general circulation at Detroit, Michigan, in conformity with the above section.

In accordance with the procedure set out in said section, no action will be had upon the application for a period of 60 days from August 4, 1948, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

PUBLIC NOTICE CONCERNING THE PROPOSED ASSIGNMENT OF LICENSE [1]

The Commission hereby gives notice that on August 5, 1948, there was filed with it an application (BAL-765) for its consent under section 310 (b) of the Communications Act to the proposed assignment of license of station WHBO, Sulphur Springs, Florida, from Harold A. Dunlap and James D. Sinyard, d/b as Sulphur Springs Broadcasters, to Harold A. Dunlap and Harry J. Dunlap, d/b as Sulphur Springs Broadcasters. The proposal to assign the license arises out of a contract of June 7, 1948 pursuant to which James D. Sinyard will sell his 50% partnership interest to Harry J. Dunlap for the sum of $25,000, $2,500 of which has been paid as a binder, and the balance, payable in cash and certain credits, is due upon Commission consent to the proposed assignment of license. Further information as to the arrangements may be found with the application and associated papers

which are on file at the offices of the Commission in Washington, D. C.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases, including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on August 20, 1948 that starting on August 5, 1948 notice of the filing of the application would be inserted in The Tampa Daily Times, a newspaper of general circulation at Tampa, Florida, in conformity with the above section.

In accordance with the procedure set out in said rule, no action will be had upon the application for a period of 60 days from August 5, 1948, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

PUBLIC NOTICE CONCERNING THE PROPOSED ASSIGNMENTS OF LICENSE [1]

The Commission hereby gives notice that on July 20, 1948 there was filed with it an application (BAL-767) for its consent under section 310 (b) of the Communications Act to the proposed assignment of license of station WHKP from Monroe M. Redden and W. A. Egerton, d/b as Redege Broadcasting Company, to Radio Hendersonville, Inc. The proposal to assign the license arises out of a series of agreements pursuant to which Radio Hendersonville, Inc. and its stockholders will pay or have paid Monroe M. Redden, W. A. Egerton, L. B. Prince and R. L. Whitmire the total sum of $18,825 and have assumed or underwritten obligations of the station in the approximate amount of $21,000. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases, including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant that starting on July 22, 1948 notice of the filing of the application would be inserted in The Hendersonville Times News, a newspaper of general circulation at Hendersonville, North Carolina, in conformity with the above section.

In accordance with the procedure set out in said rule, no action will be had upon the application for a period of 60 days from July 22, 1948, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

FEDERAL POWER COMMISSION

[Docket Nos. G-1041, G-1046, G-1049, G-1050, G-1101, G-1107, G-1108]

COUNCIL BLUFFS GAS CO. ET AL.

ORDER INSTITUTING INVESTIGATION AND FIXING DATE OF HEARING

AUGUST 25, 1948.

Council Bluffs Gas Company, Docket No. G-1107; Central Electric & Gas Company, Docket No. G-1041; Minnesota Valley Natural Gas Company, Docket No. G-1046; Minneapolis Gas Light Company, Docket No. G-1049; Hastings Gas Company, Docket No. G-1050; Iowa-Illinois Gas and Electric Company, v. Northern Natural Gas Company, Docket No. G-1101.

In the matter of Northern Natural Gas Company, Docket No. G-1108.

It appears to the Commission that:

(a) Northern Natural Gas Company ("Northern"), a "natural-gas company" within the meaning of the Natural Gas Act, on March 3, 1948, transmitted to each of the gas distribution companies served from its pipe-line system a proposed plan for allocating additional capacity which would become available by reason of the construction and operation of new facilities. Northern, at the time, proposed to increase the capacity from 390,000 Mcf to 420,000 Mcf per day. The proposed plan of allocation, allegedly in accordance with the provisions of Paragraph (12-D) [1] of Rate Schedule G-1 of Northern's FPC Gas Schedules Volume No. 2, was to be utilized in establishing the Contract Demand of each customer commencing November 1948.

(b) Subsequently, complaints were filed with the Commission by Council Bluffs Gas Company on April 26, 1948, Docket No. G-1107 (formerly designated IN-589); Central Electric & Gas Company, on April 27, 1943, Docket No. G-1041; Minnesota Valley Natural Gas Company, on May 3, 1948, Docket No. G-1046; and Hastings Gas Company, on May 17, 1948, Docket No. G-1050, alleging, among other things and for the reasons stated in such complaints, that the proposed method of allocation set forth in Northern's letter of March 3, 1948, was unfair, discriminatory and inequitable.

(c) On May 17, 1948, Minneapolis Gas Light Company, Docket No. G-1049, filed with the Commission a complaint alleging that Northern's contemplated retention of certain volumes of natural gas as a "cushion" under its proposed method of allocation was unreasonable and unnecessary. Thereafter, however, Minneapolis Gas Light Company, by letter of June 16, 1948, advised the Commission that it had received from Northern a letter dated June 9, 1948, proposing a "new method of allocation" applicable to the increase in capacity from 390,000 Mcf to 425,000 Mcf per day,[2] and Minneapolis Gas Light Company suggested that its "complaint be held in abeyance pending final disposition of the matter." To date, however, Minneapolis Gas Light Company has taken no action to withdraw its complaint.

(d) On June 21, 1948, Northern filed with the Commission its several answers to the complaints in Docket Nos. G-1107, G-1041, G-1046, G-1049 and G-1050 with Exhibit A thereto. Exhibit A, made a part of Northern's answer, is a letter dated June 9, 1948, with nine pages of tabulation and information attached thereto, and is stated in Northern's answer to be "a proposed method of apportionment of limited increases in Contract Demands under said paragraph (12-d) of its Schedules, which method is an alternative to that proposed in said letter of March 3, 1948" which proposal of March 3, 1948, had been the subject of the complaints thereafter filed.

(e) After the revised proposed method of allocation had been transmitted to each of Northern's customers on June 18, 1948, protests against such revised plan were received from Central Electric & Gas Company, Minnesota Valley Natural Gas Company (IN-606) and Hastings Gas Company; and a supplemental complaint was filed by Central Electric & Gas Company on August 11, 1948, in Docket No. G-1041 and an original complaint was filed by Iowa-Illinois Gas and Electric Company on August 16, 1948, Docket No. G-1101 concerning the revised proposed method of allocation. Answers to such supplemental complaint and original complaint have not as yet been filed by Northern.[3]

(f) On July 15, 1948, Northern forwarded to each of its customer companies new town border contracts embodying Contract Demands as set forth in the revised proposed method of allocation as contained in Exhibit A (letter of June 9, 1948, and attachments thereto) to its several answers, hereinbefore referred to, filed with the Commission on June 21, 1948.

(g) By letter of August 13, 1948, Northern advised the Commission that as of the date of its letter that it had received executed copies of the new town border contracts from the following of its customer companies:

Central States Electric Company.
Interstate Power Company.
Iowa Electric Company.
Iowa Electric Light & Power Company.
Iowa Public Service Company.
Kansas Power & Light Company.
Minneapolis Gas Light Company.
Metropolitan Utilities District.
Nebraska Public Service Company.
Northern States Power Company.
Northwestern Light & Power Company.
Owatonna Municipal Utilities.
Pender, Nebraska (Village of).
Peoples Natural Gas Company.
Sioux City Gas & Electric Company.
South Dakota Public Service Company.
Yankton Gas Company.

And, as of the same date, the following customer companies had not returned the new town border contracts:

Austin Municipal Utilities.
Central Electric & Gas Company.
Central Natural Gas Company.
Council Bluffs Gas Company.
Elkhorn Valley Gas Company.
Hastings Gas Company.
Iowa-Illinois Gas & Electric Company.
Iowa Power & Light Company.
Minnesota Natural Gas Company.
Minnesota Valley Natural Gas Company.
Nebraska Natural Gas Company.
New Ulm Municipal Utilities.
Peoples Gas & Electric Company.
Perry Gas Company.
Western States Utilities Company.

Wherefore, in view of the foregoing, the Commission finds that: It is appropriate and desirable that a hearing be held:

(1) With respect to the issues raised by the several complaints and answers thereto in the above-docketed matters; and

(2) For the purpose of determining:

(i) Whether either of the methods of allocating additional increased capacity as proposed by Northern in its letters of March 3, 1948 and June 18, 1948, to its customer companies, is in accordance with the provisions of paragraph (12-d) of Rate Schedule G-1 of Northern's FPC Gas Schedules Volume 2.

(ii) Whether the new town border contracts proposed by Northern affecting a rate schedule on file with the Commission are unjust, unreasonable, unduly discriminatory, or preferential;

(iii) Whether the Commission should, in lieu of such new town border contracts, prescribe other terms and conditions respecting the apportionment of limited increases in Contract Demands; and

(iv) Whether the provisions of paragraph (12-d) of Rate Schedule G-1 of Northern's FPC Gas Schedules Volume 2, (and any other provisions of such schedules affected thereby) should be modified so as to embody specific terms and conditions with respect to the apportionment of limited increases in Contract Demand.

The Commission orders that:

(A) A public hearing be held commencing on September 28, 1948, at 10:00 a. m. in Omaha, Nebraska, at a place to be hereafter designated by further order of the Commission.

(B) Any person, other than the Complainants and Defendant, desiring to participate in such proceedings shall file with the Commission a petition for intervention on or before September 10, 1948.

(C) Any person desiring to submit any suggested revision of Northern's proposed methods of apportionment of lim-

[1] Paragraph (12-4) of Rate Schedule G-1 of Northern's FPC Gas Schedules Volume No. 2 provides as follows:

"Apportionment of Limited Increases in Contract Demand: Whenever the total requests of all Gas Utilities for increased Contract Demands exceed the pipe line capacity or gas supply Northern considers can be made available, the additional capacity will be apportioned among all Gas Utilities on an equitable basis. Such limited allocation shall give precedence to the requirements of the Gas Utility for residential and small volume commercial and industrial consumers."

[2] On April 21, 1948, the Commission issued an order in Docket No. G-998 authorizing the installation of facilities designed to increase the capacity of Northern's system from 390,000 Mcf to 420,000 Mcf per day; and on July 14, 1948, in Docket No. G-1034, an order was issued authorizing changes in Northern's facilities designed to increase capacity of the system to 425,000 Mcf per day.

[3] Northern's answer to the supplemental complaint of Central Electric & Gas Company, Docket No. G-1041, is to be filed on or before September 1, 1948; and the answer to the original complaint of Iowa-Illinois Gas and Electric Company, Docket No. G-1101, is to be filed on or before September 3, 1948.

ited increases in contract demand as embodied in Northern's letters and attachments thereto of March 3, and June 18, 1948, shall file such suggested revision and data in support thereof with the Commission on or before September 10, 1948.

(D) Interested State commissions may participate in the proceedings in accordance with §§ 1.8 and 1.37 of the rules of practice and procedure.

Date of issuance: August 31, 1948.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1912]

IOWA POWER AND LIGHT CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 27th day of August A. D. 1948.

Iowa Power and Light Company ("Iowa"), a public utility subsidiary of Continental Gas & Electric Corporation, a registered holding company subsidiary of The United Light and Railways Company, having filed an application, pursuant to sections 9 and 10 of the Public Utility Holding Company Act of 1935 ("act") and the rules and regulations promulgated thereunder, with respect to the following transactions:

Iowa proposes to purchase from available treasury cash certain assets of Central States Electric Company ("Central States"), a non-affiliate, located in Marion, Monroe and Mahaska Counties in the State of Iowa, for a consideration of $102,500 cash. The assets to be acquired consist of electric transmission lines and urban and rural distribution facilities, together with the appurtenant real property, franchises, leaseholds and contract rights. The application states that the facilities to be acquired are some distance from and not interconnected with the other facilities of Central States and are substantially surrounded by and are contiguous to the service area of Iowa. It is further stated that, upon the completion, on or about October 15, 1948, of a four-mile transmission line now under construction, the assets to be acquired will integrate and be physically interconnected with the facilities of Iowa. It is also stated that Iowa and Central States, under date of June 30, 1948, entered into a contract for the sale and purchase of the facilities and that since July 1, 1948 Iowa has been in possession of and operating such facilities; and

Said application having been filed on August 2, 1948, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated under the act, and the Commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The application having represented that no regulatory authority other than this Commission has jurisdiction over the proposed acquisition and sale of assets; and

Applicant having requested that the Commission enter its order granting said application on or before August 30, 1948, and that said order become effective upon its issuance; and

The Commission finding that the proposed acquisition of utility assets will have the tendency required by section 10 (c) (2) of the act, and that the requirements of the other applicable provisions of the act and the rules and regulations promulgated thereunder are satisfied, and observing no basis for adverse findings thereunder; and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers that said application and the request for acceleration of the effectiveness of the Commission's order be granted without prejudice, however, to the jurisdiction of any other regulatory agency with respect to the accounts of Iowa, and subject to the jurisdiction heretofore reserved by order entered August 5, 1941, with respect to what action The United Light and Railways Company, Continental Gas & Electric Corporation and their subsidiaries shall take to comply with the standards of sections 11 (b) (1) and 11 (b) (2) of the act;

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that the application be, and hereby is, granted and become effective forthwith, upon the condition that the utility assets to be acquired may be retained by Iowa only if they are interconnected with the electric utility system of Iowa not later than October 15, 1948, and subject to the jurisdiction reserved in the Commission's order of August 5, 1941 with respect to what action The United Light and Railways Company, Continental Gas & Electric Corporation and their subsidiaries shall take to comply with the standards of sections 11 (b) (1) and 11 (b) (2) of the act.

UNITED PUBLIC SERVICE CORP.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 26th day of August A. D. 1948.

Notice is hereby given that United Public Service Corporation ("United"), a registered holding company and a subsidiary of The Middle West Corporation, also a registered holding company, has filed an application-declaration pursuant to the Public Utility Holding Company Act of 1935 ("act"). The application-declaration designates section 12 (c) of the act and Rule U-46 of the General rules and regulations promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than September 9, 1948, at 5:30 p. m., e. d. s. t., request in writing that a hearing be held with respect to said application-declaration, stating the nature of his interest, the reason for such request and the issues of fact or law raised by the application which he desires to controvert, or may request in writing that he be notified if the Commission orders a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street, N. W., Washington 25, D. C. At any time after September 9, 1948, said application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration on file in the office of the Commission for a statement of the proposed transactions, which may be summarized as follows:

United proposes to make two cash distributions to the holders of its capital stock as part of the process of its complete liquidation from funds to be received from cash liquidating dividends to be paid by United Public Utilities Corporation ("UPU"). The Commission has approved proposals by UPU providing, among other things, for cash distributions of $5 and $4 per share to the holders of the common stock of UPU. When the $5 per share distribution by UPU is consummated, United, the holder of 148,055 shares (39.98%) of the common stock of UPU, will receive cash in the amount of $740,275. Thereupon, United proposes to distribute in cash $2.42 per share or an aggregate of $740,501 to the holders of its outstanding capital stock. When the $4 per share distribution by UPU is made, United will receive cash in the amount of $592,220. Upon receipt of such cash, United proposes to make an additional cash distribution of $1.93 per share or an aggregate of $590,564 to the holders of its outstanding capital stock.

The application-declaration states that the proposed distributions are subject to the action of the stockholders of United authorizing the dissolution of the corporation. The application-declaration further states that the only remaining asset of United, other than cash, is its investment in the common stock of UPU and that the amounts to be received by United as cash dividends on its holdings of the common stock of UPU are not required for the conduct of United's business.

By the Commission.

MADISON GAS AND ELECTRIC CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 27th day of August A. D. 1948.

Notice is hereby given that an application has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("act") by Madison Gas and Electric Company ("Madison"), a public utility subsidiary of American Light & Traction Company ("American Light"), a registered holding company. Applicant designates section 6 (b) of the act and Rule U-50 (a) (2) promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than September 9, 1948 at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held with respect to said application stating the nature of his interest, the reasons for such request and the issues of fact and law raised by said application which he desires to controvert or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C.

At any time after September 9, 1948, said application may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Madison proposes to enter into a Credit Agreement, which will expire eighteen months from date of execution, with Harris Trust and Savings Bank, Chicago, Illinois, and First Wisconsin National Bank of Milwaukee, Wisconsin ("the Banks"). The Credit Agreement will commit the Banks to advance to Madison a maximum of $2,000,000 at an interest rate of 2¼% per annum. All notes issued by Madison will mature eighteen months from the date of execution of the Credit Agreement. The Credit Agreement provides that a quarterly commitment fee of one-half of one per cent per annum, based upon the average daily unused balance of the commitment computed for the preceding quarter period, will be paid to the Banks. Madison will have the right to reduce the commitment of the Banks at any time with a proportionate reduction of the commitment fee, and may prepay the notes at any time without penalty.

The application states that Madison requires funds to finance the construction of additional facilities urgently needed in the operation of its business. It is also stated that the $2,000,000 to be borrowed under the proposed Credit Agreement should enable Madison to finance its construction program until the fall of 1949. In the interim Madison expects to conclude a permanent financing program which will involve the repayment of its bank borrowings and the raising of such additional funds as may be appropriate to complete its construction program through 1950.

It is stated that the Public Service Commission of Wisconsin has jurisdiction over the proposed transactions and that an application was filed with that Commission on August 20, 1948.

Applicant requests that the Commission's order with respect to the proposed transactions become effective immediately upon issuance thereof and that such order issue not later than September 14, 1948.

By the Commission.

XIV. Beginning at the northeast corner of this piece of land on the present south side of Wilikina Drive, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 14,813.49 feet north and 9,357.98 feet west, thence running by azimuths measured clockwise from true south:

1. 11°55'13" 9.32 feet along Wheeler Field Military Reservation (War Department General Order No. 4);
2. 72°50'43" 509.12 feet along the former Leilehua School Lot;
3. Thence on a curve to the left with a radius of 1150.00 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800), the chord azimuth and distance being 76°11'40" 135.22 feet;
4. 252°49'26" 648.66 feet along the present south side of Wilikina Drive to the point of beginning and containing an area of 4,472 square feet or 0.103 acre.

XV. Beginning at the northwest corner of this piece of land on the present north side of Wilikina Drive, the true azimuth and distance to United States Military Reservation Monument No. 39 (Kokoloea) being 205°53'42" 5.91 feet and the coordinates of said Monument No. 39 referred to Government Survey triangulation station "Waipio-uka" being 14,466.43 feet north and 10,630.87 feet west, thence running by azimuths measured clockwise from true south from the above described initial point:

1. 252°49'26" 4271.65 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
2. 8°03'30" 44.22 feet along the present west side of Kamehameha Highway;
3. 72°49'26" 4281.52 feet along Wheeler Field Military Reservation (War Department General Order No. 4);
4. Thence on a curve to the left with a radius of 1780.73 feet across Wilikina Drive, the chord azimuth and distance being 206°53'08" 55.66 feet to the point of beginning and containing an area of 171,233 square feet or 3.931 acre.

XVI. Beginning at the most easterly corner of this piece of land on the boundary between Schofield Barracks Military Reservation and Lot 1–B of Grant 4616 to Mrs. Mary E. Clark and on the present west side of Kamehameha Highway, the true azimuth and distance to United States Military Reservation Monument No. 40 (Paka) being 252°50'43" 44.21 feet and the coordinates of said Monument No. 40 referred to Government Survey triangulation station "Waipio-uka" being 15,738.59 feet north and 6,509.65 feet west, thence running by azimuths measured clockwise from true south from the above described initial point:

1. 8°03'30" 3.01 feet along the present west side of Kamehameha Highway;
2. 72°49'26" 824.43 feet along the present north side of Wilikina Drive;
3. 162°50'43" 3.03 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
4. 252°50'43" 325.70 feet along Lot 1–B of Grant 4616 to Mrs. Mary E. Clark to the point of beginning and containing an area of 2,375 square feet or 0.055 acre.

XVII. Beginning at the United States Military Reservation Monument No. 39 (Kokoloea) at the northwest corner of this piece of land, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 14,466.43 feet north and 10,630.87 feet west, thence running by azimuths measured clockwise from true south:

1. 252°50'43" 200.30 feet along land deeded to E. D. Tenney Trustee by the Territory of Hawaii, deed dated May 3, 1907 and recorded in Liber 291, Pages 336–338;
2. 252°50'43" 3242.89 feet along land deeded to E. D. Tenney Trustee by the Territory of Hawaii, deed dated May 3, 1907 and recorded in Liber 291, Pages 336–338, and land deeded to the Wahiawa Water Company by the Territory of Hawaii, deed dated June 6, 1935, recorded in Liber 1283, Pages 4–6 and Lot 1–B of Grant 4616 to Mrs. Mary E. Clark;
3. 342°50'43" 3.03 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
4. 72°49'26" 3447.22 feet along the present north side of Wilikina Drive;
5. Thence on a curve to the left with a radius of 1780.73 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800) the chord azimuth and distance being 205°53'42" 5.91 feet to the point of beginning and containing an area of 12,670 square feet or 0.291 acre.

XVIII. Beginning at the southeast corner of this piece of land on the boundary between the Schofield Barracks Military Reservation and Lot 1–A of Grant 4616 to Mrs. Mary E. Clark, the true azimuth and distance from United States Military Reservation Monument No. 39 (Kokoloea) being 119°26'20" 556.90 feet and the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 14,740.14 feet north and 11,115.86 feet west, thence running by azimuth measured clockwise from true south:

1. First on a curve to the right with a radius of 1405.78 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800), the chord azimuth and distance being 106°35'04" 84.09 feet;
2. 129°24'02" 66.80 feet along the present northeast side of Kaukonahua Road;
3. 209°26'20" 7.15 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
4. 299°26'20" 147.77 feet along Lot 1–A of Grant 4616 to Mrs. Mary E. Clark to the point of beginning and containing an area of 1053 square feet or 0.038 acre;

XIX. Beginning at the northwest corner of this piece of land on the present northeast side of Kaukonahua Road, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 15,124.78 feet north and 11,635.51 feet west, thence running by azimuths measured clockwise from true south:

1. 219°32'20" 15.87 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
2. Thence on a curve to the left with a radius of 1372.40 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800), the chord azimuth and distance being 300°58'22" 408.84 feet;
3. 345°05'20" 117.81 feet along Lot 1–A of Grant 4616 to Mrs. Mary E. Clark;
4. 29°26'20" 7.15 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);

5. 129°24'02" 501.37 feet along the present northeast side of Kaukonahua Road to the point of beginning and containing an area of 18,320 square feet or 0.421 acre.

XX. Beginning at the northwest corner of this piece of land on the present northeast side of Kaukonahua Road, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 15,124.78 feet north and 11,635.51 feet west, thence running by azimuths measured clockwise from true south:

1. 309°24'02" -568.17 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
2. Thence on a curve to the right with a radius of 1405.78 feet across the Kaukonahua Road, the chord azimuth and distance being 110°51'51" 125.87 feet;
3. 179°24'02" 448.93 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
4. 219°32'20" 40.00 feet across the Kaukonahua Road to the point of beginning and containing an area of 20,469 square feet or 0.47 acre.

XXI. Beginning at the northwest corner of this piece of land on the present southwest side of Kaukonahua Road, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 15,093.93 feet north and 11,660.97 feet west, thence running by azimuths measured clockwise from true south:

1. 309°24'02" 448.93 feet along the present southwest side of Kaukonahua Road;
2. Thence on a curve to the right with a radius of 1405.78 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800), the chord azimuth and distance being 121°29'04" 392.94 feet;
3. 129°32'20" 58.88 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
4. 219°32'20" 54.13 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800) to the point of beginning and containing an area of 17,416 square feet or 0.40 acre.

XXII. Beginning at the east corner of this piece of land on the present southwest side of Kaukonahua Road, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 15,093.93 feet north and 11,660.97 feet west, thence running by azimuths measured clockwise from true south:

1. 39°32'20" 54.13 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
2. 129°32'20" 1931.87 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
3. 123°49'40" 100.50 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
4. 129°32'20" 115.00 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
5. Thence along same on a curve to the left with a radius of 88.00 feet, the chord azimuth and distance being 85°57'20" 121.34 feet;
6. 132°22'20" 64.80 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
7. Thence along same on a curve to the left with a radius of 88.00 feet, the chord azimuth and distance being 172°04'40" 118.99 feet;
8. 120°32'20" 279.22 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
9. Thence along same on a curve to the left with a radius of 68.00 feet, the chord azimuth and distance being 86°51'10" 92.21 feet;
10. 130°41' 65.28 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
11. Thence along same on a curve to the left with a radius of 88.00 feet, the chord azimuth and distance being 176°43'26" 100.23 feet;
12. Thence along same on a curve to the right with a radius of 550.00 feet, the chord azimuth and distance being 154°28'26" 262.65 feet;
13. 166°56'20" 64.69 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
14. 256°56'20" 30.13 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
15. 346°54'22" 52.33 feet along the present west side of Kaukonahua Road;
16. Thence along same on a curve to the left with a radius of 473.52 feet, the chord azimuth and distance being 328°09'12" 304.46 feet;
17. 309°24'02" 2808.68 feet along the present southwest side of Kaukonahua Road to the point of beginning and containing an area of 179,721 square feet or 4.126 acres.

XXIII. Beginning at the south corner of this piece of land on the present southwest side of Kaukonahua Road, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 15,093.93 feet north and 11,660.97 feet west, thence running by azimuths measured clockwise from true south:

1. 129°24'02" 2808.68 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
2. Thence along same on a curve to the right with a radius of 473.52 feet, the chord azimuth and distance being 148°09'12" 304.46 feet;

5. 346°54'22" 52.31 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
6. Thence along same on a curve to the left with a radius of 433.52 feet, the chord azimuth and distance being 328°09'12" 278.74 feet;
7. 309°24'02" 2808.78 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
8. 39°32'20" 40.00 feet across Kaukonahua Road to the point of beginning and containing an area of 126,317 square feet or 2.90 acres.

XXIV. Beginning at the south corner of this piece of land on the present northeast side of Kaukonahua Road, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 15,124.78 feet north and 11,635.51 feet west, thence running by azimuths measured clockwise from true south:

1. 129°24'02" 2029.71 feet along the present northeast side of Kaukonahua Road;
2. 209°00' 21.12 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
3. 309°32'20" 2033.56 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
4. 39°32'20" 15.87 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800) to the point of beginning and containing an area of 37,208 square feet or 0.854 acre.

XXV. Beginning at the most westerly corner of this piece of land on the present east side of Kaukonahua Road, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 17,195.35 feet north and 13,964.84 feet west, thence running by azimuths measured clockwise from true south:

1. 256°56'20" 29.87 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
2. 346°56'20" 64.69 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
3. Thence along same on a curve to the left with a radius of 450.00 feet, the chord azimuth and distance being 340°54'06" 94.66 feet;
4. 358°07'15" 10.17 feet along Grant 4623 to L. G. Kellogg;
5. 312°45'25" 780.10 feet along Grant 4623 to L. G. Kellogg;
6. 285°30'15" 44.61 feet along Grant 4623 to L. G. Kellogg;
7. 309°32'20" 104.24 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
8. 29°00' 21.12 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
9. 129°24'02" 779.07 feet along the present northeast side of Kaukonahua Road;
10. Thence along same on a curve to the right with a radius of 433.52 feet, the chord azimuth and distance being 148°09'12" 278.74 feet;
11. 166°54'22" 52.31 feet along the present east side of Kaukonahua Road to the point of beginning and containing an area of 26,473 square feet or 0.608 acre.

XXVI. Beginning at the southeast corner of this piece of land on the present west side of Kaukonahua Road, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 17,186.31 feet north and 14,003.81 feet west, thence running by azimuths measured clockwise from true south:

1. 76°56'20" 30.13 feet along the remainder of Schofield Barracks Military Reservation;
2. 166°56'20" 1338.47 feet along the remainder of Schofield Barracks Military Reservation;
3. 337°00'52" 103.01 feet along the former west side of Kaukonahua Road;
4. 344°26'22" 271.16 feet along the former west side of Kaukonahua Road;
5. 346°54'22" 966.09 feet along the former west side of Kaukonahua Road to the point of beginning and containing an area of 36,150 square feet or 0.830 acre.

XXVII. Beginning at the southeast corner of this piece of land on the present east side of Kaukonahua Road, the coordinates of said pint of beginning referred to Government Survey triangulation station "Waipio-uka" being 17,195.35 feet north and 13,964.84 feet west, thence running by azimuths measured clockwise from true south:

1. 76°56'20" 40.00 feet across Kaukonahua Road;
2. 166°54'22" 966.09 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
3. 164°26'22" 271.16 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
4. 157°00'52" 192.39 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
5. Thence on a curve to the left with a radius of 325.85 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800), the chord azimuth and distance being 147°43'41" 105.16 feet;
6. 166°56'20" 72.21 feet across Kaukonahua Road;
7. Thence on a curve to the right with a radius of 365.85 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800), the chord azimuth and distance being 322°44' 180.50 feet;
8. 337°00'52" 194.99 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
9. 344°26'22" 274.62 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);

10. 346°54'22" 966.97 feet along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800), to the point of beginning and containing an area of 63,144 square feet or 1.450 acre.

XXVIII. Beginning at the southwest corner of this piece of land on the present east side of Kaukonahua Road, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 17,195.35 feet north and 13,964.84 feet west, thence running by azimuths measured clockwise from true south:

1. 166°54'22" 966.97 feet along the former east side of Kaukonahua Road;
2. 164°26'22" 274.62 feet along the former east side of Kaukonahua Road;
3. 157°00'52" 114.20 feet along the former east side of Kaukonahua Road;
4. 264°19'07" 62.59 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
5. 346°56'20" 1345.78 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
6. 76°56'20" 29.87 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800), to the point of beginning and containing an area of 44,762 square feet or 1.028 acre.

XXIX. Beginning at the southwest corner of this piece of land on the former east side of Kaukonahua Road, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 18,506.86 feet north and 14,302.17 feet west, thence running by azimuths measured clockwise from true south:

1. 157°00'52" 80.79 feet along the former east side of Kaukonahua Road;
2. Thence along same on a curve to the left with a radius of 365.85 feet, the chord azimuth and distance being 142°44' 180.50 feet;
3. 166°56'20" 215.18 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
4. 329°26'10" 333.16 feet;
5. 261°09'40" 49.94 feet;
6. 346°56'20" 146.02 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
7. 84°19'07" 62.59 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800), to the point of beginning and containing an area of 23,422 square feet or 0.538 acre.

XXX. Beginning at the south corner of this piece of land on the boundary between Schofield Barracks Military Reservation and Grant 4623 to L. G. Kellogg, the coordinates of said point of beginning referred to Government Survey triangulation station "Waipio-uka" being 17,049.62 feet north and 13,890.16 feet west, thence running by azimuths measured clockwise from true south:

1. First on a curve to the right with a radius of 450.00 feet, along Schofield Barracks Military Reservation (Presidential Executive Order No. 2800), the chord azimuth and distance being 160°54'06" 94.66 feet;
2. 166°56'20" 564.69 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
3. 256°56'20" 140.19 feet along the remainder of Schofield Barracks Military Reservation (Presidential Executive Order No. 2800);
4. 358°07'15" 671.57 feet along Grant 4623 to L. G. Kellogg to the point of beginning and containing an area of 49,147 square feet or 1.128 acre.

The aggregate area of the above described parcels is 1,748,003 square feet or 40.132 acres, more or less.

The use of these parcels of land for road purposes by the Territory of Hawaii is subject to the following conditions:

1. The new construction at Wright Gate is subject to approval of the Commanding Officer, Wheeler Field Military Reservation.

2. The parcel of land designated XXX above shall be used as a parking area for off-street parking.

3. The United States Government reserves the right to use such land as may be necessary along both sides of the road on the parcels of land designated as XVIII, XIX, XXI, XXII, and XXIV above, for utilities such as light, water, telephone, telegraph, sewers, and electrical power lines, subject to the provisions of Act No. 173 of Session Laws of Hawaii, Regular Session of 1945.

4. The Territory of Hawaii shall remove all buildings and utilities from the above-described land and shall relocate the same as directed by the Commanding General, Schofield Barracks Military Reservation, and the Commanding Officer, Wheeler Field Military Reservation. The Territory of Hawaii shall also construct the necessary roads and driveways and shall bear all expenses.

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspection, Marketing Practices)

PART 51—FRUITS, VEGETABLES AND OTHER PRODUCTS (GRADING, CERTIFICATION AND STANDARDS)

UNITED STATES STANDARDS FOR ORANGES

On July 13, 1948, a notice of rule making was published in the FEDERAL REGISTER (F. R. Doc. 48-6197; 13 F. R. 3939, 4104) regarding proposed United States Standards for Oranges to supersede United States Standards for Citrus Fruits (12 F. R. 6277) currently in effect, insofar as such United States Standards for Citrus Fruits apply to oranges. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, the United States Standards for Oranges, hereinafter set forth, are hereby promulgated under the authority contained in the Department of Agriculture Appropriation Act, 1949 (Pub. Law 712, 80th Cong., approved June 19, 1948).

§ 51.192 *Oranges*—(a) *General.* (1) These standards apply only to the common or sweet orange group and varieties belonging to the Mandarin group, except tangerines. These standards do not apply to tangerines or to California and Arizona oranges for which separate U. S. Standards are issued. The U. S. Combination and the U. S. Combination Russet grades do not apply to Florida oranges.

(2) The tolerances for the standards are on a container basis. However, individual packages in any lot may vary from the specified tolerances as stated below, provided the averages for the entire lot, based on sample inspection, are within the tolerances specified.

(3) For packages which contain more than 10 pounds and a tolerance of 10 percent or more is provided, individual packages in any lot shall have not more than one and one-half times the tolerance specified. For packages which contain more than 10 pounds and a tolerance of less than 10 percent is provided, individual packages in any lot shall have not more than double the tolerance specified, except that at least one decayed or very seriously damaged fruit may be permitted in any package.

(4) For packages which contain 10 pounds or less, individual packages in any lot are not restricted as to the percentage of defects except that not more than one fruit which is decayed or very seriously damaged shall be allowed in any package.

(b) *Grades*—(1) *U. S. Fancy.* U. S. Fancy shall consist of oranges of similar varietal characteristics which are well colored, firm, well formed, mature, and of smooth texture; free from ammoniation, bird pecks, bruises, buckskin, creasing, cuts which are not healed, decay, growth cracks, scab, split navels, sprayburn, and undeveloped or sunken segments, from injury by green spots or oil spots, pitting, rough and excessively wide or protruding navels, scale, scars, thorn scratches, and from damage caused by dirt or other foreign materials, dryness or mushy condition, sprouting, sunburn, riciness or woodiness of the flesh, disease, insects, or mechanical or other means.

(i) In this grade not more than one-tenth of the surface, in the aggregate, may be affected with discoloration.

(ii) See tolerances for defects.

(iii) If any lot of U. S. Fancy fruit also meets the internal specifications of "U. S. Grade AA Juice (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges.)

(2) *U. S. No. 1.* U. S. No. 1 shall consist of oranges of similar varietal characteristics which are firm, well formed, mature, and of fairly smooth texture; free from bruises, cuts which are not healed, decay, growth cracks, sprayburn, undeveloped or sunken segments, and from damage caused by ammoniation, bird pecks, buckskin, creasing, dirt or other foreign materials, dryness or mushy condition, green spots or oil spots, pitting, scab, scale, scars, split or rough or protruding navels, sprouting, sunburn, thorn scratches, riciness or woodiness of the flesh, disease, insects or mechanical or other means.

(i) Oranges of the early and midseason varieties shall be fairly well colored.

(ii) With respect to Valencia and other late varieties, not less than 50 percent, by count, of the oranges shall be fairly well colored and the remainder reasonably well colored.

(iii) In this grade not more than one-third of the surface, in the aggregate, may be affected with discoloration.

(iv) See tolerances for defects.

(v) If any lot of U. S. No. 1 fruit also meets the internal specifications of "U. S. Grade AA Juice (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges.)

(3) *U. S. No. 1 Bright.* The requirements for this grade are the same as for U. S. No. 1 except that no fruit may have more than one-tenth of its surface, in the aggregate, affected with discoloration.

(i) See tolerances for defects.

(ii) If any lot of U. S. No. 1 Bright fruit also meets the internal specifications of "U. S. Grade AA Juice (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges)

(4) *U. S. No. 1 Golden.* The requirements for this grade are the same as for U. S. No. 1 except that not more than 30 percent, by count, of the fruit shall have in excess of one-third of the surface, in the aggregate, affected with discoloration.

(i) See tolerances for defects.

(ii) If any lot of U. S. No. 1 Golden fruit also meets the internal specifications of "U. S. Grade AA Juice (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges.)

(5) *U. S. No. 1 Bronze.* The requirements for this grade are the same as for U. S. No. 1 except that more than 30 percent but not more than 75 percent, by count, of the fruit shall have in excess of one-third of the surface in the aggregate affected with discoloration: *Provided*, That when the predominating discoloration on each of 75 percent or more, by count, of the fruit is caused by rust mite, all fruit may have in excess of one-third of the surface affected with discoloration.

(i) See tolerance for defects.

(ii) If any lot of U. S. No. 1 Bronze fruit also meets the internal specifications of "U. S. Grade AA Juice (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges.)

(6) *U. S. No. 1 Russet.* The requirements for this grade are the same as for U. S. No. 1 except that more than 75 percent, by count, of the fruit shall have in excess of one-third of the surface, in the aggregate, affected with discoloration.

(i) See tolerances for defects.

(ii) If any lot of U. S. No. 1 Russet fruit also meets the internal specifications of "U. S. Grade AA Juice (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges.)

(7) *U. S. No. 2.* U. S. No. 2 shall consist of oranges of similar varietal characteristics which are mature, fairly firm, not more than slightly misshapen, not more than slightly rough, and which are free from bruises, cuts which are not healed, decay, growth cracks, and are free from serious damage caused by ammoniation, bird pecks, buckskin, creasing, dirt or other foreign materials, dryness or mushy condition, green spots or oil spots, pitting, scab, scale, scars, split or rough or protruding navels, sprayburn, sprouting, sunburn, thorn scratches, undeveloped or sunken segments, riciness or woodiness of the flesh, disease, insects, mechanical or other means.

(i) Each orange of this grade shall be reasonably well colored.

(ii) In this grade not more than one-half of the surface, in the aggregate, may be affected with discoloration.

(iii) See tolerances for defects.

(iv) If any lot of U. S. No. 2 fruit also meets the internal specifications of "U. S. Grade AA Juice (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges.)

(8) *U. S. No. 2 Bright.* The requirements for this grade are the same as for U. S. No. 2 except that no fruit may have more than one-tenth of its surface, in the aggregate, affected with discoloration.

(i) See tolerances for defects.

(ii) If any lot of U. S. No. 2 Bright fruit also meets the internal specifications of "U. S. Grade AA Juice (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges.)

(9) *U. S. No. 2 Russet.* The requirements for this grade are the same as for U. S. No. 2 except that more than 10 percent, by count, of the fruit shall have in excess of one-half of the surface, in the aggregate, affected with discoloration.

(i) See tolerances for defects.

(ii) If any lot of U. S. No. 2 Russet fruit also meets the internal specifications of "U. S. Grade AA Juice (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges.)

(10) *U. S. No. 3.* U. S. No. 3 shall consist of oranges of similar varietal characteristics which are mature; which may be misshapen, slightly spongy, rough but not seriously lumpy for the variety or seriously cracked; which are free from cuts which are not healed and from decay; and from very serious damage caused by bruises, growth cracks, ammoniation, bird pecks, caked melanose, buckskin, creasing, dryness or mushy condition, pitting, scab, scale, split navels, sprayburn, sprouting, sunburn, thorn punctures, riciness or woodiness of the flesh, disease, insects, mechanical or other means.

(i) Each fruit may be poorly colored but not more than 25 percent of the surface of each fruit may be of a solid dark green color.

(ii) See tolerances for defects.

(iii) If any lot of U. S. No. 3 fruit also meets the internal specifications of "U. S. Grade AA Juice (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges.)

(11) *U. S. Combination.* Any lot of oranges may be designated "U. S. Combination" when not less than 50 percent, by count, of the fruit in each container meets the requirements of U. S. No. 1 grade, and each of the remainder of the oranges, in addition to meeting all other requirements of the U. S. No. 2 grade, shall meet the following requirements for color:

In this grade, the U. S. No. 2 oranges of early and midseason varieties shall be fairly well colored, and those of the Valencia and other late varieties shall be reasonably well colored.

(i) See tolerances for defects.

(ii) If any lot of U. S. Combination fruit also meets the internal specifications of "U. S. Grade AA Juice, (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges.)

(12) *U. S. Combination Russet.* Any lot of oranges may be designated "U. S. Combination Russet" when not less than 50 percent, by count, of the fruit in each container meets the requirements of U. S. No. 1 grade and each of the remainder of the oranges meets the requirements of the U. S. No. 2 grade: *Provided*, That all oranges in the lot shall have in excess of one-third of the surface, in the aggregate, affected with discoloration.

(i) See tolerances for defects.

(ii) If any lot of U. S. Combination Russet fruit also meets the internal specifications of "U. S. Grade AA Juice (Double A)" or "U. S. Grade A Juice" it may be so specified in accordance with the facts. (See Standards for Internal Quality of Common Sweet Oranges.)

(c) *Unclassified.* "Unclassified" shall consist of oranges which have not been classified in accordance with any of the foregoing grades. The term "unclassified" is not a grade within the meaning of these standards but is provided as a designation to show that no definite grade has been applied to the lot.

(d) *Tolerances for defects.* In order to allow for variations incident to proper grading and handling in each of the foregoing grades, the following tolerances are provided as specified:

(1) *U. S. Fancy Grade.* Not more than 10 percent, by count, of the fruit in any container may be below the requirements of this grade, but not more than one-half of this tolerance, or 5 percent, shall be allowed for very serious damage, and not more than one-twentieth of the tolerance, or one-half of one percent, shall be allowed for decay at shipping point: *Provided*, That a total tolerance of not more than 3 percent shall be allowed for decay enroute or at destination. None of the foregoing tolerances shall apply to wormy fruit.

(2) *U. S. No. 1 Grade.* Not more than 10 percent, by count, of the fruits in any container may be below the requirements of this grade other than for discoloration but not more than one-half of this tolerance, or 5 percent, shall be allowed for very serious damage, and not more than one-twentieth of the tolerance, or one-half of one percent, shall be allowed for decay at shipping point: *Provided*, That a total tolerance of not more than 3 percent shall be allowed for decay en route or at destination. In addition, not more

than 20 percent, by count, of the fruits in any container may have discoloration in excess of one-third of the fruit surface, but not more than one-fourth of this tolerance, or 5 percent, shall be allowed for discoloration in excess of one-half of the fruit surface. None of the foregoing tolerances shall apply to wormy fruit.

(3) *U. S. No. 1 Bright and U. S. No. 2 Bright Grades.* Not more than 10 percent, by count, of the fruits in any container may be below the requirements of the grade other than for discoloration but not more than one-half of this tolerance, or 5 percent, shall be allowed for very serious damage, and not more than one-twentieth of the tolerance, or one-half of one percent, shall be allowed for decay at shipping point: *Provided*, That a total tolerance of not more than 3 percent shall be allowed for decay en route or at destination. In addition, not more than 10 percent, by count, of the fruits in any container may not meet the requirements relating to discoloration. None of the foregoing tolerances shall apply to wormy fruit.

(4) *U. S. No. 1 Golden and U. S. No. 1 Bronze Grades.* Not more than 10 percent, by count, of the fruits in any container may be below the requirements of the grade, but not more than one-half of this tolerance, or 5 percent, shall be allowed for very serious damage, and not more than one-twentieth of the tolerance, or one-half of one percent, shall be allowed for decay at shipping point: *Provided*, That a total tolerance of not more than 3 percent shall be allowed for decay en route or at destination. No part of any tolerance shall be allowed to reduce or to increase the percentage of fruits having in excess of one-third of the surface, in the aggregate, affected with discoloration which is required in the grade, but individual containers may vary not more than 10 percent from the percentage required: *Provided*, That the entire lot averages within the percentage specified. None of the foregoing tolerances shall apply to wormy fruit.

(5) *U. S. No. 1 Russet Grade.* Not more than 10 percent, by count, of the fruits in any container may be below the requirements of this grade but not more than one-half of this tolerance, or 5 percent, shall be allowed for very serious damage, and not more than one-twentieth of the tolerance, or one-half of one percent, shall be allowed for decay at shipping point: *Provided*, That a total tolerance of not more than 3 percent shall be allowed for decay en route or at destination. In addition, not more than 10 percent, by count, of the fruits in any container may not meet the requirements relating to discoloration. None of the foregoing tolerances shall apply to wormy fruit. No part of any tolerance shall be allowed to reduce the percentage of fruits having in excess of one-half of the surface, in the aggregate, affected with discoloration which is required in this grade, but individual containers may have not more than 10 percent less than the percentage required: *Provided*, That the entire lot averages within the percentage specified. None of the foregoing tolerances shall apply to wormy fruit.

(6) *U. S. No. 2 Grade.* Not more than 10 percent, by count, of the fruits in any container may be below the requirements of this grade other than for discoloration but not more than one-half of this tolerance, or 5 percent, shall be allowed for very serious damage other than by dryness or mushy condition, and not more than one-twentieth of the tolerance, or one-half of one percent, shall be allowed for decay at shipping point: *Provided*, That a total tolerance of not more than 3 percent shall be allowed for decay en route or at destination. In addition, not more than 10 percent, by count, of the fruits in any container may not meet the requirements relating to discoloration. None of the foregoing tolerances shall apply to wormy fruit.

(7) *U. S. No. 2 Russet Grade.* Not more than 10 percent, by count, of the fruits in any container may be below the requirements of this grade but not more than one-half of this tolerance, or 5 percent, shall be allowed for very serious damage other than by dryness or mushy condition, and not more than one-twentieth of the tolerance, or one-half of one percent, shall be allowed for decay at shipping point: *Provided*, That a total tolerance of not more than 3 percent shall be allowed for decay en route or at destination. No part of any tolerance shall be allowed to reduce the percentage of fruits having in excess of one-half of the surface, in the aggregate, affected with discoloration which is required in this grade, but individual containers may have not more than 10 percent loss than the percentage required: *Provided*, That the entire lot averages within the percentage specified. None of the foregoing tolerances shall apply to wormy fruit.

(8) *U. S. No. 3 Grade.* Not more than 15 percent, by count, of the fruits in any container may be below the requirements of this grade but not more than one-third of this tolerance, or 5 percent, shall be allowed for defects other than dryness or mushy condition, and not more than one-fifth of this amount, or 1 percent, shall be allowed for decay at shipping point: *Provided*, That a total tolerance of not more than 3 percent shall be allowed for decay en route or at destination. None of the foregoing tolerances shall apply to wormy fruit.

(9) *U. S. Combination Grade.* Not more than 10 percent, by count, of the fruits in any container may be below the requirements of this grade other than for discoloration but not more than one-half of this tolerance, or 5 percent, shall be allowed for very serious damage other than by dryness or mushy condition, and not more than one-twentieth of the tolerance, or one-half of one percent, shall be allowed for decay at shipping point: *Provided*, That a total tolerance of not more than 3 percent shall be allowed for decay en route or at destination. In addition, not more than 10 percent, by count, of the fruits in any container may have more than the amount of discoloration specified. No part of any tolerance shall be allowed to reduce for the lot as a whole the percentage of U. S. No. 1 required in the combination, but individual containers may have not more than a total of 10 percent less than the percentage of U. S. No. 1 required or specified: *Provided*, That the entire lot averages within the percentage specified. None of the foregoing tolerances shall apply to wormy fruit.

(10) *U. S. Combination Russet Grade.* Not more than 10 percent, by count, of the fruits in any container may be below the requirements of this grade other than for discoloration but not more than one-half of this tolerance, or 5 percent, shall be allowed for very serious damage other than by dryness or mushy condition, and not more than one-twentieth of the tolerance, or one-half of one percent, shall be allowed for decay at shipping point: *Provided*, That a total tolerance of not more than 3 percent shall be allowed for decay en route or at destination. In addition, not more than 20 percent, by count, of the fruits in any container may have less than one-third discoloration. No part of any tolerance shall be allowed to reduce for the lot as a whole, the percentage of U. S. No. 1 except for discoloration required in the combination, but individual containers may have not more than a total of 10 percent less than the percentage of U. S. No. 1 except for discoloration required or specified: *Provided*, That the entire lot averages within the percentage specified. None of the foregoing tolerances shall apply to wormy fruit.

(e) *Standard pack for oranges except Temple variety.* (1) Fruit shall be fairly uniform in size, unless specified as uniform in size, and when packed in boxes, shall be arranged according to the approved and recognized methods. When wrapped, each fruit shall be enclosed in its individual wrapper and show at least one-half twist, except that in packs of oranges of a size 250 and smaller, only fruit in the top and bottom layers and fruit exposed at the sides of the box shall be required to be wrapped.

(2) All packages shall be tightly packed and well filled but the contents shall not show excessive or unnecessary bruising because of overfilled packages.

(3) When packed in standard nailed boxes, each container shall show a minimum bulge of 1¼ inches.

(4) "Fairly uniform in size" means that not more than a total of 10 percent, by count, of the fruit in any container is outside the range given below for various packs:

DIAMETER IN INCHES

Pack	Minimum	Maximum
96's	3 6/16	3 12/16
126's	3 1/16	3 9/16
150's	3	3 6/16
176's	2 14/16	3 3/16
200's	2 13/16	3 [illegible]
216's	2 12/16	3 [illegible]
250's	2 9/16	2 14/16
288's	2 5/16	2 12/16
324's	2 2/16	2 10/16

(5) "Uniform in size" means that not mor than 10 percent, by count, of the fruits in any container vary more than the following amounts:

150 size and smaller—not more than 4/16 inch in diameter.

126 size and larger—not more than 5/16 inch in diameter.

(6) In order to allow for variations, other than sizing, incident to proper packing, not more than 5 percent of the packages in any lot may not meet the requirements of standard pack.

(f) *Definitions.* (1) "Similar varietal characteristics" means that the fruits in any container are similar in color and shape.

(2) "Well colored" means that the fruit is yellow or orange in color with practically no trace of green color.

(3) "Firm" as applied to common oranges, means that the fruit is not soft, or noticeably wilted or flabby; as applied to oranges of the Mandarin Group (Satsumas, King, Mandarin), means that the fruit is not extremely puffy, although the skin may be slightly loose.

(4) "Well formed" means that the fruit has the shape characteristic of the variety.

(5) "Smooth texture" means that the skin is thin and smooth for the variety and size of the fruit.

(6) "Injury" means any defect or blemish which more than slightly affects the appearance, or edible or shipping quality of the fruit. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect shall be considered as injury:

(i) Green spots or oil spots, when appreciably affecting the appearance of the individual fruit.

(ii) Rough and excessively wide or protruding navels, when protruding beyond the general contour of the orange; or when flush with the general contour but with the opening so wide, considering the size of the fruit, and the naval growth so folded and ridged that it detracts noticeably from the appearance of the orange.

(iii) Scale, when more than a few adjacent to the "button" at the stem end, or when more than 6 scattered on other portions of the fruit.

(iv) Scars which are depressed, not smooth, or which detract from the appearance of the fruit to a greater extent than the maximum amount of discoloration allowed in the grade.

(v) Thorn scratches, when the injury is not slight, not well healed, or more unsightly than discoloration allowed in the grade.

(7) "Discoloration" means russeting of a light shade of golden brown caused by rust mite or other means. Lighter shades of discoloration caused by superficial scars or other means may be allowed on a greater area, or darker shades may be allowed on a lesser area, provided no discoloration caused by melanose or other means may affect the appearance of the fruit to a greater extent than the shade and amount of discoloration allowed for the grade.

(8) "Fairly smooth texture" means that the skin is fairly thin and not coarse for the variety and size of the fruit.

(9) "Damage" means any defect or injury which materially affects the appearance, or edible or shipping quality of the fruit. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect shall be considered as damage:

(i) Ammoniation, when not occurring as light speck type similar to melanose.

(ii) Creasing, when causing the skin to be materially weakened.

(iii) Dryness or mushy condition, when affecting all segments of common oranges more than one-fourth inch at the stem end, or all segments of varieties of the Mandarin Group more than one-eighth inch at the stem end, or more than the equivalent of these respective amounts, by volume, when occurring in other portions of the fruit.

(iv) Green spots or oil spots, when materially affecting the appearance of the individual fruit.

(v) Scab, when it cannot be classed as discoloration, or appreciably affects shape or texture.

(vi) Scale, when it materially affects the appearance of the fruit.

(vii) Scars which are deep.

(viii) Scars which are shallow or fairly shallow and detract from the appearance of the fruit to a greater extent than the amount of discoloration allowed in the grade.

(ix) Scars which are not smooth.

(x) Split or rough or protruding navels, when any split is unhealed, or more than three well-healed splits at the navel, or any split which is more than one-fourth inch in length, or three-cornered, star-shaped, or other irregular navels when the opening is so wide, considering the size of the orange, and the navel growth so folded and ridged that it detracts materially from the appearance of the orange; or navels which flare, bulge or protrude beyond the general contour of the orange to the extent that they are subject to mechanical injury in the process of proper grading, or handling, or packing.

(xi) Sunburn, when the area affected exceeds 25 percent of the fruit surface, or when the skin is appreciably flattened, dry, darkened, or hard.

(xii) Thorn scratches, when the injury is not well healed, or concentrated light colored thorn injury which has caused an area of more than an average of one-fourth inch in diameter of the skin to become hard, or slight scratches when light colored and concentrated and averaging more than 1 inch in diameter, or dark or scattered thorn injury which detracts from the appearance of the fruit to a greater extent than the amounts specified above.

(xiii) Richness or woodiness, when the flesh of the fruit is so ricey or woody that excessive pressure by hand is required to extract the juice.

(10) "Fairly well colored" means that except for one inch in the aggregate of green color, the yellow or orange color predominates over the green color on that part of the fruit which is not discolored.

(11) "Reasonably well colored" means that the yellow or orange color predominates over the green color on at least two-thirds of the fruit surface, in the aggregate, which is not discolored.

(12) "Fairly firm" as applied to common oranges, means that the fruit may be slightly soft, but not bruised; as applied to oranges of the Mandarin Group (Satsumas, King, Mandarin) means that the skin of the fruit is not extremely puffy or extremely loose.

(13) "Slightly misshapen" means that the fruit is not of the shape characteristic of the variety but is not appreciably elongated or pointed, or otherwise deformed.

(14) "Slightly rough texture" means that the skin is not of smooth texture but is not materially ridged, grooved, or wrinkled.

(15) "Serious damage" means any defect or injury which seriously affects the appearance, or edible or shipping quality of the fruit. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect shall be considered as serious damage:

(i) Ammoniation, when scars are cracked, or when dark and aggregating more than three-fourths inch in diameter or when light colored and aggregating more than 1¼ inches in diameter.

(ii) Buckskin, when aggregating more than 25 percent of the fruit surface or the fruit texture is seriously affected.

(iii) Creasing, when so deep or extensive that the skin is seriously weakened.

(iv) Dryness or mushy condition, when affecting all segments of common oranges more than one-half inch at the stem end, or all segments of varieties of the Mandarin Group more than one-fourth inch at the stem end, or more than the equivalent of these respective amounts, by volume, when occurring in other portions of the fruit.

(v) Green spots or oil spots, when seriously affecting the appearance of the individual fruit.

(vi) Scab, when it cannot be classed as discoloration, or when materially affecting shape or texture.

(vii) Scale, when it seriously affects the appearance of the individual fruit.

(viii) Scars which are very deep.

(ix) Scars which are not very deep but which detract from the appearance of the fruit to a greater extent than the amount of discoloration allowed in the grade.

(x) Scars which are not fairly smooth.

(xi) Split or rough or protruding navels, when any split is unhealed, or one well healed split at each corner of irregular navels when any one is more than one-half inch in length, or when aggregating more than 1 inch in length, or when more than four in number; or navels which protrude beyond the general contour of the orange to the extent that they are subject to mechanical injury during the process of proper grading, or handling, or packing; or irregular navels when the opening is so wide, considering the size of the orange, and the navel growth so badly folded and ridged that it detracts seriously from the appearance of the orange.

(xii) Sprayburn which seriously affects the appearance of the fruit or is hard, or when more than 1¼ inches in diameter in the aggregate has a light brown discoloration.

(xiii) Sunburn, which affects more than one-third of the fruit surface, or is hard, or the fruit is decidedly one-sided, or when more than 1¼ inches in diameter in the aggregate has a light brown discoloration.

(xiv) Thorn scratches, when the injury is not well healed, or concentrated

light colored thorn injury which has caused an area of more than an average of one-half inch in diameter of the skin to become hard, or slight scratches when light colored and concentrated, averaging more than 1½ inches in diameter, or dark or scattered thorn injury which detracts from the appearance of the fruit to a greater extent than the amounts specified above.

(xv) Undeveloped or sunken segments, in navel oranges, when such segments are so sunken or undeveloped that they are readily noticeable.

(xvi) Riciness or woodiness, when the flesh of the fruit is so ricey or woody that excessive pressure by hand is required to extract the juice.

(16) "Misshapen" means that the fruit is decidedly elongated, pointed or flat-sided.

(17) "Slightly spongy" means that the fruit is puffy or slightly wilted but not flabby.

(18) "Very serious damage" means any defect or injury which very seriously affects the appearance, or edible or shipping quality of the fruit. Any one of the following defects, or any combination of defects, the seriousness of which exceeds the maximum allowed for any one defect shall be considered as very serious damage:

(i) Growth cracks that are seriously weakened, gummy or not healed.

(ii) Ammoniation, when aggregating more than 2 inches in diameter, or which has caused serious cracks.

(iii) Bird pecks, when not healed.

(iv) Caked melanese, when more than 25 percent, in the aggregate, of the surface of the fruit is caked.

(v) Buckskin, when rough and aggregating more than 50 percent of the surface of the fruit.

(vi) Creasing, when so deep or extensive that the skin is very seriously weakened.

(vii) Dryness or mushy condition, when affecting all segments of common oranges more than one-half inch at the stem end, or all segments of varieties of the Mandarin Group more than one-fourth inch at the stem end, or more than the equivalent of these respective amounts, by volume, when occurring in other portions of the fruit.

(viii) Scab, when aggregating more than 25 percent of the surface of the fruit.

(ix) Scale, when covering more than 20 percent of the surface of the fruit.

(x) Split navels, when not healed or the fruit is seriously weakened.

(xi) Sprayburn, when seriously affecting more than one-third of the fruit surface.

(xii) Sunburn, when seriously affecting more than one-third of the fruit surface.

(xiii) Thorn punctures, when not healed or the fruit is seriously weakened.

(xiv) Riciness or woodiness, when the flesh of the fruit is so ricey or woody that excessive pressure by hand is required to extract the juice.

(g) *Standards for internal quality of common sweet oranges (Citrus Sinensis (L) Osbeck)*—(1) *U. S. Grade AA Juice (Double A).* Any lot of oranges, the juice content of which meets the following requirements, may be designated "U. S. Grade AA Juice (Double A)":

(i) Each lot of fruit shall contain an average of not less than 5 gallons of juice per standard packed box of one and three-fifths bushels.

(ii) The average juice content for any lot of fruit shall have not less than 10 percent total soluble solids, and not less than one-half of 1 percent anhydrous citric acid, or more than the maximum acid specified in Table I of this section.

(2) *U. S. Grade A Juice.* Any lot of oranges, the juice content of which meets the following requirements, may be designated "U. S. Grade A Juice":

(i) Each lot of fruit shall contain an average of not less than four and one-half gallons of juice per standard packed box of one and three-fifths bushels.

(ii) The average juice content for any lot of fruit shall have not less than 9 percent total soluble solids, and not less than one-half of 1 percent anhydrous citric acid, or more than the maximum acid specified in Table I of this section.

(3) *Maximum anhydrous citric acid permissible for corresponding total soluble solids.* For determining the grade of juice, the maximum permissible anhydrous citric acid content in relation to corresponding total soluble solids in the fruit is set forth in the following table together with the minimum ratio of total soluble solids to anhydrous citric acid:

TABLE I

Total soluble solids average percent	Maximum anhydrous citric acid average percent	Minimum ratio of total soluble solids to anhydrous citric acid

(4) *Method of juice extraction.* The juice used in the determination of solids, acid, and juice content shall be extracted from representative samples as thoroughly as possible with a reamer, or by hand, and shall be strained through a double thickness of gauze having 44 x 40 threads per square inch, and shall not be extracted or strained in any other manner.

(h) *Effective time and supersedure.* The United States Standards for Oranges contained in this section and which supersede the United States Standards for Citrus Fruits (12 F. R. 6277) insofar as such standards for citrus fruits apply to oranges shall become effective on September 14, 1948.

It is hereby found that it is impractical, unnecessary, and contrary to the public interest to postpone the effective date of these standards until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1946 ed. 1001 et. seq.) because the packing of oranges will commence in September, and it is in the public interest that the standards be in effect at the commencement of the packing season; and a reasonable time is permitted, under the circumstances, for preparation for such effective date (Pub. Law 712, 80th Cong., approved June 19, 1948.)

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

[Lemon Reg. 289 Amdt. 1]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR, Cum. Supp., 953.1 et seq.; 13 F. R. 766), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient and this amendment relieves restrictions on the handling of lemons grown in the State of California or in the State of Arizona.

Order, as amended. The provisions in subparagraph (b) (1) of § 953.396 (Lemon Regulation 289, 13 F. R. 5019), are hereby amended to read as follows:

(1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., August 29, 1948, and ending at 12:01 a. m., P. s. t., September 5, 1948, is hereby fixed as follows:

(i) District 1: 400 carloads.

(ii) District 2: Unlimited movement.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 1st day of September 1948.

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

PART 206—TRUST POWERS OF NATIONAL BANKS

LIMITATIONS ON PARTICIPATION IN COMMON TRUST FUNDS

The following interpretation under this part was issued by the Board of Governors of the Federal Reserve System on August 27, 1948.

§ 206.104 *Limitations on participation in common trust funds.* Section 206.17 (c) (5), dealing with limitations upon investments in common trust funds, provides in part as follows:

No funds of any trust shall be invested in a participation in a Common Trust Fund if such investment would result in such trust having invested in the aggregate in the Common Trust Fund an amount in excess of 10 per cent of the value of the assets of the Common Trust Fund at the time of investment, as determined by the trust investment committee, or the sum of $50,000, whichever is less. • • • In applying the limitations contained in this paragraph, if two or more trusts are created by the same settlor or settlors and as much as one-half of the income or principal or both of each trust is payable or applicable to the use of the same person or persons, such trusts shall be considered as one.

The Board of Governors has considered an inquiry with respect to the application of the above-quoted provisions of the part in the following situation:

Two trusts are created by the same settlor. The first trust is for her benefit for life, then for the benefit of the life of a second party with remainder over to a third party. The second trust is for the life benefit of the second party with remainder over to a third party. The beneficial interest might merge for a time for the remaining period of the life of the second party if he should survive the settlor, and then upon the second party's death there would be an ultimate merger upon vesting of the principal of both trusts in the third party.

The Board pointed out that this situation was very similar to the one considered in a ruling published in the 1941 Federal Reserve Bulletin at page 618, the only difference being in the possible merger of the beneficial interests for a time in one of the two life tenants before ultimate merger upon vesting of the principal of both trusts in the remainderman. The Board concluded that this situation came within the scope of the 1941 ruling and that investments in a common trust fund might be made without considering the two trusts as one for the purpose of applying the limitations of § 206.17 (c) (5) quoted above.

The Board also stated that the merger of the beneficial interests through vesting thereof in one person at some future date would not necessitate at such time withdrawal or reduction of the participation by either trust in the common trust fund, as § 206.17 (c) (5) is intended to deal only with the act of investing in participations in common trust funds and does not require the withdrawal or reduction of participations once legally acquired. (Sec. 11 (i), 38 Stat. 262, sec. 2, 40 Stat. 968, 46 Stat. 814, sec. 342, 49 Stat. 722, sec. 1, 40 Stat. 1043, 44 Stat. 1224, sec. 24, 48 Stat. 190, secs. 330, 331, 49 Stat. 716, 719, sec. 160, 49 Stat. 1708, secs. 2, 3, 24 Stat. 18; 12 U. S. C. 248 (i), 12 U. S. C. 248 (k) and Sup., 33, 34a, 26 U. S. C. Sup. 169, 12 U. S. C. 30, 31)

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM,
[SEAL] S. R. CARPENTER,
Secretary.

TITLE 43—PUBLIC LANDS: INTERIOR

Subtitle A—Office of the Secretary of the Interior

[Order 2468]

PART 4—DELEGATIONS OF AUTHORITY

BUREAU OF LAND MANAGEMENT; DELEGATIONS TO THE DIRECTOR IN SPECIFIED MATTERS

Subparagraphs (6), (9), (10), (11), (22), (23), (28), (35) and (45) of paragraph (a) of § 4.275 are amended, and new subparagraphs (77) to (82), inclusive, are added to paragraph (a), as follows:

§ 4.275 *Functions with respect to various statutes.* (a) • • •

(6) Applications by States, counties or municipalities for the lease, sale or exchange of public lands for recreational use under the act of June 14, 1926 (44 Stat. 741; 43 U. S. C. 869, or the act of April 13, 1928 (45 Stat. 429; 43 U. S. C. 869a), the issuance, modification or cancellation of such leases, and the approval of such sales or exchanges.

• • • • • •

(9) Applications to use public lands under right-of-way permits or easements authorized by the following acts, and the issuance, assignment, modification, cancellation, or revocation of such permits or easements: *Provided*, That such actions involving lands within national parks, or any reservations of the United States for the use of or administered by the National Park Service, the Fish and Wildlife Service, or any agency outside the Department of the Interior, may only be taken after the consent of the head of the bureau or agency administering the reservation has been obtained.

(i) Under the act of February 15, 1901 (31 Stat. 790; 43 U. S. C. 959, 16 U. S. C. 79).

(ii) Under the act of March 4, 1911 (36 Stat. 1235, 1253–54; 43 U. S. C. 961).

(iii) Under section 4 (P) of the act of December 5, 1924 (43 Stat. 704), for the construction, operation or maintenance of main transmission lines to transmit electrical energy, as provided by the Boulder Canyon Act of December 21, 1928 (45 Stat. 1056, 1061).

(10) Approval of applications for rights-of-way and the issuance, modification and assignment of such easements, and cancellations on relinquishments, or when authorized as a result of forfeiture proceedings, under the following acts: *Provided*, That such actions involving lands within national parks, or any reservations of the United States for the use of or administered by the National Park Service, the Fish and Wildlife Service, or any agency outside the Department of the Interior, may only be taken after the consent of the head of the bureau or agency administering the reservation has been obtained.

(i) Act of March 3, 1891 (26 Stat. 1101), as amended by the act of March 4, 1917 (39 Stat. 1197), act of March 1, 1921 (41 Stat. 1194), and the act of May 28, 1926 (44 Stat. 668; 43 U. S. C. 946–950), for right-of-way for canals, laterals, and reservoir sites for irrigation and drainage purposes, including the right to materials for construction thereof, and permits or easements for caretaker's building sites on adjoining acreage.

(ii) Section 17 of the Federal Aid Highway Act of November 9, 1921 (42 Stat. 216; 23 U. S. C. 18) for right-of-way for highways and road building material sites.

(iii) Act of June 8, 1938 (52 Stat. 633), as amended (23 U. S. C. 10b), for right-of-way for roadside and landscape development under the Federal Aid Highway Act.

(iv) Act of November 19, 1941 (55 Stat. 767; 23 U. S. C., Sup., 108) for right-of-way for flight strips under the Federal Aid Highway Act.

(v) Approval of rights-of-way for railroad purposes under the act of March 18, 1875 (18 Stat. 482; 43 U. S. C. 934).

(vi) Approval of rights-of-way under section 28 of the act of February 25, 1920, as amended (41 Stat. 437, 449; 30 U. S. C. 185), and of modifications and partial or entire relinquishments of such rights-of-way.

[Circular No. 1693]

PART 250—PUBLIC SALES

DEFINITIONS

Section 250.2 is amended to change the designation of paragraphs "(c)" and "(d)" to read "(d)" and "(e)", respectively, and a new paragraph "(c)" inserted to read:

§ 250.2 *Definitions.* • • •

(c) "Regional Administrator" means the regional administrator for the region in which the land is situated. Where there is no district land office in the State in which the land is situated, however, it means the "Director."

Sections 250.4, 250.5, and 250.11 (b) 3 are amended to substitute the words "Regional Administrator" for the word "Director" whenever it appears.

PROPOSED RULE MAKING

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR, Part 3]

[Docket Nos. 8736, 8975]

ANNOUNCEMENT OF CONFERENCE ON SEPTEMBER 13, 1948, WITH INDUSTRY REGARDING FUTURE PROCEDURES PERTAINING TO TELEVISION BROADCAST ALLOCATIONS

In the matter of amendment of § 3.606 of the Commission's rules and regulations; Docket No. 8975; Docket No. 8736.

1. On May 5, 1948, the Commission adopted an order which provided for a rule making proceeding to commence on June 14, 1948 for making changes and additions to its allocation plan set forth in § 3.606 of its rules and regulations. The Commission's proposed changes were based on the "Standards of Good Engineering Practice Concerning Television Broadcast Stations," adopted on December 19, 1945, which are currently in effect.

2. During the hearing the Commission received testimony regarding the effects of tropospheric interference on present and proposed allocations. The present standards do not include specific data on tropospheric propagation. For the past several years the Commission has been conducting measurements of tropospheric signals in the FM and television frequency ranges, looking toward the preparation of propagation curves and their inclusion in the FM and television engineering standards. Because of the claims during the television allocation hearings of serious effects of tropospheric interference on present and proposed television allocations, which are in general supported by studies made by the Comission's Bureau of Engineering, the Commission is considering the question of revising its television allocation standards to incorporate the effects of tropospheric propagation. A collateral problem is the basis and extent to which the proposed allocations should utilize directional antennas. Also there were other suggestions made which should receive consideration, i. e., whether present power and antenna height restrictions should be changed and whether protected contours should be revised.

3. The Commission desires to base the national television allocation plan on the best available engineering information. This will first require a consideration of questions regarding the desirability of revising the present Rules and Standards pertaining to the technical phases of television allocations. Since achievement of the most rapid development of television consistent with the soundest engineering foundation must depend on the fullest cooperation between the Commission and the television industry in facing and solving the important problems which may be presented, the Commission is calling a conference with interested parties on September 13, 1948, at 10:00 a. m., in Room 6121, New Post Office Building, Washington, D. C., to consider the following matters:

1. Whether the Commission should initiate proceedings to revise the television allocation rules and standards prior to final decision in Dockets 8975 and 8736.

2. If the standards are to be revised, what policy should be adopted with respect to applications now pending before the Commission.

3. What procedures should be adopted in order that the revised standards can be based on the best available engineering information.

4. It is emphasized that the purpose of this conference is to discuss substantial questions which may be presented by the record concerning the adequacy of existing rules and standards to achieve the soundest allocation plan, and not to discuss engineering details or suggestions in relation to such questions. Briefs, memoranda or statements embodying information or proposals for consideration at the conference may be submitted before or at the time of the conference. To facilitate preparation of an agenda and an order of presentation for the conference, parties who intend to participate should notify the Commission by September 5, 1948.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

CLASSIFICATION ORDER

AUGUST 27, 1948.

1. Pursuant to the authority delegated to me by the Secretary of the Interior by Order No. 2325 dated May 24, 1947 (43 CFR 4.275 (b) (3), 12 F. R. 3566), I hereby classify under the small tract act of June 1, 1938 (52 Stat. 609), as amended July 14, 1945 (59 Stat. 467, 43 U. S. C. sec. 682a), as hereinafter indicated, the following described lands in the Los Angeles, California, land district, embracing 160 acres.

CALIFORNIA SMALL TRACT CLASSIFICATION No. 83

For Lease Only for All Purposes Mentioned in the Act Except Business

T. 5 N., R. 8 W., S. B. M.,
Sec. 13, SE¼.

2. As to applications regularly filed prior to 12:35 p. m., February 24, 1948, and are for the type of site for which the land is classified this order shall become effective upon the date it is signed.

3. As to the land not covered by applications referred to in paragraph 2 this order shall not become effective to permit leasing under the small tract act until 10:00 a. m. on October 29, 1948. At that time such land shall, subject to valid existing rights, become subject to applications as follows:

(a) Ninety-day preference period for qualified veterans of World War II from 10:00 a. m. October 29, 1948, to the close of business on January 27, 1949.

(b) Advance period for simultaneous veterans preference filings from 12:35 p. m. February 24, 1948, to the close of business on October 29, 1948.

4. Any of the land remaining unappropriated shall become subject to application under the small tract act by the public generally commencing at 10:00 a. m. on January 28, 1949.

(a) Advance period for simultaneous nonpreference filings from 12:35 p. m. February 24, 1948, to the close of business on January 28, 1949.

5. Applications filed within the periods mentioned in paragraph 3 (b) and 4 (a) will be treated as simultaneously filed.

6. All of the lands will be leased in tracts of approximately 5 acres, each being approximately 330 by 660 feet, the longer dimension extending north and south.

7. Preference right leases referred to in paragraph 2 will be issued for the land described in the application irrespective of the direction of the tract provided the tract conforms to or is made to conform to the area and the dimensions specified in paragraph 6.

8. Where only one five-acre tract in a 10-acre subdivision is embraced in a preference right application, an application for the remaining five-acre tract extending in the same direction will be accepted in order to fill out the subdivision notwithstanding the direction specified in paragraph 6.

9. Leases will be for a period of five years at an annual rental of $5.00 payable for the entire lease period in advance of the issuance of the lease.

10. All inquiries relating to these lands should be addressed to the Acting Manager, District Land Office, Los Angeles 12, California.

CIVIL AERONAUTICS BOARD

[Docket No. 1670]

PARKS AIR LINES, INC.

NOTICE OF HEARING

In the matter of the application of Parks Air Lines, Inc., formerly Parks Air Transport, Inc., under section 408 of the Civil Aeronautics Act of 1938, as amended, for approval of relationships between Parks Air Lines, Inc., and certain other corporations and individuals engaged in various phases of aeronautics.

Notice is hereby given pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 408 and 1001 of said act, that a hearing in the above-entitled proceeding is assigned to be held on October 5, 1948, at 10:00 a. m. (eastern standard time) in Conference Room A, Departmental Auditorium, Constitution Avenue between 12th and 14th Streets, N. W., Washington, D. C., before Examiner F. Merritt Ruhlen.

Without limiting the scope of the issues presented by said application, particular attention will be directed to the following matters and questions:

1. Is Parks Aircraft Sales and Service, Inc., a person engaged in a phase of aeronautics within the meaning of section 408 (a) of the act?

2. Is Parks College of Aeronautical Technology of St. Louis University a person engaged in a phase of aeronautics within the meaning of section 408 (a) of the act?

3. Is Parks Air Lines, Inc., controlled by either Parks Aircraft Sales and Service, Inc., or Parks College of Aeronautical Technology of St. Louis University or by both?

4. Is the control of Parks Air Lines, Inc., by Parks Aircraft Sales and Service, Inc., or by Parks College of Aeronautical Technology of St. Louis University or by both consistent with the public interest?

5. Would the control of Parks Air Lines, Inc., by Parks Aircraft Sales and Service, Inc., or by Parks College of Aeronautical Technology of St. Louis University or by both result in creating a monopoly and therefore restrain competition or jeopardize another air carrier?

Notice is further given that any person other than parties of record as of August 30, 1948, desiring to be heard in this proceeding may file with the Board on or before October 5, 1948, a statement setting forth the facts and law raised by this proceeding which he desires to controvert and such person may appear and participate in the hearing in accordance with § 285.6 (a) of the Board's rules of practice.

For further details concerning this proceeding, interested persons are referred to the application on file with the Civil Aeronautics Board.

Dated at Washington, D. C., September 1, 1948.

FEDERAL POWER COMMISSION

[Docket No. G-1086]

TEXAS GAS TRANSMISSION CORP.

NOTICE OF APPLICATION

AUGUST 31, 1948.

Notice is hereby given that on July 19, 1948, an application was filed with the Federal Power Commission by Texas Gas Transmission Corporation (Applicant), a Delaware corporation with it principal places of business at Owensboro, Kentucky, and Memphis, Tennessee, for a certificate of public convenience and necessity pursuant to section 7 (c) of the Natural Gas Act, as amended, authorizing the construction and operation of facilities hereinafter described and more particularly set forth in the application on file with the Commission and open to public inspection:

Approximately 7½ miles of 8⅝-inch O. D. lateral pipeline from a point on the pipeline system operated by Texas Eastern Transmission Corporation in closest proximity to the Horseshoe area system of Indiana Gas and Water Company, near Mitchell, Indiana, and extending from that point to the nearest connection with the distribution system operated by Indiana Gas and Water Company, which proposed pipeline would be used for the sale of natural gas by Applicant to the said Indiana company.

The application also requests an order from the Commission pursuant to section 7 (a) of the Natural Gas Act, as amended, directing Texas Eastern Transmission Corporation to sell approximately 5000 Mcf of natural gas per day to Applicant and deliver that quantity of natural gas through Applicant's existing connection with Texas Eastern at Seymour, Indiana, and also through the lateral pipeline proposed to be constructed in accordance with the design of this pending application. This portion of the application requesting authority pursuant to section 7 (a) of the Natural Gas Act was, by order of the Commission dated July 28, 1948, set for hearing and consolidated with the proceedings then pending involving Texas Eastern Transmission Corporation in Docket No. G-1003.

Applicant, in requesting authority to construct the aforesaid lateral pipeline in accordance with the provisions of section 7 (c) of the Natural Gas Act, as amended, states that the proposed connection is needed in order adequately to supply the needs of the Horseshoe area served by Indiana Gas and Water Company, which area embraces the towns of Greencastle, Martinsville, Bloomington, Bedford, Franklin, Columbus, Seymour and Shelbyville in Indiana. Applicant further states that the needs of this area have rapidly increased during the past few years and, in addition, present requirements of industries whose products affect the national economy and defense will utilize increasing amounts of gas during the coming 1948–1949 winter season. Applicant states that during the past 1947–1948 winter season, despite allocations made of the quantities of gas delivered by Panhandle Eastern Pipe Line Company as a main supplier of natural gas to Applicant, that it could not deliver to Indiana Gas and Water Company the quantities of gas needed in the so-called Horseshoe area of that distribution system.

Applicant states that the need for the designated quantity of gas will extend for a period of approximately one year, after which Applicant contemplates that the construction of the facilities proposed by it in the application filed as Docket No. G-859 will have been completed and through such facilities Applicant will then be able to supply the growing needs of Indiana Gas and Water Company.

The estimated total over-all capital cost of the construction of the proposed facilities is $124,367, which will be financed with funds on hand.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such a request.

The application of Texas Gas Transmission Corporation is on file with the Commission and open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of §§ 1.8 or 1.10, whichever is applicable, of the rules of practice and procedure.

[Docket No. G-1086]

TEXAS GAS TRANSMISSION CORP.

ORDER FIXING DATE OF HEARING

AUGUST 31, 1948.

Upon consideration of the application filed on July 19, 1948, by Texas Gas Transmission Corporation (Applicant), a Delaware corporation with its principal places of business at Owensboro, Kentucky, and Memphis, Tennessee, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas facilities, as fully described in such application on file with the Commission and open to public inspection, public notice of said application being published in the FEDERAL REGISTER concurrently with this order;

It appears to the Commission that: Among the issues involved by said application and other pleadings filed in connection therewith, are the following:

(1) The extent of public need and market requirements for natural gas in the areas which may be served;

(2) Whether the proposed facilities, as designed and applied for, and the proposed method of operation thereof, are adequate to render the services proposed and to meet the estimated demands for natural gas in the areas which may be served;

(3) The sufficiency of supply of natural gas to meet the demands in the areas which may be served by means of the proposed facilities;

(4) Whether the construction and operation of the proposed facilities are or will be required by the present or future public convenience and necessity.

The Commission, therefore, orders that:

(A) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a public hearing be held on the 22d day of September 1948, at 10:00 a. m. (e. d. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters presented and the issues involved in the application and other pleadings in the above-entitled proceeding.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the said rules of practice and procedure.

By the Commission.

Date of issuance: September 1, 1948.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-394]

ROOT PETROLEUM CO.

NOTICE OF APPLICATION TO STRIKE FROM LISTING AND REGISTRATION, AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 31st day of August A. D. 1948.

The Board of Trade of the City of Chicago, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to strike from listing and registration the Common Stock, $1.00 Par Value, of Root Petroleum Company.

The application alleges that (1) prior to December 17, 1947 Pan American Petroleum Corporation purchased from the largest single stockholder of Root Petroleum Company and from his family approximately 132,000 shares of the $1.00 par value Common Stock at $25.00 per share, and that it had also purchased from other stockholders additional shares until it had become the owner of a majority of the outstanding shares of Root Petroleum Company; (2) Pan American Petroleum Corporation extended offers to all the remaining stockholders of Root Petroleum Company to purchase their shares at $25.00 per share, which offers were extended or renewed until June 30, 1948; (3) that as of July 2, 1948 the number of shares of Common Stock of Root Petroleum Company held by stockholders other than Pan American Petroleum Corporation had been reduced to approximately 6,000, distributed among 83 stockholders; (4) that the number of shares remaining outstanding in the hands of the public has become so reduced as to make inadvisable further dealings in this security on the applicant exchange; (5) that the rules of the Board of Trade of the City of Chicago with respect to the striking of a security from registration and listing have been complied with; and (6) that the Board of Trade of the City of Chicago suspended the Common Stock, par value $1.00, of Root Petroleum Company from dealings on the Board of Trade of the City of Chicago at the close of business on June 30, 1948.

Upon receipt of a request, prior to September 22, 1948, from any interested person for a hearing in regard to terms to be imposed upon the delisting of this security, the Commission will determine whether to set the matter down for hearing. Such request should state briefly the nature of the interest of the person requesting the hearing and the position he proposes to take at the hearing with respect to imposition of terms or conditions. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

The Pittsburgh Stock Exchange has made application to the Commission pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F-1 for permission to extend unlisted trading privileges to the Common Stock, $1 Par Value, of Allegheny Corporation, Wilmington, Delaware.

After appropriate notice and opportunity for hearing and in the absence of any request by any interested person for hearing on this matter, the Commission on the basis of the facts submitted in the application makes the following findings:

(1) That this security is listed and registered on the New York Stock Exchange; that the geographical area deemed to constitute the vicinity of the Pittsburgh Stock Exchange is western Pennsylvania, eastern Ohio and West Virginia; that out of a total of 4,567,797 shares outstanding, 597,695 shares are owned by 5,055 shareholders residing in the states of Pennsylvania, Ohio and West Virginia; and that in the vicinity of the Pittsburgh Stock Exchange there were 525 transactions involving 45,598 shares during the period from May 1, 1947 to April 30, 1948.

(2) That sufficient public distribution of, and sufficient public trading activity in, this security exist in the vicinity of the applicant exchange to render the extension of unlisted trading privileges thereto appropriate in the public inter-

est and for the protection of investors; and

(3) That the extension of unlisted trading privileges on the applicant exchange to this security is otherwise appropriate in the public interest and for the protection of investors.

Accordingly it is ordered, Pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934, that the application of the Pittsburgh Stock Exchange for permission to extend unlisted trading privileges to the Common Stock, $1 Par Value, of Allegheny Corporation be, and the same is, hereby granted.

By the Commission.

COLUMBIA GAS SYSTEM, INC., AND GETTYSBURG GAS CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 27th day of August 1948.

The Columbia Gas System, Inc. ("Columbia"), a registered holding company, and its gas utility subsidiary, Gettysburg Gas Corporation ("Gettysburg"), having filed a joint declaration, pursuant to sections 12 (b) and 12 (c) of the Public Utility Holding Company Act of 1935 and Rules U-42 and U-45 promulgated thereunder, with respect to the following transactions:

Gettysburg has outstanding $112,500 principal amount of 6% First Mortgage Bonds due September 1, 1948, $140,000 principal amount of 6% Income Demand Loans and 780 shares of common stock of a par value of $100 a share. The claim for interest on the 6% Income Demand Loans is cumulative although payable only to the extent earned, and at May 31, 1948, Gettysburg's contingent liability for interest on these loans amounted to $17,350 and its Earned Surplus since September 30, 1946 amounted to $10,769.

Columbia, as owner of all the foregoing securities, proposes to surrender the First Mortgage Bonds and Income Demand Loans to Gettysburg for cancellation; prior thereto Gettysburg will pay interest on the Income Demand Loans to the extent to its Earned Surplus since September 30, 1946 and Columbia will forgive the unpaid balance of such interest. Columbia proposes to increase its investment account in the common stock of Gettysburg by the aggregate principal amount of the First Mortgage Bonds and Income Demand Loans.

The foregoing constitutes the preliminary step in the acquisition by The Manufacturers Light and Heat Company, also a subsidiary of Columbia, of the assets of Gettysburg. The remaining steps contemplate the contribution by Columbia of the common stock of Gettysburg to The Manufacturers Light and Heat Company and the liquidation and dissolution of Gettysburg.

Said joint declaration having been duly filed and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said joint declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the requirements of the applicable provisions of the act and rules thereunder are satisfied, and deeming it appropriate in the public interest and in the interests of investors and consumers that said joint declaration be permitted to become effective:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that the joint declaration be, and the same hereby is, permitted to become effective.

By the Commission.

CONSOLIDATED ELECTRIC AND GAS CO.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 30th day of August A. D. 1948.

Notice is hereby given that Consolidated Electric and Gas Company ("Consolidated"), a registered holding company, has filed a declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935, and certain rules and regulations promulgated thereunder. All interested persons are referred to said declaration, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized below:

Consolidated proposes to issue and sell, at par, one year promissory notes in the aggregate face amount of $5,000,000 and bearing interest at the rate of 3½% per annum. These notes are to be sold to Central Hanover Bank and Trust Company, New York, New York and Continental Illinois National Bank and Trust Company of Chicago, Chicago, Illinois in the amount of $2,500,000 to each bank. Consolidated also proposes to pledge, as security for said notes, certain portfolio securities of Consolidated and its direct and wholly-owned subsidiary, The Islands Gas and Electric Company. The proceeds from the sale of these notes, together with other corporate funds, are to be used to redeem and retire bank notes of Consolidated now outstanding in the total aggregate amount of $5,200,000, maturing September 19, 1948. It is stated in the filing that fees and expenses applicable to the proposed transactions are not expected to exceed $2,500.

Sections 6 (a) (1) and 7 of the act have been designated by the filing as being applicable to the proposed transactions.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters and that the declaration should not be permitted to become effective except pursuant to further order of this Commission;

It is ordered, That a hearing on said matters, under the applicable sections of the act and rules and regulations promulgated thereunder, be held at 10:00 a. m., e. d. s. t., on the 13th of September 1948, in the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. On such date the hearing room clerk in Room 101 will advise as to the room in which such hearing will be held. Any person desiring to be heard or otherwise wishing to participate in these proceedings should file with the Secretary of the Commission on or before September 9, 1948, his request or application therefor as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a Hearing Officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the declaration, upon the basis thereof the following matters and questions are presented for consideration by the Commission, without prejudice as to presentation of additional matters and questions upon further examination:

1. Whether the notes proposed to be issued are reasonably adapted to the earning power of Consolidated, to the security structure of Consolidated and other companies in the same holding company system, and, in the light of the amount thereof and the purposes indicated, are necessary or appropriate to the economical and efficient operation of the businesses in which Consolidated is engaged;

2. Whether the terms and conditions of the issuance of the notes are in any way detrimental to the public interest or the interest of investors or consumers;

3. Whether the accounting entries proposed to be recorded in connection with the proposed transactions are proper, conform to sound accounting principles, and meet the standards of the act and rules and regulations thereunder;

4. Generally, whether the proposed transactions are in all respects in the public interest and in the interest of investors and consumers and consistent with all applicable requirements of the act and the rules and regulations thereunder and, if not, what modifications or terms and conditions should be required or imposed to meet such requirements.

It is further ordered, That notice of said hearing is hereby given to Consolidated and all interested persons, said notice to be given to Consolidated by registered mail and to all other persons by publication of this notice and order in the FEDERAL REGISTER and by a general release of the Commission distributed to the press and mailed to the persons on the mailing list of the Commission for releases under the Public Utility Holding Company Act of 1935.

By the Commission.

ATLANTIC CITY ELECTRIC CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 30th day of August A. D. 1948.

Notice is hereby given that an application has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Atlantic City Electric Company ("Atlantic City"), an electric utility subsidiary of American

Gas and Electric Company, a registered holding company. Applicant designates section 6 (b) of the act as applicable to the proposed transactions.

Notice is further given that any interested person may not later than September 13, 1948, at 5:30 p.m., e. d. s. t., request the Commission in writing that a hearing be held on such matter stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after September 13, 1948, said application as filed, or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application which is on file in the offices of this Commission for a statement of the transactions therein proposed which are summarized as follows:

Pursuant to a credit agreement approved by the Commission on July 11, 1947 (Holding Company Act Release No. 7563), which provided that Irving Trust Company and Guaranty Trust Company of New York would make certain loans to Atlantic City from time to time aggregating $3,600,000, and in accordance with which the sum of $2,000,000 has already been borrowed, Atlantic City proposes to borrow from such banks an additional $750,000. The proposed loans will be evidenced by promissory notes maturing December 31, 1950 and will bear interest at the rate of 1½% per annum until July 11, 1949, and thereafter at the rate of 1¾% per annum until maturity. The notes may be prepaid in whole or in part upon 10 days' notice without premium unless such prepayment is made with money borrowed at a lower rate of interest, in which event a premium of ¼ of 1% per annum of the amount being prepaid shall be payable.

The proceeds of such loan will be applied in part to the payment of 60 day notes due October 15, 1948, in the aggregate amount of $500,000 issued in anticipation of the present proposed borrowing to reimburse the company for expenditures theretofore made for property additions. The balance of the proceeds will be added to the general treasury funds of the company.

The issuance of the notes are subject to the approval of the Board of Public Utility Commissioners of the State of New Jersey, the Commission of the State in which Atlantic City is organized and doing business and an application for approval has been filed with such Commission.

The applicant requests that the Commission's order be issued at the earliest practicable date and that such order shall be effective upon issuance.

By the Commission.

STATEN ISLAND EDISON CORP.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 30th day of August 1948.

Notice is hereby given that a declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act"), by Staten Island Edison Corporation ("Staten Island"), an indirect subsidiary of General Public Utilities Corporation, a registered holding company. Declarant has designated sections 6 (a) and 7 of the act as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than September 16, 1948, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after September 16, 1948, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said declaration which is on file in the offices of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

Staten Island proposes to issue and sell to three commercial banks an aggregate of $1,750,000 principal amount of notes, each such note to bear interest at a rate not in excess of 2% per annum and to be of a maturity not in excess of six months. The proceeds of the new notes will be used to meet the maturity of $1,750,000 principal amount of presently outstanding notes.

Declarant states that the transaction is not subject to the jurisdiction of any commission other than this Commission.

By the Commission.

FEDERAL REGISTER

VOLUME 13 NUMBER 175

Washington, Wednesday, September 8, 1948

TITLE 7—AGRICULTURE

Chapter VIII—Production and Marketing Administration (Sugar Branch)

[General Sugar Quota Regs., Series 10, No. 1, Amdt. 6]

PART 821—SUGAR QUOTAS

SUGAR QUOTAS FOR 1948

By virtue of the authority vested in the Secretary of Agriculture by the Sugar Act of 1948 (61 Stat. 922) and the Administrative Procedure Act (60 Stat. 237), General Sugar Quota Regulations, Series 10, No. 1 (13 F. R. 133) as amended (13 F. R. 1303, 3109, 4009, 4660), establishing quotas for 1948, are hereby amended as hereinafter set forth.

Basis and purpose. This amendment is issued pursuant to the Sugar Act of 1948 and is made for the purpose of changing the effective date of Amendment 4 to General Sugar Quota Regulations, Series 10, No. 1, and to prorate among the foreign countries other than Cuba and the Republic of the Philippines that part of the prorations of the basic quota to such foreign countries remaining unfilled on September 1. This amendment also reallots to certain foreign countries the unfilled portions of the Philippine deficit heretofore allotted to other foreign countries.

Among other things, Amendment 4, which was published in the FEDERAL REGISTER on August 12, 1948, revised the basic quota for foreign countries other than Cuba and the Republic of the Philippines. This change in such quota resulted from the revision of the determination of sugar consumption requirements made by the Secretary of Agriculture on July 26, 1948. At the same time the proration of such basic quota among the foreign countries was also revised. Section 204 (b) of the act provides that if on the first day of September in any calendar year any part or all of any such proration to a foreign country has not been filled the Secretary may revise the prorations and allot the unfilled portions to those foreign countries which have filled their prorations by such date. In order to accomplish the objectives of the act, particularly those relating to consumer protection and the promotion of export trade, it is deemed necessary to reallocate the unfilled prorations of the quota based on the revised estimate of consumption made July 26, 1948. To do this, such revised prorations must be made effective before September 1. Accordingly, it is hereby found that compliance with the effective date requirement of the Administrative Procedure Act is impracticable and contrary to the public interest and Amendment 4 shall become effective on the date of its publication in the FEDERAL REGISTER.

This amendment revises the prorations to foreign countries other than Cuba and the Republic of the Philippines of the basic quota for such foreign countries and reallots to certain foreign countries the unfilled prorations of the Philippine deficit allotted to other foreign countries other than Cuba. In order to afford affected countries adequate opportunity to ship the additional sugar authorized by this amendment, and thereby protect the interest of consumers, it is essential that the revised prorations be made effective immediately. It should be noted that the Act accords to each country the right to import the amount of its basic proration by providing that no reduction therein shall be made by reason of a determination under section 204 (b). Therefore, it is hereby determined and found that compliance with the notice, procedure and effective date requirements of the Administrative Procedure Act is unnecessary, impracticable and contrary to the public interest and the amendments herein made shall become effective on the date of their publication in the FEDERAL REGISTER.

General Sugar Quota Regulations, Series 10, No. 1 (13 F. R. 133) as amended (13 F. R. 1303, 3109, 4009, 4660) are hereby further amended as follows:

1. The effective date of Amendment 4 to these regulations is hereby changed to August 12, 1948.

2. Section 821.5 is amended by adding thereto new paragraphs (g) and (h) as follows:

ippines established under section 202 (c) of the act amounted to 13,795,912 pounds of sugar and that the Dominican Republic and the Republics of Haiti, Mexico, Peru and El Salvador had filled their prorations of such quota by September 1, 1948.

(b) *Allotment of unfilled prorations of quota for foreign countries other than Cuba and the Republic of the Philippines.* An amount of sugar equal to the unfilled prorations to foreign countries determined in paragraph (g) of this section is hereby prorated, pursuant to subsections (b) and (d) of section 204 of the act as follows:

Country:	*Additional allotments in pounds, raw value*
Dominican Republic	2,387,668
Haiti, Republic of	329,986
Mexico	2,159,731
Peru	3,979,435
Salvador	2,939,092
	11,795,912
Unallotted reserve	2,000,000
	13,795,912

3. Section 821.6 (b) is changed to read:

§ 821.6 *Proration of quota for foreign countries other than Cuba and the Republic of the Philippines.* * * *

(b) *Additional prorations.* An amount of sugar equal to that part of the deficit prorated to foreign countries other than Cuba and the Republic of the Philippines under paragraph (d) of § 821.5 is hereby prorated, pursuant to subsections (a) and (d) of section 204 of the act, as follows:

Country:	*Additional allotments in pounds, raw value*
Dominican Republic	20,989,663
Haiti, Republic of	2,538,744
Mexico	8,135,056
Peru	34,962,667
Salvador	3,553,870
Subtotal	70,200,000
Unallotted Reserve	4,000,000
	74,200,000

Statement of bases and considerations. As of September 1, 1948, the quota for foreign countries other than Cuba and the Republic of the Philippines, established pursuant to section 202 (c) of the act, equaled 53,040,000 pounds of sugar, raw value. On the same date the share of the 1948 Philippine deficit accruing to foreign countries other than Cuba and the Republic of the Philippines, pursuant to section 204 (a) of the act, equaled 74,200,000 pounds of sugar, raw value.

Section 204 (b) of the act provides that if, on the first day of September in any calendar year, any part or all of the proration to any foreign country of the quota for foreign countries other than Cuba and the Republic of the Philippines established under the provisions of section 202 (c) has not been filled, the Secretary may revise the proration of such quota among such foreign countries by allotting an amount of sugar equal to the unfilled proration to those countries which have filled their quotas by such date. Section 204 (c) of the act provides that the quota for any domestic area, the Republic of the Philippines, Cuba, or other foreign countries as established under the provisions of section 202 shall not be reduced by reason of any such determination of a deficit.

The Dominican Republic, the Republics of Haiti, Mexico, Peru, and El Salvador are the only foreign countries that have filled their proration of the basic quota for foreign countries other than Cuba and the Republic of the Philippines, established pursuant to section 202 (c) of the act, as of September 1, 1948. Therefore, pursuant to section 204 (b) and section 204 (d) of the act, the unfilled portions of the prorations for all other foreign countries have been prorated to the five foreign countries mentioned above on the basis of the proration now in effect with the exception of 2,000,000 pounds of sugar held in an unallotted reserve for future contingencies.

The Dominican Republic and the Republics of Haiti and Peru are the only foreign countries that have substantially filled their prorations of the Philippine deficit as of September 1, 1948, and, according to trade sources, are the only foreign countries that appear likely to fill the additional prorations set forth in these regulations before the end of the calendar year. Advice from trade sources also indicates that the Republic of Mexico expects to fill all or a major portion of its current unfilled balance of the Philippine deficit during the remaining months of 1948. Therefore, in order to assure the filling of quotas so as to have available sufficient sugar to meet the requirements of consumers in the continental United States, allotments of the Philippine deficit to foreign countries are herein revised. Section 204 (d) gives the Secretary of Agriculture authority to allot the Philippine deficit among foreign countries on such basis as he shall determine. The Philippine deficit previously prorated to Mexico has not been changed. The unfilled balances of the Philippine deficit of all other foreign countries other than Cuba and the Republic of the Philippines have been prorated to the Dominican Republic, Haiti, and Peru on the basis of the prorations now in effect, with the exception that 4,000,000 pounds have been held in an unallotted reserve for future contingencies.

Although the unfilled portions of the prorations which each country received pursuant to section 202 (c) of the act have been prorated to those countries that had filled their prorations as of September 1, 1948, the existing prorations for such countries in effect on that date are not reduced by reason of a deficit having been determined.

After giving effect to the changes set forth in General Sugar Quota Regulations, Series 10, No. 1, and Amendments 1 to 6 thereto, the current sugar quotas in terms of short tons, raw value, for foreign countries other than Cuba and the Republic of the Philippines are as follows:

PART 821—SUGAR QUOTAS

DECISION OF THE SECRETARY OF AGRICULTURE ON THE ALLOTMENT OF THE 1948 SUGAR QUOTAS FOR PUERTO RICO

Basis and purpose. Section 205 (a) of the Sugar Act of 1948 (hereinafter called the "act") requires the Secretary of Agriculture to allot a quota whenever he

§ 821.5 *Determination and proration of area deficits.* * * *

(g) *Deficit in prorations of foreign countries other than Cuba and the Republic of the Philippines.* It is hereby determined, pursuant to section 204 (b) of the act, that by September 1, 1948, unfilled prorations to foreign countries of the quota for foreign countries other than Cuba and the Republic of the Phil-

finds that the allotment is necessary (1) to assure an orderly and adequate flow of sugar or liquid sugar in the channels of interstate commerce, (2) to prevent the disorderly marketing of sugar or liquid sugar, (3) to maintain a continuous and stable supply of sugar or liquid sugar, or (4) to afford all interested persons an equitable opportunity to market sugar or liquid sugar within the quota for the area.

On May 10, 1948, the Secretary found that the allotment of the 1948 sugar quota for Puerto Rico for consumption in the continental United States and the 1948 sugar quota for local consumption in Puerto Rico was necessary to prevent disorderly marketing and importation of such sugar and to afford all interested persons an equitable opportunity to market such sugar in the continental United States and Puerto Rico, respectively, and, in accordance with the applicable rules of practice and procedure, issued a notice of a public hearing for the purpose of receiving evidence to enable him to make a fair, efficient, and equitable distribution of such quotas. The hearing was held at the time and place specified in the notice.

The finding that allotments were necessary was based on the fact that the estimated quantity of Puerto Rican sugar which would be available for marketing in 1948 exceeded by a substantial amount the combined mainland and local quotas. Current production data, however, reveal that the total quantity of Puerto Rican sugar which will be available for marketing in 1948 is approximately 1,108,000 short tons, raw value, which is about 26,000 short tons less than the total quantity estimated at the time of the issuance of notice of the hearing. In addition, on July 12, 1948 (13 F. R. 4009) the Secretary of Agriculture found that Hawaii and the mainland cane sugar area will be unable to market the quotas for such areas and determined deficits therefor. The consequent proration of these deficits in accordance with the provisions of section 204 (a) of the act increased the 1948 continental sugar quota for Puerto Rico by 48,302 short tons, raw value. In view of the current data relating to the 1947–1948 sugar crop and the increased quota resulting from the proration of deficits in other sugar producing areas, it now appears that the total quantity of Puerto Rican sugar which will be available for marketing in 1948 will exceed the sum of the mainland and local quotas by approximately 26,000 short tons, raw value. Therefore, it is not anticipated that such excess will cause disorderly marketing and importation of such sugar or deny all interested persons an equitable opportunity to market such sugar in continental United States and Puerto Rico. Accordingly, pursuant to the authority conferred upon the Secretary of Agriculture by the act, and on the basis of the foregoing, the following determination is hereby issued:

§ 821.52 *Allotment of 1948 sugar quotas for Puerto Rico unnecessary.* It is hereby found and determined that the allotment of the 1948 sugar quotas for Puerto Rico is not necessary to prevent disorderly marketing and importation of such sugar or to enable all interested persons an equitable opportunity to market such sugar in the continental United States and Puerto Rico or otherwise to accomplish the purposes of the Sugar Act of 1948. (60 Stat. 237; 61 Stat. 922)

Done at Washington, D. C., this 1st day of September 1948.

Witness my hand and the seal of the Department of Agriculture.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 31st day of August 1948.

Special Civil Air Regulation Serial Number 396 which authorizes the Administrator to issue an air carrier operating certificate, or amendments thereto, to an air carrier holding a temporary certificate of public convenience and necessity, issued by the Board, will terminate August 31, 1948.

The purpose of this proposed Special Civil Air Regulation is to continue authorization for the issuance or amendment of air carrier operating certificates under conditions specified herein to those scheduled air carriers holding temporary certificates of public convenience and necessity.

It is anticipated that the continuation of this authorization for one year will provide sufficient time for incorporation of adequate rules in the Civil Air Regulations to govern these operations.

Interested persons have been afforded an opportunity to participate in the making of this regulation, and due consideration has been given to all relevant matter presented. Since this regulation imposes no additional burden on any person, it may be made effective without prior notice.

In consideration of the foregoing the Civil Aeronautics Board hereby makes and promulgates the following Special Civil Air Regulation effective September 1, 1948:

An air carrier operating certificate, or amendments thereto, may be issued by the Administrator to an air carrier holding a temporary certificate of public convenience and necessity issued by the Board, authorizing such carrier to engage in scheduled air carrier operations which do not fully meet the certification and operation requirements of Parts 40 and 61 of the Civil Air Regulations, if the Administrator finds that any of such requirements can be omitted or modified without adversely affecting safety. Such omissions or modifications, when approved by the Administrator shall be listed in the air carrier operating certificate, and the Administrator shall promptly notify the Board of the omissions or modifications approved by him and the reasons therefor.

This regulation supersedes Special Civil Air Regulation Serial Number 396 and shall terminate August 31, 1949.

(Sec. 5, 38 Stat. 719 as amended by sec. 3, 52 Stat. 112; 15 U. S. C., sec. 45b) [Cease and desist order, Harold S. Schwartz et al., trading as Illinois Merchandise Mart, Docket 5245, July 21, 1948]

At a regular session of the Federal Trade Commission, held at its office in the city of Washington, D. C., on the 21st day of July A. D. 1948.

In the Matter of Harold S. Schwartz, Jerome G. Becker, Louis S. Schwartz, and Louis C. Schnitz, Copartners, Trading as Illinois Merchandise Mart

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondents, testimony and other evidence introduced before a trial examiner of the Commission theretofore duly designated by it, recommended decision of the trial examiner, exception thereto, and brief in support of the complaint (no brief having been filed by the respondents and oral argument not having been requested); and the Commission having made its findings as to the facts and conclusion that the respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondents, Harold S. Schwartz, Jerome G. Becker, Louis S. Schwartz, and Louis C. Schnitz, individually or as copartners trading as Illinois Merchandise Mart or under any other name or names, their agents, representatives, and employees, directly or through any corporate or other device in connection with the offering for sale, sale, and distribution in commerce as "commerce" is defined in the Federal Trade Commission Act, of various types of household merchandise, wearing apparel, novelties, or other merchandise, do forthwith cease and desist from directly or indirectly:

1. Representing that any service or commodity for which a charge is made directly or indirectly, or the cost of which is included in the purchase price of any other service or commodity, is free, either by the use of the term "free" or by any other term or terms of similar import or meaning.

2. Representing that the customary or usual price for any kind or type of merchandise or commodity is a special, reduced, or cut-rate price; that an offer of said merchandise or commodity is limited in point of time when the offer is not in fact so limited; or that said merchandise or commodity offered is of a value in excess of the usual or customary price thereof.

3. Using the words "grain leather" or any other word or words of similar import or meaning, either alone or in combination with any other word or words, as a designation for, as descriptive of, or in connection with a product not composed wholly of the outer or hair-side of a skin or hide, except that where such a product is made in part of grain leather this provision shall not prevent a true description of such part or portion, provided such description is clearly limited thereto.

4. Using the numeral "10" or any variation thereof, either as a symbol or word, to designate, describe, or refer to a telescope or other instrument which does not in fact magnify objects ten times or otherwise attributing to any instrument a magnifying power in excess of that possessed by its lenses.

5. Using the words "weather forecaster" or any other word or words of similar import or meaning, either alone or in conjunction with any other word or words to describe, designate, or refer to any instrument which does not provide a dependable means of weather forecasting.

6. Using the word "Swiss" or any other word or words of similar import or meaning, either alone or in conjunction with any other word or words, to designate, describe, or refer to a product not in fact made in, or imported from, Switzerland; or directly or impliedly representing in any manner that a domestic product is of foreign origin or manufacture.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with it.

By the Commission.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue, Department of the Treasury

Subchapter C—Miscellaneous Excise Taxes

[T. D. 5652]

PART 180—LIQUORS AND ARTICLES FROM PUERTO RICO AND THE VIRGIN ISLANDS

ACTION BY CARRIER AND BY COLLECTOR OF CUSTOMS AT PORT OF ARRIVAL

1. On June 29, 1948, notice of proposed rule making regarding shipment of liquors and articles from Puerto Rico to the United States was published in the FEDERAL REGISTER (13 F. R. 3589).

2. No objections to the rules having been received, Regulations 24, approved June 16, 1941, are hereby changed by adding § 180.48a and amending § 180.49.

§ 180.48a *Action by carrier.* The carrier of the merchandise specified on the Form 487–B shall, at the time of unlading at the port of arrival in the United States, segregate and arrange the cases of liquors or articles for convenient customs examination and will assume any expense incurred in connection therewith. (Secs. 3360 and 4041, I. R. C.)

§ 180.49 *Action by collector of customs at port of arrival*—(a) *Inspection.* Upon receipt of Form 487–B, application and permit to ship tax-paid liquors or articles to the United States, bearing the sworn affidavit of the shipper and the certification of the insular internal revenue agent that all the internal revenue taxes due no the liquors or articles cov-

ered thereby have been paid and the copies of Form 487–B from the collector of customs in Puerto Rico, the collector of customs at the port of arrival will inspect the merchandise to determine whether the quantity specified on the Form 487–B is contained in the shipment. He will execute his certificate on Part 5 of each copy of Form 487–B received and indicate thereon any exceptions found at the time of discharge. The statement of exceptions should show the serial number of each case or other shipping container which sustained a loss, the quantity of liquor reported shipped in such container and the quantity lost. Losses occurring as the result of missing bottles, cases or other containers should be listed separately from empty containers and containers which have sustained losses due to breakage. Where the statement is made on the basis of bottles missing or lost due to other cause, the number and size of bottles lost should be shown. If the collector finds that the full amount of the taxes due has not been paid, he will require the difference due to be paid prior to release of the merchandise in accordance with the applicable provisions of the regulations in this part. When the proper inspection of the merchandise has been effected and any additional taxes found to be due on the liquors or articles collected, the merchandise will be released.

(b) *Disposition of forms.* Two copies of the Form 487–B will be forwarded to the deputy collector of internal revenue at San Juan, Puerto Rico, and one copy of the form will be retained by the collector of customs and be available for inspection by internal revenue officers. If the taxpayer files a claim for refund of tax on losses, the deputy collector of internal revenue will forward to the Commissioner a copy of the completed Form 487–B with the claim for refund. (Secs. 3360 and 4041, I. R. C.)

3. This Treasury decision shall be effective on the 31st day after the date of its publication in the FEDERAL REGISTER.

PART 181—STILLS AND DISTILLING APPARATUS

MISCELLANEOUS AMENDMENTS

1. On June 10, 1948, notice of proposed rule making regarding the tax-free exportation of distilling apparatus was published in the FEDERAL REGISTER (13 F. R. 3120).

2. No objections to the rules having been received, the following added §§ 181.28, 181.29, 181.30, 181.31 and 181.32 and the amendment of §§ 181.13 (g) and 181.14 (a) of Regulations 23, approved March 30, 1940 (26 CFR, Part 181), are hereby adopted.

§ 181.13 *Taxable status of stills.* • • •

(g) *Exportation.* Stills or worms or condensers intended for purposes other than distilling as defined in § 181.12 may be removed without payment of the commodity tax for export by the manufacturer, or dealer, under the procedure prescribed by §§ 181.28, 181.29, 181.30, 181.31 and 181.32. (Sec. 3791, I. R. C.)

§ 181.14 *Procedure for removal for domestic use*—(a) *Application and permit for removal.* No still, boiler (doubler or pot still), worm, condenser, or other distilling apparatus, shall be removed from the premises of the manufacturer, or dealer, as the case may be, for delivery to a user, or for his own use, until the collector of the district in which the manufacturer or vendor is located has received from the manufacturer or vendor an application on Form 110, in triplicate, for permission to remove the distilling apparatus, and permit on such form has been received from such collector to remove the same. Such application shall disclose the name and address of the manufacturer or vendor, the approximate date the apparatus is to be removed, the name and address of the person by whom the apparatus is to be used, the purpose for which it is to be used, the type and kind of apparatus, its capacity, the manufacturer's serial number of the apparatus, and, if the apparatus is taxable, the serial number of the manufacturer's special (occupational) tax stamp and the serial number of the special (commodity) tax stamp for the apparatus. The collector issuing the removal permit shall furnish a copy of such permit to the district supervisor in whose district the apparatus is to be set up, registered and used. No distilling apparatus may be set up or used for distilling as defined by § 181.12 without application to and permit from the district supervisor in whose district the apparatus is to be used as provided in § 181.14 (b). (See §§ 181.17 to 181.27, inclusive, relative to exportation of stills with benefit of drawback, and §§ 181.28 to 181.32, inclusive, relative to exportation free of tax.) (Sec. 3791, I. R. C.)

Article VI—Exportation of Distilling Apparatus Free of Tax

§ 181.28 *Application and entry, Form 1960.* The exporter will execute and file with the collector of internal revenue an application and entry on Form 1690, in quadruplicate, when he desires to remove for exportation, without payment of the commodity tax, a still, worm or condenser intended for purposes other than distilling. Each application, Form 1690, must be numbered serially commencing with number 1 and continuing in regular sequence for all applications thereafter. Parts 1 and 2 of each copy will be fully executed. A statement by the person who intends to use the distilling apparatus other than for distilling must be filed by the exporter in support of the application. The statement must show the purchaser's name and address, the purpose for which the distilling apparatus will be used, the manufacturer's serial number of the distilling apparatus and the manufacturer's name and address. The serial number and the manufacturer's name and address may be entered on the statement by the exporter. If all required information has been furnished by the exporter, the collector of internal revenue will approve each copy of the application and entry, retain the original and return three copies to the exporter. The purchaser's statement will be retained by the collector. Upon receipt of the approved copies of the application and entry, the exporter may remove the still, worm or condenser described therein for export free of tax. If evidence of exportation (as hereinafter prescribed) is not received by the collector of internal revenue in due course, an appropriate inquiry will be made. (Sec. 3791, I. R. C.)

§ 181.29 *Marking of stills, worms or condensers.* Stills, worms or condensers intended for exportation free of tax shall have branded or stamped thereon, in a conspicuous place, the words "For export," followed by the serial number of the article and the manufacturer's name. Where such articles are manufactured from metal plates, the words "For export," with the serial number of the article and the manufacturer's name directly thereunder, will be stamped (in letters and figures which must, in no case, be less than one-half inch in height) thereon with a suitable die, or otherwise permanently affixed to each article. Where the article is constructed of wood, the words "For export," the serial number of the article and the manufacturer's name will be branded thereon. If the article is to be exported in a shipping container, the foregoing marks must also be shown on such container in a manner which will enable ready identification by customs officers. (Sec. 3791, I. R. C.)

§ 181.30 *Delivery of shipment; bill of lading.* The exporter, upon receipt of the approved copies of the application and entry, will deliver the still, worm or condenser either to the carrier or directly for customs inspection. Two copies of the Form 1690 will be transmitted to the collector of customs. A copy of the export bill of lading shall be forwarded and filed with the collector of customs. In case of exportation through a border port to foreign contiguous territory, the bill of lading will cover transportation to destination and must show the routing, particularly the carrier which will deliver the shipment for customs inspection at the border; also, that the shipment was sent in care of the collector or deputy collector of customs at the border port. (Sec. 3791, I. R. C.)

§ 181.31 *Inspection and lading.* The collector of customs to whom the copies of Form 1690 are transmitted will fill in on each copy of the form the order for inspection and lading. The inspector of customs will carefully examine the shipment described in the entry and he will, if he finds it to be otherwise than described, make a special report thereon. After having complied with the order of inspection and after the distilling apparatus has been duly laden on board the exporting vessel or other vehicle the inspector will complete and sign the certificate of inspection and lading. (Sec. 3791, I. R. C.)

§ 181.32 *Certification of exportation.* After inspection, lading and clearance for a foreign port of the vessel or other vehicle on which the distilling apparatus described in the entry is laden, and after receipt of the export or through bill of lading, the collector of customs will execute the certificate of exportation on each copy of the entry, Form 1690. The collector of customs will retain one copy for his entry record and transmit the remaining copy of the Form 1690 to the collector of internal revenue who approved the form. (Sec. 3791, I. R. C.)

3. This Treasury decision shall be effective on the 31st day after the date of its publication in the FEDERAL REGISTER.

TITLE 43—PUBLIC LANDS: INTERIOR

Subtitle A—Office of the Secretary of the Interior

[Order No. 2467]

PART 4—DELEGATIONS OF AUTHORITY

BUREAU OF LAND MANAGEMENT; DELEGATIONS TO DIRECTOR IN SPECIFIED MATTERS

Section 4.277 is amended to read as follows:

§ 4.277 *Authority to designate employees to perform the functions of Managers.* The Director may authorize any qualified employee of the Bureau of Land Management to perform the functions of the manager of a district land and survey office in case of the death, resignation, absence, or sickness of the manager. However, such employee shall not decide or dispose of a contest or protest. He may not perform the functions of manager until he has filed a bond in such penal sum as the Director may fix and the bond has been accepted by the Director. Each employee authorized to act under this section shall sign all documents and other papers under his pay roll title and not as manager.

Each such employee shall, by memoranda, advise his regional administrator of the beginning and of the termination of a period during which he performs the functions of manager. Copies of such memoranda shall be sent to the Director.

The authority conferred by this section may be redelegated by the Director to the regional administrators by an order published in the FEDERAL REGISTER.

PART 251—AIRPORTS AND AVIATION FIELDS

USE FOR AIRPORT PURPOSES BY PUBLIC AGENCIES UNDER FEDERAL AIRPORT ACT OF MAY 13, 1946, OF LANDS UNDER JURISDICTION OF DEPARTMENT OF THE INTERIOR

Sec.
251.18 Statutory authority.
251.19 Definitions.
251.20 Request by Administrator for transfer of property interest.
251.21 Action on request.
251.22 Publication and posting required where fee title to public lands is to be transferred.
251.23 Special provisions in instrument of transfer.

AUTHORITY: §§ 251.18 to 251.23, inclusive, issued under the authority contained R. S. 453, 2478, 43 U. S. C. sec. 2, 1201; 5 U. S. C. 485.

§ 251.18 *Statutory authority.* Section 16 of the Federal Airport Act of May 13, 1946[1] (60 Stat. 179, 49 U. S. C. sec. 1101) provides that whenever the Administrator of Civil Aeronautics determines that the use of any lands owned or controlled by the United States is reasonably necessary for carrying out a project under the act, or for the operation of any public airport, he shall file with the head of the Department or agency having control of such lands a request that such property interest therein as he may deem necessary be conveyed to the public agency sponsoring the project in question or owning or controlling the airport.

Upon receipt of the request from the Administrator of Civil Aeronautics, the head of the Department or agency having control of the lands in question is directed to determine whether the requested conveyance is inconsistent with the needs of the Department or agency and to notify the Administrator of his determination within a period of four months after receipt of the Administrator's request. Upon the determination of the head of the Department or agency that it is not so inconsistent, he is authorized and directed, with the approval of the President and the Attorney General of the United States, and without any expense to the United States, to perform any acts and to execute any instruments necessary to make the conveyance requested.

§ 251.19 *Definitions.* As used in the regulations in this part, unless the context requires otherwise, the following terms shall have the meaning indicated:

(a) "The act" means the Federal Airport Act of May 13, 1946 (60 Stat. 179, 49 U. S. C. sec. 1101).

(b) "Secretary" means the Secretary of the Interior or his duly authorized representative.

(c) "Director" means the Director of the Bureau of Land Management or his duly authorized representative.

(d) "Administrator" means the Administrator of Civil Aeronautics or his duly authorized representative.

(e) "Applicant" means any public agency as defined in 14 CFR 555.4, which, either individually or jointly with one or more other such public agencies, submits to the Administrator, an application requesting that public lands or interests therein, be transferred to such applicant under the Federal Airport Act.

(f) "Property interest" means the title to or any other interest in land or any easement through or other interest in air space.

(g) "Instrument of transfer" includes a patent, deed, lease or other instrument transferring a property interest.

§ 251.20 *Request by Administrator for transfer of property interest.* Each request by the Administrator in behalf of the applicant for the transfer of a property interest in public lands or other Federally owned lands under the jurisdiction of the Department of the Interior should be addressed to the Director, should be in duplicate, and should contain the following:

(a) A copy of the application filed by the requesting public agency with the Administrator.

(b) A description of the land, if surveyed, by legal subdivisions, specifying section, township, and range. Unsurveyed land should be described by metes and bounds with a tie to a corner of the public-land surveys if within two miles; otherwise a tie should be made to some prominent topographic feature and the approximate latitude and longitude should be given when practicable.

§ 251.21 *Action on the request.* The Secretary will determine whether the requested transfer is inconsistent with the needs of the Department or any agency thereof, and if it is not, the covenants, terms and conditions, if any, under which such transfer should be made. Any such conveyance will be made subject to valid existing rights of record, and to those disclosed as a result of posting, publication, or otherwise.

Ordinarily where the lands involved are situated within a national park or monument or within an Indian reservation the transfer will not be authorized.

§ 251.22 *Publication and posting required where fee title to public lands is to be transferred.* Before a transfer of fee title to public lands is made, the Bureau of Land Management will require the applicant to publish, at its own expense, in a newspaper of general circulation in the county in which the land is situated, a notice stating that a request has been made by the Administrator on behalf of the applicant (giving its name and address) to acquire title to public lands (describing them) under the act, for the purpose of carrying out a project under the act, or for the operation of a public airport, as the case may be, and that the purpose of the notice is to give persons claiming an interest in the land or having bona fide objections to the proposed transfer an opportunity to file with the Director, Washington 25, D. C., within 30 days after the date of the first publication, a protest, together with evidence that the protest has been served on the applicant. If the notice is published in a daily paper, the notice should be published for four consecutive weeks in the Wednesday issue, if a weekly, in four consecutive issues, and if a semi-weekly or tri-weekly, in any of the issues on the same day each week for four consecutive weeks. The notice will also be posted during the entire period of publication in the district land office, Bureau of Land Management, for the district in which the lands are situated, or if there is no district land office, in the office of the Director, Washington, D. C. No transfer will be made until proof of publication and posting of the notice has been filed with the Director.

§ 251.23 *Special provisions in the instrument of transfer.* Each instrument of transfer made hereunder of fee title or a lesser estate in the lands shall contain:

(a) The covenants, terms and conditions requested by the Administrator, as well as those required for the protection of the Department of the Interior or any agency thereof.

(b) A reservation to the United States of fissionable source materials pursuant to the act of August 1, 1946 (60 Stat. 755, 42 U. S. C. sec. 1801) where public lands are involved, and pursuant to Executive Order 9908 of December 5, 1947 (12 F. R. 8223–4) where non-public lands are involved.

MARION CLAWSON,
Director.

Approved: August 30, 1948.

APPLICATION

§ 154.1 *Application; obligation to file.* On and after ----------[1] every natural-gas company shall file with the Commission and post in conformity with the requirements of this part, schedules showing all rates, and charges for any transportation or sale of natural gas subject to the jurisdiction of the Commission and the classifications, practices, rules and regulations affecting such rates, charges and services, together with all contracts in any manner affecting or relating thereto: *Provided, however,* That all such presently effective schedules filed with the Commission before the aforesaid date shall be restated as set forth in § 154.82 to conform with the following rules and regulations, and filed and posted on or before the dates specified in § 154.83.

DEFINITION OF TERMS USED IN THIS PART

§ 154.11 *Rate schedule.* The term "rate schedule" means a statement of a rate or charge for a particular classification of transportation or sale of natural gas subject to the jurisdiction of the Commission, and all terms, conditions, classifications, practices, rules and regulations affecting such rate or charge. This term also includes any contract for which special permission has been obtained in accordance with § 154.52.

§ 154.12 *Contract.* The term "contract" means any agreement which in any manner affects or relates to rates, charges, classifications, practices, rules, regulations or services for any transportation or sale of natural gas subject to the jurisdiction of the Commission. This term includes an executed service agreement.

§ 154.13 *Service agreement.* The term "service agreement" means an unexecuted form of agreement for service under a natural-gas company's tariff.

§ 154.14 *Tariff or FPC gas tariff.* The term "tariff" or "FPC gas tariff" means a compilation, in book form, of all of the effective rate schedules of a particular natural-gas company, and a copy of each form of service agreement.

§ 154.15 *Filing date.* The term "filing date" means the day on which a tariff or part thereof or a contract is received in the office of the Secretary of the Commission for filing in compliance with the requirements of this part.

§ 154.16 *Posting.* The term "posting" means (a) making a copy of a natural-gas company's tariff and contracts available during regular business hours for

public inspection in a convenient form and place at the natural-gas company's offices where business is conducted with affected customers and (b) mailing to each customer affected a copy of such tariff or part thereof at the time it is sent to the Commission for filing.

IN GENERAL

§ 154.21 *Effective tariff.* The effective tariff of a natural-gas company shall be the tariff filed pursuant to the requirements of this part, and permitted by the Commission to become effective. No natural-gas company shall directly or indirectly, demand, charge or collect any rate or charge for or in connection with the transportation or sale of natural gas subject to the jurisdiction of the Commission, or impose any classifications, practices, rules or regulations, different from those prescribed in its effective tariff and executed service agreements on file with the Commission, unless otherwise specifically provided by order of the Commission.

§ 154.22 *Notice requirements.* All tariffs, and contracts or any part thereof shall be filed with the Commission and posted not less than thirty days nor more than sixty days prior to the proposed effective date thereof, unless a different period of time is permitted by the Commission in accordance with § 154.51. *Provided, however,* That no natural-gas company shall file under this part any new rate schedule or contract for the performance of any service for which a certificate of public convenience and necessity must be obtained pursuant to section 7 (c) of the Natural Gas Act, until such certificate has been issued. Nothing herein shall be construed as preventing the natural-gas company from entering into any such agreement prior to the granting of such a certificate.

§ 154.23 *Acceptance for filing not approval.* The acceptance for filing of any tariff, contract or part thereof is not to be considered as approval by the Commission.

§ 154.24 *Rejection of material submitted for filing.* The Commission reserves the right to reject any material submitted for filing which fails to comply with the requirements set forth in this part.

§ 154.25 *Informal submission for staff suggestions.* Any natural-gas company may informally submit a tariff or any part thereof or material relating thereto for the suggestions of the staff of the Commission prior to filing.

§ 154.26 *Number of copies to be supplied.* Two copies of any tariff, contract, or part thereof, and material relating thereto, Certificates of Adoption, and Notices of Cancellation or Termination submitted for filing must be supplied to the Commission: *Provided, however,* That restatements filed pursuant to §§ 154.81 through 154.86 shall be furnished in quintuplicate. All copies are to be included in one package, together with letter of transmittal and other material and information required by these rules, and addressed to the Federal Power Commission, Washington 25, D. C. The Commission reserves the right to request additional copies.

§ 154.27 *Comments by interested parties.* Comments of any purchaser or other interested party concerning any filing made pursuant to this part should be submitted within 15 days after the date of filing. This section shall not limit any right to file protests and complaints.

FORM AND COMPOSITION OF TARIFF

§ 154.31 *Application.* Sections 154.32 through 154.41 after[1] are applicable to all rate schedules thereafter filed or restated, except that such sections are only partially applicable, to rate schedules filed under § 154.52. (A form of an assembled tariff is available upon request.)

§ 154.32 *Form, type, and size.* The tariff shall be printed, typewritten or otherwise reproduced on 8½ by 11 inch sheets of a durable paper so as to result in a clear and permanent record. The sheets of the Tariff shall be ruled to set off borders of 1¼ inches on top, bottom and left sides and ½ inch on the right side, punched on the left side and assembled in a binder.

§ 154.33 *Binder, title page, and arrangements.* The binder shall show on the front cover:

FPC Gas Tariff
Original Volume No. 1
of
(Name of Natural-Gas Company)
Filed with
Federal Power Commission

If it is advisable to submit the tariff in two or more volumes, the volumes shall be identified by "Original Volume No. 1", "Original Volume No. 2", etc., directly below the words "FPC Gas Tariff." Rate schedules for which special exception has been obtained under § 154.52 may be filed in a separate volume as part of the tariff.

When any volume of a tariff is to be superseded or replaced in its entirety, the replacing volume shall show prominently on the binder and the title page the volume number being superseded or replaced, as for example:

FPC Gas Tariff
First Revised Volume No. 1
(Supersedes Original Volume No. 1)

The first page shall be a title page which shall carry the information shown on the cover and, in addition, the name, title, and address of the person to whom communications concerning the tariff should be sent.

All sheets except the title page shall have the following information placed in the margins:

(a) *Identification.* At the left above the top marginal ruling, the exact name of the company shall be shown, under which shall be set forth the words "FPC Gas Tariff," together with volume identification where applicable.

(b) *Numbering of sheets.* At the right above the top marginal ruling, the sheet number shall appear after the words "Original Sheet No. ------." All sheets in the originally filed tariff shall be numbered consecutively beginning with the table of contents as "Original Sheet No. 1".

Revised or superseding sheets shall be numbered "------ Revised Sheet No. ------" below which shall appear "Superseding ------ Sheet No. ------." The first blank above shall show the number of the revision (i. e., First, Second, etc.) and the sheet number shall be the same as the sheet replaced. The third and fourth blanks shall be filled according to the numbering of the sheet replaced.

Sheets which are to be inserted between two consecutively numbered sheets shall be designated "Original Sheet No. ------," with the blank space filled with the appropriate number and a letter to indicate an insertion. Illustration: Three sheets which would come between original sheets 8 and 9 would be designated "Original Sheet No. 8A," "Original Sheet No. 8B," and "Original Sheet No. 8C."

(c) *Issuing officer and issued date.* On the left below the lower marginal ruling, shall be placed "Issued by:" followed by the name and title of the person authorized to issue the sheet. Immediately below shall be placed "Issued on" followed by the date of issue.

(d) *Effective date.* On the right below the lower marginal ruling shall be placed "Effective:" followed by the specific effective date desired by the company.

(e) *Sheets filed to comply with Commission orders.* Sheets which are filed to make effective rate schedules or provisions ordered by the Commission shall carry the following notation in the bottom margin: "Issued to comply with order of the Federal Power Commission, Docket No. ----, dated ----------."

§ 154.34 *Composition of tariff.* The tariff shall contain, in the order named, sections setting forth a table of contents, a preliminary statement, a map of the system, the rate schedules, general terms and conditions, form of service agreement and an index of purchasers: *Provided, however,* That rate schedules for which special exception has been obtained under § 154.52 may be filed in a separate volume as permitted by § 154.33.

Rate schedules shall be grouped according to class and numbered serially within each group, using a letter before the serial number to indicate the class of service. For example, G-1, G-2 may be used for general service; CD-1, CD-2 for contract demand service; I-1, I-2 for interruptible service; T-1, T-2 for transmission service; X-1, X-2 for schedules for which special exception has been obtained.

§ 154.35 *Table of contents.* The table of contents shall contain a list of the rate schedules and other sections in the order in which they appear, showing the sheet number of the first page of each section. The list of rate schedules shall consist of (a) the symbol designation of each rate schedule, (b) a very brief description of the service, and (c) the sheet number of the first page of each rate schedule.

§ 154.36 *Preliminary statement.* The preliminary statement shall contain a

[1] Effective date of rules.

brief general description of the company's operations and may also contain a general explanation of its policies and practices. No general rules and regulations shall be included in the preliminary statement, nor any material necessary for the interpretation or application of the rate schedules.

§ 154.37 *Map.* The map shall show on a single sheet, if practicable, the general geographic location of the company's principal pipe line facilities and of the points at which service is rendered under the Tariff. Where the company's rate schedules are generally available by area, the boundary lines of the rate zones or rate areas should be shown and the areas or zones identified. The map shall be revised annually to reflect major changes if any.

§ 154.38 *Composition of rate schedule.* The sheets of a rate schedule shall contain a statement of a rate or charge and all terms and conditions governing its application, arranged as follows:

(a) *Title.* Each rate schedule shall have a title consisting of a designation (see § 154.34), and a statement of the type or classification of service to which it is applicable.

(b) *Availability.* This paragraph shall describe the conditions under which the rate is available, and, if necessary, the geographic zone in which available.

(c) *Applicability and character of service.* This paragraph shall fully describe the kind or classification of service to be rendered.

(d) *Statement of rate.* All rates shall be clearly stated in cents or in dollars and cents per unit. Only the rates and charges to be used in current billing shall be included in the rate schedules.

A rate having more than one part shall have each part set out separately under appropriate headings such as: Demand Charge, Commodity Charge, etc. The minimum bill and other provisions affecting charges shall not be included in this paragraph, but shall be included in subsequent paragraphs.

No rule, regulation, exception or condition such as tax, commodity price index, wholesale price index, purchased gas cost adjustment clauses or other similar price adjustments or periodic changes shall be included in the rate schedule or any other part of the tariff which in any way attempts to authorize the modification or change of any rate or charge specified in the rate schedule, or the substitution therefor of any other rate or charge.

(e) *Minimum bill.* The minimum bill heading shall appear on every rate schedule followed by the word "none" if no minimum bill is provided.

(f) *Other provisions.* All other major provisions governing the application of the rate schedule, such as determination of billing demand, contract demand, heat content, measurement base, shall be set forth similarly with appropriate headings, or if appropriate, they may be incorporated by reference to the applicable general terms and conditions.

(g) *Applicable general terms and conditions.* This paragraph shall list by reference the general terms and conditions set forth in the following section which apply to the particular rate schedule.

§ 154.39 *General terms and conditions.* This section shall contain provisions which apply to all or any of the rate schedules and which may more conveniently be arranged in a separate section of the tariff. Subsections and paragraphs shall be numbered for convenient reference.

§ 154.40 *Composition of service agreement.* There shall be submitted as part of the tariff an unexecuted copy of each a form of service agreement. The service agreement forms should provide for insertion of such items as the name of the purchaser, service to be rendered, area to be served, maximum obligation to deliver, delivery points, delivery pressure, applicable rate schedules by reference to the tariff, effective date and term, and identification of any prior agreements being superseded.

§ 154.41 *Index of purchasers.* The index of purchasers shall contain an alphabetical list of all purchasers under the tariff, showing for each the rate schedule or schedules under which service is rendered, and the following information concerning the contract: (a) the date of execution, (b) the effective date and (c) the term.

The index of purchasers shall be kept current by filing new or revised sheets within 60 days of any change.

SPECIAL PERMISSIONS

§ 154.51 *Waiver of notice requirements.* Upon application and for good cause shown, the Commission may by order provide that a tariff, contract, or part thereof shall be effective on less than 30 days notice. The Commission, upon request and for good cause shown, may permit a tariff, contract, or part thereof to be filed prior to sixty days before the proposed effective date.

§ 154.52 *Exception to form and composition of tariff.* Upon application and for good cause shown, the Commission may permit special rate schedules to be filed in the form of an agreement in the case of special operating arrangements such as for exchange or transportation of natural gas; or for the sale of gas at charges computed on a cost-formula basis, which charges need not be stated in cents or in dollars and cents per unit. Such rate schedules shall conform to the form, type and size specified in § 154.32 and shall contain on each sheet the marginal notations specified in § 154.33. In addition each such rate schedule shall contain a title page which shall show its designation, the parties to the agreement, the date of agreement and a brief generalized description of services to be rendered. Such rate schedules shall not contain any supplements. Any modifications shall be by revised or insert sheets.

Such rate schedules may be included in a separate volume of the tariff, which shall contain a table of its contents. This table of contents shall also be incorporated with the table of contents of other volumes.

METHOD OF SUBMISSION FOR FILING

§ 154.61 *Application.* Sections 154.62 through 154.65, except as hereinafter otherwise specifically provided, apply to all tariffs, executed service agreement, or parts thereof which are filed after ----- [1]

§ 154.62 *Material submitted with initial rate schedule or executed service agreement.* With the filing of any initial Rate Schedule or executed service agreement not superseding or making any change in a rate schedule, executed service agreement, or part thereof already on file, there shall be included a letter of transmittal containing a list of the material inclosed, the date on which such filing is proposed to become effective, and a list of the purchasers to whom it has been mailed: *Provided, however,* That the provisions of this section shall not be applicable to filings made pursuant to §§ 154.81 through 154.86.

In addition, the following material shall be submitted where applicable:

(a) *Statement of the reasons for rate schedule.* A statement of the nature, and the reason for such proposed initial rate schedule. Data submitted in response to subsequent items may be included by reference as a part of the response to this item.

(b) *Estimate of sales and revenues under an initial rate schedule or executed service agreement.* An estimate of sales or transportation performed and revenues thereunder, by months for the 12 months immediately succeeding the proposed effective date. The estimate shall be subdivided by rate schedules, classes of service, customers and delivery points, when more than one is involved. Such data shall include estimates of actual and billing quantities, that are to be used to compute the charges, such as actual demands, billing demands, volumes, heat content, and other determinants.

(c) *Basis of the rate or charge proposed in initial rate schedule.* A statement shall be submitted explaining the basis used in arriving at the proposed rate or charge. Such statement shall clearly show whether such rate or charge results from negotiation, cost of service determination, competitive factors, or others, and shall give the nature of any studies which have been made in connection therewith. If all or any portion of such information has already been submitted to the Commission, specific reference thereto should be made.

§ 154.63 *Material submitted with changes in a tariff, executed service agreements or part thereof.* With the filing of any tariff, executed service agreement or part thereof which changes or supersedes any tariff, contract or part thereof on file with the Commission, there shall be included a letter of transmittal containing a list of the material inclosed, the date on which such filing is proposed to become effective, and a list of the purchasers to whom it has been mailed: *Provided, however,* That the provisions of this section shall not be applicable to filings made pursuant to §§ 154.81 through 154.86, unless such fil-

ing results in a change in rate, charge, classification or service.

In addition, the following material is to be submitted where applicable:

(a) *Statement of reasons for change in tariff contract, or part thereof.* A statement of the nature, the reasons and the basis for the proposed change. Data submitted in response to subsequent items may be included by reference as part of the response to this item.

(b) *Comparison of sales and revenues if change in rate or charge involved.* A comparative statement of sales made or transportation performed and revenues therefrom, by months, under the present and proposed tariff, contract, or part thereof, each applied to the transactions for the twelve months immediately preceding and for the twelve months immediately succeeding the proposed effective date of the change in tariff, contract or part thereof. Actual data shall be used as far as possible, and any estimated data should be designated as such. The statement shall be subdivided by rate schedules, classes of service, customers, and delivery points when more than one is involved. Such data shall include actual and billing quantities that are used to compute the charges, such as actual demands, billing demands, volumes, heat content and other determinants.

(c) *Rate increase applications.* If the proposed change in tariff, contract or part thereof will result in an increase in rates or charges, there shall be submitted in support of the proposed increased rate or charge a statement showing the cost of service for the entire system, and also the cost allocated to the particular service or classification for which the increase in rates or charges is proposed, together with an explanation of the allocation methods.

The information submitted in the statement shall show for the most recent 12-month period or calendar year:

(1) The original cost of facilities and the depreciation reserve, segregated functionally by major account classifications.

(2) Working capital including materials and supplies, with an explanation of the method of derivation thereof.

(3) Any other items claimed as part of the rate base. Such other items should be identified by major account classifications.

(4) Gas operating expenses segregated functionally by major account classifications.

(5) Annual charges for depreciation segregated according to each major account classification shown in subparagraph (1) above; the annual depreciation rates used in computing such charges; and the method of determining such depreciation rates.

(6) Taxes charged to gas operations, classified under appropriate headings of Federal, State and local, with appropriate subclassification. There should be shown herein any increases in taxes estimated to result from the proposed rate increase, together with the method of derivation of the estimated amount of such tax increase.

(7) Rate of return claimed as reasonable, and the resulting amount of return.

(8) Cost of service as developed from above items.

(9) Relationship between the proposed tariff or part thereof which results in an increase in rates or charges, and the costs allocated to the particular service or classification.

(10) Gas operating revenues segregated functionally by major account classifications. The statement shall show, by major account classifications, any significant changes in costs experienced during the period for which the above information is submitted, or which are anticipated in the future, with an explanation of the reasons therefor.

(d) *Submission of material by reference.* If all or any portion of the information called for by pars. (a) through (d) of this section has already been submitted to the Commission, specific reference thereto may be made in lieu of resubmission in response to these requirements.

(e) *Change in executed service agreements.* Any change in an executed service agreement shall be made only by a superseding executed service agreement. Such service agreement shall not contain any supplements.

§ 154.64 *Cancellation or termination.* When a filed tariff, contract or part thereof is proposed to be canceled or is to terminate by its own terms and no new tariff, executed service agreement or part thereof is to be filed in its place, the natural-gas company shall notify the Commission of the proposed cancellation or termination on the form indicated in § 250.2 or § 250.3, whichever is applicable, at least thirty days prior to the proposed effective date of such cancellation or termination. A copy of such notice to the Commission shall be duly posted. With such notice, the company shall submit a statement showing the reasons for the cancellation or termination, a list of the affected purchasers to whom the notice has been mailed, the sales made or transportation performed and revenues therefrom, by months, for the twelve months immediately preceding the proposed effective date of the cancellation or termination. Actual data shall be used as far as possible, and any estimated data should be designated as such. Such statement shall be subdivided by rate schedules, classes of service, customers and delivery points when more than one is involved. *Provided, however,* That the filing of such notice shall not be construed as compliance with the requirements of section 7 (b) of the Natural Gas Act.

§ 154.65 *Adoption of tariff by successor.* Whenever the tariff or contracts of a natural-gas company are to be adopted by another company or person as a result of an acquisition, or merger, authorized by appropriate certificate of public convenience and necessity, or for any other reason, the succeeding company shall file with the Commission and post within thirty days after such succession a certificate of adoption on the form prescribed in § 250.4. Within ninety days after such notice is filed, the succeeding company shall file a tariff with the sheets bearing the correct name of the successor company, to replace the tariff previously adopted.

RESTATEMENT OF SCHEDULES FILED PRIOR TO ------ [1]

§ 154.81 *Application.* Sections 154.82 through 154.86 apply to effective schedules of rates, charges, classifications, practices, regulations and contracts for the transportation or sale of natural gas subject to the jurisdiction of the Commission filed prior to ------,[1] which have not been prepared in accordance with §§ 154.31 through 154.41, and for which special exception has not been obtained under § 154.52.

§ 154.82 *Requirement for restatement.* All effective schedules of rates, charges, classifications, practices, regulations, and contracts not prepared in accordance with §§ 154.31 through 154.41 shall be restated and filed as parts of a tariff in accordance with said sections on or before the dates specified in § 154.83 and duly posted at the time of filing. *Provided, however,* That when necessary, pending completion of restatement within the time provided for by § 154.83, schedules may be filed in accordance with Part 154 as in effect prior to ------ [1]

§ 154.83 *Filing date of restatements.* Natural gas companies shall file, in quintuplicate, restatements of their rate schedules as parts of tariffs on or before the dates specified below, unless an extension of time is granted by the Commision upon application and for good cause shown:

Companies Making Their Major Sales in

Colorado, Idaho, Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, Montana, Nebraska, North Dakota, Ohio, South Dakota, Utah, West Virginia, Wisconsin, Wyoming, on or before ----- [2].

Alabama, District of Columbia, Florida, Georgia, Kentucky, Maryland, New York, New Jersey, North Carolina, Pennsylvania, Tennessee, Virginia, on or before ----- [3].

Arizona, Arkansas, California, Kansas, Louisiana, Mississippi, New Mexico, Oklahoma, Texas, on or before ----- [4].

With the filing of such restatement there shall be included a letter of transmittal containing a list of the material inclosed and a list of the purchasers to whom it has been mailed.

§ 154.84 *Plan of restatement.* The restatement shall contain the provisions of schedules of rates, charges, classifications, practices, regulations and contracts effective on the date the tariff is filed. However, concurrent with the restatement, a natural-gas company may propose changes in rates, charges, classifications, services, practices, rules and regulations in accordance with § 154.63 of this part. Differences in the phraseology of schedules should be reconciled whenever possible. The effective date to be shown on the tariff sheets shall be that desired by the company, but not less

[1] Effective date of rules.
[2] Ninety days after effective date of rules.
[3] One hundred and twenty days after effective date of rules.
[4] One hundred and fifty days after effective date of rules.

than 30 days nor more than 60 days after filing pursuant to § 154.83.

§ 154.85 *Status of contracts filed as rate schedules and restated.* Each contract, which is now filed as an effective rate schedule and which is required to be restated as a part of a tariff, may be continued in effect and shall be considered as an executed service agreement to the extent that it is not inconsistent with the tariff, until such contract expires by its presently provided terms or is replaced by an executed service agreement in a form contained in the tariff: *Provided, however,* That the natural-gas company, concurrent with the filing of the tariff, shall submit, for insertion in front of each such contract, a statement identifying the provisions thereof which are not inconsistent with or duplicative of the tariff and which are to remain in effect.

Provided further, however, That no change in such contract may be made except by the execution of a form of service agreement contained in the tariff.

§ 154.86 *Availability of Commission staff for advice prior to formal filing.* Any natural-gas company restating its schedules in accordance with § 154.82 may informally submit a tariff or any part thereof for the suggestions of the staff of the Commission, or may confer with the staff of the Commission to obtain advice on any problem of restatement, prior to submission of the tariff to the Commission for filing and posting.

PART 155—CONTRACTS AND RATE SCHEDULES FOR DIRECT INDUSTRIAL SALES

§ 155.1 *Contracts and rate schedules for direct industrial sales.* Every natural-gas company shall currently furnish to the Commission two full and complete copies of every contract and the amendments thereto, presently or hereafter effective, for the direct sale of natural gas to industrial consumers for consumption where such contract involves the sale of 100,000 Mcf per year or more, together with all rate schedules, agreements, leases or other writings, tariffs, classifications, services, rules and regulations relative to such sale; *Provided, however,* That when such a presently filed contract is renewed or extended on identical terms except as to the period during which it is to be in effect, the natural-gas company may notify the Commission of such renewal or extension by letter, in duplicate, stating the date of the renewal or extension agreement and the period during which it is to be in effect, instead of furnishing to the Commission two copies of such renewal or extension agreement. In addition, every natural-gas company shall furnish to the Commission in October of each year, two full and complete lists of all direct industrial consumers using 3,000 Mcf or more during any month of the 12 months ended with the preceding August, but less than 100,000 Mcf per year, showing name, location, type of service such as firm or interruptible, and maximum monthly use during the 12-month period.

TEXAS EASTERN TRANSMISSION CORP. AND TEXAS GAS TRANSMISSION CORP.

ORDER CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

AUGUST 31, 1948.

Upon consideration of the following applications filed with the Federal Power Commission for certificates of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural gas pipe line facilities, subject to the jurisdiction of the Commission, as described in such applications, on file with the Commission and open to public inspection:

(i) Application filed July 20, 1948, in Docket No. G-1089 by Texas Eastern Transmission Corporation (Texas Eastern), a Delaware corporation, with its principal place of business at Shreveport, Louisiana, public notice of such application having been given, including publication in the FEDERAL REGISTER on August 13, 1948 (13 F. R. 4701);

(ii) Amended application filed June 24, 1948, by Texas Gas Transmission Corporation (Texas Gas), a Delaware corporation with its principal places of business at Owensboro, Kentucky, and Memphis, Tennessee, public notice of such application having been given, including publication in the FEDERAL REGISTER on July 8, 1948 (13 F. R. 3796-7);

It appears to the Commission that:

(a) Hearing on the amended application filed by Texas Gas in Docket No. G-859 has been ordered for 10:00 a. m. on September 27, 1948, in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., pursuant to the terms of Commission order issued August 4, 1948, published in the FEDERAL REGISTER August 10, 1948 (13 F. R. 4611);

(b) The application filed by Texas Eastern in Docket No. G-1089 is an integral part of the plan proposed by Texas Gas in its application in Docket No. G-859 and by virtue of such two applications, facilities are sought to be constructed for the transportation and sale of approximately 350,000 Mcf of natural gas per day to serve the areas now supplied by Texas Gas and also the areas which may be served by Texas Eastern under any certificate issued as a result of this proceeding;

(c) Among the issues involved in said applications, and other pleadings, including intervening petitions presently filed in connection therewith, are the following:

(1) The extent of public need and market requirements for natural gas in the areas which may be served;

(2) Whether the facilities, as designed and proposed to be constructed and the methods of operation thereof are adequate to render the services proposed and to meet the estimated demands for natural gas in the areas which may be served;

(3) The sufficiency of the supply of natural gas available to meet the demands in the areas which may be served by means of the proposed facilities;

(4) Applicants' ability to finance the construction and operation of the proposed facilities, the feasibility of the plan of financing proposed, and whether the Commission may in the public interest require competitive bidding on all debt and stock securities, by a condition to any certificate which may be issued, or otherwise;

(5) The economic feasibility of the proposed construction and operation of the facilities sought to be constructed;

(6) Whether each of the applicants is qualified, able and willing properly to do the acts and to perform the services proposed and to conform to the provision of the Natural Gas Act, as amended, and the requirements, rules and regulations of the Commission thereunder;

(7) Whether the construction and operation of the proposed facilities are or will be required by the present or future public convenience and necessity;

(d) Good cause exists for consolidating the proceedings in the above-entitled dockets.

The Commission, therefore, orders that:

(A) The proceedings in Docket Nos. G-1089 and G-859 be and the same are hereby consolidated;

(B) Pursuant to authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's Rules of Practice and Procedure, a public hearing in the above-entitled consolidated proceedings be held on the 27th day of September 1948, at 10:00 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters presented and the issues involved in the applications and the other pleadings including intervening petitions in these proceedings;

(C) Interested State commissions may participate as provided by Rules 8 and 37 (f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Date of issuance: September 1, 1948.

J. H. GUTRIDE,
Acting Secretary.

[Docket No. G-1102]

COLORADO-WYOMING GAS CO.

NOTICE OF APPLICATION

AUGUST 31, 1948.

Notice is hereby given that on August 16, 1948, an application was filed with the Federal Power Commission by Colorado-Wyoming Gas Company (Applicant), a Delaware corporation with its principal office in Denver, Colorado, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of the following natural-gas facilities:

Approximately 3.85 miles of 8⅝-inch transmission pipe line from a point on Applicant's existing 8-inch line about one mile north of the present Boulder lateral and near the common point of Sections 29, 28, 33 and 32 of Township 1 North, Range 69 West, west 3.85 miles to the intersection with the existing lateral located about 1,000 feet east of the common point of intersection of Sections 27, 26, 35 and 34 of Township 1 North, Range 70 West.

Applicant states the proposed facilities will in effect loop 3.85 miles of 8-inch line reinforcing its present supply of natural gas into the Boulder, Colorado area; and that the entire system will benefit through lower operating pressures required to serve Boulder area effecting a material savings in lower pumping costs, and in lost and unaccounted-for gas.

Applicant states the estimated total capital cost of the proposed facilities will be approximately $49,000; and that no financing of the construction is planned.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creating of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of Colorado-Wyoming Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington, D. [Docket No. E-6161]

NORTHWESTERN PUBLIC SERVICE CO.

NOTICE OF APPLICATION

SEPTEMBER 3, 1948.

Notice is hereby given that on September 2, 1948, an application and amendment thereto, were filed with the Federal Power Commission, pursuant to section 204 of the Federal Power Act, by Northwestern Public Service Company, a corporation organized under the laws of the State of Delaware and doing business in the States of South Dakota and Nebraska, with its principal business office at Huron, South Dakota, seeking an order authorizing the issuance of $700,000 aggregate principal amount of First Mortgage Bonds, 3½% series due 1978, to be dated September 1, 1948, and mature September 1, 1978; and pending consummation of the sale of the Bonds, to issue 3% promissory notes in the aggregate principal amount of $700,000, to be dated as of the date of issuance, on or about September 23, 1948, to mature 60 days after date of issuance and to be secured by a pledge of the aforementioned First Mortgage Bonds. Fifty percent of the aggregate principal amount of the notes will be issued to The Chase National Bank of the City of New York, 25% of the aggregate principal amount of said notes will be issued to the First National Bank of Minneapolis, and 25% of the aggregate principal amount of said notes will be issued to the Northwestern National Bank of Minneapolis. In the event that the sale of First Mortgage Bonds is consummated prior to the making of the bank loans, the bank loans will not be made and the promissory notes will not be issued; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said application should, on or before the 20th day of September 1948, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure.

SECURITIES AND EXCHANGE COMMISSION

ORGANIZATION; TRIAL EXAMINERS

The codification of Part 200 (statement of organization of the Commission) has been discontinued and hereafter amendments will appear in the Notices section of the FEDERAL REGISTER.

The Securities and Exchange Commission today directed that the descriptive statement with respect to the organization and procedure of the Commission heretofore published in the FEDERAL REGISTER (formerly § 200.4) which reads as follows:

Trial Examiners. The trial examiners preside at hearings, make rulings relating thereto, and in certain cases issue recommended decisions. The trial examiners are assigned by the Commission to cases in rotation so far as practicable.

be amended by inserting after the first sentence thereof the following: "In addition to presiding at hearings required to be conducted pursuant to sections 7 and 8 of the Administrative Procedure Act, trial examiners occasionally preside over hearings held pursuant to the Commission's power to make examinations and investigations; in such instances the trial examiners' duties are primarily to maintain order, to receive evidence and to rule impartially on objections; they take no part in the development of the facts nor do they consult privately with those members of the Commission's staff engaged in the investigative or prosecuting functions."

COLUMBIA GAS SYSTEM, INC., ET AL.

NOTICE OF FILING OF APPLICATIONS-DECLARATIONS

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of September 1948.

In the matters of The Columbia Gas System, Inc. and The Manufacturers Light and Heat Company, File No. 70-1903; The Manufacturers Light and Heat Company and Gettysburg Gas Corporation, File No. 70-1929.

Notice is hereby given that joint applications-declarations have been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by The Columbia Gas System, Inc. ("Columbia"), a registered holding company, and its utility subsidiary, The Manufacturers Light and Heat Company ("Manufacturers"), and by the latter corporation and Gettysburg Gas Corporation ("Gettysburg"), also a public-utility subsidiary of Columbia. Applicants-declarants have designated sections 9 (a), 10 and 12 (d) of the act as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than September 20, 1948, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said applications-declarations which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after September 20, 1948, said applications-declarations, as filed- or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said applications-declarations which are on file in the offices of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Columbia proposes to contribute all of the shares of common stock of Gettysburg, being 780 shares of $100 par value each, to Manufacturers.

Manufacturers proposes that, upon the acquisition of all the outstanding shares of the common stock of Gettysburg, it will cause Gettysburg to be dissolved and liquidated, and as the sole stockholders it will acquire all the assets and assume all the liabilities of Gettysburg.

The foregoing transactions are the final steps designed to effect the acquisition of the Gettysburg properties by Manufacturers and the dissolution of Gettysburg, this Commission having by order dated August 27, 1948 permitted Columbia to forgive and contribute to Gettysburg all of the indebtedness of that company, consisting of $112,500 principal amount of First Mortgage Bonds and $140,000 principal amount of Income Demand Loans.

The acquisition by Manufacturers of the assets of Gettysburg has been submitted to the Pennsylvania Public Utility Commission for its approval.

By the Commission.

COLUMBIA GAS SYSTEM, INC., AND CENTRAL KENTUCKY NATURAL GAS CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 31st day of August 1948.

The Columbia Gas System, Inc. ("Columbia"), a registered holding company, and its gas utility subsidiary, Central Kentucky Natural Gas Company ("Central Kentucky"), having filed a joint application-declaration pursuant to sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 ("act"), with respect to the following transaction:

Central Kentucky proposes to issue and sell to Columbia, which proposes to acquire the same, its 3¼% notes due in equal annual installments commencing 1950 and ending in 1974, in an estimated principal amount of $575,000.

The proceeds of said issuance and sale by Central Kentucky are to be used together with treasury cash to purchase certain gas distribution properties from Kentucky Utilities Company, a non-affiliated company, which properties are located in the City of Lexington, Kentucky, and are, and for many years have been, operated under lease by Central Kentucky. The purchase price for said properties, which is to be paid in cash, is to be the original cost thereof less accrued depreciation to the date of purchase; it being estimated that at July 1, 1948, the purchase price would have been $576,732.

The sale by Kentucky Utilities Company and the acquisition by Central Kentucky of the gas distribution properties have been approved by the Public Service Commission of Kentucky.

Such application-declaration having been duly filed, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application-declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that no adverse findings are necessary with respect to the application-declaration, deeming it appropriate in the public interest and in the interests of investors and consumers that said application-declaration be granted and permitted to become effective, and deeming it appropriate to grant the request of applicants-declarants that the order become effective as soon as possible:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that said application-declaration be, and the same hereby is, granted and permitted to become effective forthwith.

By the Commission.

TOLEDO EDISON CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 31st day of August A. D. 1948.

Notice is hereby given that The Toledo Edison Company ("Toledo"), a public utility subsidiary of Cities Service Company, a registered holding company, has filed an application pursuant to the Public Utility Holding Company Act of 1935 ("act"). Applicant has designated section 6 of the act and Rule U-50 promulgated thereunder as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than September 9, 1948 at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time thereafter such application as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application on file in the office of the Commission for a statement of the proposed transaction, which may be summarized as follows:

Toledo proposes to issue and sell pursuant to the competitive bidding requirements of Rule U-50, $5,000,000 principal amount of First Mortgage Bonds, --% Series, due 1978. The coupon rate and price to the company will be determined by competitive bidding. It is stated that the net proceeds from the sale of such bonds will be added to the company's general funds and used to provide part of the new capital required by Toledo for its construction program.

The proposed issue and sale has been submitted for approval to the Public Utilities Commission of Ohio, the commission of the State in which Toledo is organized and doing business.

The applicant requests that the Commission's order granting the application be issued on or before September 10, 1948, and become effective immediately upon issuance thereof.

By the Commission.

COMMONWEALTH & SOUTHERN CORP. (DEL.)

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 31st day of August A. D. 1948.

The Commonwealth & Southern Corporation ("Commonwealth"), a registered holding company, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 12 (c) thereof and Rule U-46 thereunder, regarding the proposed payment of a dividend of $1.50 per share or an aggregate of approximately $2,161,870 on the outstanding shares of its preferred stock, payable on the 28th day after the date of the order of the Commission permitting the payment of such dividend or on October 1, 1948, whichever date is the later, to stockholders of record at the close of business on the 10th day after the date of such order (or if such 10th day is not a business day, the first business day following such 10th day) or on September 10, 1948, whichever date is the later; and

The Commission having heretofore instituted proceedings under sections 11 (b) (1) and 11 (b) (2) of the act with respect to Commonwealth & Southern and its subsidiaries; and

Commonwealth having filed a plan for compliance with such sections of the act, providing, among other things, for the liquidation of Commonwealth; and

Commonwealth having stated in the instant declaration that "The Board * * * recognizes that, in view of the pending proceedings, the 'Earned Surplus' account may be so qualified that under the rules and practice of the Commission, payment of said dividend is subject to the requirement of Commission authorization under the provisions of section 12 (c) of the act and Rule U-46 in spite of the fact that, as authorized by section 34 of the Delaware General Corporation Law, the source of payment of such dividend under such Law is Commonwealth's net profits for the current and preceding fiscal year"; and

The instant declaration having been filed on August 18, 1948 and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in the said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission deeming that it would not be necessary or appropriate to deny effectiveness to the declaration under the standards of section 12 (c) of the act and Rule U-46 if it should be found that the proposed payment were to be made out of capital and that, therefore, it is unnecessary for the Commission to determine whether said proposed payment is being made out of capital; and

The Commission therefore deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration to become effective insofar as section 12 (c) and Rule U-46 are applicable to the proposed payment; and

Commonwealth having requested that the Commission's order be issued herein on or before September 1, 1948, and become effective forthwith, and the Commission deeming it appropriate to grant such request;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith, provided, however, that this order shall not be construed as a determination that such dividend payment is or is not taxable to the recipient pursuant to the provisions of the Internal Revenue Code, and provided further that Commonwealth accompany the dividend checks with a statement to the effect (1) that Commonwealth filed the declaration regarding the proposed dividend payment pursuant to section 12 (c) and Rule U-46 by reason of its uncertainty as to whether the "Earned Surplus" account may be so qualified, under the Rules and practice of the Commission, that payment of the proposed dividend is subject to the requirement of Commission authorization under the act and the Rules thereunder and that the Commission permitted the declaration to become effective without determining whether the proposed payment is being made out of capital and (2) that the Commission's action in permitting the declaration to become effective should not be construed as a determination that such dividend payment is or is not taxable to the recipient pursuant to the provisions of the Internal Revenue Code.

By the Commission.

Assistant Secretary.

INDIANA & MICHIGAN ELECTRIC CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 26th day of August A. D. 1948.

Indiana & Michigan Electric Company ("Indiana"), a subsidiary of American Gas and Electric Company, a registered holding company, having filed an application and amendments thereto pursuant to the Public Utility Holding Company Act of 1935, particularly section 6 (b) thereof and Rules U-42 and U-50 promulgated thereunder with respect to the following transactions:

Indiana proposes to issue and sell pursuant to the competitive bidding requirements of Rule U-50, $25,000,000 principal amount of First Mortgage Bonds, --% Series, due 1978. The coupon rate and price to the company will be determined by competitive bidding, except that the invitation for bids will specify that the coupon rate shall be in multiples of ⅛ of 1% and shall not exceed 3¼% and that the price to be paid to the Company shall not be less than 100% nor more than 102¾% of the principal amount.

The net proceeds of the sale of such bonds will be applied to the prepayment without premium of $16,000,000 principal amount of notes payable to banks and the balance of the proceeds remaining after such prepayment will be applied, together with other funds of Indiana, to pay for necessary construction and improvements.

The application having been filed on July 14, 1948, and the latest amendment thereto having been filed on August 25, 1948, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to such application, as amended, within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that Indiana is entitled to an exemption from the provisions of sections 6 (a) and 7 of the act pursuant to the provisions of section 6 (b), it appearing that the proposed issue and sale of bonds are solely for the purpose of financing the business of Indiana and have been expressly authorized by the Public Service Commission of Indiana, the Commission of the state in which Indiana is organized and doing business and by the Michigan Public Service Commission, the Commission of the state in which Indiana is also doing business; and the Commission being of the opinion that it is appropriate to grant said application, as amended, without the imposition of terms and conditions other than those hereinafter stated; and the Commission also deeming it appropriate to grant applicant's request that the order herein become effective forthwith upon the issuance thereof:

It is ordered, Pursuant to said Rule U-23 and the applicable provisions of said act that said application, as amended, be and the same hereby is granted subject to the terms and conditions contained in Rule U-24 and subject to the following additional conditions, the imposition of which has been assented to by the applicant:

(1) That the proposed sale of bonds of Indiana shall not be consummated until the results of competitive bidding pursuant to Rule U-50 shall have been made a matter of record in this proceeding and a further order shall have been entered by this Commission in the light of the record so completed which order may contain such further terms and conditions as may then be deemed appropriate;

(2) That jurisdiction be reserved with respect to all fees and expenses to be paid in connection with the proposed transaction.

By the Commission.

CENTRAL MAINE POWER CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 31st day of August A. D. 1948.

Central Maine Power Company ("Central Maine"), a subsidiary company of New England Public Service Company, a registered holding company, having filed an application and an amendment thereto pursuant to the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder with respect to the following transactions:

Central Maine proposes to increase its short-term debt to a maximum amount of $8,500,000 up to and including December 31, 1948, by the issue of promissory notes to The First National Bank of Boston, from time to time, to and including December 31, 1948, said notes having a maturity of nine months or less. The company had outstanding as of August 11, 1948, notes payable to The First National Bank of Boston aggregating $3,800,000. It is stated that the company has an understanding with The First National Bank of Boston that, until further notice, interest rates on the first $5,000,000 of renewals or new money will be at the rate of 1¾% per annum and on amounts in excess of $5,000,000 will be at the rate of 2% per annum. It is further stated that in case said rates shall exceed such amounts, the company will file an amendment to its application, stating the rates of interest, at least five days prior to the execution and delivery of any note bearing such new interest rates, and unless the Commission shall notify the company to the contrary within said five-day period, the amendment shall become effective at the end of said period. The issuance of such notes is for the stated purpose of obtaining the funds necessary to continue the company's 1948 construction program. The application states that the company intends to issue and sell sufficient shares of common stock between now and the end of 1948 to yield approximately $5,000,000, and that it is its present intention that this sale take place during the month of November. It is further stated that the proceeds from the sale of such common stock will be applied toward the payment of outstanding notes.

Said application having been filed on August 12, 1948, and an amendment thereto having been filed on August 16, 1948, and notice of such filing having been duly given in the manner prescribed by Rule U-23 promulgated under said act, and the Commission not having received a request for hearing with respect to said application within the period prescribed in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said application as amended that the requirements of the applicable sections of the act and the rules and regulations thereunder are satisfied and finding it appropriate in the public interest and in the interest of investors and consumers that said application as amended be granted:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24 that the application as amended be, and hereby is, granted forthwith.

By the Commission.

[Vesting Order 11936]

RIHEI AND HANA KAWASAKI

In re: Bonds and other property owned by Rihei Kawasaki and Hana Kawasaki. D–39–6914–F–1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Rihei Kawasaki and Hana Kawasaki, whose last known address is Shizouka Ken, Japan, are residents of Japan and nationals of a designated enemy country (Japan);

2. That the property described as follows:

a. Those certain bonds described in Exhibit A, attached hereto and by reference made a part hereof, presently in the custody of Security-First National Bank of Los Angeles, Civic Center Branch, 110 South Spring Street, Los Angeles, California, in safe deposit box number 1934, together with any and all rights thereunder and thereto, and

b. All other property of any nature whatsoever of Rihei Kawasaki and Hana Kawasaki, presently in the custody of Security-First National Bank of Los Angeles, Civic Center Branch, 110 South Spring Street, Los Angeles, California, including particularly but not limited to the property in safe deposit box number 1934, and any and all rights thereunder and thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country (Japan);

and it is hereby determined:

3. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on August 30, 1948.

For the Attorney General.

THE NATIONAL ARCHIVES — LITTERA SCRIPTA MANET — 1934 — OF THE UNITED STATES

VOLUME 13 NUMBER 176

Washington, Thursday, September 9, 1948

TITLE 3—THE PRESIDENT

PROCLAMATION 2807

DETERMINING THE DRUG KETO-BEMIDONE TO BE AN OPIATE

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS section 3228 (f) of the Internal Revenue Code provides in part as follows:

(f) OPIATE.—The word "opiate" as used in this part and subchapter A of chapter 23 shall mean any drug (as defined in the Federal Food, Drug and Cosmetic Act) found by the Secretary of the Treasury, after due notice and opportunity for public hearing, to have an addiction-forming or addiction-sustaining liability similar to morphine or cocaine, and proclaimed by the President to have been so found by the Secretary.;

AND WHEREAS the Secretary of the Treasury, after due notice and opportunity for public hearing, has found the drug Keto-bemidone [4-(3-hydroxyphenyl)-1-methyl-4-piperidyl ethyl ketone hydrochloride] to have an addiction-forming and addiction-sustaining liability similar to morphine, and that in the public interest this finding should be effective immediately:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby proclaim that the Secretary of the Treasury has found the drug Keto-bemidone [4-(3-hydroxyphenyl)-1-methyl-4-piperidyl ethyl ketone hydrochloride] to have an addiction-forming and addiction-sustaining liability similar to morphine, and that in the public interest this finding should be effective immediately.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States to be affixed.

DONE at the City of Washington this fourth day of September in the year of our Lord nineteen hundred and forty-eight, and of the Independence of the United States of America the one hundred and seventy-third.

PROCLAMATION 2808

POSTPONING THE EFFECTIVE DATE OF PROCLAMATION NO. 2775 OF MARCH 26, 1948, PRESCRIBING CHANGES IN PANAMA CANAL TOLL RATES

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS section 411 of title 2 of the Canal Zone Code, approved June 19, 1934, authorizes the President to prescribe and from time to time change the tolls that shall be levied by the Government of the United States for the use of the Panama Canal, and provides that no tolls when so prescribed shall be changed unless six months' notice thereof is given by the President by proclamation; and

WHEREAS increased tolls were prescribed by Proclamation No. 2775 of March 26, 1948, the said proclamation to become effective on October 1, 1948; and

WHEREAS it now appears that the Congress may be called upon to give consideration to the entire question of the cost of operation of the Panama Canal and the tolls to be levied for the use thereof; and

WHEREAS it appears consistent with the public interest to postpone the effective date of the said Proclamation No. 2775 until April 1, 1949, so as to permit continuance of the present tolls until the Congress shall have had opportunity for such consideration:

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 24—FORMAL EDUCATION REQUIREMENTS FOR APPOINTMENT TO CERTAIN SCIENTIFIC, TECHNICAL, AND PROFESSIONAL POSITIONS

PART 29—RETIREMENT

MISCELLANEOUS AMENDMENTS

1. Sectfon 24.13 is amended to read as follows:

§ 24.13 *Instructor, school activities (principal, P–3; high school teacher, P–1–2; elementary teacher, P–1), P–210–1–3, Army and Navy civilian schools—*(a) *Educational requirement.* The educational requirements for these positions are the current educational requirements of the States in which the positions are located.

(b) *Duties.* The duties of these positions are to serve as principal or as elementary or high school teacher in Army or Navy schools for children of personnel of the armed forces.

(c) *Knowledge and training requisite for performance of duties.* The enrollment in schools maintained by the Army and the Navy Departments is extremely transient because of the frequent shifting of Army and Navy personnel from one assignment to another. In order that students may transfer from these schools without loss of educational credits, the Army and Navy schools must have approval or certification from the State Board of Education in which the school is located. (There is reciprocity [illegible]

§ 24.89 *Plant quarantine inspector P–485–1—*(a) *Educational requirement.* Applicants must have successfully completed one of the following:

(1) A full 4-year course in an accredited college or university leading to a bachelor's degree in one of the following subjects: entomology, zoology, botany, plant pathology, mycology, horticulture, or biology; or

(2) Courses in biological science in an accredited college or university, consisting of lectures, recitations, and laboratory work totaling at least 20 semester hours in any one or a combination of the subjects shown under subparagraph (1) of this paragraph; plus additional appropriate experience which, when combined with the above 20 semester hours, will total 4 years of education and experience and give the applicant a technical knowledge comparable to that which would have been acquired through successful completion of a 4-year college course.

(b) *Duties.* Plant Quarantine Inspectors perform inspectional duties in connection with the various plant quarantines at ports of entry and make inspections of imported foreign plant material for injurious foreign insect pests and plant diseases.

(c) *Knowledge and training requisite for performance of duties.* The duties of Plant Quarantine Inspector cannot be successfully performed without a knowledge of the plant quarantines and regulations and a scientific knowledge of plants, plant pests, and plant diseases. This knowledge and training can be gained only through a directed course of study in an accredited college or university with scientific libraries, well-equipped laboratories, and thoroughly trained instructors, where guidance is expertly given and progress is competently evaluated.

§ 24.90 *Entomologist P–430–1—*(a) *Educational requirement.* Applicants must have successfully completed one of the following:

(1) A full 4-year course in an accredited college or university leading to a bachelor's degree with major study in entomology; or

(2) Courses in entomology in an accredited college or university, consisting of lectures, recitations, and laboratory work totaling at least 12 semester hours; fundamental courses in other biological and physical sciences (exclusive of applied sciences such as game management, horticulture, fish culture, animal husbandry, etc.) totaling 15 semester hours; plus additional appropriate education or experience which, when combined with the 12 hours in entomology and 15 hours in biological and physical sciences, will total 4 years of education and experience and give the applicant a [illegible]

the utilization of beneficial insects and perform related duties.

(c) *Knowledge and training requisite for performance of duties.*

NOTE: The provisions of § 24.36 (b), (c), (d), and (e) are applicable to this section.

3. The following subparagraph of this section is hereby revoked: Section 24.36 (a) (19) *Entomologist.*

(Sec. 5, 58 Stat. 388; 5 U. S. C. Sup. 654)

4. The second sentence of paragraph (a) of § 29.8 is amended to read as follows:

§ 29.8 *Military service.* (a) • • • The only exception occurs in case the employee is receiving retired pay awarded for reasons other than service-connected disability incurred in combat with an enemy of the United States or by explosion of an instrument of war, or awarded under Title III of the act of June 29, 1948, Public Law 810, 80th Congress.

1. Section 24.13 is amended to read as follows:

§ 24.13 *Instructor, school activities (principal, P–3; high school teacher, P–1–2; elementary teacher, P–1), P–210–1–3, Army and Navy civilian schools*—(a) *Educational requirement.* The educational requirements for these positions are the current educational requirements of the States in which the positions are located.

(b) *Duties.* The duties of these positions are to serve as principal or as elementary or high school teacher in Army or Navy schools for children of personnel of the armed forces.

(c) *Knowledge and training requisite for performance of duties.* The enrollment in schools maintained by the Army and the Navy Departments is extremely transient because of the frequent shifting of Army and Navy personnel from one assignment to another. In order that students may transfer from these schools without loss of educational credits, the Army and Navy schools must have approval or certification from the State Board of Education in which the school is located. (There is reciprocity between the States in the acceptance of students from an approved or certified school.) Qualifications of teachers in these schools must, therefore, be the current requirements of the State in which the school is located.

2. The following sections are hereby added:

§ 24.89 *Plant quarantine inspector P–485–1*—(a) *Educational requirement.* Applicants must have successfully completed one of the following:

(1) A full 4-year course in an accredited college or university leading to a bachelor's degree in one of the following subjects: entomology, zoology, botany, plant pathology, mycology, horticulture, or biology; or

(2) Courses in biological science in an accredited college or university, consisting of lectures, recitations, and laboratory work totaling at least 20 semester hours in any one or a combination of the subjects shown under subparagraph (1) of this paragraph; plus additional appropriate experience which, when combined with the above 20 semester hours, will total 4 years of education and experience and give the applicant a technical knowledge comparable to that which would have been acquired through successful completion of a 4-year college course.

(b) *Duties.* Plant Quarantine Inspectors perform inspectional duties in connection with the various plant quarantines at ports of entry and make inspections of imported foreign plant material for injurious foreign insect pests and plant diseases.

(c) *Knowledge and training requisite for performance of duties.* The duties of Plant Quarantine Inspector cannot be successfully performed without a knowledge of the plant quarantines and regulations and a scientific knowledge of plants, plant pests, and plant diseases. This knowledge and training can be gained only through a directed course of study in an accredited college or university with scientific libraries, well-equipped laboratories, and thoroughly trained instructors, where guidance is expertly given and progress is competently evaluated.

§ 24.90 *Entomologist P–430–1*—(a) *Educational requirement.* Applicants must have successfully completed one of the following:

(1) A full 4-year course in an accredited college or university leading to a bachelor's degree with major study in entomology; or

(2) Courses in entomology in an accredited college or university, consisting of lectures, recitations, and laboratory work totaling at least 12 semester hours; fundamental courses in other biological and physical sciences (exclusive of applied sciences sluch as game management, horticulture, fish culture, animal husbandry, etc.) totaling 15 semester hours; plus additional appropriate education or experience which, when combined with the 12 hours in entomology and 15 hours in biological and physical sciences, will total 4 years of education and experience and give the applicant a technical knowledge comparable to that which would have been acquired through successful completion of a 4-year college course.

(b) *Duties.* Entomologists assist in field and laboratory research or other scientific or professional work on the control of insects affecting crops or on the utilization of beneficial insects and perform related duties.

(c) *Knowledge and training requisite for performance of duties.*

NOTE: The provisions of § 24.36 (b), (c), (d), and (e) are applicable to this section.

3. The following subparagraph of this section is hereby revoked: Section 24.36 (a) (19) *Entomologist.*

(Sec. 5, 58 Stat. 388; 5 U. S. C. Sup. 854)

4. The second sentence of paragraph (a) of § 29.8 is amended to read as follows:

§ 29.8 *Military service.* (a) • • • The only exception occurs in case the employee is receiving retired pay awarded for reasons other than service-connected disability incurred in combat with an enemy of the United States or by explosion of an instrument of war, or awarded under Title III of the act of June 29, 1948, Public Law 810, 80th Congress.

(Sec. 17, 46 Stat. 478; 5 U. S. C. 709; Pub. Law 810, 80th Cong.)

[2] Rate charged borrower, but not exceeding 1 percent above rate under § 224.2.
[3] Rate charged borrower.
[4] ¼ percent on undisbursed portion of loan.

§ 224.8 *Findings*—(a) *No notice or public participation; rates effective immediately.* There is no notice or public participation when rates now or hereafter specified in this part are reviewed and determined. The Board of Governors of the Federal Reserve System finds that in this situation such notice and public participation are impracticable, unnecessary, and contrary to the public interest for the reasons stated in section 2 (e) of the Board's rules of procedure (§ 262.2 (e) of Part 262), and especially because such proceduce would prevent the action from becoming effective as promptly as necessary, would permit unfair profits, would unreasonably interfere with the necessary actions of the Board would not aid the persons affected, and would otherwise serve no useful purpose. For the same reasons, and good cause found, the effective dates of these rates, as now or hereafter reviewed and determined, are not deferred for 30 days; and except as otherwise provided, such rates are effective immediately.

(b) *Only changes in rates published.* Under section 14 (d) of the Federal Reserve Act, rates must be established at each Federal Reserve Bank every fourteen days, or oftener if deemed necessary by the Board of Governors of the Federal Reserve System. To avoid frequent and unnecessary publication of the fact that an existing rate is continued, only changes in rates will be published; and the fact that no new rate is published means that the existing rate has been continued.

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM,
[SEAL] S. R. CARPENTER,
Secretary.

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADE

CREW PURCHASES AND STORES; INCLUSION IN MANIFEST

Sections 4.85 (b) and (d) and 4.87 (b) and (d), as amended by T. D. 51912, relating to manifesting, amended.

1. Section 4.85 (b), Customs Regulations of 1943 (19 CFR, Cum. Supp., 4.85 (b)), is hereby amended to read as follows:

§ 4.85 *Vessels with residue cargo for domestic ports.* * * *

(b) When applying for clearance from the port of first arrival, the master of the vessel shall present to the collector a manifest in duplicate of all the foreign cargo then retained on board for delivery at other domestic or foreign ports. This manifest, referred to hereinafter as an abstract manifest, may be a legible copy of the complete inward foreign manifest with the items deleted which cover cargo previously discharged.

2. Section 4.85 (d), Customs Regulations of 1943 (19 CFR, Cum. Supp., 4.85 (d)), is hereby amended to read as follows:

(d) On arrival at the next and each succeeding domestic port, the master shall report arrival and make entry within 24 hours by presenting both abstract manifests received by him on clearance from the last port with the Form 1385 attached, duplicate lists of all unentered articles acquired abroad by the officers and crew of the vessel which are still retained on board and of the stores on board, and the traveling manifest with Form 3221 attached." He shall also file his oath on customs Form 3251. No additional vessel bond on customs Form 7567 or 7569 need be filed. Upon each departure for another domestic port, the same procedure shall be followed as on departure from the port of first arrival, except that the collector may endorse on the new certificate on customs Form 3221 attached to the traveling manifest at each such port the following notation:

For foreign ports and dates of departure therefrom see attached Form 3221 issued at ----------, the first domestic port of entry. These movements shall be recorded as foreign transactions.

(R. S. 161, 251, secs. 439, 442, 443, 444, 624, 46 Stat. 712, 713, 759; 5 U. S. C. 22, 19 U. S. C. 66, 1439, 1442, 1443, 1444, 1624)

3. Section 4.87 (b), Customs Regulations of 1943 (19 CFR, Cum. Supp., 4.87 (b)), is hereby amended to read as follows:

§ 4.87 *Vessels proceeding foreign via domestic ports.* * * *

(b) When applying for a clearance from the first and each succeeding port of lading, except the final port of departure from the United States, the master of the vessel shall present to the collector a manifest in duplicate on customs Form 1374 of all the cargo laden on board for export with the port of lading indicated for each item.

4. Section 4.87 (d), Customs Regulations of 1943 (19 CFR, Cum. Supp., 4.87 (d)), as amended by T. D. 51912, is further amended by deleting the second sentence and substituting the following: "He shall also make entry within 48 hours by presenting the vessel's document, the certified manifest received by him upon clearance from the last port, and duplicate lists of all unentered articles acquired abroad by the officers and crew of the vessel which are still retained on board and of the stores on board."

(R. S. 161, sec. 2, 23 Stat. 118, R. S. 4197, as amended, 4200, as amended, 4367, 4368, secs. 433, 435, 437, 624, 46 Stat. 711, 759; 5 U. S. C. 22, 19 U. S. C. 1433, 1435, 1437, 1624, 46 U. S. C. 2, 91, 92, 313, 314)

PART 10—ARTICLES CONDITIONALLY FREE, SUBJECT TO A REDUCED RATE, ETC.

PART 23—ENFORCEMENT OF CUSTOMS AND NAVIGATION LAWS

LIQUIDATED DAMAGES AND PENALTIES

1. Section 10.39, Customs Regulations of 1943 (19 CFR, Cum. Supp., 10.39), (as amended by T. D. 51868), is hereby amended by deleting the last sentence of paragraph (d) and the parenthetical matter at the end thereof and by adding two new paragraphs designated (e) and (f) reading as follows:

§ 10.39 *Cancellation of bonds.* • • •

(e) If a written application for relief is timely filed, it shall be transmitted to the Bureau with a full report of the facts, unless it is allowed by the collector in whole or in part in accordance with this regulation. If the full amount of liquidated damages demanded does not exceed $1,000, or $2,000 in the case of articles entered under section 308 (5), and the collector is satisfied that the importation was properly entered under paragraph 1607 or section 308, and that there was no intent to defraud the revenue or delay the payment of duty, the collector may cancel the liability for the payment of liquidated damages as follows:

(1) If the articles in respect of which there was a default was entered under section 308 (1) or (5) and evidence is furnished which satisfies the collector that the article would have been entitled to free entry as domestic products exported and returned had the evidence been furnished at the time of entry, without the collection of liquidated damages.

(2) If the merchandise in respect of which there was a default has been exported or destroyed under customs supervision but not within the bond period, upon the payment of such lesser amount as the collector may deem appropriate under the law and in view of the circumstances, or without the collection of liquidated damages if the collector is satisfied that the delay in exportation or destruction was for the benefit of the United States or was occasioned wholly by circumstances reasonably beyond the control of the parties concerned and which could not have been anticipated by a reasonably prudent person.

(3) If the merchandise in respect of which there was a default was exported or destroyed within the bond period but not under customs supervision and satisfactory documentary evidence of actual exportation, such as a foreign landing certificate, or of death or other complete destruction, such as a veterinarian's certificate or affidavits of two disinterested witnesses, are furnished together with a complete explanation by the applicant of the failure to obtain customs supervision, upon the payment of such lesser amount as the collector may deem appropriate under the law and in view of the circumstances, or without the collection of liquidated damages if the collector is satisfied that the merchandise was destroyed under circumstances which precluded any arrangement to obtain customs supervision.

(4) If there has been compliance with the terms of the bond in respect of part of but not all the articles and the default with respect to the other articles is not within the purview of subparagraphs (1), (2), or (3) of this section, upon the payment of an amount equal to one and one-quarter times the duty on the articles not disposed of in compliance with the bond.

(5) In any case involving articles entered under paragraph 1607 or section 308, upon the payment of an amount equal to one and one-quarter times the duties which would have accrued on the articles had they been entered under an ordinary consumption entry, if such amount is determined to be less than the full amount of the bond.

(f) If the collector believes that greater relief is warranted in any case than he is authorized to grant by paragraph (e) of this section, he shall forward the application to the Bureau with a full report on the case. If the applicant is not satisfied with a collector's action under paragraph (e) of this section and submits a supplemental application, both the original and the supplemental applications shall be transmitted to the Bureau with a full report on the case. (Pars. 1607, 1747, 1808; sec. 201, 46 Stat. 673, 680, 684, sec. 308, 46 Stat. 690, sec. 4, 52 Stat. 1079, sec. 30, 52 Stat. 1089, sec. 624, 46 Stat. 759; 19 U. S. C. 1201, 1308, 1623, 1624)

2. Section 23.25, Customs Regulations of 1943 (19 CFR, Cum. Supp., 23.25), is hereby amended as follows:

Paragraph (b) is amended by deleting "$50" and "$200" and inserting in lieu thereof $100" and "$500", respectively.

Paragraph (c) is redesignated "(d)" and a new paragraph (c) is inserted reading as follows:

§ 23.25 *Remission or mitigation by collectors.* • • •

(c) When an article admitted without bond under section 308 (5), Tariff Act of 1930, is not exported nor entered under bond within the time allowed by law or is exported without proper customs clearance and the collector of customs concerned is satisfied (i) that the article was properly admitted under section 308 (5) without bond, and (ii) that there was no intent to defraud the revenue or delay the payment of duty, the collector may remit the accrued forfeiture or close the case under the following circumstances subject to the conditions specified:

(1) If the article has not been exported, but the collector is satisfied that the owner intends to export it within 1 year from the date of its admission, upon the filing of a 6-months' bond entry, which the collector may extend for 6 months pursuant to § 10.37, as amended.

(2) If the article has not been, and will not be, exported, upon the payment of an amount equal to one and one-quarter times the duty on the article based on its value at the time of admission, or without the collection of a penalty if exportation of the article or entry under bond was prevented by destruction by casualty, or in the event of partial destruction, upon payment of an amount equal to the duty on the article based on its salvage value.

(3) If the value of the article does not exceed $2,000 and the collector is satisfied by the production of a foreign landing certificate or other convincing evidence that the article was exported within 90 days after the expiration of the time during which exaction of a bond was deferred, upon the payment of $10, or without the collection of a penalty if the collector is satisfied that the delay in exportation was due to circumstances reasonably beyond the control of the party in interest and which could not have been anticipated by a reasonably prudent person.

(4) If evidence is produced before the expiration of 90 days after the time during which exaction of a bond was deferred and such evidence satisfies the collector that the article, whether exported or not, would have been entitled to free entry as a domestic product exported and returned had it been so entered, upon the payment of $10.

(5) If the collector is satisfied by the production of a foreign landing certificate or other convincing evidence that the article was actually exported within the time limit, without the collection of a penalty.

The parenthetical matter following paragraph (c) (redesignated (d)) is amended to read as follows: "(Sec. 3, 44 Stat. 1382, R. S. 251, secs. 618, 624, 643, 46 Stat. 757, 759, 761; 5 U. S. C. 281b, 19 U. S. C. 66, 1618, 1624, 1643)"

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 1—GENERAL PROVISIONS

MISCELLANEOUS AMENDMENTS

1. In Part 1, a new subdivision (xi) is added to § 1.513 (b) (1) to read as follows:

§ 1.513 *Disclosure of information contained in military and naval service and related medical records received by the Veterans' Administration from the national military establishment.* • • •

(b) *Medical records.* • • •

(1) • • •

(xi) Health and social agencies; on the authority of the veteran or his duly authorized representative.

2. In Part 1, § 1.525 (b) and (c) are amended to read as follows:

§ 1.525 *Inspection of records by or disclosure of information to recognized representatives of organizations.* (a) (1) • • •

(b) (1) Inspection of folders by accredited representatives shall be in space assigned for such inspection; however, where space or other local problems make it impractical to assign space for this purpose the Assistant Administrator or comparable official concerned in Central Office or the Deputy Administrator or Manager at the particular office affected may permit inspection of folders at the desks of the accredited representatives in the office(s) which they regularly occupy. Deputy Administrators and Managers and Directors of the Services concerned in Central Office will designate and assign, in or near the space occupied by accredited representatives, one or more employees to whom the folders will be charged and who will at all times know and have a record of the location of such folders during the time they are made available for inspection by the accredited representatives.

(2) When it is necessary that folders which are being inspected by accredited representatives be carried elsewhere within the installation for purposes of official discussion or presentation of claims, such folders shall be carried by Veterans' Administration employees; however, where it is not feasible to use Veterans' Administration employees for these purposes, the Deputy Administrator or Manager or the Director of the Service concerned in Central Office may permit the folders to be carried by the accredited representatives, provided the designated Veterans' Administration employee to whom the folders are charged is at all time kept informed of their location.

• • • • • •

(4) Clinical records and medical files, including files for outpatient treatment, may be inspected by accredited representatives only to the extent such records or parts thereof are incorporated in the claims folder, or are made available to Veterans' Administration personnel in the adjudication of the claim. Records or data in clinical or medical files which are not incorporated in the claims folder or which are not made available to Veterans' Administration personnel for adjudication purposes will not be inspected by anyone other than those employees of the Veterans' Administration whose duties require same for the purpose of clinical diagnosis or medical treatment.

• • • • • •

(c) Deputy Administrators and Managers and the Directors of the Services concerned in Central Office will be responsible for the administrative compliance with and accomplishment of the foregoing within their jurisdiction, and

any violations of the prescribed conditions for inspection of files will be brought to the immediate attention of the Administrator.

AUTHORITY: §§ 602.1 to 602.18 inclusive, issued under Sec. 2 (a), 49 Stat. 1559; 20 U. S. C. 107 (a); and Sec. 6, 60 Stat. 1095; 5 U. S. C. 133y-16.

§ 602.1 *Terms.* Unless otherwise herein specifically indicated, the terms listed below are defined as follows:

(a) "Act" means Public Law 732, approved June 20, 1936, enacted by the 74th Congress, and usually referred to as the "Randolph-Sheppard Act."

(b) "Administrator" means the Federal Security Administrator.

(c) "Director" means the Director of the Office of Vocational Rehabilitation.

(d) "Licensing agency" means the State agency designated by the Director, pursuant to the act and these regulations, to issue licenses to blind persons for the operation of vending stands in Federal and other buildings.

(e) "Commission for the Blind" means a State agency which provides services exclusively for the blind and other visually handicapped individuals.

(f) "Program" means all the activities of the licensing agency, pursuant to the act and this part, related to vending stands in Federal and other buildings. Such activities include the determination of the eligibility of blind persons for the operation of such vending stands, the issuance of licenses to such persons, the termination of such licenses, and the provision directly or indirectly of such administrative and supervisory services as may be necessary to achieve the purposes of the act.

(g) "Federal buildings" means buildings owned by the Federal Government and those buildings or portions of other buildings leased or occupied by the Federal Government.

(h) "Other buildings" means nonfederal buildings in which vending stands are established or operated by the use of any funds derived in whole or in part, directly or indirectly, from the operation of vending stands in Federal buildings.

(i) "License" means a written instrument issued by the licensing agency to a blind person, pursuant to the act and this part, authorizing such person to operate a vending stand in a Federal or other building.

(j) "Operator" means a blind person licensed to operate a vending stand in a Federal or other building under the act.

(k) "Vocational Rehabilitation Act" means Public Law 236, 66th Congress, approved June 2, 1920, as amended by Public Law 113, 78th Congress, 1st Session, approved July 6, 1943.

(l) "Vocational rehabilitation services" means those services necessary to render a blind person fit to engage in remunerative employment.

(m) "State Vocational Rehabilitation Agency" means that agency in the State providing vocational rehabilitation services to the blind under a State plan approved pursuant to the provisions of the Vocational Rehabilitation Act.

(n) "Vending stand" means:

(1) Such counters, shelving, display and wall cases, refrigerating apparatus, and other appropriate auxiliary equipment as are necessary for the vending of such articles as may be approved by the Licensing Agency and the Federal Department having control of the building; or,

(2) Automatic coin-operated machines for the vending of such articles.

(o) "Private non-profit organization" means any charitable or civic organization or corporation, no part of the net earnings of which inures to the benefit of any shareholder or individual.

(p) "Private non-profit corporation" means any corporation organized for the promotion of the social and economic welfare of disabled persons, no part of the net earnings of which inures to the benefit of any shareholder or individual and which performs any functions in connection with the program under the direction and control of the State agency.

(q) "Blind person" means an individual having not more than ten percentum visual acuity in the better eye with correction, as certified by a duly licensed physician skilled in the diseases of the human eye.

(r) "State" means a State, Territory, or possession.

(s) "Business Enterprises Program for the Blind" means that program established pursuant to Part 601 of this chapter.

§ 602.2 *Application for designation as licensing agency; general—(a) State Agency.* Applications for designation as licensing agency may be submitted only by the Commission for the Blind in each State, *Provided*, That, in any State where there is no such Commission or where such Commission does not desire designation, an application for designation may be submitted by some other public agency of that State.

(b) *Form.* The application shall:

(1) Be submitted in writing to the Director;

(2) Be approved by the Governor of the State; and

(3) Be transmitted over the signature of the executive officer of the State agency making application.

§ 602.3 *Application for designation as licensing agency; contents.* The application shall indicate:

(a) The licensing agency's legal authority to perform the functions necessary for the administration of the program;

(b) The licensing agency's organization for carrying out the program, including, where the licensing agency and the State Vocational Rehabilitation Agency are the same, the relationship between the two programs.

(c) The policies, procedures, and standards to be employed in the selection of suitable locations for vending stands;

(d) The policies to be followed in making suitable vending stands and adequate stocks of merchandise available to operators and the sources of funds to be used therefor;

(e) The sources of funds for the administration of the program;

(f) The policies, procedures, and standards governing the relationship of the licensing agency to the operators, including their selection, duties, supervision, transfer, financial participation, entitlement to health, retirement and other benefits, and training designed to improve their proficiency;

(g) The contents of the cooperative agreement between the licensing agency and the State Vocational Rehabilitation Agency where the licensing agency and the State Vocational Rehabilitation Agency are not the same;

(h) The arrangements made or contemplated, if any, for the utilization of the services of any public agency or private non-profit corporation, the agreements with such agency or corporation and the services to be provided, the procedures for the supervision and control of the services provided by such agency or corporation and methods used in evaluating services received, the basis for remuneration to such agency or corporation, and the fiscal controls and accounting procedures;

(i) The arrangements made or contemplated, if any, for the vesting, in accordance with the laws of the State, of the right, title to, and interest in vending stands (exclusive of automatic coin-operated machines) used in the program in another public agency or in a private non-profit organization or corporation designated as the nominee of the licensing agency to hold such right, title, and interest for program purposes.

(j) That the licensing agency will:

(1) Cooperate with the Director in, and will assume full responsibility for, the administration of the program in the State; and

(2) Terminate the license of any operator when it is satisfied that the vending stand is not being operated in accordance with its established rules and regulations.

§ 602.4 *Application for designation as licensing agency; approval.* When the Director determines that the application indicates a plan of program operations which will stimulate and enlarge the economic opportunities for the blind and meets the other requirements of the act and of this part, he shall approve the application and shall designate the applying agency as the licensing agency for that State.

§ 602.5 *Issuance of licenses to individuals.* (a) The licensing agency shall issue licenses only to persons who are determined to be:

(1) Blind;

(2) Citizens of the United States;

(3) At least 21 years of age at the birthday prior to the issuance of the license;

(4) Qualified for the operation of a vending stand through such vocational rehabilitation services as may be necessary.

(b) In issuing licenses for Federal buildings the licensing agency shall give preference to blind persons who are in need of employment and have resided for at least one year in the State in which such vending stand is to be located.

(c) Each license shall be issued for an indefinite period but shall be subject to termination by the licensing agency if, after affording the operator an opportunity for a fair hearing, it finds that the vending stand is not being operated in accordance with its rules and regulations.

(d) Each license for the operation of a vending stand in a Federal building shall be subject to the approval of the Federal agency having charge of the building in which the vending stand is located.

(e) In the case of vending machines, the licenses shall be issued in the name of and for the benefit of the program; *Provided, however*, That, licenses for vending machines installed in buildings where there is an operator may be issued in the name of such operator and regarded as a part of his vending stand.

§ 602.6 *Application for establishment of vending stands.* Prior to the establishment of each vending stand, the licensing agency shall submit to the Director, in accordance with procedures established by him, such information with respect to the location, equipment, and merchandising plan for each such vending stand as may be required by the Director and the Federal department or other agency having charge of the building in which the vending stand is to be located.

§ 602.7 *Rules and regulations of licensing agency.* (a) The licensing agency shall prescribe, as a condition precedent to the issuance of licenses to blind persons for the operation of vending stands in Federal and other buildings under the act and this part, and enforce such rules and regulations as are necessary to enable it to carry out its responsibilities under the act and these regulations, and to assure the conduct of the program and the operation of each vending stand in accordance with the act, this part, and the regulations of the Federal agencies having charge of the building in which the vending stand is located, as well as all applicable State laws and regulations. Copies of such rules and regulations shall be made available to all operators, and adequate steps shall be taken to assure that the meaning thereof is understood by such operators. Copies shall also be submitted to the Office of Vocational Rehabilitation.

(b) Such rules and regulations shall include adequate provisions to assure:

(1) That the right, title to, and interest in vending stands (exclusive of automatic coin-operated machines) used in the program will be vested, in accordance with the laws of the State, in the licensing agency for use and disposition for program purposes only: *Provided*, That, such right, title, and interest may be vested, in accordance with the laws of the State, in another public agency or in a private non-profit organization or corporation where such agency or organization has been designated by the licensing agency as its nominee to hold such right, title, and interest only for program purposes subject to the paramount right of the licensing agency to direct and control the use, transfer, and disposition of such vending stands;

(2) That operators will be selected, on the basis of objective criteria, for licensing from a roster of qualified applicants;

(3) That an opportunity for a fair hearing will be afforded to each operator before final action is taken to terminate or suspend his license or issue a license to him for the operation of a stand producing less income or which may be less suitable for any other reason.

§ 602.8 *Program proceeds.* Except to the extent provided in § 602.9 hereof, all program proceeds derived, directly or indirectly, by the licensing agency from the operations of the program shall be retained by or for the benefit of the program, subject to disbursement under the control and at the direction of the licensing agency only for program purposes. These purposes may include the payment of the pro rata share of the necessary managerial, supervisory, and operating expense, the establishment of a fair minimum return for all operators, the expansion of the program, the preservation and replacement of program assets, and the provision of retirement and other benefits to the operators.

§ 602.9 *Vending stands established under the Business Enterprises Program for the Blind.* With respect to vending stands established with funds from the Business Enterprises Program for the Blind, such vending stands shall be established, managed, controlled, and operated in accordance with the provisions of Part 601 of this chapter, and any program proceeds derived directly or indirectly, from the vending stands thus established shall be held in the manner and for the purposes specified in such regulations with respect to that part of the Business Enterprises Program for the Blind relating to vending stands.

§ 602.10 *Utilization of services of public agency or private non-profit corporation.* (a) If, in the operation of any phase of the program, the licensing agency utilizes the services of a public agency or of a private non-profit corporation, the terms of the agreement between the licensing agency and such agency or corporation shall comply with such standards and contain such provisions as are determined to be necessary to insure the retention by the licensing agency of full responsibility for the management, control, and operation of all phases of the program and to protect the interests of the operators.

(b) The licensing agency shall not enter into any agreement or arrangement with any public agency or private non-profit corporation which will in any way, either directly or indirectly, prejudice, impair, or limit the authority of the licensing agency to take any action deemed by it necessary for the proper and efficient management, control, and operation of the program, including all actions with respect to selection, placement and financial participation of the operators and the preservation, utilization, and disposition of program assets.

§ 602.11 *Maintenance and repair of vending stands.* The licensing agency shall maintain or cause to be maintained all vending stands in good repair and shall replace or cause to be replaced worn-out and obsolete equipment as required to insure the continued successful operation of the stand.

§ 602.12 *Reports.* The licensing agency shall keep the Director informed of any substantial changes in its legal authority, policies, rules and regulations, agreements with all public agencies or non-profit organizations, or other program activities and shall make such reports, in such form, and containing such information, as the Director shall require, and shall comply with such provisions as he shall find necessary to assure the correctness and verification of such reports.

§ 602.13 *Agreements with State Vocational Rehabilitation Agencies.* In the event that the licensing agency is not also the State Vocational Rehabilitation Agency, the licensing agency shall enter into a cooperative agreement with the State Vocational Rehabilitation Agency with respect to the provisions of vocational rehabilitation services to blind persons, who are eligible therefor and

who are in need of such services in order to qualify for licensure in the program.

§ 602.14 *District of Columbia.* The Division of the Federal Office of Vocational Rehabilitation known as the District of Columbia Rehabilitation Service shall be the licensing agency for the District of Columbia, and, to the extent applicable, shall be subject to this part in the administration of the program in the District of Columbia.

§ 602.15 *Revocation of designation as licensing agency.* The Director shall revoke his designation of any licensing agency if he finds, after affording such agency an opportunity for a hearing, as hereinafter provided, that, in the administration of the program, there is a failure on the part of such agency to comply substantially with the provisions of the act and this part.

§ 602.16 *Revocation of designation as licensing agency; procedures.* (a) If the Director has reason to believe that, in the administration of the program, there is a failure on the part of any licensing agency to comply substantially with the act and this part, he shall so inform such agency in writing, setting forth, in detail, the areas in which there is such failure and giving it a reasonable opportunity to comply.

(b) If, after the lapse of a reasonable time, the Director is of the opinion that such failure to comply still continues and that the licensing agency is not taking the necessary steps to comply, he shall offer to such agency, by reasonable notice in writing thereto and to the Governor of the State, an opportunity for a hearing to determine whether there is a failure on the part of such agency to comply substantially with the provisions of the act and this part.

(c) If, after affording the licensing agency such reasonable notice and opportunity for hearing, the Director determines that there is a failure on the part of such agency to comply substantially with the act and this part, he shall, by appropriate written notice to such agency and to the Governor of the State, effective 90 days from the date of such notice, revoke said agency's designation as licensing agency.

(d) If, before the expiration of such 90 days, the Director determines that the licensing agency is taking the necessary steps to comply, he may postpone the effective date of such revocation for such time as he deems necessary for the best interest of the program.

(e) If, prior to the effective date of such revocation, the Director finds that there is no longer a failure on the part of the licensing agency to comply substantially with the provisions of the act and of this part, he shall so notify the agency and the Governor of the State, in which event the revocation of the designation shall not become effective.

§ 602.17 *Revocation of designation as licensing agency; effect.* (a) Effective upon the receipt of the notice of revocation of a State Agency's designation as licensing agency, in accordance with § 602.16 (c), the licensing agency's authority to issue licenses to blind persons for the operation of vending stands in Federal and other buildings under the act and this part shall be suspended, except upon special authorization by the Director.

(b) After the effective date of the revocation of a State Agency's designation as licensing agency, such agency shall have no authority to issue licenses to blind persons for the operation of vending stands in Federal and other buildings under the act and this part.

(c) If, at the expiration of 60 days from the effective date of a revocation of a State Agency's designation as licensing agency, no other agency in the State is designated, pursuant to the provisions of the act and this part, as licensing agency, all licenses issued by the agency whose designation has been revoked shall terminate.

§ 602.18 *Previous designation as licensing agency; effective date of regulations.* (a) Applications for designation as licensing agency submitted to and approved by the Commissioner of Education or the Director prior to the effective date of this part shall have the same force and effect and shall be subject to the same conditions as though submitted and approved under this part, except, that, licensing agencies heretofore designated shall have 150 days from the effective date of this part to comply with the provision of § 602.7 and to submit those materials which are, by this part, required to be submitted as a part of the application for designation as licensing agency but which were not previously required to be thus submitted.

(b) This part shall be effective upon publication in the FEDERAL REGISTER.

Dated: September 1, 1948.

J. DONALD KINGSLEY,
Acting Federal Security Administrator.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[Rev. S. O. 775, Amdt. 4]

PART 95—CAR SERVICE

DEMURRAGE ON RAILROAD FREIGHT CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 2d day of September A. D. 1948.

Upon further consideration of Revised Service Order No. 775 (13 F. R. 2379), as amended (13 F. R. 2569, 2679, 3763), and good cause appearing therefor: It is ordered, that:

§ 95.775 *Demurrage on railroad freight cars.* The provisions of Revised Service Order No. 775 shall not apply to cars on hand at 7:00 a. m., September 3, 1948, or arriving prior to 7:00 a. m., October 1, 1948, the loading or unloading of which is interfered with due to strike of truck men, at any point in the counties of Manhattan, Bronx, Kings, Queens, or Richmond, in the State of New York; and the counties of Bergen, Hudson, Essex, Union, or Middlesex, in the State of New Jersey.

It is further ordered, that a copy of this order and direction shall be served upon each state railroad regulatory body, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(40 Stat. 101, sec. 402; 41 Stat. 476; sec. 4; 54 Stat. 901; U. S. C. 1 (10)–(17))

By the Commission, Division 3.

[SEAL] W. P. BARTEL,
Secretary.

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Bureau of Internal Revenue

[26 CFR, Part 185]

WAREHOUSING OF DISTILLED SPIRITS

NOTICE OF PROPOSED RULE-MAKING

A notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing, in duplicate, to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority of sections 2800 (a), 2873, and 3176 of the Internal Revenue Code (U. S. C., title 26, sections 2800 (a), 2873, and 3176).

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

1. Sections 185.9, 185.10, 185.28, 185.78, 185.79, 185.81, 185.82, 185.83, 185.88, 185.89, 185.96, 185.97, 185.99, and 185.231 of Regulations 10 (26 CFR, Part 185) are amended.

2. These amendments are designed to simplify requirements relating to (1) construction and equipment and changes therein, (2) alternate operation of bottling departments of internal revenue bonded warehouses for bottling distilled spirits in bond and bottling after removal from bond and (3) the preparation and filing of qualifying documents; and for other purposes.

§ 185.9 *Walls.* The walls of warehouse buildings or rooms must be securely and substantially constructed. If wood, corrugated iron or tin is used, the same must be applied over solid sheathing for the first 12 feet of height and over solid sheathing or sheathing spaced not greater than 12 inches from board to board for the remaining height. Where substantial sheet metal is used and the sheets are welded together in such a manner as to constitute a solid wall, sheathing may be applied in any manner desired. (Secs. 2873, 3176, I. R. C.)

§ 185.10 *Roofs.* The roofs of warehouse buildings must be securely and substantially constructed. Where corrugated iron or tin is used, the same must be applied over sheathing spaced not greater than 12 inches from board to board. Where substantial sheet metal is used and the sheets are welded together in such a manner as to constitute a solid roof, sheathing may be applied in any manner desired. (Secs. 2873, 3176, I. R. C.)

§ 185.28 *Construction of weighing tanks.* Weighing tanks provided for weighing distilled spirits in an internal revenue bonded warehouse shall be constructed of metal and shall be stationary and of uniform dimensions from top to bottom, and each such tank shall be equipped with a suitable measuring device whereby the contents will be correctly indicated. Each weighing tank shall be mounted on accurate scales and shall have plainly and legibly painted thereon the words, "Weighing Tank," followed by its serial number and capacity in wine gallons. The beams or dials of weighing tank scales must indicate weight in 5 pound graduations for scales up to and including 25 tons capacity, in 10 pound graduations for scales exceeding 25 tons capacity but not exceeding 60 tons capacity and in 20 pound graduations for scales having a capacity of more than 60 tons. The inlet and outlet pipe connections of each weighing tank must be fitted with valves so constructed that they can be secured with Government locks, and any other openings in such tanks must also be so constructed that they can be closed and similarly locked. (Secs. 2873, 3176, I. R. C.)

§ 185.78 *Preparation.* Every plat and plan shall be drawn to scale and each sheet thereof shall bear a distinctive title, and the complete name and address of the proprietor, enabling ready identification. The cardinal points of the compass must appear on each sheet, except those of elevational plans. The minimum scale of any plat will not be less than $\frac{1}{50}$ inch per foot. Each sheet of the original plat and plans shall be numbered, the first sheet being designated number 1 and the other sheets numbered in consecutive order. Plats and plans shall be submitted on sheets of tracing cloth, opaque cloth or sensitized linen. The dimensions of plats and plans shall be 15 by 20 inches, outside measurement, with a clear margin of at least 1 inch on each side of the drawing, lettering, and writing. Plats and plans may be original drawings, or reproductions made by the "ditto process," or by blue or brown line lithoprint, if such reproductions are clear and distinct. (Secs. 2873, 3176, I. R. C.)

§ 185.79 *Depiction of warehouse premises.* Plats must show the outer boundaries of the warehouse premises by courses and distances, in feet and inches, in a color contrasting with those used for other drawings on the plat, and the point of beginning with respect to its distance and bearings from some near and well-known landmark must be shown. The plat must also contain an accurate depiction of the building or buildings comprising the premises and any drive way, public highway or railroad right of way adjacent thereto or connecting therewith. The depiction of the premises on the plat should agree with the description thereof in the application, Form 27-D. If the premises are separated by a public highway, or railroad right of way, and the tracts of land comprising the premises, or parts thereof, abut on such highway, or right of way, opposite each other, the different tracts will be depicted separately by courses and distances, in feet and inches, and outlined in a color contrasting with those used for other drawings on the plat. If two or more buildings are to be used, they must be shown in their relative positions and the alphabetical designation of each indicated. If the warehouse consists of a room or floor of a building, an outline of the building, the precise location and the dimensions of the room or floor, and the means of ingress from and egress to a public street or yard, shall be shown. All first floor doors of each building will be shown on the plat. Except as provided in § 185.87, all pipe lines leading to or from the premises, the purpose for which used, and the points of origin and termination, will be indicated on the plat. (Secs. 2873, 3176, I. R. C.)

§ 185.81 *Floor plans.* The plans shall include a floor plan of each floor of each building, showing the general dimensions of the rooms and floors and the location of all doors, windows, and other openings and how such openings are protected. If the construction of all floors in a single building is identical, a typical floor plan may be filed in lieu of a separate plan for each floor. All apparatus and equipment, except pipe lines, must be shown in their exact location on the floor plans and their designated use indicated. In the case of tanks and similar equipment, the serial number and capacity shall also be shown. (Secs. 2873, 3176, I. R. C.)

§ 185.82 *Elevational flow diagrams.* Elevational flow diagrams (plans) shall be submitted covering the flow of spirits from the time of receipt on the premises, the deposit in storage tanks and the removal therefrom. Such diagrams shall clearly depict all equipment in its relative operating sequence and elevation by floors with all connecting pipe lines, valves, flanges, measuring devices and attachments for Government locks. The elevation by floors on the diagrams may be indicated by horizontal lines representing floor levels. All major equipment such as storage tanks and weighing tanks must be identified on these plans as to number and use. The elevational flow diagram must be so drawn that all fixed pipe lines, except those indicated by § 185.87, may be readily traced from beginning to end. Other types of drawings that clearly depict the information required herein may be submitted in compliance with this section. (Secs. 2873, 3176, I. R. C.)

§ 185.83 *Elevational plans of buildings.* The plans shall also include an exterior, elevational view of each exposure of each building or room, showing the type of security afforded the openings. The number of stories and the height of each story will be indicated on the elevational plans. In lieu of drawings, the warehouseman may submit a photograph of each exposure of each building in a size not smaller than 7 x 9 inches. The photographs must be in suf-

ficient detail to clearly depict the buildings from the ground to the roof and must be properly identified. Where photographs are submitted, drawings must be furnished to show the security afforded openings within 12 feet of the ground. (Secs. 2873, 3176, I. R .C.)

§ 185.88 *Certificate of accuracy.* The plat and plans shall bear a certificate of accuracy in the lower right hand corner of each sheet signed by the proprietor, the draftsman and the district supervisor substantially in the following form:

(Name of warehouseman)

(Address)
Accuracy certified by

(Name and capacity—for the proprietor)

(Draftsman)
---------- 19--- Sheet No.----
Approved ----------
(Date)

(District supervisor)
IRBW No. ----

(Secs. 2873, 3176, I. R. C.)

§ 185.89 *Revised plats and plans.* The sheets of revised plats and plans shall bear the same number as the sheets superseded but will be given a new date. Any additional plats and plans shall be given a new number in consecutive order or will be otherwise numbered and lettered in such manner as will permit the filing of the plats and plans in proper sequence. (Secs. 2873, 3176, I. R. C.)

§ 185.96 *Changes in premises.* Where the premises are to be extended or curtailed, the proprietor must file with the district supervisor an amended application, Form 27–D, and an amended plat of the premises as extended or curtailed except as herein specifically authorized in the case of alternate operations of the bottling department. If the plans are affected by the extension or curtailment, they must also be amended. The additional premises covered by an extension may not be used for bonded warehouse purposes, and the portion of the warehouse premises to be excluded by curtailment may not be used for other than warehouse purposes, prior to approval of the application, Form 27–D, plat and plans if required, filed in connection therewith. Where an internal revenue bonded warehouse contains a bottling-in-bond department and the documents required by Regulations 6 (26 CFR, Part 188), governing the alternate operation of a bottling house as a bottling-in-bond department and a tax-paid bottling house are filed, and no change in proprietorship is involved, the filing of additional applications, Form 27–D, covering changes in the temporary status thereof from time to time will not be required. Where a warehouse building on distillery premises on which a lien for taxes has attached under section 2800 (e), I. R. C., is demolished or altered, the provisions of Regulations 4 and 5 (26 CFR, Parts 183 and 184) relative to the filing of indemnity bonds will be followed. (Secs. 2873, 3176, I. R. C.)

§ 185.97 *Changes in construction and use.* Where a change is to be made in the construction of a room or building not involving an extension or curtailment of the warehouse premises, or where a change is to be made in the use of any portion of such premises, the proprietor shall first secure approval thereof by the district supervisor pursuant to application, in triplicate, setting forth specifically the proposed changes. Upon approval of the application, the changes will be made under the supervision of a Government officer. The completed changes will be reflected in the next amended application, Form 27–D, and amended plans filed by the warehouseman, unless the district supervisor requires the immediate filing of an amended application and amended plans. (Secs. 2873, 3176, I. R. C.)

§ 185.99 *Amended notice and plans covering changes in equipment.* Upon completion of changes in equipment which materially affect the accuracy of the Form 27–D or plans, the proprietor must file an amended notice and amended plans. Where an amended notice and amended plans are not filed immediately upon completion of minor changes in equipment, such as general repairs, changes in pipe lines, or the addition or removal of a tank, the proprietor must include such changes in the next amended application and plans filed by him: *Provided*, That the Commissioner or the district supervisor may, at any time, in his discretion, require the immediate filing of an amended application and plans covering any change in equipment. (Secs. 2873, 3176, I. R. C.)

§ 185.231 *Rate of tax.* The law imposes a tax on distilled spirits produced in, or imported into, the United States at the rate prescribed therein on each proof gallon or wine gallon when below proof, and a proportionate tax at a like rate on all fractional parts of such proof or wine gallon, to be paid when withdrawn from bond. (Secs. 2800 (a), 3176, I. R. C.)

3. This Treasury division shall be effective on the 31st day after its publication in the FEDERAL REGISTER.

(Secs. 2800 (a), 2873, 3176, Internal Revenue Code (U. S. C., title 26, sections 2800 (a), 2873, and 3176))

BOTTLING OF TAX-PAID DISTILLED SPIRITS

NOTICE OF PROPOSED RULE MAKING

A notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing, in duplicate, to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority of sections 2816, 2829, 2871, and 3176, Internal Revenue Code (26 U. S. C. 2816, 2829, 2871, and 3176).

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

1. Sections 189.7, 189.14, 189.16, 189.22, 189.35, 189.36, 189.38, 189.39, 189.40, 189.43, 189.44, 189.48, 189.58, 189.62, 189.69, and 189.100 of Regulations 11 (26 CFR, Part 189), relating to the bottling of tax-paid distilled spirits, are amended.

2. These amendments are designed to provide standard graduations for beams of weighing tanks; to simplify requirements dealing with the preparation, filing, and consideration of certain documents required for the qualification and operation of tax-paid bottling houses; to establish procedure for the receipt, for bottling, of distilled spirits from a distillery contiguous to, or in the immediate vicinity of, a tax-paid bottling house; and to facilitate procurement of stamps.

§ 189.7 *Buildings or rooms.* The tax-paid bottling house must be so constructed and equipped as to be suitable for the bottling of spirits. Except as provided in § 189.9 and as to necessary openings for the passage of approved distilled spirits, utility and similar pipe lines, as provided by the regulations in this part Regulations 4 (26 CFR, Part 183) and Regulations 15 (26 CFR, Part 190), the room or building must be completely separated from contiguous buildings or rooms by solid, unbroken partitions and floors of substantial construction. If the tax-paid bottling house is in the same building in which is located an internal revenue bonded warehouse or rectifying plant, the two premises must have no means of interior communication with each other, except by approved pipe lines, and as specifically provided herein. Where a tax-paid bottling house has heretofore been established under the same roof or in the same building with an internal revenue bonded warehouse or a rectifying plant with interior communication between the two premises, it may continue to operate in such location if the revenue will not be jeopardized. When a bottling-in-bond department is operated temporarily as a tax-paid bottling house, as provided by the regulations in this part and Regulations 6 (26 CFR, Part 188), communication between the bottling house and warehouse within the building may continue. (Secs. 2871, 3176, I. R. C.)

§ 189.14 *Weighing tanks.* Where weighing tanks are used for gauging spirits, such tanks shall be constructed of metal and shall be stationary and of uniform dimensions from top to bottom and each such tank shall be equipped with a suitable measuring device whereby the contents will be correctly indicated. Each weighing tank shall be mounted on accurate scales and shall have plainly and legibly painted thereon the words, "Weighing Tank," followed by its serial number and capacity in wine gallons. The beams or dials of weighing tank scales must indicate weight in 5 pound graduations for scales up to and including 25 tons capacity, in 10 pound graduations for scales exceeding 25 tons capacity but not exceeding 60 tons capacity, and in 20 pound graduations for scales having a capacity of more than 60 tons. (Secs. 2829, 2871, 3176, I. R. C.)

§ 189.16 *Storage tanks.* If distilled spirits are received in tank cars or by pipe line, suitable storage tanks must be provided within which to store such spirits, unless the spirits are run directly into bottling tanks as provided in § 189.58. Each storage tank shall be constructed of metal and be of uniform dimensions from top to bottom, and shall be mounted on accurate scales, or equipped with a suitable measuring device whereby the actual contents will be correctly indicated. There shall be painted on each tank the words, "Storage Tank," followed by its serial number and capacity in wine gallons. Stopcocks must be provided and so arranged as to control completely the flow of spirits, both into and out of the tank. A suitable board shall be provided on each storage tank for the attachment of Forms 1520 and 1440, as hereinafter prescribed. (Secs. 2829, 2871, 3176, I. R. C.)

§ 189.22 *Pipe lines.* Pipe lines used for the conveyance of tax-paid rectified spirits from bottling tanks in a contiguous rectifying plant to bottling tanks in the tax-paid bottling house must be constructed, secured, painted, and marked in accordance with the requirements of Regulations 15 (26 CFR, Part 190). Pipe lines used for the conveyance of tax-paid distilled spirits from the cistern room of a distillery to the bottling tanks or storage tanks in the tax-paid bottling house must be constructed, secured, painted, and marked in accordance with the requirements of Regulations 4 (26 CFR, Part 183). Pipe lines used for the conveyance of distilled water to contiguous establishments operated under the internal revenue laws and regulations must be independent ones, without any connection with any other pipe, tank vessel, or utensil on the tax-paid bottling house premises, except the distilled water storage tank: *Provided*, That where distilled water is to be so conveyed from two or more distilled water storage tanks, the pipe line may be connected with such tanks by permanent manifold connections. Such pipe lines must be constructed of metal and exposed to view throughout their entire lengths. The metal pipe lines in the tax-paid bottling house used for conveying the following substances shall be kept painted in the colors indicated:

Black	Spirits.
White	Water.
Aluminum	Steam.
Orange	Air.
Purple	Refrigerants.

These colors are intended for such pipe lines only and are prescribed for the purpose of distinguishing such pipe lines from each other and from all other pipe lines on the premises which are painted but for which colors are not prescribed. The painting in one of the prescribed colors, or a color similar thereto, of a pipe line for which a color is not prescribed, is prohibited. Pipe lines for which colors are not prescribed may be painted in sections of contrasting colors. (Secs. 2829, 2871, 3176, I. R. C.)

§ 189.35 *Preparation.* Every plat and plan shall be drawn to scale and each sheet thereof shall bear a distinctive title, enabling ready identification. The cardinal points of the compass must appear on each sheet, except the elevational plans. The minimum scale of any plat will not be less than 1/50 inch per foot. Each sheet of the original plat and plans shall be numbered, the first sheet being designated number 1, and the other sheets numbered in consecutive order. Plats and plans shall be submitted on sheets of tracing cloth, opaque cloth, or sensitized linen. The dimensions of plats and plans shall be 15 by 20 inches, outside measurement, with a clear margin of at least 1 inch on each side of the drawing, lettering, and writing. Plats and plans may be original drawings, or reproductions made by the "ditto process," or by blue or brown line lithoprint, if such reproductions are clear and distinct. (Secs. 2816, 3176, I. R. C.)

§ 189.36 *Depiction of premises.* Plats must show the outer boundaries of the tax-paid bottling house premises, in feet and inches, in a color contrasting with those used for other drawings on the plat, and must contain an accurate depiction of the building or buildings comprising the premises and any driveway, public highway or railroad right-of-way adjacent thereto or connecting therewith. The depiction of the premises shall agree with the description in the notice, Form 27–E. If the premises are separated by a public highway or railroad right-of-way, and the tracts of land comprising the premises, or parts thereof, abut on such highway or right-of-way, opposite each other, the different tracts will be depicted separately, in feet and inches. If two or more buildings are to be used, the designated name of each shall be indicated, and all pipe lines or other connections, if any, between the same depicted. Where two or more buildings are used for the same purpose, the name of each such building shall include an alphabetical designation, beginning with "A," and they shall be so shown on the plat. All first floor doors of each building on the premises will be shown on the plat. If the tax-paid bottling house consists of a room or a floor of a building, an outline of the building, the precise location and dimensions of the room or floor, and the means of ingress from, and egress to, a public street or yard shall be shown. Except as provided in § 189.42, all pipe lines leading to or from the premises, the purpose for which used, and points of origin and termination will be indicated on the plat. (Secs. 2871, 3176, I. R. C.)

§ 189.38 *Floor plans.* The plans shall include a floor plan of each floor of each building, showing the general dimensions of the rooms and floors and the locations of all doors, windows, and other openings, and how such openings are protected. If a portion of a building is used, such as a room or floor, the floor plans will include only that portion and shall also show the means of ingress and egress to the street. All apparatus and equipment, except pipe lines, must be shown in their exact location on the floor plans and their designated use indicated. In the case of water stills, tanks and similar equipment, the serial number and capacity shall also be shown. (Secs. 2871, 3176, I. R. C.)

§ 189.39 *Elevational flow diagrams.* Elevational flow diagrams (plans) shall be submitted covering the flow of spirits from the time of receipt on the premises until the cased spirits are removed from the bottling room. Such diagrams or plans shall clearly depict all equipment in its relative operating sequence and elevation by floors with all connecting pipe lines, valves, flanges, measuring devices and attachments for Government locks. The elevation by floors on the diagrams may be indicated by horizontal lines representing floor levels. All major equipment, such as dump tanks, bottling tanks, filters, etc., must be identified on these plans as to number and use. The elevational flow diagram must be so drawn that all fixed pipe lines, except those indicated by § 189.42, may be readily traced from beginning to end. Other types of drawings that clearly depict the information required herein may be submitted in compliance with this section. (Secs. 2871, 3176, I. R. C.)

§ 189.40 *Pipe lines to rectifying plant or distillery.* The plans shall show pipe lines, if any, connecting the tax-paid bottling house with a rectifying plant or with the cistern room of a distillery for the transfer of tax-paid distilled spirits for bottling. The plans will show the relative location of the bottling house and the distillery or rectifying plant and also the bottling tank or storage tank to which such pipe lines are connected. (Secs. 2871, 3176, I. R. C.)

§ 189.43 *Certificate of accuracy.* The plat and plans shall bear a certificate of accuracy in the lower right hand corner of each sheet signed by the proprietor, the draftsman, and the district supervisor, substantially in the following form:

(Name of proprietor)

(Address)
Accuracy certified by

(Name and capacity—for the proprietor)

(Draftsman)
---------- 19-- Sheet No. ----
(Date)
Approved ----------
(Date)

(District supervisor)
TPBH No. ----

(Secs. 2871, 3176, I. R. C.)

§ 189.44 *Revised plats and plans.* The sheets of revised plats and plans shall bear the same number as the sheets superseded, but will be given a new date. Any additional plats and plans shall be given a new number in consecutive order, or will be otherwise numbered and let-

tered in such manner as will permit the filing of the plats and plans in proper sequence. (Secs. 2871, 3176, I. R. C.)

§ 189.48 *Procedure applicable.* The action by the district supervisor in connection with the establishment, and changes subsequent to establishment, of tax-paid bottling houses will be in accordance with the procedure, in so far as applicable, prescribed by the regulations governing the establishment, and changes subsequent to establishment, of the proprietor's distillery, internal revenue bonded warehouse, industrial alcohol plant, or industrial alcohol bonded warehouse: *Provided*, That where a bottling-in-bond department is operated alternately as a tax-paid bottling house, the district supervisor may authorize change in operations in accordance with Regulations 6 (26 CFR, Part 188). (Secs. 2871, 3176, I. R. C.)

§ 189.58 *Deposit in bottling house.* When spirits are received, the same must be deposited in the tax-paid bottling house. When distilled spirits are received at a tax-paid bottling house in a railroad tank car, or by pipe line from a distillery contiguous to or in the immediate vicinity of the tax-paid bottling house, the same must be transferred or conveyed into storage tanks, unless the spirits are transferred or conveyed directly from the tank car or pipe line to bottling tanks. Distilled spirits may be shipped in tank cars to a tax-paid bottling house only where the bottling house is equipped with suitable railroad siding facilities. (Secs. 2871, 3176, I. R. C.)

§ 189.62 *Disposition of gauge report.* When distilled spirits received in a tank car or by a pipe line from a distillery are run into a storage tank, the report of gauge, Form 1520 in the case of spirits other than alcohol, and Form 1440 in the case of alcohol, sent to the proprietor of the tax-paid bottling house by the shipper, shall be attached to such storage tank. The proprietor shall enter the date and quantity of removals from the storage tank in a blank space on the report of gauge. The report of gauge shall be kept on the tank until such time as the quantity covered by such report has been withdrawn from the tank. The report shall then be filed by the proprietor, available for inspection by Government officers. If the distilled spirits are transferred directly from the tank car or by a pipe line from the distillery, into a bottling tank, the proprietor shall make a note to that effect on the report of gauge and file it. The requirements of this section shall not preclude bottling of the distilled spirits prior to receipt of Forms 1520 or 1440 when the distilled spirits are received by tank car. (Secs. 2871, 3176, I. R. C.)

§ 189.69 *Unstamped spirits.* When a stamp has been lost or mutilated by accident so that the required portion thereof cannot be returned, an affidavit setting forth all the facts in the case will be made by the proprietor and attached to each copy of Form 230. Where spirits received in tank cars bearing certificate of taxpayment, Form 1595, or spirits received by pipe line from the cistern room of a distillery, or rectified spirits by pipe line from a contiguous rectifying plant, or where spirits in stamped bottles are to be dumped, an explanatory statement will be made in the columns provided for the description of stamps on Form 230, as "Form 1595, Serial No. ---, dated ---, heretofore submitted," or "Form 1520 dated ------, pipe line transfer on Form 1595 Serial No. ----," or "See Form 237, S/N ---- Dated ------," or "In stamped bottles," as the case may be. (Secs. 2871, 3176, I. R. C.)

§ 189.100 *Shipment of stamps.* Where the stamps are to be shipped, the collector will forward the stamps to the Government officer by registered mail or express. The expense of forwarding the stamps by registered mail or express will be borne by the proprietor. The collector may furnish the stamps directly to the proprietor for immediate delivery to the Government officer in accordance with § 189.99a. (Sec. 3176, I. R. C.)

3. This Treasury decision shall be effective on the 31st day after its publication in the FEDERAL REGISTER.

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 927]

[Docket No. AO 71-A-16]

NOTICE OF HEARING ON HANDLING OF MILK, NEW YORK METROPOLITAN MILK MARKETING AREA

PROPOSED AMENDMENTS TO THE TENTATIVE MARKETING AGREEMENT AND TO THE ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C., 601 et seq.), and in accordance with the applicable rules of practice and procedure, as amended (7 CFR, Supps., 900.1 et seq., 12 F. R. 1159., 4904), notice is hereby given of a hearing to be held at the Commodore Hotel, New York, New York, beginning at 10:00 a. m., e. s. t., September 27, 1948 for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture, and to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area. These proposed amendments have not received the approval of the Secretary of Agriculture.

Proposed amendments with respect to which evidence will be received are as follows:

1. (Proposed by Production and Marketing Administration) Amend § 927.1 (b) by deleting therefrom the words "or the War Food Administrator,".

2. (Proposed by Production and Marketing Administration) Delete the proviso in § 927.3 (a) (1).

3. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.3 (a) (4) (ii) by changing the "." after the first sentence to a ":" and adding the following: *"Provided*, That approval by a health authority of the plant as a source of milk for the marketing area shall constitute sufficient evidence that this requirement is being met, even though such approval is restricted to prohibit shipment to the marketing area of milk for specified periods during which permission is given by such health authority for receiving unapproved milk or skim milk at the plant or for shipment of approved skim milk from such plant."

4. (Proposed by Independent Milk Marketers, Inc.) Amend § 927.3 (a) (3) (i) to read:

(i) Be willing to ship in the form of milk to the marketing area all milk received at the plant from dairy farmers; and be willing to ship milk received at the plant from dairy farmers in such form as to secure utilization of such milk in a manner to assure the greatest possible return to all producers;

5. (Proposed by Independent Milk Marketers, Inc.) Amend § 927.3 (a) (4) (iv) (b) by changing the next to the last sentence to read: "Such specified classes shall include Class I-A, and Class I-C which is ultimately distributed in the special cream area, in Fairfield County, Connecticut, or in Pennsylvania outside the counties of Allegheny, Beaver, Fayette, Greene, Washington, and Westmoreland to the extent of the amount of milk received by a handler from producers which was ultimately distributed in the same areas during the previous month of June."

6. (Proposed by Independent Milk Marketers, Inc.) Amend § 927.3 (a) (4) (iv) to provide, in addition to the conditions now set forth (in (a), (b), and (c) thereof) under which pool plant designations may be suspended, the following alternative conditions:

(a) There has been issued by the market administrator, and mailed to all handlers operating pool plants, the market administrator's determination that, from all available information, he finds that milk received from producers at pool plants is not being utilized in a manner to assure the greatest possible return to all producers.

(b) Within a period ending not later than the end of the second month after the month during which such notice has been mailed, the market administrator requests a handler operating a plant to make reports to the market administrator with respect to the utilization of milk received at such plant from producers.

(c) On the basis of such report or reports and other available information the market administrator finds such handler is utilizing milk in specified classes in an excessive amount and is thus not utilizing milk received from producers in a manner to assure the greatest possible return to producers.

7. (Proposed by Independent Milk Marketers, Inc.) Amend § 927.3 (a) (4) (v) to provide, in the event the market administrator has issued a determination pursuant to Proposal No. 6, that pool plant designations may be cancelled under the following conditions:

(a) No pool plant designation shall be cancelled if the handler operating the plant utilized a percentage in the classes specified by the market administrator pursuant to paragraph (c) of Proposal No. 6 of the total milk received by him at all pool plants from producers during the month in which such suspension is made effective which is not more than the percentage of the total milk reported by all handlers to have been received from producers during such month which was reported to have been used in such classes.

(b) In the event that all milk received from producers at a plant is reported to the market administrator by a cooperative association qualified pursuant to § 927.9 (f), and such association pays the producers for such milk, the pool plant designation of such plant shall not be cancelled if the cooperative operating the plant utilized the percentage in the classes specified by the market administrator pursuant to paragraph (c) of Proposal No. 6 of the total milk received by it at all pool plants from producers during the month in which such suspension is made effective which is not more than the percentage of the total milk reported by all handlers to have been received from producers during such month which was reported to have been used in such classes.

8. (Proposed by Milk Handlers and Processors Association, Inc.) Amend § 927.3 (a) (4) (iv) (b) by changing the last two sentences to read: "Such specified classes shall include Class I-A and all or a part of Classes II-A and II-B (except cold storage cream). In addition, such specified classes may include Class I-C but such Class I-C shall be restricted to not more than the percentage of Class I-C in the total milk pooled during the previous month of June."

9. (Proposed by Rockdale Creamery Corporation.) Delete from § 927.3 (a) (4) (iv) (b) the words "and Class I-C to the extent of 50 percent of the milk received by a handler from producers" and substitute therefor "and Class I-C to the extent that the percentage should be the same as utilized by the handler during the months of April, May, and June."

10. (Proposed by Milk Handlers and Processors Association, Inc.) Amend § 927.3 (b) by changing the percentage in the first proviso to 100 percent.

11. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.4 (a) (1) by adding a new sentence between the first and second sentences to read: "Having established the manufacture of cream, such cream may not, in any event, be classified in any class higher than Class II-A."

12. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.4 (a) (3) by changing the "." at the end of the first proviso to a ":" and adding the following: *"Provided further*, That no butterfat shipped to another plant in the form of cream may be classified in a class higher than that which is applicable to cream sold as fluid cream in the area in which such other plant is located, unless such butterfat is reshipped to a plant or a purchaser in another area which would cause its classification into a higher class."

13. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Delete § 927.4 (a) (3) (i).

14. (Proposed by Brunetto Cheese Company.) Delete subdivision (i) of § 927.4 (a) (3); or, as an alternative, amend § 927.4 (a) (3) (i), to provide that milk, cream, and skim milk shipped into the marketing area and utilized in the manufacture of cheese, except Cheddar cheese, be classified in the appropriate class or classes for milk, cream, and skim milk so utilized.

15. (Proposed by L. Daitch and Company, Inc.; Delaware County Dairies, Inc.; and Dan Franklin Dairies, Inc.) Delete subdivision (i) of § 927.4 (a) (3); or, as an alternative, amend § 927.4 (a) (3) (i), to provide that milk, cream, and skim milk shipped into the marketing area and utilized in the manufacture of sour cream, cream cheese, cheese, except Cheddar cheese, or butter, be classified in the appropriate class or classes, for milk, cream, and skim milk, so utilized; or, as an alternative, amend § 927.4 (a) (3) (i), by inserting after the words "in the form of frozen desserts or homogenized mixtures" the words "sour cream, cream cheese, cheese, except Cheddar cheese, or butter"; and by adding at the end of the said subdivision the words: "except where said skim milk is utilized in the manufacture of the products aforesaid, in which event it shall be classified as Class V-B."

16. (Proposed by Brunetto Cheese Company; L. Daitch and Company, Inc.; Delaware County Dairies, Inc.; and Dan Franklin Dairies, Inc.) Amend § 927.4 (c) (13) to read:

(13) Class V-A milk shall be the skim milk in all milk, which skim milk enters the marketing area and is utilized therein in the form of fluid skim milk or cultured or flavored milk drinks containing less than 3 percent butterfat, or which is not accounted for in some product leaving or on hand at a plant.

17. (Proposed by Brunetto Cheese Company; L. Daitch and Company, Inc.; Delaware County Dairies, Inc.; and Dan Franklin Dairies, Inc.) Amend such other portions of the order, including § 927.9 (h), as may be necessary to carry out the intention expressed in Proposals 14, 15, and 16 above of classifying and paying for milk, cream, and skim milk in accordance with its actual utilization.

18. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.4 (a) (3) by adding the following as subdivision (ii) and by changing the numbering of subdivisions (ii) through (vii) to (iii) through (viii):

(ii) If the shipment is in the form of milk to a plant in an area not regulated by another order of the Secretary, the milk shall, in no event, be classified in any class higher than Class I-C, unless such milk is ultimately distributed in the marketing area or in an area regulated by order of the Secretary.

19. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.4 (a) (3) (iv) to read:

(iv) If the shipment is in the form of milk shipped from the plant where received from dairy farmers to a plant outside New York State, Vermont, New Jersey or Pennsylvania, or to a plant in the County of Allegheny, Beaver, Fayette, Greene, Washington, or Westmoreland in Pennsylvania, it shall be classified as Classes I-A, I-B, or I-C if the plant to which the shipment is made is located more than 65 miles from any pool plant.

20. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.4 (a) (3) (v) and (vi) so that, in each instance, the classification in Class II-E or Class II-D shall be dependent upon the fact that the plant to which the cream or plain condensed milk is shipped is located more than 65 miles from any pool plant.

21. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.4 (a) (5) (i) to read:

(i) Milk, cream, plain condensed milk, or skim milk received from pool plants or from producers shall be assigned as far as possible to Class I-A, Class II-A, Class II-B, or Class V-A, if such classification is based on a product shipped to or distributed in the marketing area in the form of milk, cream, plain condensed milk, frozen desserts or homogenized mixtures, skim milk, or cultured and flavored milk drinks.

22. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend the order to provide that a manufactured product not otherwise defined or classified in the order shall be defined and classified as follows:

A product which contains 15 percent or more of butterfat, and a smaller amount of milk solids not fat than butterfat, with or without other ingredients, shall be defined as a manufactured cream product, and be classified in Class II-B.

23. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend the order to provide that a manufactured product not otherwise defined or classified in the order shall be defined and classified as follows:

A product which contains 7.5 percent or more of butterfat and which is not within the definition of a manufactured cream product, with or without other ingredients, shall be defined as a manufactured whole milk products, and be classified in Class III.

24. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.4 (c) (5) by adding before the words "plain condensed milk" the word "eggnog."

25. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.4 (c) (9) by changing the last clause to read: "or all milk the butterfat from which leaves or is on hand at a plant in the form of cream cheese. If such cream cheese is made from frozen cream, it shall be classified in Class II-F regardless of the location of the plant at

which such cream cheese is manufactured."

26. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.4 (c) (11) by adding the following: "If the butter is manufactured from frozen cream, it shall be classified in Class IV–A, regardless of the location of the plant at which the butter is manufactured."

27. (Proposed by Rockdale Creamery Corporation.) Amend § 927.5 (a) (4) to read:

(4) For Class I–C milk the price shall be the Class I–A price plus 20 cents per hundredweight.

28. (Proposed by Production and Marketing Administration.) Renumber paragraphs (3) through (15) of § 927.5 (a) as (2) through (14), respectively, and change all references to these paragraphs which appear in other parts of the order accordingly.

29. (Proposed by Production and Marketing Administration.) Delete the proviso in § 927.5 (a) (5).

30. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.5 (a) (6) by eliminating the proviso.

31. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.5 (a) (6) to read:

(6) For Class II–B milk the price shall be the Class II–E price.

32. (Proposed by Association of Ice Cream Manufacturers of New York State.) Reconsider the Class II–B price (§ 927.5 (a) (6)).

33. (Proposed by Independent Milk Marketers, Inc.) Amend § 927.5 (a) (6) to read:

(6) For Class II–B milk the price paid during each month shall be 12 cents less than the Class II–A price.

34. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.5 (a) (7) to read:

(7) For Class II–C milk the price shall be the Class II–E price.

35. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.5 (a) (8) to read:

(8) For Class II–D milk the price shall be the Class II–E price.

36. (Proposed by Association of Ice Cream Manufacturers of New York State.) Amend § 927.5 (a) (8) to read:

(8) For Class II–D milk the price during each month shall be the price for Class II–F milk.

37. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Reconsider the proper pricing of Class III milk and the list of evaporated milk plants to be used in computing the average price paid to farmers for 3.5 milk (§ 927.5 (a) (11)).

38. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.5 (a) (11) by eliminating the second proviso.

39. (Proposed by Independent Milk Marketers, Inc.) Amend § 927.5 (a) (11) by changing that portion preceding the last proviso to read:

(11) For Class III milk the price during each month shall be 10 cents higher than the average, computed by the market administrator, of prices as reported to the United States Department of Agriculture, paid during such month to farmers for 3.5 milk at evaporated milk plants at locations listed in this subparagraph: *Provided*, That the Class III price during the months of October, November, and December shall be such average plus 15 cents:

40. (Proposed by Independent Milk Marketers, Inc.) Amend § 927.5 (a) (12) to read:

(12) For Class IV–A milk the price during each month shall be the price for Class II–E milk: *Provided*, That the Class IV–A price during the months of October, November, and December shall be the Class II–E price plus 25 cents.

41. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.5 (a) (12) by eliminating the proviso.

42. (Proposed by Metropolitan Cooperative Milk Producers' Bargaining Agency, Inc.; Eastern Milk Producers' Cooperative Association, Inc.; Dairymen's League Cooperative Association, Inc.; and District 50, United Mine Workers of America.) Amend § 927.5 (a) (13) to read:

(13) For Class IV–B milk the price shall be each month from January to September of each year 95 percent of the price as computed by the market administrator for Class III milk, and each month from October to December of each year 100 percent of the price, as computed by the market administrator, for Class III milk: *Provided*, That if the milk is moved from the plant where received from producers to a cheese factory which is a half mile or more from the first plant, then 12 cents per hundredweight shall be deducted from such price.

43. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.5 (a) (13) by eliminating the second proviso.

44. (Proposed by Rockdale Creamery Corporation.) Amend that portion of § 927.5 (a) (13) preceding the words "subtract 1.5 cents" to read:

(13) For Class IV–B milk the price during each month shall be a price computed by the market administrator as follows: from the average of the highest prices reported daily during each month, by the United States Department of Agriculture in the New York market at wholesale for New York State cheddars or in the absence of such quotations the monthly quotations in the New York City market for Twins.

45. (Proposed by Independent Milk Marketers, Inc.) Amend § 927.5 (a) (13) to read:

(13) For Class IV–B milk the price during each month shall be the price for Class III milk: *Provided*, That the Class IV–B price during the months of October, November, and December shall be the Class III price plus 25 cents.

46. (Proposed by Milk Handlers and Processors Association, Inc.) Amend § 927.5 (a) (15) to read:

(15) For Class V–B milk the price during each month shall be a price computed by the market administrator as follows: from the average of all the hot roller process dry skim milk quotations for "other brands, animal feed, carlots, bags or barrels" and for "other brands, human consumption, carlots, bags, or barrels" (using midpoint of any range as one quotation), published for the delivery period in "The Producers' Price Current", subtract 5 percent, subtract 6 cents, and multiply by 8.3.

47. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) In § 927.5 (a) (15) delete the words "subtract 4 cents" and substitute therefor "subtract 7.5 cents."

48. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.5 (c) by changing the phrase, "shortest highway mileage distance from the plant to Columbus Circle, New York City," to "shortest usable highway mileage distance normally traversed by tank trucks from the plant to Columbus Circle, New York City,".

49. (Proposed by Production and Marketing Administration.) Amend § 927.6 (a) (5) by changing the reference "§ 927.8 (e)" contained therein to "§ 927.9 (h)".

50. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend the first sentence of § 927.6 (c) to read: "On or before the last day of the period for establishing classification pursuant to § 927.4 (a) (2), or, if earlier, not later than 15 days prior to the date of final removal of the cream from storage, the handler separating the milk, the cream from which is subsequently claimed to be classified in Class II–B, shall report to the market administrator, on forms prescribed by the market administrator, information with respect to the storage of cream as a basis for Class II–B classification."

51. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.6 (e) by adding the following: "Should the market administrator fail to verify all reports and payments of each handler as above directed, any classification reported and claimed by a handler pursuant to § 927.4 or any payments reported or claimed pursuant to § 927.9 shall be allowed as claimed."

52. (Proposed by Rockdale Creamery Corporation and Mutual Cooperative of Independent Producers, Inc.) Delete § 927.7 (a) (5).

53. (Proposed by Farm Bureau and Conservation Committee of the Board of Supervisors of Sullivan County at the request of milk producers of Sullivan County.) Amend § 927.7 (a) (5) to read:

(5) With respect to milk received from producers, deduct 30 cents per hundredweight at plants in the marketing area and within one hundred miles of the New York market, Columbus Circle, and plants located between one hundred and one hundred twenty-five miles from the New York market, Columbus Circle, deduct 15 cents per hundredweight, and plants between one hundred twenty-five and one hundred thirty-five miles from New York market, Columbus Circle, deduct 10 cents per hundredweight, and plants located between one hundred thirty-five and one hundred forty-five miles from New York market, Columbus Circle, deduct 5 cents per hundredweight.

54. (Proposed by Moon's Dairy.) Amend § 927.7 (a) (5) to include Catskill, New York.

55. (Proposed by Dairymen's League Co-operative Association, Inc.) Delete the second and third provisos in § 927.8 (a).

56. (Proposed by Production and Marketing Administration.) Amend § 927.8 (c) by deleting therefrom the phrase, "except Class I–B.".

57. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.9 (g) to read:

(g) *Storage cream payments.* With respect to butterfat in frozen cream held in one or more licensed cold storage warehouses for more than 28 days under the conditions set forth in § 927.4 (c) (5), the handler operating the plant at which was separated the milk, the cream from which is subsequently claimed to be classified in Class II–B, may make claim, on forms supplied by the market administrator, for payments out of the producer settlement fund, if such butterfat was received from producers during the months of April to September, inclusive, and was assigned, in accordance with the provisions of the rules and regulations issued by the market administrator pursuant to § 927.4 (b) hereof, to Classes II–D, II–E, or II–F during the months of July to March, inclusive, or to Class IV–A during the months of January to March, inclusive. The market administrator shall, after investigation and audit of such claim, make payment to such handler out of the producer settlement fund, or issue credit against balances due from such handler to the producer settlement fund, in an amount equal to the difference between the Class II–B price for 3.5 milk in the zone in which is located the plant at which the milk was separated and the class price (for 3.5 milk) for such assigned utilization in the zone in which is located the plant at which the milk was separated. The Class II–B price and the class price for such assigned utilization shall be the prices in effect for the month during which the milk was received from producers. The quantity of milk in the frozen cream shall be determined by dividing the pounds of fat in the frozen cream by 0.035. Claims pursuant to this paragraph shall be made not later than ninety (90) days after the month during which such frozen cream is utilized: *Provided*, That, if the market administrator, upon audit, makes any changes that affect the reported utilization of such frozen cream, either new or corrected claims may be made during a period ending not later than ninety (90) days after notice by the market administrator of such changes. Any claim pursuant to this paragraph may be assigned, by the handler who would otherwise be entitled to receive payment pursuant to such claim, to another purchaser of the frozen cream, provided notice is received by the market administrator of such assignment prior to the payment of any such claim.

58. (Proposed by Association of Ice Cream Manufacturers of New York State.) Amend the last sentence of § 927.9 (g) to read: "Claims pursuant to this paragraph shall be made not later than ninety (90) days after the month during which such frozen cream is utilized: *Provided*, That if the market administrator, upon audit, makes any changes in such claims, new or corrected claims may be made by the handler during a period ending not later than ninety (90) days after notice by the market administrator of such changes."

59. (Proposed by Rockdale Creamery Corporation.) Delete § 927.9 (g).

60. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Reexamine storage cream payments on Classes II–D, II–E, and II–F (§ 927.9 (g)).

61. (Proposed by Association of Ice Cream Manufacturers of New York State.) Amend § 927.9 (h) (1) and (2), by deleting all references to Class II–B milk and milk products.

62. (Proposed by Breakstone Brothers, Inc.) Amend the order to provide that sour cream manufactured from storage cream from other than producer sources be designated as Class II–B cream for the purposes of computing the payments required under § 927.9 (h).

63. (Proposed by Milk Dealers' Association of Metropolitan New York, Inc.) Amend § 927.9 (h) so as to provide that no payments shall be made by handlers to producers, through the producer settlement fund, for milk, cultured or flavored milk drinks, cream, plain condensed milk, or skim milk which is permitted to come into the marketing area from dairy farmers who are not producers, under any order issued by any health authority (local or State) having jurisdiction over the sale of such products in the marketing area.

64. (Proposed by Production and Marketing Administration.) Delete § 927.11, renumber § 927.12 and § 927.13 as 927.11 and 927.12, respectively, and add a new paragraph (d) to § 927.5 to read:

(d) *Use of equivalent prices.* If for any reason a price (or prices) for milk or any milk product specified in this section or in subparagraphs (1) and (2) of § 927.2 (e) for use in computing and announcing class prices and for other purposes is not reported or published in the manner therein described, the market administrator shall use a price determined by the Secretary to be equivalent to or comparable with the price specified.

Copies of this notice of hearing and of the said tentative marketing agreement and of the order, as amended, now in effect, may be procured from the Market Administrator, 205 East 42nd Street, New York, New York, or from the Hearing Clerk, United States Department of Agriculture, Room 1844, South Building, Washington 25, D. C., or may be there inspected.

Dated: September 2, 1948.

SECURITIES AND EXCHANGE COMMISSION

[File No. 812-552]

MORRIS PLAN CORP. OF AMERICA ET AL.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission held at its offices in the city of Washington, D. C., on the 2d day of September A. D. 1948.

In the matter of the Morris Plan Corporation of America, American General Corporation, the Barnett National Bank of Jacksonville, Trustee, and Courts P. Kendall; File No. 812-552.

Notice is hereby given that the Morris Plan Corporation of America (Morris Plan), with its principal place of business at 103 Park Avenue, New York, New York, has filed an application pursuant to section 17 (b) of the Investment Company Act of 1940 for an order exempting from the provisions of section 17 (a) of the act, the proposed purchase by Morris Plan from The Barnett National Bank of Jacksonville, Jacksonville, Florida, as Trustee, of 170 shares of the capital stock of Morris Plan Savings Bank (the Bank), 11 Laura Street, Jacksonville, Florida, for an aggregate consideration of $99,655.

Section 17 (a) (1) of the act makes it unlawful for an affiliated person of an affiliated person of a registered investment company, acting as principal, knowingly to sell any security or property to any company controlled by such registered investment company, with certain exceptions not pertinent to this case.

American General Corporation, 420 Lexington Avenue, New York, New York, is a closed-end, non-diversified, management investment company, registered under the act. American General Corporation owns approximately 61% of the common stock of Morris Plan, the only class of stock of Morris Plan entitled to vote. Morris Plan, in turn, owns 20% of the outstanding stock of the Bank. Courts P. Kendall, 3319 Pine Street, Jacksonville, Florida, is the president and a director of the Bank. The Barnett National Bank is trustee of two intervivos trusts, which hold the 170 shares (representing 34% of the shares outstanding) of the capital stock of the Bank to be purchased by Morris Plan, and Courts P. Kendall is a contingent beneficiary under such trusts. The application states that the proposed transaction accordingly involves the sale of securities by an affiliated person of an affiliated person of a registered investment company, to a company controlled by such registered investment company, and requests an order exempting the proposed transaction from the provisions of section 17 (a) (1) of the act.

For a more detailed statement of the matters of fact and law asserted, all persons are referred to said application which is on file in the offices of the Commission in Washington, D. C.

Notice is further given that an order granting the application, in whole or in part and upon such conditions as the Commission may deem necessary or appropriate, may be issued by the Commission at any time after September 20, 1948, unless prior thereto a hearing upon the application is ordered by the Commission, as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than September 17, 1948, at 5:30 P. M., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street, N. W., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and issues of fact or law raised by the application which he desires to controvert.

By the Commission.

Assistant Secretary.

THE NORTH AMERICAN CO. AND UNION ELECTRIC CO. OF MISSOURI

ORDER POSTPONING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of September 1948.

The North American Company ("North American"), a registered holding company, and its subsidiary, Union Electric Company of Missouri ("Union"), a registered holding company and an electric utility company, having filed a joint application and declaration pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder regarding the proposed issue and sale by Union of 105,000 additional shares of its common stock to North American, all as summarized in Holding Company Act Release No. 8228; and

The Commission, on May 27, 1948, having issued its notice of filing and order for hearing with respect to said joint application and declaration directing that a hearing be held on July 12, 1948; and

On July 12, 1948, said hearing having been adjourned, at the request of applicants-declarants, until September 14, 1948; and

Applicants-declarants having on August 30, 1948, requested that said adjourned hearing be postponed from September 14, 1948 to October 13, 1948; and

It appearing appropriate to the Commission that such request for postponement should be granted and that the adjourned hearing heretofore scheduled for September 14, 1948, should be postponed until October 13, 1948:

It is ordered, That the adjourned hearing in this matter heretofore scheduled for September 14, 1948, at 10:00 a. m., e. d. s. t., at the office of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., be, and the same hereby is, postponed to October 13, 1948, at 10:00 a. m., e. s. t., at the same place and before the same hearing officer previously designated. On such day the hearing room clerk in Room 101 will advise as to the room in which such hearing will be held.

By the Commission.

MISSOURI POWER & LIGHT CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of September 1948.

Missouri Power & Light Company ("Missouri"), a subsidiary of North American Light & Power Company ("Light & Power"), which in turn is a subsidiary of The North American Company ("North American"), both registered holding companies, has filed with the Commission an application pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 ("the act"), regarding the proposal by Missouri to purchase from Central States Edison, Inc. ("Central States"), a nonaffiliate, all of the outstanding capital stock (954 shares) of Gasconade Power Company ("Gasconade"), and a certain promissory note in the principal amount of $441,490.32 with unpaid interest, payable on demand, bearing interest at 8% per annum, issued by Gasconade and held by Central States, for a cash consideration of $800,000, subject to certain adjustments. The proposed sale of the securities will be made under the terms and conditions of a contract, dated June 22, 1948, between Central States and Missouri, which provides, among other things, that the purchase and sale shall be consummated on or before October 1, 1948, and that the purchase price to be paid for such securities shall be adjusted, at the time of closing, to reflect any increase or decrease since February 29, 1948 in earned surplus, reserve for retirements, interest on the said promissory note, and any loans or advances made by Central States to Gasconade.

The application having been filed on August 2, 1948, and notice of filing having been duly given in the manner and form prescribed by Rule U-23 under said act and the Commission not having received a request for hearing with respect to said application within the period specified in such notice, or otherwise, and not having ordered a hearing thereon; and

The Public Service Commission of the State of Missouri having issued an order authorizing the proposed transactions; and

North American having agreed that the indirect interest in Gasconade which it will acquire by virtue of the foregoing transactions will be held subject to the requirements of the Commission's order of April 14, 1942, pursuant to section 11 (b) (1) of the act, as though North American had been specifically required in said order to sever its relationship with Gasconade; and

The Commission finding that the provisions of section 10 of the act are satisfied and that no adverse findings are necessary under sections 8, 9 and 10 of the act with respect to the proposed acquisition of the securities of Gasconade, and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers to grant said application.

It is ordered, Pursuant to the provisions of Rule U-23 and the applicable provisions of the act that the application be, and the same hereby is, granted, and that the proposed transactions may be consummated forthwith, subject to the terms and conditions prescribed by Rule U-24.

It is further ordered, That the Commission's order of April 14, 1942, requiring, among other things, that The North American Company sever its relationship with Missouri Power & Light Company by disposing or causing the disposition, in any appropriate manner not in contravention of the applicable provisions of the act or the rules and regulations promulgated thereunder, of its direct and indirect ownership, control and holding of securities issued and properties owned, controlled or operated by Missouri Power & Light Company, shall be deemed to require The North American Company to sever its relationship with Gasconade Power Company with the same force and effect as if said order had specifically ordered the disposition by The North American Company of its interest in Gasconade Power Company.

By the Commission.

EXECUTIVE ORDER 9996

CREATING AN EMERGENCY BOARD TO INVESTIGATE A DISPUTE BETWEEN THE PUBLIC BELT RAILROAD COMMISSION FOR THE CITY OF NEW ORLEANS AND CERTAIN OF ITS EMPLOYEES

WHEREAS a dispute exists between the Public Belt Railroad Commission for the City of New Orleans, a carrier, and certain of its employees represented by the Brotherhood of Locomotive Firemen and Enginemen and the Brotherhood of Railroad Trainmen, labor organizations; and

WHEREAS this dispute has not heretofore been adjusted under the provisions of the Railway Labor Act, as amended; and

WHEREAS this dispute, in the judgment of the National Mediation Board, threatens substantially to interrupt interstate commerce within the State of Louisiana to a degree such as to deprive that state of essential transportation service:

NOW, THEREFORE, by virtue of the authority vested in me by section 10 of the Railway Labor Act, as amended (45 U. S. C. 160), I hereby create a board of three members, to be appointed by me, to investigate the said dispute. No member of the said board shall be pecuniarily or otherwise interested in any organization of railway employees or any carrier.

The board shall report its findings to the President with respect to the said dispute within thirty days from the date of this order.

276.220 Removal of the beans under loan.
276.221 Release of the beans.
276.222 Delivery of beans to CCC.
276.223 Purchase of notes.
276.224 CCC field offices.

AUTHORITY: §§ 276.201 to 276.224, inclusive, issued under sec. 4 (a), 55 Stat. 498, as amended, sec. 1 (b), Pub. Law 897, 80th Cong., sec. 5 (a), Pub. Law 806, 80th Cong., 15 U. S. C. 713a-8 (a).

§ 276.201 *Administration.* The program will be administered in the field through CCC field offices, State PMA committees, and county agricultural conservation committees, under the general supervision and direction of the Manager, CCC. Forms will be distributed through the offices of State and county committees. County committees will determine or cause to be determined the quantity and quality of the beans, the amount of the loan, and the value of the eligible beans delivered under a loan or purchase agreement. All loan and purchase documents will be completed and approved by the county committee, which will retain copies of all such documents. The county committee may designate in writing certain employees of the county agricultural conservation association to approve such forms on behalf of the committee.

The county committee will furnish the borrower with the names of local lending agencies approved for making disbursements on loan documents or with the address of the CCC field office to which loan documents may be forwarded for disbursement.

§ 276.202 *Availability of loans and purchases*—(a) *Area.* Loans and purchase agreements shall be available to producers of eligible beans produced in the States of Arizona, California, Colorado, Idaho, Michigan, Minnesota, Montana, Nebraska, North Dakota, New Mexico, New York, South Dakota, Utah, Washington, Wisconsin, and Wyoming, and such other States as CCC may hereafter designate.

(b) *Time.* Loans and purchase agreements shall be available through December 31, 1948, and the applicable documents must be signed by the producer and delivered or mailed to the county committee not later than such date.

(c) *Source.* Loans shall be made to producers direct by CCC field offices and by lending agencies under lending agency agreements with CCC. Purchase agreements shall be made through the offices of the county agricultural conservation committees.

§ 276.203 *Approved lending agencies.* An approved lending agency shall be any bank, cooperative marketing association, corporation, partnership, individual, or other legal entity with which CCC has entered into a Lending Agency Agreement (Form PMA-97 or other form prescribed by CCC).

§ 276.204 *Eligible producer.* An eligible producer shall be any individual, partnership, association, corporation, or other legal entity producing beans in 1948 as landowner, landlord, tenant, or sharecropper.

Cooperative marketing associations of producers shall be eligible for loans and purchase agreements provided that: (1) The association markets beans produced solely by eligible producer members, (2) the producer members are bound by contract to market through the association, (3) the association has authority to obtain a loan on the security of the beans, and to give a lien thereon, and (4) the members share proportionately according to the quantity, grade and class of beans each delivers to the association.

§ 276.205 *Eligible beans.* Eligible beans (hereinafter referred to as beans) shall be dry edible beans of the following classes: Pea and Medium White, Great Northern, Small White, Flat Small White, Pink, Small Red, Pinto, Cranberry, Light Red Kidney, Dark Red Kidney, Western Red Kidney, Standard Lima, and Baby Lima produced in 1948.

Beans tendered as collateral for a loan shall have a moisture content of not more than 18 percent and, after deduction of foreign material, shall contain not more than 10 percent of other defects as these terms are defined in the U. S. Standards for Beans. In addition, such beans shall not be musty, or sour, or heating, or hot, or weevily, or materially weathered, or shall not be beans which have any commercially objectionable odor, or which are otherwise of distinctly low quality.

In order to be eligible for a loan, beans stored on the farm must have been stored in the bin or granary for at least 30 days prior to inspection for measurement, sampling, and sealing, unless otherwise approved by the State PMA committee.

Except in the case of eligible cooperative marketing associations of producers, the beneficial interest in the beans must be in the person tendering them for loan or purchase and must always have been in him, or must have been in him and a former producer whom he succeeded before the beans were harvested.

§ 276.206 *Eligible storage.* Eligible storage for beans shall meet the following requirements:

(a) *Farm storage.* Under the loan program eligible farm storage shall consist of farm bins and granaries which, as determined by the county committee, are of such substantial and permanent construction as to permit safe storage that will prevent physical loss, permit effective fumigation for the destruction of insects, and afford protection against rodents, other animals, thieves, and weather. Farm-storage loans will not be available to associations of producers.

(b) *Warehouse storage.* Under the loan and purchase program, eligible warehouse storage shall consist of warehouses for which a storage agreement (C. C. C. Bean and Pea Form H or revised form thereof) has been executed and approved by CCC for the storage of beans. Warehouse receipts referred to herein shall be negotiable warehouse receipts, representing eligible beans, issued by such warehouses, and shall conform to requirements of CCC.

§ 276.207 *Approved forms.* The approved forms consist of the loan and purchase documents which, together with the provisions of this bulletin, govern the rights and responsibilities of the producer.

Any fraudulent representation made by a producer in obtaining a loan or purchase agreement or in executing any of the loan or purchase documents, will render him subject to criminal prosecution.

Notes and chattel mortgages, note and loan agreements, and purchase agreements must have State and documentary revenue stamps affixed thereto where required by law. Loan and purchase documents executed by an administrator, executor, or trustee will be acceptable only where legally valid.

(a) *Farm storage loans.* Approved forms shall consist of producer's notes on CCC Commodity Form A, secured by chattel mortgages on CCC Commodity Form AA.

(b) *Warehouse storage loans.* Approved forms shall consist of note and loan agreements on CCC Commodity Form B, secured by negotiable warehouse receipts representing beans stored in approved warehouses. All beans pledged as security for a loan on a single CCC Commodity Form B must be stored in the same warehouse.

(c) *Purchase agreement documents.* The purchase agreement documents shall consist of the Purchase Agreement (Commodity Purchase 1) and Purchase Agreement Settlement (Commodity Purchase 4) signed by the producer and approved by the county committee, negotiable warehouse receipts, and such other forms as may be prescribed by CCC.

(d) *Warehouse receipts.* Beans stored in eligible warehouse storage under the loan or delivered under a purchase agreement program must be represented by warehouse receipts which satisfy the following requirements:

(1) Warehouse receipts must be issued in the name of the producer or producer association, must be properly endorsed in blank so as to vest title in the holder, and must be issued by an approved warehouse.

(2) CCC will not require that the warehouse insure the beans placed under loan; however, if the warehouse does insure the beans, such insurance shall inure to the benefit of CCC to the extent of its interest.

(3) Each warehouse receipt, or the supplemental certificate (in duplicate) properly identified with the warehouse receipt, must show the net weight of sound beans and the grade or all grading factors used in the determination of the quality of the beans.

§ 276.208 *Determination of quantity under loan.* Loans shall be made on the basis of sound beans. The quantity of sound beans shall be the quantity of eligible beans minus dockage and other defects as defined in the U. S. Standards for Beans.

(a) *Farm-stored.* The quantity of bulk beans stored in an approved bin or granary on a farm shall be determined by dividing the number of cubic feet of beans in such bin or granary by 2.1 and

multiplying the result by the percentage of sound beans. The result will be the net weight of sound beans in units of 100 pounds. If beans are stored in sacks a deduction of ¾ pound per sack shall be made from the gross weight.

(b) *Warehouse-stored.* The quantity of beans stored in an eligible warehouse will be the net weight multiplied by the percentage of sound beans as shown on the warehouse receipt or supplemental certificate.

§ 276.209 *Liens.* The beans must be free and clear of all liens and encumbrances, otherwise proper waivers must be obtained.

§ 276.210 *Service fees*—(a) *Loans.* Where the beans under loan are farm-stored the producer shall pay a service fee of 2 cents per 100 pounds on the quantity of sound beans placed under loan, or $3.00 whichever is greater, and where the beans under loan are warehouse-stored the producer shall pay a service fee of one cent per 100 pounds on the quantity of sound beans or $1.50 whichever is greater.

If the quantity of beans delivered in satisfaction of a loan exceeds the quantity of sound beans placed under loan, a service fee of 2 cents per 100 pounds shall be charged the producer on the excess quantity delivered.

(b) *Purchase agreements.* At the time the producer signs the purchase agreement he shall pay a service fee of one cent per 100 pounds on the quantity of beans specified by the producer on Commodity Purchase 1, as the maximum quantity he may deliver, or $1.50 whichever is greater. No refund of service fees will be made.

§ 276.211 *Set-offs.* A producer who is listed on the county debt register as indebted to any agency or corporation of the United States Department of Agriculture shall designate the agency or corporation to which he is indebted as the payee of the proceeds of the loan or purchase to the extent of such indebtedness, but not to exceed that portion of the proceeds remaining after deduction of the service fees and amount due prior lienholders. Indebtedness owing to CCC shall be given first consideration after claims of prior lienholders.

§ 276.212 *Loan and settlement rates*—(a) *Loan rate.* The loan rate shall be $5.00 per 100 pounds of sound beans.

(b) *Settlement rates.* Settlement rates f. o. b. railroad car on beans delivered at country shipping points by the producer to CCC in satisfaction of a loan or pursuant to a purchase agreement shall be as follows per 100 pounds net weight:

Class	*U. S. No. 1*
Pea and Medium White	$8.10
Great Northern:	
Idaho	7.70
Montana and all counties of Wyoming except Goshen, Laramie and Platte	7.80
Other areas	7.95
Small White and Flat Small White	8.30
Light Red Kidney, Dark Red Kidney and Western Red Kidney	9.60
Pinto:	
Idaho, Utah and counties of Dolores, Montezuma and San Miguel in Colorado	8.20

The counties of McKinley and Valencia in New Mexico	8.35
Other areas	8.45
Cranberry	8.95
Pink	8.40
Small Red	7.95
Baby Lima	8.35
Standard Lima	9.95

U. S. Choice Handpicked and U. S. Extra No. 1 Beans. Ten cents per 100 pounds net weight more than the applicable price for the same class of U. S. No. 1 beans set forth in this section.

U. S. No. 2 Beans. Fifteen cents per 100 pounds net weight less than the applicable price for the same class of U. S. No. 1 beans set forth in this section. If beans are delivered to a point not on a railroad the applicable settlement rate shall be reduced by the cost of transportation to the normal railroad shipping point.

§ 276.213 *Interest rate.* Loans shall bear interest at the rate of 3 percent per annum, and interest shall accrue from the date of disbursement of the loan, notwithstanding any other printed provisions of the note.

§ 276.214 *Transfer of producer's equity*—(a) *Loan.* The right of the producer to transfer either his right to redeem the beans under loan or his remaining interest may be restricted by CCC.

(b) *Purchase agreements.* The producer may not assign his purchase agreement.

§ 276.215 *Safeguarding of the beans.* The producer obtaining a farm-storage loan is obligated to maintain the farm storage structures in good repair, and to keep the beans in good condition.

§ 276.216 *Insurance.* CCC will not require the producer to insure the beans placed under loan; however, if the producer does insure such beans such insurance shall inure to the benefit of CCC to the extent of its interest, after first satisfying the producer's equity in the beans involved in the loss.

§ 276.217 *Loss or damage to the beans*—(a) *Farm-storage.* The producer is responsible for any loss in quantity or quality of the beans placed under farm storage loan, except that uninsured physical loss or damage occurring without fault, negligence, or conversion on the part of the producer, and resulting solely from an external cause other than insect infestation or vermin will be assumed by CCC in accordance with paragraph (c) of this section, provided the producer has given the county committee immediate notice in writing of such loss or damage, and provided there has been no fraudulent representation made by the producer in the loan documents or in obtaining the loan.

(b) *Warehouse-storage.* In the case of loss or damage other than shrinkage to beans in warehouse storage the producer's account will be credited in the amount of such loss or damage in accordance with paragraph (c) of this section.

(c) *Credit for loss or damage.* The amount to be credited to the producer shall be determined by multiplying the number of cwt. of sound beans lost or destroyed by the settlement rate for U. S. No. 2 beans of the class lost or destroyed, except that if the warehouse receipt or an official inspection certificate covering the beans shows a grade of U. S. No. 2 or better, the amount credited shall be determined by multiplying the net weight of the beans lost or destroyed by the settlement rate for the class and grade of such beans.

§ 276.218 *Personal liability on loans.* The making of any fraudulent representation by the producer in the loan documents or in obtaining the loan, or the conversion or unlawful disposition of any portion of the beans by him, shall render the producer personally liable for the amount of the loan and for any resulting expense incurred by any holder of the note.

§ 276.219 *Maturity and satisfaction*—(a) *Loans.* Loans mature on demand but not later than April 30, 1949. In the case of farm storage loans, the producer is required to pay off his loan on or before maturity or to deliver the mortgage beans in accordance with instructions issued by the county committee. Credit will be given at the applicable settlement rate for the total net quantity of beans so delivered. If the settlement value of the beans delivered exceeds the amount due on the loan, the amount of the excess shall be paid to the producer. If the settlement value of the beans is less than the amount due on the loan, the amount of the deficiency, plus interest, shall be paid by the producer to CCC, or may be set off against any payment which would otherwise be made to the producer under any agricultural programs administered by the Secretary of Agriculture, or any other payments which are due or may become due to the producer from CCC or any other agency of the United States. In the event the farm is sold or there is a change of tenancy, the beans may be delivered before the maturity date of the loan upon prior approval by the county committee.

In the case of warehouse-storage loans, if the producer does not repay his loan by maturity date, CCC shall have the right to process and sell the beans in satisfaction of the loan in accordance with the provisions of the note and loan agreement. If the warehouse receipt represents identical thresher-run lots of beans, the producer must arrange to resubmit warehouse receipts on cleaned and bagged beans after maturity date in accordance with instructions issued by the county committee.

(b) *Purchase agreements.* The producer who signs a purchase agreement (Commodity Purchase 1) will not be obligated to deliver any beans to CCC. However, the quantity of beans he specified in the purchase agreement will be the maximum quantity he may deliver to CCC. If the producer desires to deliver beans to CCC he shall, within 30 days following April 30, 1949, the maturity date of bean loans, or such earlier date as demand for payment of bean loans may be made, submit warehouse receipts representing eligible beans stored in eligible warehouse storage to the county committee for the quantity of such beans he elects to sell to CCC, or in the case of beans stored in other than eligible warehouse storage, he shall notify the county committee of his intentions to sell and request delivery instructions. The producer must then complete delivery within a 15-day period immediately following the date the county committee issues delivery instructions unless the county committee determines that more time is needed for delivery. Delivery of beans not stored in eligible warehouse storage shall be made as directed by CCC. When delivery is completed, payment will be made by sight draft drawn on CCC by the State PMA office on the basis of an approved Commodity Purchase 4. The producer shall direct on such form to whom payment of the purchase price shall be made. Eligible beans will be purchased on the basis of the weight and grade factors shown on the warehouse receipt and accompanying documents; or, if such beans are delivered to a CCC bin site, on the basis of the weight and grade determinations made by the county committee and approved by the producer.

§ 276.220 *Removal of the beans under loan.* If the loan is not satisfied upon maturity by payment or delivery, the holder of the note may remove the beans and process them and sell them, either by separate contract or after pooling them with other lots of beans similarly held. The producer has no right of redemption after the beans are pooled, but shall share ratably in any overplus remaining on liquidation of the pool. CCC shall have the right to treat the pooled beans as a reserve supply to be marketed under such sales policies as CCC determines will promote orderly marketing, protect the interest of the producers and consumers, and not unduly impair the market for the current crop of beans, even though part or all of such pooled beans are disposed of under such policies at prices less than the current domestic price for such beans. Any sum due the producer as a result of the sale of beans or of insurance proceeds thereon, or any ratable share resulting from the liquidation of a pool, shall be payable only to the producer without right of assignment by him.

§ 276.221 *Release of the beans under loan.* The producer may at any time prior to delivery to CCC obtain release of the beans under loan by paying to the holder of the note, or note and loan agreement, the principal amount thereof, plus interest. If the note is held by an out-of-town lending agency or by CCC, the producer may request that the note be forwarded to a local bank for collection. In such case, where CCC is the holder of the note, the local bank will be instructed to return the note if payment is not affected within 15 days. All charges in connection with the collection of the note shall be paid by the producer. Upon repayment of a farm-storage loan, the county committee should be requested to release the mortgage by filing an instrument of release or by a marginal release on the county recording of fice records. Partial release of the beans prior to maturity may be arranged with the county committee by paying to the holder of the note the amount of the loan, plus charges and accrued interest, represented by the quantity of sound beans to be released. In case of warehouse-storage loans, each partial release must cover all beans under one warehouse receipt number.

§ 276.222 *Delivery of beans to CCC.* If beans are delivered by the producer to CCC pursuant to the purchase agreement or in satisfaction of a loan, the following terms and conditions shall apply with respect to packaging, quantity, quality, delivery point and charges:

(a) *Packaging.* Beans delivered to CCC shall be packed 100 pounds net in bags equal to or better than new bags made of 36-inch, 10.4 ounce A or B quality common jute or heavier weight jute, or new cotton bags, 36-inch 2.35 yard osnaburg or 40-inch 2.50 yard osnaburg; if new bags are not available No. 1 used bags made of 36-inch 10.4 ounce A and B quality jute or heavier, free of holes, patches, or other defects, satisfactory for the proper conservation of the product, and thoroughly cleaned before being filled may be used. Bag seams must be sufficiently strong to develop the full strength of the cloth. Bags will be marked as prescribed by CCC prior to delivery.

(b) *Determination of quantity.* The quantity of beans delivered to CCC from other than an approved warehouse will be determined on the basis of official weight at the point of delivery, evidenced by scale tickets, minus the tare weight of the sacks, and shall be approved by the producer. The quantity of beans delivered to CCC in an approved warehouse shall be the weight of beans specified in the warehouse receipts or supplemental certificate.

(c) *Determination of quality.* Beans shall be of the classes specified in § 276.205, grading U. S. No. 2 or better as defined by the U. S. Standards for Beans and as evidenced by a Federal or Federal-State inspection certificate, issued by or under the supervision of the Grain Branch, PMA.

(d) *Delivery point.* Beans shall be delivered in an approved warehouse, or to an assembly point, or f. o. b. cars, country shipping point, as specified by the county committee.

(e) *Charges.* All charges, including storage, cleaning, bagging, inspection fees, etc., incurred on beans up to the time of delivery to CCC shall be paid by the producer prior to such delivery or shall be deducted from the settlement value.

If beans are delivered to CCC in satisfaction of a loan which do not meet the requirements of paragraph (c) of this section, the quantity, quality, and settlement value shall be determined by or under the supervision of the appropriate CCC field office.

§ 276.223 *Purchase of notes.* CCC will purchase, from approved lending agencies, notes evidencing approved loans which are secured by chattel mortgages or negotiable warehouse receipts. The purchase price to be paid by CCC will be the principal sums remaining due on such notes, plus accrued interest from the date of disbursement to the date of purchase at the rate of 1½ percent per annum. Lending agencies are required to submit a weekly report to CCC and to the county committees on CCC Commodity Form F, or such other form as CCC may prescribe, of all payments received on producers' notes held by them, and they are required to remit promptly to CCC an amount equivalent to 1½ percent interest per annum on the amount of the principal collected, from the date of disbursement to the date of payment. Lending agencies shall submit notes and reports to the CCC field office serving the area.

§ 276.224 *CCC field offices.* The CCC field offices and the areas served by them, are shown below:

Chapter I—Production and Marketing Administration (Standards, Inspection, Marketing Practices)

PART 51—FRUITS, VEGETABLES AND OTHER PRODUCTS (GRADING, CERTIFICATION AND STANDARDS)

UNITED STATES CONSUMER STANDARDS FOR FRESH TOMATOES

On July 23, 1948, a notice of rule making was published in the FEDERAL REGISTER (F. R. Doc. 48-6633; 13 F. R. 4235), regarding proposed United States Consumer Standards for Fresh Tomatoes. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, the following United States Consumer Standards for Fresh Tomatoes are hereby promulgated under the authority contained in the Department of Agriculture Appropriation Act, 1949 (Pub. Law 712, 80th Cong., approved June 19, 1948).

§ 51.420 *Consumer standards for fresh tomatoes*—(a) *General.* (1) These standards apply only to field-grown tomatoes and not to tomatoes grown in greenhouses.

(b) *Grades*—(1) *U. S. Grade A.* U. S. Grade A shall consist of tomatoes of similar varietal characteristics which are mature and are at least turning (See Maturity Classification), but are not over-ripe or soft; which are well developed, at least fairly well formed, fairly smooth, free from soft rot, freezing injury, and from damage caused by dirt, bruises, cuts, shriveling, sunscald, sunburn, puffiness, catfaces, growth cracks, scars, dry rot, other diseases, insects, hail, or mechanical or other means. Tomatoes on the shown face shall be reasonably representative in size and quality of the contents of the container. (See paragraph (c) of this section.)

(i) Incident to proper grading and handling, except for maturity, not more than 5 percent, by count, of the tomatoes in any lot may fail to meet the requirements of the grade, including not more than 1 percent for tomatoes which are affected by soft rot.

(2) *U. S. Grade B.* U. S. Grade B shall consist of tomatoes of similar varietal characteristics which are mature and are at least turning (See Maturity Classification), but are not overripe or soft, and not badly misshapen; which are free from soft rot, freezing injury, and from serious damage caused by dirt, bruises, cuts, shriveling, sunscald, sunburn, puffiness, catfaces, growth cracks, scars, dry rot, other diseases, insects, hail, or mechanical or other means. Tomatoes on the shown face shall be reasonably representative in size and quality of the contents of the container (See paragraph (c) of this section).

(i) Incident to proper grading and handling, except for maturity, not more than 5 percent, by count, of the tomatoes in any lot may fail to meet the requirements of the grade, including not more than 1 percent for tomatoes which are affected by soft rot.

(c) *Size classification.* The following terms may be used for describing the size of the tomatoes in any lot:

Small	*Medium*
Under 3 oz.	3 to 6 oz., inc.
Large	*Very large*
Over 6 to 10 oz., inc.	Over 10 oz.

(1) The tomatoes may also be classed in terms of combinations of the above sizes, as "Small to Medium," "Medium to Large," "Small to Very Large," etc., in accordance with the facts.

(2) Incident to proper sizing, not more than 10 percent, by count, of the tomatoes in any lot may vary from the size specified.

(d) *Maturity classification.* Tomatoes which are characteristically red when ripe, but are not overripe or soft, may be classified for maturity as follows:

(1) Turning, when at least some part of the surface of the tomato, but less than one-half of the surface in the aggregate, is covered with pink color.

(2) Pink, when the tomato shows from one-half to three-fourths of the surface in the aggregate covered with pink or red color.

(3) Hard ripe, when the tomato shows three-fourths or more of the surface in the aggregate covered with pink or red color.

(4) Firm ripe, when the tomato shows three-fourths or more of the surface in the aggregate covered with red color characteristic of reasonably well ripened tomatoes.

(5) Incident to proper maturity determination, not more than a total of 10 percent, by count, of the tomatoes in any lot may fail to meet the maturity specified: *Provided*, That not more than 5 percent shall be allowed for tomatoes which are immature or are overripe or soft.

(e) *Off-grade tomatoes.* Tomatoes which fail to meet the requirements of either of the foregoing grades shall be Off-Grade tomatoes.

(f) *Definitions.* (1) "Similar varietal characteristics" means that the tomatoes are alike as to color, i. e., bright red varieties shall not be mixed with varieties which have a purplish tinge.

(2) "Mature" means that the tomato has reached the stage of development which will insure a proper completion of the ripening process.

(3) "Well developed" means that the tomato shows normal growth. Tomatoes which are ridged and peaked at the stem end, contain dry tissue and usually open spaces, are not considered well developed.

(4) "Fairly well formed" means that the tomato is not decidedly kidney-shaped, lopsided, elongated, angular, or otherwise deformed.

(5) "Fairly smooth" means that the tomato is not conspicuously ridged or rough.

(6) "Damage" means any defect which materially affects the appearance, or edible, shipping or keeping quality of the tomatoes. Any one of the following defects or any combination thereof, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as damage:

(i) Cuts which are not shallow, not well healed, or when more than ½ inch in length.

(ii) Puffiness if the open space in one or more locules materially affects the appearance when the tomato is cut through the center at right angles to a line running from the stem to the blossom end.

(iii) Catfaces: These are irregular, dark, leathery scars at the blossom end of the fruit. Such scars damage the tomato when they are rough or deep, or when channels extend into the locule, or when they are fairly smooth and greater in area than a circle ⅜ inch in diameter on a 2½ inch tomato. Smaller tomatoes shall have lesser areas of fairly smooth catfaces and larger tomatoes may have greater areas, provided that such catfaces do not affect the appearance of the tomatoes to a greater extent than that caused by fairly smooth catfaces which are permitted on a 2½ inch tomato.

(iv) Growth cracks: These are ruptures or cracks radiating from the stem scar, or concentric to the stem scar. They damage the tomato when not well healed, or when more than ½ inch in length measured from the margin of the stem scar; except that very narrow, well healed cracks concentric to the stem scar shall not be considered as damage unless they are so numerous as to damage the appearance of the fruit.

(v) Scars (except catfaces), when dark colored and shallow and aggregating more than ¼ inch in diameter on a tomato 2½ inches in diameter, or lighter colored shallow scars covering a greater area when they detract from the appearance to a greater extent than a dark-colored, shallow scar ¼ inch in diameter. Smaller tomatoes shall have lesser areas of scars and larger tomatoes may have greater areas: *Provided*, That such scars do not affect the appearance of the tomatoes to a greater extent than that caused by scars which are permitted on a 2½-inch tomato. A scar which penetrates the wall of the tomato shall be considered as damage.

(vi) Dry rot such as dry type Macrosporium or Phoma, when the spot is not adjacent to the stem scar, or when adjacent to the stem scar and more than 3/16 inch in diameter.

(7) "Badly misshapen" means that the tomato is so badly deformed that its appearance is seriously affected.

(8) "Serious damage" means any defect which seriously affects the appearance, or edible, shipping, or keeping quality of the tomatoes. Any one of the following defects or any combination thereof, the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as serious damage:

(i) Soft ripe tomatoes or tomatoes affected by soft rot.

(ii) Fresh holes or cuts, or any holes or cuts through the tomato wall, or healed cuts which seriously affect the appearance of the tomato.

(iii) Tomatoes showing any effects of freezing.

(iv) Puffiness which causes the tomato to be distinctly light in weight.

(v) Growth cracks, when not well healed, or when so extensive, deep or discolored that the appearance of the tomato is seriously affected.

(vi) Scars (except catfaces), when dark colored and shallow and aggregating more than ½ inch in diameter on a tomato 2½ inches in diameter, or lighter colored, shallow scars covering a greater area when they detract from the appearance to a greater extent than a dark-colored, shallow scar ½ inch in diameter. Smaller tomatoes shall have lesser areas of scars and larger tomatoes may have greater areas, provided that such scars do not affect the appearance of the tomatoes to a greater extent than that caused by scars which are permitted on a 2½ inch tomato.

(vii) Dry rot such as dry type Macrosporium or Phoma, when the spot is not adjacent to the stem scar, or when adjacent to the stem scar and more than ¼ inch in diameter.

(viii) Fruit actually infested with worms.

(g) *Effective time.* The United States Consumer Standards for Fresh Tomatoes contained in this section shall become effective 30 days after publication hereof in the FEDERAL REGISTER.

(Pub. Law 712, 80th Cong.)

Done at Washington, D. C., this 3d day of September 1948.

Chapter IV—Federal Crop Insurance Corporation, Department of Agriculture

PART 419—COTTON CROP INSURANCE

SUBPART—REGULATIONS FOR CONTINUOUS CONTRACTS FOR THE 1949 AND SUCCEEDING CROP YEARS

The Federal Crop Insurance Program is part of the general program of the United States Department of Agriculture administered for the benefit of agriculture.

By virtue of the authority vested in the Federal Crop Insurance Corporation by the Federal Crop Insurance Act, as amended, these regulations are hereby published and prescribed to be in force and effect with respect to continuous cotton crop insurance contracts for the 1949 and succeeding crop years, until amended or superseded by regulations hereafter made.

To the extent stated in § 419.15 the provisions of this subpart supersede the Cotton Crop Insurance Regulations for Continuous Contracts For the 1948 and Succeeding Crop Years (Yield Insurance) (12 F. R. 8061).

Sec.

419.1 Availability of cotton crop insurance.
419.2 Coverages per acre.
419.3 Premium rates.
419.4 Application for insurance.
419.5 The contract.
419.6 Person to whom indemnity shall be paid.
419.7 Public notice of indemnities paid.
419.8 Death, incompetence, or disappearance of insured.
419.9 Fiduciaries.
419.10 Assignment or transfer of claims for refunds of excess note payments not permitted.
419.11 Refund of excess note payments in case of death, incompetence or disappearance.
419.12 Creditors.
419.13 Partial insurance protection.
419.14 Rounding of fractional units.
419.15 Changes in continuous contracts for the 1948 and succeeding crop years.
419.16 The commodity coverage policy.
419.17 The monetary coverage policy.

AUTHORITY: §§ 419.1 to 419.17, inclusive, issued under secs. 506 (e), 507 (c), 508, 509, and 516 (b), 52 Stat. 73-75, 77, 61 Stat. 718; 7 U. S. C. 1506 (e), 1507 (c), 1508, 1509, 1516 (b).

§ 419.1 *Availability of cotton crop insurance.* (a) Cotton crop insurance under continuous contracts for the 1949 and succeeding crop years will be provided only in accordance with this subpart in not to exceed 56 counties. A list of these counties will be published by amendment to this section.

(b) Insurance on either a commodity coverage basis or a monetary coverage basis may be offered under this subpart. However, insurance on only one such basis will be provided in a county. The type of coverage applicable to each county will be designated (1) by the Corporation and shown on the county actuarial table and (2) by amendment to this section.

(c) Insurance will not be provided with respect to applications for cotton insurance filed in a county in accordance with this subpart unless such written applications, together with cotton crop insurance contracts in force for the ensuing crop year, cover at least 200 farms in the county or one-third of the farms normally producing cotton. For this purpose an insurance unit shall be counted as one farm.

§ 419.2 *Coverages per acre.* The Corporation shall establish coverages per acre by areas which shall not be in excess of the maximum limitations prescribed in the Federal Crop Insurance Act. Coverages so established shall be shown on the county actuarial table and shall be on file in the county office and may be revised from year to year as the Corporation may elect. The coverage per acre for any specific acreage shall be the coverage (for the applicable farming practice, if any) approved by the Corporation for the coverage and rate area in which the acreage is located.

§ 419.3 *Premium rates.* The Corporation shall establish premium rates per acre by areas for all acreage for which coverages are established and such rates shall be those deemed adequate to cover claims for cotton crop losses and to provide a reasonable reserve against unforeseen losses. Premium rates so established shall be shown on the county actuarial table and shall be on file in the county office and may be revised from year to year as the Corporation may elect. The premium rate per acre for any specific acreage shall be the premium rate (for the applicable farming practice, if any) approved by the Corporation for the coverage and rate area in which the acreage is located.

§ 419.4 *Application for insurance.* Application for insurance on a form entitled "Application for Cotton Crop Insurance" may be made by any person to cover his interest as landlord, owner-operator, tenant, or sharecropper, in a cotton crop. For any crop year applications shall be submitted to the county office on or before the following applicable closing date preceding such crop year.

(a) January 31 for Lubbock County, Texas.

(b) March 25 for Pinal County, Arizona; Tulare County, California; Chaves County, New Mexico; and Reeves County, Texas.

(c) March 31 for Houston County, Alabama; Burke and Dooly Counties, Georgia; Bienville, Caddo, Natchitoches, and Richland Parishes, Louisiana; Covington and Walthall Counties, Mississippi; and Bell, Collin, Ellis, Fannin, Hill, McLennan, Red River, and Williamson Counties, Texas.

(d) April 10 for all other counties.

§ 419.5 *The contract.* Upon acceptance of an application for insurance by a duly authorized representative of the Corporation, the contract shall be in effect and will consist of the application and the policy issued by the Corporation. The provisions of the commodity coverage policy are shown in § 419.16 and the provisions of the monetary coverage policy are shown in § 419.17.

§ 419.6 *Person to whom indemnity shall be paid.* (a) Any indemnity payable under a contract shall be paid to the insured or such other person as may be entitled to the benefits of the contract under the provisions of this subpart, notwithstanding any attachment, garnishment, receivership, trustee process, judgment, levy, equity, or bankruptcy directed against the insured or such other person, or against any indemnity alleged to be due to such person; nor shall the Corporation or any officer, employee, or representative thereof, be a proper party to any suit or action with reference to such indemnity, nor be bound by any judgment, order, or decree rendered, or entered therein. No officer, agent, or employee of the Corporation shall, because of any such process, order, or decree, pay or cause to be paid to any person other than the insured or other person entitled to the benefits of the contract, any indemnity payable in accordance with the provisions of the contract. Nothing herein contained shall excuse any person entitled to the benefits of the contract from full compliance with, or performance of, any lawful judgment, order or decree with respect to the disposition of any sums paid thereunder as an indemnity.

(b) The determination of the Corporation as to the existence or nonexistence of a circumstance in the event of which indemnity payment may be made and of the person(s) to whom such payment will be made shall be final and conclusive and payment of an indemnity to such person(s) shall constitute a complete discharge of the Corporation's obligation with respect to the loss for which such indemnity is paid and settled and shall be a bar to recovery by any other person.

§ 419.7 *Public notice of indemnities paid.* The Corporation shall provide for the posting annually in each county at the county courthouse of a list of indemnities paid for losses on farms in such county.

§ 419.8 *Death, incompetence, or disappearance of insured.* (a) If the insured dies, is judicially declared incompetent, or disappears after planting the cotton crop in any year but before the time of loss, and his insured interest in the cotton crop is a part of his estate at such time, or if the insured dies, is judicially declared incompetent, or disappears subsequent to such time, the indemnity, if any, shall be paid to the legal representative of his estate, if one is appointed or is duly qualified. If no such representative is or will be so qualified the indemnity shall be paid to the persons beneficially entitled to share in the insured interest in the crop or to any one or more of such persons on behalf of all such persons: *Provided, however,* That if the indemnity exceeds $500, the Corporation may withhold the payment of the indemnity until a legal representative of the insured's estate is duly qualified to receive such payment.

(b) If the insured dies, is judicially declared incompetent or disappears after the planting of the cotton crop in any year but before the time of loss, and his interest in the crop is not a part of his estate at such time, the indemnity, if any, shall be paid to the person(s) who succeeded to his interest in the crop in the manner provided for in section 21 of the cotton crop insurance policy.

(c) If an applicant for insurance or the insured, as the case may be, dies, is judicially declared incompetent, or disappears less than 15 days before the applicable calendar closing date for the filing of applications for insurance in any year, and before the beginning of planting of the cotton crop in such year, whoever succeeds him on the farm with the right to plant the cotton crop as his heir or heirs, administrator, executor, guardian, committee, or conservator, shall be substituted for the original applicant or the insured upon filing with the county office before the beginning of planting, a statement in writing in the form and manner prescribed by the Corporation, requesting such substitution and agreeing to assume the obligations of the original applicant or the insured arising out of such application or the contract: *Provided, however,* That any substitution made pursuant to this paragraph shall be effective only with respect to the cotton crop to be planted in the ensuing crop year, and the contract shall terminate at the end of such year. If no such statement is filed, as required by this paragraph, the original application or contract shall be void.

(d) In case of death of the insured after the planting of the cotton crop is begun for any crop year, any additional acreage of cotton which is planted for the insured's estate for that crop year shall be covered by the contract.

(e) Subject to the provisions of paragraph (a) of this section, the contract shall terminate upon death, judicial declaration of incompetence, or disappearance of the insured, except that if such death, judicial declaration of incompetence, or disappearance occurs after the planting of the cotton crop in any crop year but before the end of the insurance period for such year, the contract shall terminate at the end of such insurance period.

(f) The insured shall be deemed to have disappeared within the meaning of this subpart if he fails to file with the county office written notice of his new mailing address within 180 calendar days after any communication by or on behalf of the Corporation is returned undeliverable at the last known address of the insured.

§ 419.9 *Fiduciaries.* Any indemnity payable under a contract entered into in the name of a fiduciary who is no longer acting in such capacity at the time for the payment of indemnity will be made to the succeeding fiduciary upon appropriate application and proof satisfactory to the Corporation of his incumbency. If there is no succeeding fiduciary, payment of the indemnity shall be made to the persons beneficially entitled under this subpart to the insured interest in the crop, to the extent of their respective interest, upon proper application and proof of the facts: *Provided, however,* That the settlement may be made with any one or more of the persons on behalf of all the persons so entitled, whether or not the person to whom payment is made has been authorized by the other interested persons to receive such payment.

§ 419.10 *Assignment or transfer of claims for refunds of excess note payments not permitted.* No claim for a refund of an excess note payment or any part thereof, or any interest therein, shall be assignable or transferable, notwithstanding any assignment under the contract or any transfer of interest in any cotton crop covered by the contract. Refund of any excess note payment will be made only to the person who made such payment, except as provided in § 419.11.

§ 419.11 *Refund of excess note payments in case of death, incompetence, or disappearance.* In any case where a person who is entitled to a refund of an excess note payment has died, has been judicially declared incompetent, or has disappeared, the provisions of § 419.8 with reference to the payment of indemnities in any such case shall be applicable with respect to the making of any such refund.

§ 419.12 *Creditors.* An interest (including an involuntary transfer) in an insured cotton crop because of the existence of a debt, lien, mortgage, garnishment, levy, execution, bankruptcy, or other process shall not entitle any holder of any such interest to any benefits under the contract.

§ 419.13 *Partial insurance protection.* (a) An applicant may elect to apply for one-half of the maximum protection available under the contract. This election may be made only on an application for insurance filed on or before the closing date for filing applications.

(b) An insured may elect, subject to approval by the Corporation, to change from maximum protection to one-half of the maximum protection available under the contract or to change from one-half protection to maximum protection. Request for such change shall be made in writing and filed with the Corporation on or before December 31 of any year. Upon approval by the Corporation, the change shall become effective beginning with the next succeeding crop year after the election.

§ 419.14 *Rounding of fractional units.* In the case of commodity coverage insurance, the premium and the total coverage shall be rounded to the nearest pound. In the case of monetary coverage insurance, the premium, the total coverage and the value of the total production shall be rounded to the nearest cent. In any case, total production shall be rounded to the nearest pound. Fractions of acres shall be rounded to the nearest tenth of an acre. Computations shall be carried one digit beyond the digit that is to be rounded. If the last digit is 1, 2, 3, or 4, the rounding shall be downward but if such digit is 5, 6, 7, 8, or 9, the rounding shall be upward.

§ 419.15 *Changes in continuous contracts for the 1948 and succeeding crop years.* If the insured had a continuous cotton crop insurance contract in force for the 1948 and succeeding crop years, and the contract has not been canceled pursuant to § 419.54 of the applicable regulations (12 F. R. 8061) the contract for the 1949 and succeeding crop years shall consist of the previously accepted application for insurance and the policy issued in accordance with this subpart. Notice of changes in 1948 contracts for the 1949 crop year shall be mailed to the insured on or before December 15, 1948.

§ 419.16 *The commodity coverage policy.* The provisions of the commodity coverage policy are as follows:

In consideration of the representations and provisions in the application upon which this policy is issued, which application is made a part of the contract, and subject to the terms and conditions set forth or referred to herein, the Federal Crop Insurance Corporation (hereinafter designated as the Corporation) does hereby insure

(hereinafter designated as the insured) against loss of lint cotton production on his cotton crop while in the field, due to unavoidable causes including drought, flood, hail, wind, frost, winter-kill, lightning, fire, excessive rain, snow, wildlife, hurricane, tornado, insect infestation, plant disease and such other unavoidable causes as may be determined by the Board of Directors of the Corporation. (For irrigated acreage, see section 31.) In witness whereof, The Federal Crop Insurance Corporation has caused this policy to be issued this ------ day of ------ 19---.

FEDERAL CROP INSURANCE CORPORATION,

State Crop Insurance Director

TERMS AND CONDITIONS

1. *Insurable acreage.* For each crop year of the contract, any acreage is insurable only if a coverage is established therefor for that crop year on the county actuarial table (including maps and related forms) before the applicable calendar closing date for filing applications for insurance, provided the farming practice followed on such acreage is one for which a coverage was established.

2. *Responsibility of insured to report acreage and interest.* (a) Promptly after planting a cotton crop each year, the insured shall submit to the Corporation, on a form entitled "Cotton Crop Insurance Acreage Report," a report over his signature, of all acreage in the county planted to cotton in which he has an interest at the time of planting. This report shall show the acreage of cotton for each insurance unit and his interest in each at the time of planting. If the insured does not have an insurable interest in cotton planted in any year, the acreage report shall nevertheless be submitted promptly after the planting of cotton is generally completed in the county. Any acreage report submitted by the insured shall be considered final and not subject to change by the insured.

(b) The Corporation may elect to determine that the insured acreage is "zero" if the insured fails to file an acreage report within 30 days after cotton planting is generally completed in the county, as determined by the Corporation.

(c) Failure of the county office to request submission of such report or to send a personal representative to obtain the report shall not relieve the insured of the responsibility to make such report.

3. *Insured acreage.* The insured acreage with respect to each insurance unit shall be the acreage of cotton planted as reported by the insured or as determined by the Corporation, whichever the Corporation shall elect, except that insurance shall not attach with respect to (a) any acreage planted to cotton which is destroyed or substantially destroyed (as defined in section 15) and on which it is practical to replant to cotton, as determined by the Corporation, and such acreage is not replanted to cotton, (b) any acreage initially planted to cotton too late to expect a normal crop to be produced as determined by the Corporation, (c) new ground acreage planted to cotton the first year of cultivation, and (d) any acreage planted to cotton following in the same crop year a small grain crop which reaches the heading stage. (For irrigated acreage, see section 31.)

4. *Insured interest.* The insured interest in the cotton crop covered by the contract shall be the interest of the insured at the time of planting as reported by the insured or as determined by the Corporation, whichever the Corporation shall elect. For the purpose of determining the amount of loss the insured interest shall not exceed the insured's actual interest at the time of loss or the beginning of harvest whichever occurs first.

5. *Coverage per acre.* (a) The coverage per acre is progressive by stages of production and shall be that approved by the Corporation for the area in which the insured acreage is located, and shall be shown by practice(s) on the county actuarial table which shall be on file in the county office. There are four stages of production as follows:

First stage. After it is too late to plant cotton but before the first cultivation.

Second stage. After the first cultivation but before laying by;

Third stage. After laying by but before harvest; and

Fourth stage. After harvest and to the end of the insurance period.

(b) If the cotton crop on any acreage is destroyed or substantially destroyed, as defined in section 15, the coverage applicable thereto shall be that established for the area in which the acreage is located and for the stage of production reached by the crop at the time of destruction or substantial destruction.

6. *Fixed price.* The fixed price per pound for any crop year shall be 90 percent of the parity price of cotton as officially determined by the Secretary of Agriculture for November 15 preceding the crop year, with differentials as determined by the Corporation for the applicable grade and staple and the location of the insurance unit. Each year the amount of the premium and the indemnity, if any, shall be determined by using the fixed price per pound for such year. This price shall be on file in the county office not later than December 15 preceding the crop year for which it applies.

7. *Insurance period.* Insurance with respect to any insured acreage shall attach at the time the cotton is planted. Insurance shall cease with respect to any portion of the cotton crop covered by the contract upon removal from the field, upon being housed, or upon disposal of the unharvested crop or transfer of interest in unharvested cotton after harvest has commenced, but in no event shall the insurance remain in effect later than the applicable date set forth as the end of the insurance period in section 32, unless such time is extended in writing by the Corporation.

8. *Life of contract, cancellation thereof.* (a) Subject to the provisions of paragraph (d) of this section, the contract shall be in effect for the 1949 crop year and shall continue in effect for each succeeding crop year until either party gives to the other party, on or before December 31 of any year, written notice of cancellation, effective at the beginning of the next succeeding crop year after the calendar year in which notice is given. Any notice of cancellation given by the insured to the Corporation shall be submitted in writing to the county office.

(b) If the insured cancels the contract, he shall not be eligible for cotton crop insurance for the next succeeding crop year unless he subsequently files an application for insurance on or before December 31 preceding such crop year.

(c) If for two consecutive crop years no cotton in which the insured has an insurable interest is planted in the county, the contract shall terminate.

(d) If the minimum participation requirement as established by the Corporation is not met for any year, the contract shall continue in force only to the end of the crop year for which such requirement is not met, except that if the minimum participation requirement is met on or before the next succeeding applicable closing date the contract shall continue to be in force.

9. *Changes in contract.* The Corporation reserves the right to change the premium rate(s), insurance coverage(s) and other terms and provisions of the contract from year to year. Notice of such changes shall be mailed to the insured on or before December 15 preceding the crop year for which such changes are to become effective. Failure of the insured to cancel the contract as provided in section 8 shall constitute his acceptance of any such changes. If no notice is mailed to the insured, the terms and provisions of the contract for the prior year shall continue in force.

10. *Causes of loss not insured against.* The contract shall not cover loss of production caused by: (a) failure to follow recognized good farming practices; (b) poor farming practices, including but not limited to the use of defective or unadapted seed, failure to plant a sufficient quantity of seed, failure properly to prepare the land for planting, or properly to plant, care for or harvest (including unreasonable delay thereof) the insured crop; (c) following different fertilizer or farming practices than those considered in establishing the coverage; (d) planting cotton on land which is generally considered incapable of producing a cotton crop comparable to that produced on the land considered in establishing the coverage; (e) planting cotton on land following peanuts harvested for nuts; (f) planting a variety of cotton which differs materially in yield from the variety considered in establishing the coverage for the land; (g) planting excessive acreage under abnormal conditions; (h) planting another crop (except winter legumes) in the growing cotton crop; (i) planting cotton under conditions of immediate hazard; (j) inability to obtain labor, seed, fertilizer, machinery, repairs or insect poison; (k) break-down of machinery or failure of equipment due to mechanical defects; (l) neglect or malfeasance of the insured or of any person in his household or employment or connected with the farm as tenant, sharecropper, or wage hand; (m) domestic animals; (n) action of any person, or State, county, or municipal government, in the use of chemicals for the control of noxious weeds; or (o) theft.

11. *Partial insurance protection.* If the accepted application provides for partial insurance protection, the premium and any indemnity shall be one-half of the amount otherwise commuted in accordance with the contract.

12. *Amount of annual premium.* The premium rate per acre will be the applicable number of pounds of lint cotton established by the Corporation for the coverage and rate area in which the insured acreage is located and will be shown on the county actuarial table on file in the county office. The annual premium for each insurance unit under the contract will be based upon (a) the insured acreage of cotton, (b) the applicable premium rate(s), (c) the insured interest in the crop at the time of planting, and (d) the fixed price. However, the amount of the premium so determined for an insurance unit shall not exceed 50 percent of the result obtained by multiplying (a) the insured acreage by (b) the applicable coverage per acre by (c) the insured interest in the crop and by (d) the fixed price. There will be a reduction in the annual premium for each insurance unit of two percent in cases where the insured acreage on the insurance unit is as much as 50 acres and does not exceed 99.9 acres, and an additional two percent reduction for each additional 50 acres or fraction thereof on the insurance unit. However, the total reduction shall not exceed 20 percent. The annual premium for the contract shall be the total of the premiums computed for the insured for all insurance units covered by the contract. The annual premium with respect to any insured acreage shall be regarded as earned when the cotton crop on such acreage is planted.

13. *Manner of payment of premium.* (a) The applicant executes a premium note by signing the application for cotton crop insurance. This note represents a promise to pay to the Corporation annually during the life of the contract, on or before the applicable maturity date shown in section 32 the premium for all insurance units covered by the contract.

(b) Any premium note not paid at maturity shall bear interest computed not on a per annum basis but as follows: Three percent on the principal amount not paid on or before December 31 following the maturity date, and an additional three percent on the principal amount unpaid at the end of each six-month period thereafter.

(c) Payment on any annual premium shall be made by means of cash or by check, money order, postal note, or bank draft payable to the order of the Treasurer of the United States. All checks and drafts will be accepted subject to collection and payments tendered shall not be regarded as paid unless collection is made.

(d) Any unpaid amount of any annual premium note plus any interest due may be deducted (either before or after the date of maturity) from any indemnity payable by the Corporation, from the proceeds of any commodity loan to the insured, and from any payment made to the insured under the Soil Conservation and Domestic Allotment Act, as amended, or any other act of Congress or program administered by the United States Department of Agriculture. There shall be no refund of any annual premium overpayment of less than $1.00 unless written request for such refund is received by the Corporation within one year after the payment thereof.

14. *Notice of loss or damage.* (a) Unless otherwise provided by the Corporation, if a loss under the contract is probable, notice in writing shall be given the Corporation at the county office immediately after any material damage to the insured crop. The crop shall not be harvested, removed, or any other use made of it until it has been inspected by the Corporation.

(b) Unless otherwise provided by the Corporation, if, at the completion of harvest of the insured cotton crop, or at the end of the insurance period, whichever is earlier, a loss under the contract has been sustained, or is probable, notice in writing shall be given immediately to the Corporation at the county office. If such notice is not given within 15 days after harvest is completed, or by the end of the insurance period, whichever is earlier, the Corporation reserves the right to reject any claim for indemnity. This notice is in addition to any notice required by paragraph (a) of this section.

15. *Released acreage and released crop.* (a) Any insured acreage on which the cotton crop has been destroyed or substantially destroyed may be released by the Corporation. The cotton crop shall be deemed to have been substantially destroyed if the Corporation determines that it has been so badly damaged that farmers generally in the area where the land is located and on whose farms similar damage occurred would not further care for the crop or harvest any portion thereof. No insured acreage may be planted to a substitute crop or put to another use until the Corporation releases such acreage. On any acreage where the cotton has been partially destroyed but not released by the Corporation, proper measures shall be taken to protect the crop from further damage. There shall be no abandonment of any crop or portion thereof to the Corporation. All acreage of cotton on the insurance unit, which is not released earlier, shall be deemed to be released upon the signing of a statement in proof of loss for such unit by the insured and the local representative of the Corporation.

(b) At the end of the insurance period and as a basis for determining the amount of loss, if any, under the contract the cotton crop on any insured acreage may be released by the Corporation subject to an appraisal by the Corporation of the yield that would be realized if the crop were harvested.
